FOREWORD

In accordance with the Council's approved Delivery Agreement (April 2022), landowners, developers, and other interested parties were invited to nominate 'Candidate Sites' for potential inclusion within the emerging Vale of Glamorgan Replacement Local Development Plan (RLDP), as a part of the pre-deposit stage of preparation. The call for Candidate Sites was held between 20th June 2022 and 13th September 2022. The purpose of the Candidate Site stage is to ensure that, if land is allocated for development in the RLDP, sites are realistic and deliverable within the Plan period, up to 2036.

It is important to note that at this stage, the inclusion of a site in the Candidate Site Register **does not** infer that a site will be allocated within the emerging RLDP, nor does it imply any preference of the Local Planning Authority regarding its merits. This register is **not** a public consultation document; merely a statement of fact of all the candidate sites which have been submitted at this stage in the RLDP process.

If the Council's Preferred Strategy indicates that further land is required for development, the information provided on the Candidate Site submission form (which has been verified by Council Officers) will be used to assess sites for their potential inclusion within the pre-deposit proposals and / or deposit LDP. This assessment will also include a Sustainability Appraisal of those sites.

An index of the Candidate Sites follows this foreword. Sites are categorised as passing or failing the **Stage 1 Assessment** (initial site filter), as defined by the Candidate Site Assessment Methodology. Sites are then listed alphabetically by Settlement. The Register itself provides a location map of the site, together with limited information including; it's reason for passing/failing the Stage 1 Assessment, the existing and proposed use(s) of the site, the size of the site and its unique site ID number.

At this stage, Council Officers will not discuss the merits or otherwise of individual sites as this would be premature. Details of the full assessment process which will be used to consider Candidate Site submissions is available to view on the Council's website:

<https://www.valeofglamorgan.gov.uk/Documents/Living/Planning/Policy/RLDP/VOGC-Candidate-Site-Assessment-Methodology.pdf>

Any planning applications submitted on Candidate Sites will continue to be assessed in the usual way under the relevant policies of the adopted Vale of Glamorgan Local Development Plan (LDP), until such a time as they are superseded by the RLDP.

Proposed Use Category / Categori Defnydd Arfaethedig: Housing / Tai

Status / Statws: Not suitable for further consideration / Ddim yn addas ar gyfer ystyriaeth bellach

Reason / Rheswm: The site is located wholly within a CADW Registered Park and Garden and the nature of the proposed development would result in harm to the significance of this designated historic asset. Furthermore, the site is located within the countryside, away from any settlement. It is also, therefore, an unsustainable site that would be inappropriate for residential development, as set out in national planning policy. / Lleolir y safle yn gyfan gwbl o fewn Parc a Gardd Gofrestredig CADW a byddai natur y datblygiad arfaethedig yn arwain at niwed i arwyddocâd yr ased hanesyddol dynodedig hwn. Ar ben hynny, mae'r safle wedi ei leoli yng nghefn gwlad, i ffwrdd o unrhyw anheddiad. Mae hefyd, felly, yn safle anghynnaladwy a fyddai'n amhriodol ar gyfer datblygiad preswyl, fel sydd wedi ei nodi mewn polisi cynllunio cenedlaethol.

Reason / Rheswm: Whilst built development exists on site and adjoins it to the north and west, this is associated with existing employment uses at the Atlantic Trading Estate. To the east exists a forested area, which creates a buffer between the site and the Courtlands residential development. The Barry Settlement Boundary exists approximately 250 metres to the north of the site, the two are evidently physically divorced, and employment land at the Hayes Lane employment allocation exists between them. Therefore, and fundamentally, as the site is not within or adjoining a settlement boundary, it is considered to be an inappropriate site for residential development, as set out in national planning policy. / Er bod datblygiadau adeiledig yn bodoli ar y safle ac yn ei ffinio i'r gogledd a'r gorllewin, mae hyn yn gysylltiedig â defnyddiau cyflogaeth presennol yn Ystâd Fasnachu'r lwerydd. I'r dwyrain ceir ardal goedwigol, sy'n creu clustog rhwng y safle a datblygiad preswyl y Courtlands. Mae Ffin Anheddu'r Barri tua 250 metr i'r gogledd o'r safle, mae'n amlwg bod y ddau ar wahân yn ffisegol, ac mae tir cyflogaeth yn Hayes Lane yn bodoli rhyngddynt. Felly, ac yn sylfaenol, gan nad yw'r safle o fewn neu'n ffinio â ffin anheddau, fe'i ystyrir yn safle amhriodol ar gyfer datblygiad preswyl, fel y nodir mewn polisi cynllunio cenedlaethol.

Proposed Use Category / Categori Defnydd Arfaethedig: Housing / Tai

Status / Statws: Not suitable for further consideration / Ddim yn addas ar gyfer ystyriaeth bellach

Reason / Rheswm: Whilst employment and residential uses exist within the immediate vicinity of the site, these do not form part of a settlement identified in the existing Settlement Hierarchy, or a rural hamlet/small village. The Sully Settlement Boundary exists approximately 325 metres to the east of the site. Resultantly, the site is physically divorced from this and there is no physical relationship between the two. Whilst occupiers of the elderly person accommodation may not make as many journeys to and from the site as would be associated with a regular residential development, the site would still attract car journeys from staff and visitors. In addition, occupiers of the site may wish to use local services, and journeys to Sully or other nearby settlements would likely only be feasible from this site by car, especially given the demographic of proposed future occupiers. It is suggested that some services would be provided on site, however, there is no detail on these and it cannot be demonstrated at this stage that these complementary uses would be deliverable. As the

submission proposes residential development that is not within or adjoining a settlement boundary, and would be inherently car reliant, it is considered to be an inappropriate site for residential development in the form of older persons accommodation, as set out in national planning policy. The site has also been submitted for an alternative use (employment) under site reference 452. The suitability of this use is considered separately. / Er bod defnydd cyflogaeth a phreswyl yn bodoli o fewn cyffiniau'r safle, nid yw'r rhain yn rhan o anheddiad a nodwyd yn yr Hierarchaeth Aneddiadau presennol, neu bentrefan/pentref bach gwledig. Mae Ffin Anheddau'r Sili tua 325 metr i'r dwyrain o'r safle. O ganlyniad, mae'r safle ar wahân yn ffisegol a does dim perthynas ffisegol rhwng y ddau. Er efallai na fydd deiliaid y llety i bobl hŷn yn gwneud cymaint o deithiau i ac o'r safle fel y byddai'n gysylltiedig â datblygiad preswyl rheolaidd, byddai'r safle'n dal i ddenu teithiau ceir gan staff ac ymwelwyr. Yn ogystal, efallai y byddai deiliaid y safle yn dymuno defnyddio gwasanaethau lleol, a byddai teithiau i Sili neu aneddiadau eraill cyfagos yn debygol o fod yn ymarferol o'r safle hwn mewn car yn unig, yn enwedig o ystyried demograffeg meddianwyr arfaethedig y dyfodol. Awgrymir bod rhai gwasanaethau yn cael eu darparu ar y safle, fodd bynnag nid oes unrhyw fanylion ynghylch y rhain ac ni ellir dangos ar hyn o bryd y byddai'r defnyddiau ategol hyn yn cael eu cyflawni. Gan fod y cyflwyniad yn cynnig datblygiad preswyl nad yw o fewn neu'n ffinio â ffin anheddu, a byddai'n dibynnu ar geir yn ei hanfod, fe'i hystyrir yn safle amhriodol ar gyfer datblygiad preswyl ar ffurf llety i bobl hŷn, fel y nodir mewn polisi cynllunio cenedlaethol. Reason / Rheswm: Whilst development exists on site and adjoins it to the north and south, this is associated with the Llandow Trading Estate and Vale Enterprise Park. The Sigingstone Settlement Boundary exists approximately 750 metres to the east of the site and the Llandow Settlement Boundary exists approximately 1.2km to the north west. There is no functional relationship between the proposed candidate site and either of these. Therefore, and fundamentally, as the site is not within or adjoining a settlement boundary, it is considered to be an inappropriate site for residential development, as set out in national planning policy. Due to its scale, as well as the number of dwellings and services proposed, the candidate site could be considered a new settlement. As set out in paragraph 3.52 of

Planning Policy Wales (Edition 11), due to their strategic nature, significance, and impacts extending beyond a single local authority, new settlements should only be proposed as part of a joint LDP, an SDP or Future Wales. Given that the Replacement LDP is a standalone development plan for the Vale of Glamorgan it would be contradictory to national policy to consider the candidate site submission as a new settlement as part of this process. / Tra bo datblygiadau'n bodoli ar y safle ac yn ei ffinio i'r gogledd a'r de, mae hyn yn gysylltiedig ag Ystâd Fasnachu Llandŵ a Pharc Menter y Fro. Mae Terfyn Anheddau Sigingstone tua 750 metr i'r dwyrain o'r safle ac mae ffin Anheddiad Llandŵ tua 1.2km i'r gogledd-orllewin. Nid oes perthynas weithredol rhwng y safle ymgeiswyr arfaethedig a'r naill na'r llall o'r rhain. Fel yr amlinellir ym mharagraff 3.52 Polisi Cynllunio Cymru (Argraffiad 11), oherwydd eu natur strategol, eu harwyddocâd a'u heffeithiau'n ymestyn y tu hwnt i un awdurdod lleol, dim ond fel rhan o CDLI ar y cyd, Cynllun Datblygu Strategol neu Gymru'r Dyfodol y dylid cynnig setliadau newydd. O ystyried bod y CDLI Newydd yn gynllun datblygu annibynnol ar gyfer Bro Morgannwg, byddai'n groes i bolisi cenedlaethol ystyried cyflwyno'r safle ymgeisio fel setliad newydd yn rhan o'r broses hon.
