

Land at Model Farm Rhooose

I strongly object to this proposal and have sent my objections to Vale of Glamorgan Council previously .

I understand no new objections will be considered so I hope you will consider my previously sent objections in your considerations.

That being the case I am happy that Vale Communities Unite Against Model Farm (VCU) represent me at any meetings or hearings.

If there is any further information that I should have included then I ask that you inform me so that my views can be properly represented.

Thank you

Susan Evans
