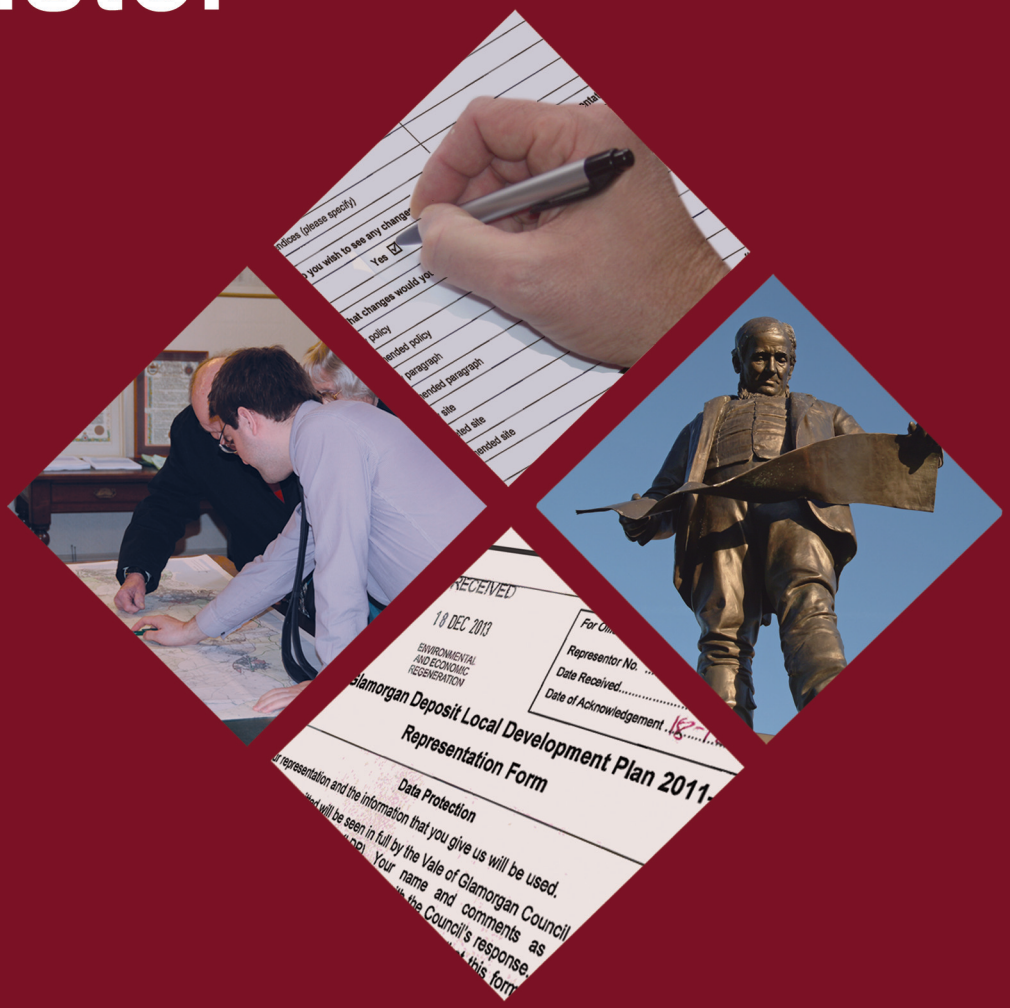
Deposit LDP Representations Register



February 2014

Introduction

This Representations Register provides a copy of the duly made representations that were received by the Council during the Deposit LDP public consultation which took place from 8th November 2013 and closed at 5pm on 20th December 2013.

Due to the size of the document (over 15,000 pages) the register has been arranged into a number of volumes. These are ordered by representation number (which you may have previously received if you have been in correspondence with the Council regarding the LDP).

An index list of representors names, organisations (where applicable) and their ID numbers are provided below. If you do not know the ID number please search the list below to find the relevant representation number and corresponding volume number. When the volume is opened, bookmarks will appear on the left hand side which will direct you to the desired representation.

Please note that every effort has been made to redact personal information such as addresses, signatures and other contact details.

This document provides a factual record of the representations received on the Deposit LDP. The Council has not yet considered these in detail and responses will be prepared to them as part of the Consultation Report prior to the Independent Examination of the LDP.

Should you require any further assistance, please contact the LDP Team on 01446 700111 or by Email: LDP@valeofglamorgan.gov.uk

Representor Index
