04320 - HGT 0112

What is **Adult Autism Advice**?

Adult Autism Advice is a new information service designed for adults with High Functioning Autism or Asperger's Syndrome, who do not meet the criteria to access traditional support services. You do not need a diagnosis to contact Adult Autism Advice.

The team are friendly and approachable, aiming to direct individuals to the appropriate services located in their community. We regard all service users as individuals, and understand that being able to access the right information quickly can be challenging.

Who is the **service** for?

- Adults with a diagnosis of High Functioning Autism or Asperger's Syndrome
- Adults without a formal diagnosis, but who have difficulties with social communication
- Family members or carers

Where is the **service** available?

Adult Autism Advice is funded by the Welsh Government, and the service is now available in the Vale of Glamorgan. The service will also be available in three other areas:

- Cardiff, February 2012
- Rhondda Cynon Taf, Spring 2012
- Merthyr Tydfil, Spring 2012

What we **do**

- Direct individuals to the appropriate service via telephone
- Direct individuals to the appropriate service via email
- Offer face to face appointments
- Provide up to date information about events and activities
- Provide information in print
- We provide a listening ear, and encourage involvement and feedback from service users
