

Peterswell Road & St. Lythan's Road

Play Areas, Cwm Talwg

Proposed Play area Improvements

Play Area A

St. Lythan's Road

Existing play area is in poor condition with limited equipment for older children

Option 2 St. Lythan's Road

Expand play area and realign footpath

Cwm Talwg Community Centre

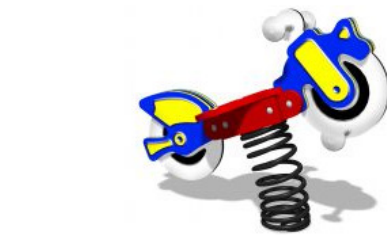

Play Area B

Peterswell Road

Existing play area is in poor condition with limited equipment for younger children

Examples of possible new items of play equipment

Notes

The Vale of Glamorgan Council is proposing to improve play facilities in the open spaces at the end of St. Lythan's Road and Peterswell Road in Cwm Talwg. There are currently two play areas located close to each other and both require upgrading. The Council is considering removing one and upgrading the other in order to maximise new equipment and provide an area where children up to the age of 12 can play together.

The Council is considering several options and is keen to consult with residents to find out which is the preferred option:

Option 1 - Upgrade Play Area B (Peterswell Road) to include equipment for children up to Age 12 and remove Play Area A (St. Lythan's Road)

Option 2 - Upgrade Play Area A (St. Lythan's Road) expand the area to include equipment for children up to Age 12 and remove Area B (Peterswell Road).

Option 3 - Retain existing equipment in Area A (St. Lythan's Road) and upgrade Area B to cater for children aged 4-8.

Which option would you prefer?

Are there any other improvements that you would like to see in this park?
