**Activities taking place in the libraries are listed on our tables for July and August**

Celebrating 100 years of Roald Dahl, honoring the world's no.1 story teller  
The aim of the challenge is to get children to read any six books of their choice from their library during the summer holidays.

Contains a fantastic mix of books selected from 18 different children's publishers. Titles include the latest instalments in Pamela Butchart's *Wigglesbottom Primary* series and the new *Little Legends* series from Tom Percival. The dream team of Michael Rosen and Tony Ross also make an appearance with their new title *Bilal's Brilliant Bee*, while Kes Gray returns with *Daisy and the Trouble with Piggy Banks*.

The younger collection includes picture books for the youngest participants - *Lion Practice* by debut author and illustrator Emma Carlisle features alongside the delightful *Oliver and Patch* by the ever popular Claire Freedman. For those developing their reading skills, the list offers a variety of early reader titles including Nick Ward's *Superbot and the Terrible Toy Destroyer*.

The older collection introduces readers to great new authors such as Chris Callaghan - author of *The Great Chocoplot* - and Stewart Foster, author of *The Bubble Boy*. There are plenty of old favourites too, with new titles from Christopher Edge - *The Many Worlds of Albie Bright* - and Jo Cotterill - *A Library of Lemons*. Will Mabbit returns with *Mabel Jones and the Forbidden City* and David O'Doherty and Chris Judge are back with *Danger is Still Everywhere*. For readers of graphic novels the older collection includes *Evil Emperor Penguin*, while this year's non-fiction titles include *Rubik's Quest: Beat the Game* and Jon Hegley's poetry collection *I Am A Poetato*.

Less confident readers will enjoy books such as *Honey and Me*, written by Karen McCombie for dyslexic-friendly publisher Barrington Stoke, and more confident readers will love *The Baking Life of Amelie Day*. Of course The Big Friendly Read book collection would not be complete without Roald Dahl's *The BFG*, illustrated by Quentin Blake, which is joined on the list by the *Oxford Roald Dahl Dictionary* to inspire and delight readers.
