

Dear sirs,

I have previously objected strongly to VoG council planning regarding the proposed appalling redevelopment of Model Farm on several occasions.

Since only new evidence is being considered from objectors at this point I would like to make it known to PEDW that I do strongly object to this planning application on many issues (loss of farmland, loss of natural habitat for many species of wildlife, increased traffic on already congested roads, drainage and water infrastructures that will not cope with increased demand to mention a few) and that I would like Vale Communities Unite Against The Planned Development of Model Farm (VCU) to represent me at any inquiry.

Thank you.
