

FAMILIES ACHIEVING CHANGE TOGETHER

FACT

Information for
professionals

What are FACT's aims?

To successfully identify and coordinate support, enabling families to make positive changes, reducing the number of families developing more complex and challenging needs.

Who do we help?

- Children, Young people (aged 0-18) and their families from the Vale of Glamorgan.
- Families who would benefit from the support of more than one agency.

How do we help them?

Following the referral we:

- Meet with the families - listen, identify and assess their needs as well as recognising their strengths.
- Highlight potential agencies that may provide appropriate support for the family.
- Arrange a multi-agency meeting, with the family at its core, to discuss and develop an action plan of support.
- Manage, monitor and review agreed action plan, with family and agencies, so that positive changes can be made.
- Encouraging families through empowerment to sustain these changes.
