The ICF has been renamed integrated care fund. It continues to be scrutinized by the ICF board and also the regional partnership board. Projects related to the vale have received funding from last financial year and we have received confirmation that funding will continue. . There is a short fall within the Grant itself but all SROs are aware and it is expected there will be slippage that will mean all projects for the Vale will be accommodated.</p>

Overall the region has performed well in certain key areas and has managed a large volume of work and demand for services in its first year. The challenges faced in continuing to develop the service whilst meeting increasing demands, particularly in Adoption Support cannot however, be underestimated. The large agenda for change and improvement in adoption set by the development of the National Adoption Service whilst positive is resulting in increased awareness and expectation at a local level. The service will therefore need to be able to develop mechanisms and resources to ensure that it is able to respond effectively to the improvements required and to ensure better outcomes for all those requiring a service.</p>	<p>An Active &amp; Healthy Vale</p>
