Skills Offered	Growing Skills: creating wider employment routes for local people - We will act as a bridge between employers, employment and training agencies and the cluster's community. 'Worth My While' will provide informal job search support e.g. help with applications, writing CV's etc, individually and in a job club setting. This is available to anyone over 16 in the cluster area who is aiming to return to work. The work clubs will be delivered on a twice weekly basis at two locations across the cluster. The project will also get access to the correct financial advice when thinking about making the move from benefits into employment.
