

CHRISTMAS FOR YOUR LOCAL BIRDS

YOUR WALKING / EXPLORING MISSION!

Walk Mission #1: PINECONES

Can you go for a Walk and find some Pine cones? And think about where you've seen lots of local birds for later?

You can make a great and tasty Christmas Tree for the Birds that live near you.

Try your local Park, ask an adult, and have an explore.

Home Mission: TASTY BIRD TREATS

Walk Mission #2: PLACE YOUR TREES

Think back to quiet places where you've seen birds spending time – these will usually be green spaces, where there's plants and trees and not too much noise!

Place your Christmas Trees where they won't be disturbed by humans, but a sharp eyed bird should find them.

Check back regularly to see if they've been enjoyed – and maybe put more out if they've been enjoyed!

REMEMBER TO STAY 2 METRES APART FROM PEOPLE YOU DON'T LIVE WITH
