## **Service Overview – Resources**

The Resources Directorate primarily supports other services and Council Members by ensuring the legality and financial probity of all activities of the Council, providing a range of services to our customers and citizens in the most economic, effective and efficient ways and transforming the way the Council works by using our skills, resources and technology.

We also deliver a range of services direct to the public, including:

- Registration of births, deaths, marriages and civil partnerships;
- Collection of council tax and other income;
- Benefits, providing housing benefit and council tax reduction to people on low incomes;
- Administration of free school meals;
- Responding to Freedom of Information Act enquiries;
- Administration of Local Land Charges.

## **Our Service Plan for 2014-18**

The Service Plan is a key component of the Vale of Glamorgan Council's planning framework. It supports the delivery of the Corporate Plan 2013-17 and ultimately the overarching Community Strategy 2011-2021 and the delivery of the day to day business activities of the Council.

The Resources Service Plan provides a four year overview of our work and sets out how it contributes towards achieving some of the key outcomes and objectives identified in the Corporate Plan 2013-17. It outlines what objectives the service is trying to achieve, why they are important, how they are to be achieved, how we will monitor progress and what success will look like.

The Plan is informed by the Council's Medium Term Financial Plan.

The actions within the Service Plan will inform team plans and ultimately feed into personal objectives for individual Members of staff via the Performance Development and Review System. The clear lines of responsibility, outcomes and targets at all levels will be monitored as part of the Council's performance monitoring arrangements.

Each year we will review the plan and update it accordingly, ensuring we deliver an economic, efficient and effective service.

## **Our Service Outcomes and Objectives**

The priorities and actions set out within this plan are aimed at ensuring good governance of the Vale of Glamorgan Council. Governance is about how public bodies ensure that they are doing the right things, in the right way, for the right people, in a timely, inclusive, open, honest and accountable manner. It comprises the systems and processes, and culture and values, by which local government is directed and controlled and through which it accounts to, engages with and, where appropriate, provides leadership to their communities.

All Members have the same duties and responsibilities in relation to a local council's governance and accountability. The Council as a whole is responsible in law for ensuring that the Council's legal and financial management is adequate and effective. It must set in place a sound system of internal control to enable the effective exercise of the Council's functions. This system must include appropriate mechanisms for control and management of risk.

The Resources Directorate is responsible for promoting values for the authority and demonstrating the values of good governance through upholding high standards of conduct and behaviour throughout the Council. This involves developing the capacity and capability of Members and Officers, with clearly defined functions and roles, taking informed and transparent decisions which are subject to effective scrutiny and supporting all Directorates to uphold the reputation of the Council.

Having considered the above the Resources Directorate will collectively work to deliver the following service outcome:

### **The Vale Community benefits from the Council's sound and transparent decision making through effective management of resources.**

This outcome encapsulates the wide range of services provided by the Directorate across the major functions of Human Resources, Finance, Legal, Democratic Services and ICT.

The Directorate's Service Plan establishes a series of objectives. These objectives describe in more detail how the outcome will be delivered.

### **Objective 1: To optimise our resources, exercise robust financial management and provide effective relevant services and facilities.**

This objective recognises the services provided by the Resources Directorate to the Council as a whole. The Directorate's service areas work with Members and staff across the Council to ensure that resources are used in the optimum manner, that our finances are managed robustly and the services and facilities provided by the Council meet needs of our customers.

**Objective 2: To ensure that Council services are supported by the appropriate deployment of skilled, flexible and engaged employees.**

The Council's employees are one of its largest assets. The Human Resources department has responsibility for working to support managers and staff across the Council. Together we aim to ensure that the staff we employ have the correct level of skills, are efficiently organised and motivated to deliver quality services to our customers.

**Objective 3: To support Members and Officers to ensure they are able to effectively undertake their roles and responsibilities.**

This objective recognises the role the Resources Directorate plays in providing quality support services to Members and Officers. This support comes from the Directorate's various departments including Legal, Human Resources, Finance, Democratic Services and ICT.

**Objective 4: To provide our customers with Registration, Local Tax Collection and Benefits Services.**

As well as the vital support role the Directorate plays, we also deliver a range of statutory services directly to the public. This objective provides an opportunity for the Directorate to explain how these services will be delivered in the coming year.

**Our contribution to corporate priorities 2014-2018**

The Council's Corporate Plan identifies eight priority areas. For each of these priority areas there are a number of objectives which outline our Directorate's key commitments and activities and how our service actions, resources, timescales and accountabilities will ensure these objectives are achieved.

Last Year

In the last year, the Directorate has worked to deliver the following objectives from the corporate plan:

- Developed a protocol for the public to give evidence at Scrutiny and Planning Committees and increase public participation in meetings.
- Developed a new Human Resources Strategy, including a Training and Development Strategy ensuring that staff are supported and engaged to provide services to the highest possible standard.
- Introduced a Council Tax discount scheme for those over 70 who do not already receive Council Tax Benefit/support.
- Tackled child poverty by working with families in need to raise awareness of entitlements to welfare benefits and allowances and to facilitate access to support services that help people into employment and training.

## 2014-18

As the Resources Directorate provides support to Members and Staff across the Council, the Directorate is involved in delivering all elements of the Corporate Plan. However, there is a range of objectives that the Directorate is specifically responsible for delivering which are detailed below and form the basis of our Service Plan actions.

### Priority Area: Community Leadership

Outcome: Citizens of the Vale of Glamorgan can easily access efficiently managed services that are focused around their needs, have confidence in how decisions are made and are proud to live in the Vale.

We will:

- Increase customer satisfaction and improve how customers access services by developing more integrated service delivery with our partners and being more innovative in how public buildings are used. (2016/17)
- Explore opportunities for working collaboratively within the Vale and regionally which will lead to improved services for customers, support innovation and deliver savings.(2016/17)
- Produce an annual Asset Management Plan with specific targets to achieve the optimum use of our property assets. (2016/17)
- Provide information and support to residents affected by Welfare Reform and raise awareness of staff and partners about the impact of the changes. (2016/17)
- Increase the number of apprenticeships provided by the Council and our contractors and provide additional work experience placements helping people of all ages to develop their skills and secure employment. (2016/17)

### Priority Area: Environment

Outcome: Current and future generations of Vale residents and visitors enjoy the built and natural environments of the Vale of Glamorgan and actively protect and maintain them.

We will:

- Review and update the Council's Carbon Management Plan to reduce emissions from council buildings, street lighting and council vehicles. (2015/16)

## Priority Area: Learning and Skills

Outcome: Citizens of the Vale of Glamorgan have the skills, knowledge and abilities required to maximise their opportunities.

We will:

- Help to deliver LS1, the School Investment Programme, supporting at methods of delivery Ysgol Nant Talwg, the first template school design in Wales. (2017/18)

## **Efficiencies and Savings 2014-2018**

The Council is facing significant budgetary pressures and requires all Directorates to make substantial savings in the coming years. The Resources Directorate has been tasked with delivering the following savings for the coming periods:

<b>Department</b>	<b>Annual Savings Target</b>			
	<b>£000</b>			
	<b>2014/15</b>	<b>2015/16</b>	<b>2016/17</b>	<b>Total</b>
Human Resources	110	14	100	224
Legal and Democratic Services	146	4	3	153
Financial Services	253	203	215	671
Accountancy and Resource Management	28	0	56	84
ICT	88	95	0	183
Property	125	0	125	250
<b>Total</b>	<b>750</b>	<b>316</b>	<b>499</b>	<b>1,565</b>

Appendix 4 provides a breakdown of these savings and identifies the service and potential HR implications associated with each saving.

Equality Impact Assessments have been undertaken as appropriate and will continue to be undertaken as required.

## **Workforce Planning 2014-2018**

Our workforce is our primary resource, and our objectives are only achievable through the hard work and commitment which our staff consistently demonstrate. It is therefore vital to continue to support this through staff planning and succession planning despite the pressures of budget and staffing reduction.

The Directorate produces a Workforce Plan which is specific to our service areas and is updated annually. This addresses structural requirements, succession planning issues, the employee profile and employee development issues for the service. A copy of the Workforce Plan for our Directorate can be found in Appendix 2. Where there are specific workforce considerations in achieving actions in our plan, these are included in the action plans in Appendix 1.

## **Our ICT Requirements 2014-2018**

ICT Services are largely an internal support service ensuring the adoption and use of ICT systems to improve the efficiency and effectiveness of the services provided to our customers. In the foreseeable future the Council will be facing difficult financial circumstances. This will place an even greater demand on the ICT Services and systems as frontline services make greater use of technology to deliver their services more efficiently and effectively.

Continued investment in ICT is required in order to maintain standard levels of service and avoid obsolescence of systems and equipment used within the Council.

The desktop hardware refresh programme will be completed in 2014, replacing or upgrading nearly 2000 computers connected to the corporate network to Windows 7 and Office 2010. The ICT Service is responsible for repairing and maintaining these computers on a daily basis and the refresh programme will provide modern, power efficient devices that will require less support.

The Council will in 2014 improve the ICT Server Rooms within the Civic Offices by creating a purpose built facility out of six existing offices. This will help the Council reduce its carbon emissions and provide a more cost effective way of operating the ICT infrastructure. Upon completion at least one of the existing server rooms will be returned for use as office accommodation.

Within Financial Systems, the Customer Relations Management (CRM) and Oracle E-Business Suite are the main ICT applications used in handling service requests and proactive work. Continued support and maintenance will be required by the service to ensure systems are fit for purpose.

In line with the Space project, the Council has adopted a more flexible approach to work, where appropriate, in order to maximise the use of office space. More staff now work flexibly either by 'hot-desking' or working from home with appropriate equipment supplied to enable this. The introduction of a Mobile Device Management solution will provide secure access to corporate data from council smart phones and help to make the workforce more mobile.

A wireless guest network was introduced in 2013 allowing free internet access to visitors, elected Members and staff and has proved to be very popular.

The safe processing and security of personal and sensitive data will continue to be a challenge for the Council and a full time Information Security Officer has been appointed to help maintain security and minimise the risk of a breach of the Data Protection Act. The Council has achieved compliance with the UK Government Public Service Network (PSN) and is working towards compliance with ISO 27001, an international standard for information management.

The Council's cash receipting and cash management system has been upgraded to ensure compliance with payment security standards. The Council continues to promote and extend electronic payment services.

The Council's website has been updated with the introduction of a new Content Management System which will help to deliver a greater variety of council services through the Internet.

A number of collaboration projects with neighbouring authorities are underway or are being considered, but a secure, resilient and highly available ICT Infrastructure will be required to underpin any successful collaboration.

### **Equalities 2014-18**

We are committed to fairness in respect of equality and diversity and ensure that equality action planning is part of our normal day to day considerations with both our employees and our service users.

The public sector equality duty gives public authorities a legal responsibility to provide protection to vulnerable groups and make decisions which are fair and transparent, including the allocation of public money. Under this duty in the current financial climate equality impact assessments when adapting or reducing service delivery arrangements will become more important and integral in the way that we do business.

## Service Outcome 1

### Corporate Plan Outcomes:

*Citizens of the Vale of Glamorgan can easily access efficiently managed services that are focused around their needs, have confidence in how decisions are made and are proud to live in the Vale.*

*Current and future generations of Vale residents and visitors enjoy the built and natural environments of the Vale of Glamorgan and actively protect and maintain them.*

**Service Outcome 1: The Vale Community benefits from the Council's sound and transparent decision-making through effective management of resources.**

**Objective 1: To optimise our resources, exercise robust financial management and provide effective relevant services and facilities.**

The following **Corporate Plan** priorities will be undertaken as part of this objective:

- CL2 Increase customer satisfaction and improve how customers access services by developing more integrated service delivery with our partners and being more innovative in how public buildings are used. (2016/17)
- CL4 Explore opportunities for working collaboratively within the Vale and regionally which will lead to improved services for customers, support innovation and deliver savings. (2016/17)
- CL11 Produce an annual Asset Management Plan with specific targets to achieve the optimum use of our property assets. (2016/17)
- E3 Review and update the Council's Carbon Management Plan to reduce emissions from council buildings, street lighting and council vehicles. (2015/16)

The Resources Directorate does not have any Improvement Objectives and Outcome Agreement objectives proposed for 2014/15 however, through its services it will support relevant directorates in delivering key council priorities in line with corporate performance management arrangements.

### **The context for this objective:**

It is a priority for the Council to support the delivery of essential council services to our customers at a time of continuing financial restraint in line with the principles of economy, efficiency and effectiveness.

- The Accountancy and Resource Management Service has been restructured in the past year to ensure it is fit for form and fit for purpose whilst achieving savings.

- The hardware refresh programme will ensure that staff have access to appropriate technology to allow them to maintain services to citizens.
- The Strategic Property Service ensures that Councils property assets are well managed and that the capital programme is delivered on time and in line with the budget.
- The Strategic Property Service is using energy management to reduce its carbon footprint and improve the energy efficiency of its building stock.
- The Strategic Property Service ensures that our 21<sup>st</sup> Century schools projects deliver community benefits such as 80 person weeks for new entrant for every £1m construction spend, apprentices via shared apprentice scheme - Y Prentis.

### How are we doing?

- All statutory deadlines were met for the closure of accounts and estimates purposes.
- Of all undisputed invoices paid during the year, the Council paid 88.86% within 30 days.
- 95.1% of all payments in the Vale were made by electronic means, the third highest percentage in Wales. The average was 88.4%.
- Outcome agreement targets for procurement savings exceeded the target of £1.8million for the year.
- The Council's Internal Audit Section continues to perform in the top quartile in comparison with other Welsh Local Authorities.
- The Council's Internal Audit Section continues to provide assurance on the Council's internal control environment to the satisfaction of the Council's external regulators.
- The Council has achieved compliance with the UK Government Public Service Network (PSN) which allows continued electronic communication to Government bodies such as the Department of Work and Pensions and the Ministry of Justice
- The Council has complied with the UK Governments Carbon Reduction Commitment and the Welsh Governments carbon reduction targets.

### Key service risks to this objective include:

<i>Risk</i>	<i>Likelihood score</i>	<i>Impact score</i>	<i>How will it be managed?</i>
1. The reductions in funding will impact on the division's ability to provide the existing level of service to our customers.	4	2	The Service has recently been restructured to meet these challenges and provide resilience. There are set areas for savings which are being progressed.
<i>Risk</i>	<i>Likelihood score</i>	<i>Impact score</i>	<i>How will it be managed?</i>
2. The reduction in funding and corresponding organisational	3	4	The Internal Audit Plan takes account of the savings

changes required in response will result in internal controls being compromised, for example the inability to achieve division of duties due to staff reductions and an increased likelihood of fraud and error.			proposals being implemented by individual services. These savings will be assessed with regards to their potential impact on the control environment.
3. The Welsh Government's preferred delivery model for procurement is not compatible with the Council's existing devolved arrangements.	3	3	The Council has participated in the WG's Procurement Fitness Check and will be developing an action plan to respond to the report's recommendations and outcomes.
4. Failure to maintain compliance with the PSN.	2	3	Annual penetration testing to identify any security vulnerabilities
5. Councils bankers (Co-operative) are withdrawing from market.	4	2	Tender process to appoint new banker

**Key sustainability issues relating to the delivery of this objective include:**

<i>Sustainability Issue</i>	<i>How will it be managed?</i>
1. Reducing the contribution to greenhouse gases of our computer estate.	Installation of the new computer room and managing the use of computers throughout the authority with powerhouse software to automatically turn off pcs outside of work hours.
2. Negative Impact of energy consumption of council buildings.	Carbon management and energy policy helping to reduce emissions

**Key equality issues relating to the delivery of this objective include:**

<i>Equality Issue</i>	<i>How will it be managed?</i>
1. Ensuring that people in protected groups are able to work for and access council services.	Access and signage continues to be integral to the Council's space project.

Effective consultation and engagement activities continue to be a key method by which we can gain an understanding of the views of our clients and address them appropriately. Consultation/engagement activities already undertaken or coming up include:

<i>Consultation undertaken 2013/14</i>	<i>Consultation planned 2014/15</i>
1. Internal Audit Client Satisfaction Surveys continued with all customers during the year.	A streamlined digital approach to Internal Audit Client Satisfaction Surveys will be implemented during the year.

2. Consultation with Vale Viewpoint, Town & Community Councils and the Business Sector has been completed on the Council's priorities and corporate.	Consultation with a range of stakeholders, including the Local Service Board, is scheduled on the Council's Budget and Medium Term Financial Plan.
3. Consultation with Scrutiny Committees and the Local Service Board has been carried out on the Council's budget proposals.	
4. ICT carried out an internal customer satisfaction survey. This is undertaken every two years.	

In line with our corporate priorities and Welsh Government requirement, we continue to explore and promote opportunities for working collaboratively locally and regionally in order to deliver improved services for customers and improved savings. Our contribution to the collaboration agenda is evidenced in our participation in the following projects:

<i>Collaboration undertaken 2013/14</i>	<i>Collaboration planned 2014/15</i>
1. Delivery of the Shared Internal Audit Service with Bridgend Council.	Continuation of the Shared Internal Audit Service with Bridgend Council.
2. The Council continues to be a Member of the Welsh Purchasing Consortium and has signed up to the newly created National Procurement Service.	Continued Membership of the Welsh Purchasing Consortium (to be delivered on an all-Wales basis) and National Procurement Service.
3. The Council continues to use the Welsh Government Public Services Broadband network to allow secure communication between Public Sector bodies in Wales.	Use of the Welsh Government Public Services Broadband network continue for the foreseeable future.
4. Legal Services collaborates with a number of local authorities undertaking casework on their behalf (if appropriate) in order to utilise any capacity and generate income.	Continue with Membership of the South East and Mid Wales Legal Consortium ("SE&MWLC")
5.	Consideration to be given to collaborative opportunities regarding procurement, insurance and risk management with other Local Authorities.
6.	Investigation into sharing of ICT services and systems with Cardiff CC.

### **What did we do in 2013-14?**

- Met all statutory requirements and timeframes for the preparation of estimates leading to the setting of the annual budget, closure of accounts treasury management processes
- Implemented appropriate mechanisms in order to meet Welsh Government requirements for procurement.
- Reviewed the Councils existing long term agreements with external insurance companies and retendered and appointed an insurance broker. The retender for longer term agreements is underway and due for completion by April 2014.
- Developed and promoted a guidance toolkit for managers on “Lean Systems Thinking” to support the delivery of financial savings targets.
- Formalised the Internal Audit Shared Service with Bridgend County Borough Council.
- Worked with Council services to deliver required efficiency savings targets.
- Maintained a good level of availability of ICT systems.
- Maintained compliance with information security standards as required.
- Retained level 3 Green Dragon accreditation as part of civic offices scheme.
- Worked with all directorates to meet our corporate energy management commitments with respect to carbon reduction.
- Completed required Disability Discrimination Act works to the Council chamber.
- Identified and implement projects to reduce energy use and raise awareness amongst staff and the public about the need to reduce our carbon footprint.
- Produced an annual Asset Management Plan with specific target to achieve optimum use of our property assets.
- Invested in the improvement of the Council’s leisure centres in partnership with Parkwood.

### **What impact have these actions had?**

- A positive report has been received from the Council’s External Auditors which contributes to the Council’s good governance arrangements.
- The Council has signed up to the National Procurement Service; adopted Welsh Government’s Procurement Policy and participated in the WG’s Procurement Fitness Check process.
- Financial savings of 67% were achieved on the retendering of the Council’s Insurance Brokerage contract.
- Reliable and available ICT systems.
- The toolkit for “Lean Systems Thinking” has been developed. Promotion and training in conjunction with the Welsh Government is planned for 2014/15.
- The shared audit service operational and following initial efficiency savings remains robust and resilient.
- All service areas have received support in delivering their required savings.
- ICT systems have achieved availability levels of 99.5% availability for the main 20 systems.
- PSN Compliance for information security was achieved.
- Green Dragon level 3 ensures that services are run with consideration for environmental impacts.
- Delivery of a 3% reduction with respect to carbon emissions year on year.

- The Council chamber is now accessible for all.
- The annual reduction in carbon emissions of 3% was achieved.
- The asset management plan allows better knowledge and understanding of our assets linking to the space project.
- The Council has overseen the delivery of the £1m investment works and £2m property condition works to ensure the leisure centres are maintained to an acceptable level.

### **What do we plan to do in 2014-15?**

- Promote the guidance toolkit for managers on Lean Systems Thinking and deliver training to managers in order to support the delivery of financial savings targets.
- Implement a desktop technology refresh to upgrade the Council's laptops and pcs together with installation of the latest Microsoft Office software.
- Review the ICT Strategy to ensure the service continues to effectively support our clients.
- Meet all statutory requirements and timeframes for preparation of estimates leading to the setting of the annual budget, closure of accounts and treasury management processes. This will enable the timely provision of financial and management information and advice to all council services.
- Review and develop options for the delivery of procurement services across the Council.
- Deliver an internal audit service in accordance with the Public Sector Internal Audit Standards and provide the necessary levels of assurance on the governance and internal control arrangements of both the Vale of Glamorgan and Bridgend County Borough Councils.
- Replace ICT Server Rooms within the Civic Offices by creating a purpose built facility, reducing carbon emissions and providing a more cost effective way of operating the ICT infrastructure.
- Progress the Penarth Learning Community project to completion.
- Implement key projects as part of Space Project optimising the use of operational buildings.
- Tender the Council's banking contract.

### **How will we know if we're achieving our objective?**

- Directorate savings are achieved in line with targets (financial year 2014/15).
- Positive reports from External Regulators (external audit reports, July 2014/November 2014).
- Directorate services delivered in accordance with set objectives (financial year 2014/15).
- ICT Server Room completed.
- Delivery of capital schemes.
- Reports under Carbon Reduction Commitment.

The following measures will also help us monitor our progress:

- Expenditure versus budget for service areas.

- Achievement of specific savings targets.
- Quarterly performance monitoring.
- Monitoring of capital programme.
- CO2 output.

**What do we plan to do in 2015/18?**

- Continue to meet all statutory requirements and timeframes for preparation of estimates leading to the setting of the annual budget, closure of accounts and treasury management processes.
- Continued delivery of an Internal Audit Service that meets all statutory obligations and can provide assurance on the Council's internal control environment.
- Continued delivery of space project.
- Implement the ICT strategy 2015/18.

**Service Outcome 1: The Vale Community benefits from the Council's sound and transparent decision-making through effective management of resources.**

**Objective 2: To ensure that Council services are supported by the appropriate deployment of skilled, flexible and engaged employees.**

The following **Corporate Plan** priorities will be undertaken as part of this objective:

CL15 Increase the number of apprenticeships provided by the Council and our contractors and provide additional work experience placements helping people of all ages to develop their skills and secure employment. (2016/17)

**The context for this objective:**

The Council's biggest asset and most important resource is the staff that it employs across all its diverse service areas. The performance, engagement and deployment of such staff will continue to be vital in meeting the challenges that will be faced during the life of this service plan. The detail in relation to the objective is set out in the Council's Workforce Plan and HR Strategy. Both documents set out the following priorities for achieving the over-arching objective.

- Managing a change in the numbers of directly employed staff in line with the financial projections for the next four years.
- Increasing the mobility and flexibility of staff in line with changes in service needs and demands.
- Pursuing strategies to ensure the continued engagement of staff and that their skills and abilities are used to the full.
- Ensuring that the Council anticipates and responds to recruitment and retention issues.
- Ensuring the development of leadership skills to meet changing service needs.
- Ensuring the development of skills and tools to support collaboration and cross agency working.
- Ensuring that the Council's workforce is representative of the community.

**How are we doing?**

- Sickness absence levels across the Council (8.7 days per employee) continue to be lower than public sector national comparators (9.1 days per employee)
- Staff turnover figures (currently 10.58%) are congruent with national average figures of 10.60%.
- During the 2012/13 period, 11.00% of staff left the employment of the Council. The national average was 9.10%.
- The Council currently is registered as having the Gold Award in the National Assembly for Wales Corporate Health Standard.
- The last review of Human resources undertaken by the Wales Audit Office (2013) indicated that the Council had achieved or was on track to achieve all proposals for improvement.

**Key service risks to the delivery of this objective include:**

<i>Risk</i>	<i>Likelihood score</i>	<i>Impact score</i>	<i>How will it be managed?</i>
1. Budget reductions will impact on the Directorate's ability to help respond to the change agenda and delivery targets in the Workforce Plan.	3	3	A strategic/staged approach to managing budget reductions will be undertaken in order to ensure that necessary organisational change is supported and achieved.
2. Uncertainty caused as a result of awaiting the outcome of the Williams review into local government re-organisation across Wales.	2	2	Contingency planning will need to be undertaken to ensure we respond to the outcomes of the review whilst focussing on the current priorities.
3. The risk of not managing a balance between reducing staffing numbers and the maintenance of future staff engagement strategies.	2	3	Maintaining a focus on the delivery of the Corporate Workforce Plan which reflects both of these priorities.

**Key sustainability issues relating to the delivery of this objective:**

<i>Sustainability Issue</i>	<i>How will it be managed?</i>
1. The risk of not putting in place employee succession plans to ensure service continuity and the retention of organisational knowledge and leadership.	The development of a sustainable approach to succession planning alongside leadership development and youth employment.

**Key equality issues relating to the delivery of this objective**

<i>Equality Issue</i>	<i>How will it be managed?</i>
1. Ensuring that the equalities issues arising from HR policy development are adequately considered.	Through the process of equality impact assessments and the analysis of data collected as part of the Specific Duties for Public Authorities in Wales.

Effective consultations and engagement with staff and unions is pivotal to implementing the workforce plan and change agenda. Consultation/engagement activities already undertaken and upcoming include:

<i>Consultation undertaken 2013/14</i>	<i>Consultation planned 2014/15</i>
1. General consultation with trade unions as part of change agenda.	Continued consultation with trade unions in relation to change and staffing reductions.
2. General consultation with trade unions as part of HR policy development.	The launch of a HR customer feedback survey.

In line with our corporate priorities and Welsh Government requirement, we continue to explore and promote opportunities for working collaboratively locally and regionally in order to deliver improved services for customers and savings. Our contribution to the collaboration agenda is evidenced in our participation in the following projects:

<i>Collaboration undertaken 2013/14</i>	<i>Collaboration planned 2014/15</i>
1. N/A	Consideration to be given to sharing Occupational Health Provision with Cardiff Council
2. N/A	Consideration to be given to collaboration with Cardiff in relation to Training and Development activity

#### **What did we do in 2013-14?**

- Supported all service managers in the management of service change programmes.
- Undertaken a review of staffing and management structures to ensure congruence with service needs.
- Undertaken a review of conditions of service in consultation with the trade unions to increase flexibility and contribute to savings targets.
- Reviewed the use of agency staff across services to ensure cost effectiveness and an appropriate balance between the core and peripheral workforce.
- Developed a strategic approach to managing a change in the numbers of staff in line with service changes and financial planning.
- Implemented auto pension enrolment in line with law on workplace pensions.
- Implemented Real Time Information (RTI) in line with Her Majesty's Revenue and Customs. (HRMC).
- Increased apprenticeships provided by the Council and our contractors and provided additional work experience placements helping people of all ages to develop their skills and secure employment.
- Developed a new HR Strategy including a Training and Development Strategy ensuring staff are supported and engaged to provide services to the highest possible standard.
- Supported Chief Officers in delivering key actions for 2013/14 as outlined in the Corporate Workforce Plan.

### **What impact have these actions had?**

- A significant volume of change has been successfully managed in consultation with trade unions and with successful efforts made to mitigate the adverse implications for staff.
- Continued focus placed on workforce planning including the first workforce planning conference in July 2013 which included sponsorship from the Local Government Association, Skills for Justice and Birmingham City Council.
- Sickness absence levels have been achieved within published targets and despite the significant volume of organisational change.
- Support given across approx. 65 change programmes during 2013/14.
- New Agency Contract arrangements were implemented in January 2014 following procurement exercise.
- The number of Foundation Modern Apprentices has been successfully increased as has the number of all work experience placements.

### **What do we plan to do in 2014-15?**

- Strengthen the Council's approach to internal redeployment and support for staff at risk of redundancy.
- Develop an implementation action plan aimed at reducing the gender pay gap, evaluate and report annually on progress.
- Finalise changes to the early retirement/redundancy scheme and the approach to voluntary severance.
- Completion of review of all staffing and management structures.
- Continuation of programme of support and training for managers in relation to managing change.
- Develop a 'job families' approach to job design.
- Implementation of staff engagement strategy.
- Develop strategies to improve the employment of school, college and university leavers proportionate to the wider workforce.
- Development of tools and guidance to support partnership working, business improvement and the awareness of alternative models of service delivery.
- Development of guidelines to support succession planning as part of the Council's Corporate Training and Development Strategy.
- Review policy on discretions under the new Local Government Pension Scheme from April 2014.

### **How will we know if we're achieving our objective?**

- Directorate and Corporate savings are achieved in line with targets.
- Increase in the numbers of 16-24 year old employees proportionate to the wider workforce.
- Changes in workforce requirements achieved in effective consultation with unions.
- Increases in staff engagement scores over the life of the Service Plan.

The following measures will also help us monitor our progress:

- Expenditure versus budget for service areas.
- Sickness absence statistics.
- Labour Turnover statistics.
- Achievement of targets set out in Corporate Workforce Plan.

**What do we plan to do in 2015/18?**

- Development of revised “Vale Employment Contract” to reflect changing contractual expectations for both the Council and its employees.
- Review and refresh the Council’s Management Competency Framework (MCF) and use as a basis for appraisal and PDRS.
- Develop proposals for the implementation of a new management development programme to respond to the needs of the MCF.

**Service Outcome 1: The Vale Community benefits from the Council's sound and transparent decision-making through effective management of resources.**

**Objective 3: To support Members and Officers to ensure they are able to effectively undertake their roles and responsibilities.**

The following **Corporate Plan** priorities will be undertaken as part of this objective:

CL4 Explore opportunities for working collaboratively within the Vale and regionally which will lead to improved services for customers, support innovation and deliver savings. (2016/17)

**The context for this objective:**

The Resources Directorate protects the Councils' good reputation, supporting services and Council Members by ensuring the legality and financial probity of all activities of the Council. The Directorate supports Members in their decision-making, scrutiny and representational roles and in seeking to maintain appropriate Codes of Conduct.

- The Audit Committee are those charged with governance under the Council's constitution. They have to receive and challenge reports from both internal and external audit in order to determine whether the Council meets its governance obligations.
- The Democratic Services Division is responsible for delivering a wide range of services relating to the Council's decision-making processes and elected Members. Support for the Scrutiny function is particularly important in light of the Local Government (Wales) Measure 2011. The team also provide an advisory service to individual Members and committees on the Council's Constitution and Members' Code of Conduct.
- The terms of reference of the Democratic Services Committee include Member Development.
- Legal Services provides expert legal advice on a comprehensive range of Council functions. Breaches of legal process and law will expose the Council to legal challenge/prosecution.
- The Monitoring Officer provides guidance to Members on the Members' Code of Conduct. This minimises the risk of allegations of breaches.
- The Monitoring Officer will provide advice on the scope of powers and authority to take decisions, maladministration, financial impropriety, probity and budget and policy framework issues to all councillors, to ensure the legality of decisions made.

**How are we doing?**

- There are no significant issues arising from external regulation and the overall governance arrangements of the Council are deemed to be satisfactory.
- As part of an all-Wales Scrutiny Improvement Study conducted by the Wales Audit Office, a peer review assessed the Council's Scrutiny arrangements as

“positively supporting” and, in two of the responses “significantly supporting” effective Scrutiny.

- Legal Services is a Lexcel accredited service (Lexcel is the Law Society’s Practice Management Standard).

**Key service risks to the delivery of this objective include:**

<i>Risk</i>	<i>Likelihood score</i>	<i>Impact score</i>	<i>How will it be managed?</i>
1. There is a risk that there is insufficient capacity within the shared audit service to undertake audit assignments.	2	3	Regular monitoring of the operational audit plan and reports on performance to audit committee.
2. Uncertainty caused as a result of awaiting the outcome of the Williams review into local government reorganisation in Wales.	2	2	Contingency planning will need to be undertaken to ensure we respond to the outcomes of the review whilst focussing on the current priorities.
3. Legal staff leaving the Council	2	3	Continue with collaboration arrangements, succession planning and training to support flexibility within existing job descriptions.
4. Discontinuance with Legal Services dedicated Counsel fee budget	4	1	Protocol established ensuring client departments pay relevant Counsel fees.

**Key sustainability issues relating to the delivery of this objective:**

<i>Sustainability Issue</i>	<i>How will it be managed?</i>
1. High expectations of what can be achieved with reduction in staff with essential skills.	Determination and communication to client managers of what can effectively be delivered

**Key equality issues relating to the delivery of this objective**

<i>Equality Issue</i>	<i>How will it be managed?</i>
1. Sufficient scrutiny of equality impact assessments are required to ensure that the Council is effective in its decision making role.	Members have robust knowledge of EIAs and understanding of their scrutiny and challenge role and responsibilities

Effective consultation and engagement with Members and client managers is essential to ensure we are able to understand their requirements and support them in undertaking their roles and responsibilities. Examples of consultation activities recently undertaken and upcoming include:

<i>Consultation undertaken 2013/14</i>	<i>Consultation planned 2014/15</i>
1. Member Satisfaction Survey	
2. Legal Services receives case closure feedback with satisfaction ratings; face-to-face consultation also undertaken with Heads of Service.	Continue with case closure questionnaires and Heads of Service review meetings.

In line with our corporate priorities and Welsh Government requirement, we continue to explore and promote opportunities for working collaboratively locally and regionally in order to deliver improved services for customers and savings. Our contribution to the collaboration agenda is evidenced in our participation in the following projects:

<i>Collaboration undertaken 2013/14</i>	<i>Collaboration planned 2014/15</i>
1. Arrangements for scrutiny of Central South Consortium Joint Education Service.	Work completed with colleagues from relevant partner authorities and arrangements in place for scrutiny of Central South Consortium Joint Education Service. However, subsequent decision of Welsh Government regarding revised governance arrangements led to arrangements not proceeding.
3. Discussions with participating authorities regarding arrangements for scrutiny of proposed Collaborative Regulatory Services.	Ongoing discussions with participating authorities regarding arrangements for scrutiny of proposed Collaborative Regulatory Services.

### **What did we do in 2013-14?**

- Co-ordinated and supported preparation of the Council's annual governance statement.
- Identified, assessed and managed corporate risks.
- Delivered a scheduled programme of audits on a risk based needs assessment.
- Supported the Council's Audit Committee in discharging their responsibilities in accordance with agreed terms of reference.

- Provided a high quality responsive legal service responsive to client department needs and corporate priorities at a time of reduced budget.
- Broadened the skills of Legal Services staff to improve service resilience and cost-effectiveness of services provided.
- Explored and implemented further collaborative arrangements to improve resilience of Legal Services.

### **What impact have these actions had?**

- Regulators have confidence in the Council's governance arrangements.
- The Council's major risks have been effectively controlled.
- Adequate coverage of all high/medium risk areas covered to enable a conclusion to be drawn on the Council's control environment.
- Audit Committee Members are suitably briefed on those matters which they need to be aware of in order to provide an opinion on the Council's governance arrangements.
- Increased opportunities for public speaking and involvement at scrutiny and planning committee meetings. Improved information on public engagement on scrutiny website.
- Increased profile of the Council's scrutiny processes.
- Work completed with colleagues from relevant partner authorities and arrangements in place for scrutiny of Central South Consortium Joint Education Service. However, subsequent decision of Welsh Government regarding revised governance arrangements led to arrangements not proceeding.
- On-going discussions with participating authorities regarding arrangements for scrutiny of proposed Collaborative Regulatory Services.
- Up to date constitution enabling the Council to act strategically and implement policy as determined by Cabinet / Council and to deliver services to Vale residents in an open, transparent and cost-effective way; acting in the best interests of the Vale of Glamorgan as a whole.
- Improved compliance council-wide in responding to FOI requests.
- Increased physical capacity identified.
- Possibility of corporate scanning provision being actively considered.
- Members of the public are able to easily access information about their local Councillor's activity.
- Where appropriate / practicable, service delivery be amended to reflect outcome of survey.
- Services provide meet customer requirements and demand. Service changes in line with General Register Office requirements.
- Appropriate and timely legal advice is available when required. High client satisfaction with service responsiveness.
- Increased service capacity, improved service efficiencies and resilience, with minimal impact on client departments. High client satisfaction with Legal Services.
- Instructions to private sector lawyers have been minimised.
- Internal appointment made when the Operational Manager (Legal Services) post became vacant.

## **What do we plan to do in 2014-15?**

- Implement key recommendations arising out of the Wales Audit Office Scrutiny Improvement study.
- Raise awareness of the corporate WASPI template and undertake appropriate training to improve usage in data sharing.
- Co-ordinate and support preparation of the Council's annual governance statement.
- Identify, assess and manage corporate risks.
- Deliver a scheduled programme of audits on a risk based needs assessment.

- Submit to Council for consideration a draft revised Council Constitution.
- Draw up for consideration by the Democratic Services Committee a Member Development Programme for 2014/15.
- Introduce a Local Dispute Resolution Procedure.

## **How will we know if we're achieving our objective?**

- Positive reports from external regulators and achievement of all statutory responsibilities in accordance with requisite timeframes.
- Feedback from Officers via case closure questionnaires and face-to-face meetings.

The following measures will also help us to monitor or progress:

- The number of audits completed within plan (days).
- The number of appeals upheld by the Information Commissioner's Office.
- Percentage of informations laid in court for criminal prosecutions within 15 working days of receipt of full instructions
- Percentage of staff in Legal Services that have met their chargeable hours targets.
- The percentage of Legal Service cases where the instructing department was informed in writing of the outcome of their case within 10 working days.
- The percentage of cabinet/committee report instructions advised upon within 5 days of receipt by Legal Services.

**Service Outcome 1: The Vale Community benefits from the Council's sound and transparent decision-making through effective management of resources.**

**Objective 4: To provide our customers with Registration, Local Tax Collection and Benefits Services.**

The following **Corporate Plan** priorities will be undertaken as part of this objective:

- CL2 Increase customer satisfaction and improve how customers access services by developing more integrated service delivery with our partners and being more innovative in how public buildings are used. (2016/17)
- CL4 Explore opportunities for working collaboratively within the Vale and regionally which will lead to improved services for customers, support innovation and deliver savings. (2016/17)
- CL12 Provide information and support to residents affected by Welfare Reform and raise awareness of staff and partners about the impact of the changes. (2016/17)

**The context for this objective:**

The services provided are an important aspect in the lives of many residents and it is important that existing performance levels and customer satisfaction levels are maintained and / or improved and that services continually adapt to meet changing customer demands.

- The Registration Service delivers a range of both statutory and non-statutory services. These range from registration of births and deaths to the conducting of marriages and civil partnership ceremonies. A number of other non-statutory services, such as baby naming and reaffirmation of wedding vows, are also provided.
- Our Statutory registration services are overseen by the General Register Office (GRO) which is part of the Office for National Statistics. The GRO has a responsibility for England and Wales.
- The revenues and benefits section provide an efficient, effective and economic service for the registration, collection and recovery of council tax, non-domestic rates and other income due to the Council and to make efficient effective and economic arrangements for the administration and payment of housing and council tax benefit and student grants and loans in respect of eligible claimants.

**How are we doing?**

- The Registration Service continues to receive high customer satisfaction levels
- The delivery of the local registration service been undertaken in line with the Good Practice Guide and has, in a number of areas, attained 'Better Practice Standards' during the first year of New Governance arrangements.

- The Council's revenues and benefits service continues to provide an effective service with above average performance in terms of collection rates and processing times. KPIs for collection rates and processing times are summarized the table below.

<b>KPI</b>	<b>2011/12</b>	<b>2012-13</b>	<b>2012-13 Wales average</b>
The percentage of Council Tax due for the financial year which was received by the Council.	97.3%	97.6%	96.7%

### WORKFORCE PLANNING – RESOURCES DIRECTORATE: 2014-18

#### 1. FOUR YEAR OUTLOOK

The Directorate's priority for the next four years will be to support the Council in a significant programme of change and service transformation in response to ongoing financial pressures.

Such support will necessitate the skilled and robust management of our budget over the coming years, the development of our ICT and accommodation resources to facilitate service transformation and an increasing focus on the engagement, deployment and performance of our staff. The modernisation of policies and procedures will be important as will the wider focus on the four-year objectives set out in the corporate workforce plan.

A particular challenge for the Resources Directorate will be in maintaining our capacity to provide the above support, whilst at the same time responding to the need to find our own contributory efficiencies and staffing savings. A review of the Directorate will be undertaken during 2014/15 as part of this challenge.

An area of some uncertainty for the Council will be the Welsh government's response to the Williams Review into local government reform and subsequent implications for this (and other Councils). The directorate will clearly, however, have a central role in leading the response for the Vale of Glamorgan over the life of this workforce plan. Whatever the outcome it will remain important for this directorate to help managers to pursue opportunities for collaboration, search for more cost effective ways of delivering services and focus on performance management.

The Resources Directorate will remain pivotal in providing legal and democratic support for the Council's administration at a time of considerable challenge within local government. Key legislative changes will continue to increase the expectation of the public in terms of their involvement in the democratic process and the need for collaboration between local authorities and independent/ third sector organisations.

The directorate will continue to lead a response to the Government's Welfare Reform programme. Such a response will have direct implications for our staff in terms of helping to manage the effective transition to the system of Universal Credit whilst at the same time planning for the necessary changes to the remainder of the service.

#### 2. KEY SERVICE OBJECTIVES

<b>1</b>	To optimise our resources, exercise robust financial management and provide effective and relevant services and facilities.
<b>2</b>	To ensure that Council services are supported by the appropriate deployment of skilled, flexible and engaged employees
<b>3</b>	To support Members and Officers to ensure they are able to effectively undertake their roles and responsibilities
<b>4</b>	To provide our customers with Registration, Local Tax Collection and Benefits Services

### 3. FUTURE WORKFORCE IMPLICATIONS

The Directorate will need to be able to retain expertise over the next four years in order to drive and support change across the Council whilst also reducing staffing levels in line with the wider corporate targets. As indicated above a review of staffing and management structures will be undertaken across the Directorate in line with the requirements of the Corporate Workforce Plan.

The analysis around workforce needs and actions will need to factor in the implications of the Williams Review for the next four years. Such an analysis will need to take account of the implications for Directorate staff as potential recipients of the review and also the resource needs in responding to and leading such a review.

As part of the review of the Directorate consideration will need to be given to areas of continuing recruitment difficulties and efforts made to ensure the continual replenishment of skills and expertise and the retention of “organisational” knowledge. This will include an analysis of the age profile across the directorate, the development of an effective approach to succession planning. An increase of the proportion of staff between 16-24 will be important as part of this and through a continued focus on the intake of apprentices and trainees.

For employees within the Resources Directorate there will be a need to maintain a “business partner” approach to service support, increasing flexibility of working arrangements (to match those expected in front line services) and increasing consultancy expertise in terms of service transformation, performance management, commissioning and partnership working. There will be a need for our employees to work more flexibly across locations and agencies (in accordance with the agile working arrangements) and supported by mobile technology, training and modernised HR policies.

The Welfare Reform programme will continue to require an effective transitional plan for Revenue and Benefits staff once the DWP has finalised its plans for the migration of Housing Benefit to the Universal Credit scheme. The retention of skills will be important during the transition period and leading to the longer-term reduction in staffing levels. A similar challenge will exist in relation to staff in Student Awards and Benefit Fraud.

### 4. CURRENT WORKFORCE/SUPPLY ISSUES

- Recruitment and retention issues will need to be monitored and effectively managed including those relating to ICT officers, Accountants and Lawyers.
- There will be a need to manage the indirect and direct effects of the Welfare Reform programme.
- 35% of employees are over 50 and 7% over 60. There will be a need to increase the focus on succession planning within the directorate
- 12% of employees within the Directorate are aged between 16 & 29. There will be a need to review the approach to the recruitment of apprentices and trainees over the next four years.
- Need to ensure attendance levels remain within target (7.20 days per employee)
