

ANNUAL DELIVERY PLAN 2023-2024

OUR OBJECTIVES

TO WORK WITH AND FOR OUR COMMUNITIES

Working with the community and providing opportunities for the community to get involved in shaping our activities. Improving our online opportunities while still providing varied ways to engage with the Council. Making efficient use of our assets and changing how we work.

TO SUPPORT LEARNING, EMPLOYMENT, AND SUSTAINABLE ECONOMIC GROWTH

Ensuring that schools are effectively supported, by providing investment and working with our partners. Through partnership working we will develop strategies for economic development and regeneration.

TO SUPPORT PEOPLE AT HOME AND IN THEIR COMMUNITY

Co-ordinate a response to the Cost-of-living crisis through work with schools, community initiatives and funding schemes. Partnership work will address health inequities and we will support our most vulnerable residents.

TO RESPECT, ENHANCE AND ENJOY OUR ENVIRONMENT

Implement Project Zero and work with our partners to provide environmental strategies such as the Green Infrastructure Strategy, community energy schemes, encourage active travel and deliver near zero carbon homes.

OUR CRITICAL CHALLENGES

COST OF LIVING CRISIS

Supporting our residents, local organisations and business in the face of rising costs in particular around energy, food and housing.

PROJECT ZERO

Responding to the climate and nature emergencies and delivering the commitments in our Climate Challenge Plan.

ORGANISATIONAL RESILIENCE

Ensuring that we can continue to adapt and provide our services despite the financial pressures and workforce challenges that we and many of our partner organisations face.
