Unaudited Statement of Accounts 2022/23 Year Ended 31st March 2023.

## Narrative Report

### Introduction

This document presents the Statement of Accounts for The Vale of Glamorgan County Borough Council for 2022/23 and is prepared in accordance with the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23.

The Vale of Glamorgan Council is a Welsh Unitary Authority and was created on 1<sup>st</sup> April 1996 by virtue of the Local Government (Wales) Act 1994.

The Council serves one of Wales' most diverse local authority areas, covering rural and coastal communities and busy market towns. It has a population of around 135,000, making it the 11<sup>th</sup> largest authority by population size of the 22 local authorities in Wales.

It provides a wide range of services including Education, Social Services, Highways, Waste collection and Council Housing.

The narrative report provides insight into the Council's funding and expenditure during the year, the key financial issues and pressures and a look to future years.

### Governance Structure

The Vale of Glamorgan Council had 54 elected members in 2022/23, representing 24 wards. The political make up of the Council during the 2022/23 financial year was 13 Conservative, 25 Labour, 8 Vale Independents Group, 8 Plaid Cymru, 4 Llantwit First Independent and 4 Independent Elected Members. The Council is led by the Leader and Cabinet, a body of 8 Councillors (including the Leader with one position temporarily vacant and the portfolio shared between two Cabinet Members) that makes key decisions about policy and budget.

The Council also has a number of committees that fulfill various scrutiny, statutory oversight and regulatory functions including a Governance and Audit Committee. The Governance and Audit Committee's membership was increased to 7 members and 3 lay members in May 2022. The Committee has a responsibility to review the Council's annual statement of accounts.

The Council's Chief Officers are divided into Directors, Heads of Service and Operational Managers. As service managers they make recommendations to and are held accountable by the Cabinet.

In line with recent changes in legislation the head of paid service is the Chief Executive, formerly being the Managing Director. The Senior Leadership Team led by the Chief Executive comprises the Directors of Corporate Resources, Place, Social Services, Learning & Skills and Environment & Housing along with the Council's s151 Officer and Monitoring Officer.

During the 2022/23 financial year as a result of the ongoing Covid-19 pandemic Cabinet meetings, Scrutiny Committees and Governance and Audit Committee have been held remotely. Since the Covid-19 pandemic significant numbers of staff continuing to work utilising a hybrid approach to working.

### Summary of Financial Performance – Revenue

The financial position for the Council is regularly reported to Cabinet and Scrutiny Committees during the year. The Closure of Accounts report for 2022/23 will be reported to Cabinet on 6<sup>th</sup> July 2023 and can be accessed on the Council Website.

The 2022/23 settlement from Welsh Government sustained the increase in funding that was evidenced in the 2021/22 settlement. The Council received an initial Revenue Support Grant of £138.065m and National Non-Domestic Rate of £47.950m which equates to total funding, referred to as the Aggregate External Finance (AEF) of £186.015m. This represented an increase in funding of £17.5m (10.4%) from the previous year after taking into account adjustments. Based on this funding level, the Council was ranked 21st out of 22 councils in Wales (21st in 2021/22) on a funding per head of population, which is £239 per head below the Welsh average (£222 per head below in 2021/22). With a positive settlement the Council was able to set a lower savings target for the year of £500k, with no savings being requested from schools. Service areas made some good progress towards achieving these savings during 2022/23 and as part of the preparation for the 2023/24 budget.

The anticipated level of funding to be received from Council Tax in 2022/23 was £86.543m (£83.337m in 2021/22). This was based on a Band D rate of £1,396.35 (£1,357.02 in 2021/22), excluding Police and Town and Community Council precepts. The Vale of Glamorgan has the 8th (out of 22) lowest Band D charge in Wales at £1,396.35 which is 3.8% (£53.03) below the Welsh weighted average.

Welsh Government and UK Government advanced grant funding to support the Cost of Living crisis and Refugee Resettlement schemes during 2022/23.

The Council's revenue budget at year end was a breakeven position after a net transfer to reserves of £xm. A breakdown by Directorate is shown in the following table.

	<b>Amended Revenue Budget</b>	<b>Actual</b>	<b>Variance +Favourable ( ) Adverse</b>	<b>Net Transfer to /(From) Reserve</b>
	£'000	£'000	£'000	£'000
<b>Learning &amp; Skills</b>	122,578	122,627	(49)	(6,548)
<b>Social Services</b>	80,742	79,601	1,141	(1,511)
<b>Environment and Housing</b>	31,674	32,561	(887)	1,185
<b>Place</b>	4,088	4,128	(40)	(195)
<b>Corporate Resources</b>	2,208	3,657	(1,449)	(2,263)
<b>General Policy</b>	33,764	30,003	3,761	1,638
<b>Council Tax Surplus</b>	1,500	(922)	(578)	0

<b>Use of Reserves</b>	(996)	-987	(9)	(987)
<b>Allocation of Surplus</b>	0	1,890	(1,890)	1,890
<b>Total</b>	<b>272,558</b>	<b>272,558</b>	<b>0</b>	<b>(3,769)</b>
<b>Capital Programme Funded from Reserves</b>				(12,307)
<b>Movement on Housing Revenue Account</b>				(953)
<b>Total Movement on Council Fund and Specific Reserves</b>				(17,029)

- The net transfer to reserves shown above excludes a contribution to fund the Capital programme from reserves of £12.307m. The total movement on the Council Fund and Specific Reserves including the Housing Revenue Account was a reduction of £17.029m after adjusting for Joint Committees (£25k).

A number of the Council's budgets continue to be under considerable pressure.

- In Learning and Skills, a key ongoing pressure is the School Transport budget. Local Education Authorities have a statutory duty to provide free school transport for pupils of statutory school age who reside beyond walking distance to the nearest appropriate school in addition to a statutory duty to provide transport for pupils with Additional Learning Needs (ALN) who require access to specialist provision. Mainstream transport continues to run for pupils who are not able to get into their catchment school as they are full. In 2022/23 a number of economic factors such as increased fuel costs, shortage of operators and drivers in this sector continue to exacerbate pressures in this area. Some operators have also handed back routes as they cannot fulfil them. Other pressures have been experienced in the service in respect of Children's placements and supporting those with additional learning needs and social and emotional needs.
- Children's Services reported an adverse variance relating to increased external placement costs given the complexities of the children currently being supported and the high-cost placements some of these children require to meet their needs. Additional costs have also been encountered in respect of legal costs associated with the service.
- In Environment and Housing, the Waste Management Service ended the year with an adverse variance. Key pressures for the service included £800k associated with the enhanced pay award and market forces uplift for waste drivers and £715k on additional pothole and patching works. In addition £230k was incurred to support Winter Maintenance costs and £727k additional costs were incurred on the Leisure Contract with Parkwood. Housing received additional income supporting people and refugee resettlement schemes which will be carried forward in the Housing and Homelessness reserve some of which will be used towards the costs of the Rapid Housing Response programme and Resettlement demands in the medium term.
- The capital charges budget underspent as the Council is currently able to borrow internally due to the level of Council reserves saving the interest costs associated with external borrowing, however, going forward the ability to utilise internal borrowing will depend on the level of reserves and these are expected to reduce in the near future.

The closing balance on the Council Fund as at 1st April 2023 was £11.523m with £987k drawdown during the year. Whilst there is no set requirement for the minimum level for the Council Fund, some commentators use 5% of the net budget as a guide. For the Vale this is around £14m, however, in view of the prudent approach the Council takes with regard to Specific Reserves, it is considered that £10m should be the minimum level for this reserve. The Council also holds earmarked reserves which stood at £82.180m (excluding Joint Committees and HRA) as at 31<sup>st</sup> March 2023 with £7.254m relating to schools and £74.927m relating to other services. The schools balances and reserves reduced by £5.891m in year and the other services reserves reduced by £9.197m. These reserves are allocated for both capital and revenue purposes.

### Summary of Financial Performance – Capital

The General Capital Funding received from Welsh Government in 2022/23 was £5.829m which was a reduction of £1.038m (15%) in funding from 2021/22. This funding is partly through grant and partly an allocation for borrowing, the financing costs of which are supported by Welsh Government funding. The allocation is 14<sup>th</sup> highest in Wales. It is therefore necessary for the Council to fund its capital programme through a variety of sources however it continued to fund most of its capital programme from ‘cash’ resources as opposed to new borrowing.

Despite capital schemes facing continued challenges due to a number of issues, including significant cost increases and shortages of resources, the 2022/23 Capital Programme outturned at £80.791M and 98% of the programme was spent before the end of the financial year.

Due to various economic factors there has been a continued increase in the cost of materials and labour during 2022/23, this has resulted in delays to schemes where negotiations and project re-engineering has been required to bring schemes within the budget available. Sourcing materials and specialist staff has also been problematic with long lead times when ordering and this has also impacted on the progress of the capital programme. A breakdown of capital expenditure in 2022/23 is shown by service area in the table below.

Directorate	Approved Programme 2022/23	Additions to Approved Programme 2022/23	Adjusted Approved Programme 2022/23	Actual Spend 2022/23	Variance at Outturn 2022/23
	£000	£000	£000	£000	£000
Learning & Skills	30,969	1,190	32,159	34,026	(1,867)
Social Services	1,082	16	1,098	767	331
Housing	21,320	0	21,320	22,369	(1,049)
Environment	21,204	121	21,325	17,696	3,629
Place	4,023	121	4,144	3,738	406

Corporate Resources	1,851	571	2,422	2,195	227
City Deal	0	0	0	0	0
<b>Total</b>	<b>80,449</b>	<b>2,019</b>	<b>82,468</b>	<b>80,791</b>	<b>1,677</b>

Of the capital expenditure incurred in the year, £24.038m was spent on the Sustainable Communities for Learning programme. It is a collaboration between the Welsh Government and local councils and is a significant, long-term and strategic capital investment programme with the aim of creating a generation of 21st Century Schools in Wales. The Council undertook further Highways Improvements and Street Lighting energy reduction schemes during the year with a value of over £2m. The build of the Council's Waste Transfer Station is complete and spend of over £5.5m was achieved in 2022/23. The Council achieved Welsh Housing Quality Standard (WHQS) by the end of March 2018, however, further capital investment of over £22.369M was made as part of a continuing Housing Improvement Programme. New vehicles were purchased during the year costing £813k.

The following table shows the resources used in 2022/23 to fund the capital programme:

<b>Source of Funding</b>	<b>Outturn (£000)</b>
General Capital Funding	3,187
General Fund Borrowing	3,451
Housing Borrowing	0
Capital Receipts – Housing	2,090
Capital Receipts – General fund including education and vehicles	2,464
WG Grants	33,789
Reserves & Revenue contributions	23,284
Other e.g., Section 106, other grants	12,526
<b>Total</b>	<b>80,791</b>

As at 31<sup>st</sup> March 2023 the Council held general capital receipts with a value of £7.502m, with a further £1.790m being ringfenced for Education and £1.338m being ringfenced for Social Services.

The Council's assets at the 31 March 2023 have a book value of £887m. The Council Dwellings and Other Land and Buildings, are revalued on a rolling 5 year programme normally by a MRICS external valuer. During 2022/23 the Council revalued its housing stock in the context of the significant increases seen in respect of inflation on build costs and following discussion with Audit Wales a desktop valuation was commissioned on the remainder of the Council's DRC valued assets.

### Housing Revenue Account (HRA)

The Council still retains its stock of Council Houses and as at 31st March 2023 had 3,940 dwellings. The HRA transferred £953k into its reserve in 2022/23 leaving a balance on the HRA reserve of £16.486mas at 31<sup>st</sup> March 2023. This balance is higher than planned partly as the initial capital programme was not able to proceed as planned this year mainly due to delays in procurement and staff turnover. These schemes will continue into 2023/24. A review of the level of this reserve will be undertaken as part of the production of the next Housing Business Plan. The Housing Business Plan, which incorporates a detailed financial forecast in the form of a 30-year financial model, is produced on an annual basis and the latest version was approved by Council on 6<sup>th</sup> March 2023. The Council has invested over £134m in its housing stock between 2012/13 and 2022/23 and all its dwellings reached Welsh Housing Quality Standard by March 2018.

### Big Fresh Catering Company

On 1st January 2020, the Council's Catering Service was transferred into a Local Authority Trading Company called the Big Fresh Catering Company. While the company is wholly owned by the Council it is able to trade for profit in the market in addition to providing a catering service to schools.

### Treasury Management – Borrowing and Investments

Before the commencement of the 2022/23 financial year, the Authority approved the Treasury Management Strategy /Policy Statement which deals with the treasury functions of the Authority and covers both borrowing and investments. The report was approved by Council on 7th March 2022 and can be accessed on the Council Website; [Treasury-Management-and-Investment-Strategy 2022/23](#)

The Local Government Act 2003 requires a local authority to set its authorised borrowing limit for the following year. The original limit set for this Authority for 2022/23 was £241.653m, which was revised to £225.439m during the year. The actual external borrowing as at 31 March 2023 excluding adjustments was £148,483m as shown in the following table.

	31 March 2022	31 March 2023
Source of Loan	£'000	£'000
Public Works Loan Board (PWLB)	146,502	141,809
Long Term Loans	6,745	6,574
Other	100	100
<b>Total External Borrowing</b>	<b>153,347</b>	<b>148,483</b>
Accrued Interest	1,201	1,097
Accounting Adjustments	107	(169)
<b>Total Borrowing as per Balance Sheet</b>	<b>154,655</b>	<b>149,411</b>

The Council has a cautious approach to risk, with its priority to safeguard capital. Throughout 2022/23 the Council continued to utilise the broader range of investments tools introduced in 2020/21 to cope with the effects of the pandemic. The investment position as at 31st March

2023 is set out below and includes Money Market Fund (MMF) balances and Lloyds Call account balances held overnight as at 31st March 2023 which are included under the Cash and Cash Equivalent heading in the Balance Sheet.

	31 March 2022	31 March 2023
<b>Short Term Investments Held By</b>	<b>£'000</b>	<b>£'000</b>
UK Debt Management Account Deposit Facility (DMADF)	26,650	27,400
UK Local and Police Authorities	55,500	47,250
Treasury Bills	6,500	8,250
Santander Corporate Notice Accounts	750	0
Federated Hermes Money Market Account	100	9,000
CCLA Money Market Account	4,100	2,000
Lloyds Instant Access Deposit Account	10	10
Lloyds Monthly Bonus Deposit Account	10	10
<b>Total Short Term Investments</b>	<b>93,620</b>	<b>93,920</b>
Short Term Investment Accrued Interest	8	455
Short Term Investment Joint Committees	254	254
<b>Total Short Term Investments as per Balance Sheet</b>	<b>93,882</b>	<b>94,629</b>

The majority of the Council's borrowing is fixed rate and held with the Public Works Loan Board (PWLb). The Council has some significant borrowing requirements over the next five years linked to capital expenditure and replacement of maturing loans. The timing of this borrowing will need to be reviewed in the context of updated interest projections and in the context of the planned use of the Council's usable reserves. The Council continues to prioritise the security and liquidity of investments and continues to utilise the investment tools outlined in the Treasury Management Strategy which include Money Market Funds, Investments with UK Local and Police Authorities, Lloyds Bank Call Accounts, Santander Corporate Notice Accounts, Treasury Bills and Investments with the UK Government via the DMADF and investments are exposed to minimal credit risk and returns have improved in the context of the rising interest rate environment.

#### Joint Committees and Joint Arrangements

Since the 2015/16 financial year the Council has been Host Authority for two Joint Committees - the Shared Regulatory Service commencing on 1<sup>st</sup> May 2015 and the Vale, Valleys & Cardiff Adoption Collaborative Service which commenced on 1<sup>st</sup> June 2015. The Authority is also party to a number of other Joint Committees such as Prosiect Gwyrdd, Central South Consortium and the Glamorgan Archives. The Council's share of these transactions and balances are incorporated in these financial statements. Separate financial statements are also available. In addition, the Council participates in a number of shared services.

## City Deal/CRC

The Vale of Glamorgan Council is a participant in the Cardiff Capital Region City Deal (CCR) which has been established between the UK Government, the Welsh Government and 10 local authorities in South East Wales. The agreement with the UK and Welsh Governments provides £1.2 billion of which £734M is allocated to the Metro.

CCRD has four key objectives - 5% Gross Value Added growth, 25,000 high-order jobs, £4 billion leverage of public and private sector investment and demonstration of economic inclusion. To date, approved projects have the potential of achieving up to £1.5Bn of leverage. Projects now coming to the fore such as Strength in Places, bring new public and private leverage through sources such as the UKRI Strength in Places Fund. CCR will continue to leverage both public and private funds and will build the partnerships and R&D intensity to continue generating successively high levels of private leverage.

Key highlights for 2022/23 are set out below.

£50m Strategic Premises Fund launched and first investment crystalised in Ebbw Vale for £1.7m for Pulse Plastics.

£36.4m purchase and remediation of Aberthaw.

£7m investment in Cyber Innovation Hub.

£3m investment into the Media Cymru consortium.

Unveiling of the CCR Unleash Ambition and Growth conference.

Creation of £50m Innovation Investment Capital fund and launch at Principality Stadium.

£2.6m Food Sustainability Challenge launched in conjunction with Cardiff and Monmouth.

£2m Investment in MedTech company Jellagen, £4m into Yoello and £3M for Apex.

CCR Climate Coalition launched.

Venture Graduate launched new Accelerator Programme.

Cyber Masters cohort successfully graduate, and funding agreed for a second year.

For more detail on 2022/23 highlights please see the following publication:

<https://www.cardiffcapitalregion.wales/wp-content/uploads/2023/01/ccr-2022-monthly-milestones.pdf>

The Cabinet meeting on 31<sup>st</sup> January 2023 set out the proposed CCR Annual Business Plan for 2023/24 which constitutes Year 3 of the 5 year Strategic Business Plan approved in December 2020. This plan referred to the following strategies produced by the CCR:

1. Build Back Better – playing our part in economic recovery and building resilience.
2. Becoming a City Region – strengthening regional economic governance.
3. Scaling-up and delivering the City Deal ‘peak’ Wider Investment Fund pipeline and programme.
4. Making the case for Levelling-up CCR.
5. Developing the plan for industrial-scale clusters and innovation-led growth.

The total expenditure for the CCR 2023/24 Annual Business Plan is £66.6 Million. It is proposed that this level of expenditure is funded as follows:

Draw down of HM Treasury Revenue Grant: £8.8 Million

Draw down of HM Treasury Capital Grant: £28.2 Million

Draw down of Council Contributions: £29.6 Million (The Vale of Glamorgan’s Contribution in 2023/24 is £2.5 Million).

The Vale of Glamorgan’s share of the estimated total costs (8.5%) is projected to be in the order of £17.9M and will be funded by unsupported borrowing with a 20 year repayment period.

Further detail can be found at [Cardiff Capital Region City Deal](#)

### Impact of the Current Economic Climate

The financial pressures on the Council continued to increase during 2022/23 with pay awards negotiated during the year in excess of the sum budgeted that was offset in the main across the Council due to a high number of vacant posts. The Council also incurred market forces costs associated with attracted staff to some key roles such as Waste Drivers and Children’s Social Services staff. Due to limited Capital investment the condition of the roads continued to deteriorate and therefore additional costs have been incurred associated with repairing pot holes and patching the roads. Additional costs have also been incurred due to the ongoing impact of the Covid-19 pandemic on Leisure Centre footfall and increased energy costs for the centres. Due to significant issues in commissioning care the Council arranged an uplift in fees for the domiciliary care sector which has improved commissioning rates in the sector. Whilst the Council did not incur significant additional costs associated with energy costs in year as the majority of its energy was purchased in advance this is an area that has had a significant impact on the 2023/24 budget.

### Looking Forward

A budget of £294.422m for 2023/24 was approved by Council on 6<sup>th</sup> March 2023. The revenue settlement from Welsh Government represented an increase, with a settlement of £202.797m , which represents an adjusted increase of £16.782m over 2022/23. The Council Tax was increased by 3.9% from 1<sup>st</sup> April 2023 which represented an increase of £5.082m this included a new policy around charging for empty and second homes in the region, the latter from 2024/25. Whilst the additional funding in the settlement was significant this did not address the scale of cost pressures reported by Directorates across the Council, most

significantly in Social Care, Additional Learning Needs and Housing and Homelessness. A challenging savings and efficiency target of £7.378m was set for the year and was at a level which was significantly higher than historical targets including an allocation to schools. Use of the reserves to smooth energy, cost of living and housing pressures was planned as part of the budget setting process of £2.8m, with further planned use of Social Services reserves as part of a Social Services budget programme and to support a step of £2m which reflects an assumed delayed uptake of additional commissioning.

The full Council report can be accessed on the [Council website](#)

At the time the 2023/24 budget was approved, there was an indicative increase of 3% in 2024/25 from Welsh Government but no indication had been received for future years settlements and it was considered prudent to assume that there may be a flatlined settlement longer term. If Council Tax is increased by 3.9% this could result in the possible total shortfall in funding across the remaining years of the Plan of £11.394M with the most significant shortfall being £6.430M in 2024/25. The prospects for improved settlements are limited with the UK economy experiencing persistent inflation and the Bank of England’s response of continued increases in interests is raising the risk of recession and potentially limiting options for the Chancellor in the autumn. Whilst it had been possible to set modest efficiency targets pre 2023/24 this may not be the case going forward and in light of projected levels of shortfall in future years, services are being requested to continue to plan ways of achieving further efficiencies which will be innovative and transformational with regards to service delivery. The Reshaping Services Programme will continue to implement the further savings required.

The Council will remain committed to the Well-being of Future Generations Act which aims to improve the social, economic, environmental and cultural well-being of Wales and ensures that the needs of the present are met without compromising the ability of future generations to meet their own need.

The General Capital Funding from Welsh Government for 2023/24 is £6.997m which is an increase of £1.168m from the previous year. The 2023/24 Capital Programme was approved by Council on 6<sup>th</sup> March 2023 and had a gross value of £103.968M. The programme is briefly summarised below;

<b>Schemes</b>	<b>2023/24 Gross £000</b>
Learning and Skills	36,697
Social Services	595
Environment and Housing	12,830
HRA	45,019
Place	4,039
Resources	1,130
City Deal	2,506

Pipeline Schemes	1,152
<b>TOTAL CAPITAL PROGRAMME</b>	<b>103,968</b>

There will be investment in the Council's Schools as part of the Sustainable Communities for Learning programme of £30.4M (excluding the pipeline schemes which are subject to a full business case), £2.5M for Council's Vehicles. Even though the Housing stock meets WHQS, further work totalling £45.019M is due to be undertaken which will include Environmental Works, the construction and acquisition of new houses and addressing climate change by making our housing stock more energy efficient.

The full report can be accessed on the Council Website; [Capital Strategy 2023/24 and Final Capital Proposals 2023/24 to 2027/28.](#)

Over the coming years major capital investment will continue for the Sustainable Communities for Learning programme which will require capital investment between 2023/24 and 2025/26. The remaining funding included in the capital programme is £241M over this period, with a contribution of over £66M (general fund) from Welsh Government.

The Council is now operating using a hybrid approach and will review its asset base to reflect these changing working practices. The Council considers that it has sufficient balances and reserves and has set aside a specific sum to address the Council's ongoing Covid response in the coming months. Other emerging pressures relate to energy costs, general inflation particularly in respect of food costs and school transport and costs of living and staffing shortages in some areas. These issues will be further assessed as part of the Medium Term Financial Plan which will be updated during the coming year.

### [The Pension Liability](#)

Pensions for non-teaching staff are provided under the Local Government Pension scheme and the Council is a member of the Cardiff and Vale Pension Fund, administered by Cardiff County Council. Employees and employers contribute into the fund, along with investment income and growth generated. A triennial valuation was carried out on the Fund in year as at 31<sup>st</sup> March 2022. The value of the pension liability as at 31<sup>st</sup> March 2023 is £65m. This value is based on a number of actuarial assumptions and will fluctuate between years. A firm of actuaries is engaged to provide the Cardiff and Vale Pension Fund with expert advice about the assumptions to be applied, The asset returns over the accounting period have been lower than expected a change in financial assumptions over the period has resulted in a more positive balance sheet position.

The Teachers' Pension scheme is administered by the Department for Education. This is an unfunded scheme, meaning that there are no investment assets accumulated to meet pension costs before they arise and therefore no fund assets or liabilities appear in the Council's Balance Sheet.

## Corporate Aims and Objectives

The Council's Performance Management Framework is the mechanism through which key priorities and targets are monitored and realised in order to secure continuous improvement. The Council's Corporate Plan (2020-2025) reflects the requirements of the Well-being of Future Generations (Wales) Act 2015 and identifies 4 Well-being Objectives. The Corporate Plan is being monitored by Cabinet and all five Scrutiny Committees on a quarterly basis.

The 4 Well-being Objectives are :-

- To work with and for our communities;
- To support learning, employment and sustainable economic growth;
- To support people at home and in their community; and
- To respect, enhance and enjoy our environment.

Progress against the Annual Delivery Plan is monitored using a RAG status with Green being on or above target, Amber being within 10% of target and Red missing target by 10% or more. The Quarter 3 performance results were reported to Cabinet on 27<sup>th</sup> April 2023. Positive progress had been made in delivering in-year commitments in relation to the Annual Delivery Plan (2022/23). This performance had contributed to an overall GREEN status for the Plan at the end of Quarter 3 (Q3).

All 4 Corporate Plan Well-being objectives were attributed a Green performance status at Q3 to reflect the progress made to date. This is positive given the ongoing challenges facing the organisation.

93% (353/380) of planned activities outlined in the Annual Delivery Plan have been attributed a Green performance reflecting the positive progress made during the quarter, 2% (7) of planned activities were attributed an Amber status and 5% (20) of planned activities were attributed a Red status. Of the 128 performance measures aligned to our Corporate Plan Well-being Objectives, data was reported for 27 measures where a performance status was applicable. 59% (16) measures were attributed a Green performance Status, 11% (3), Amber status and 30% (8), Red status. A performance status was not applicable for 101 measures with 22 of these relating to measures establishing baseline performance for 2022/23, a further 67 relating to measures which are monitored annually and for 12 measures no update was provided.

Overall, the picture was positive in spite of the challenges facing the organisation, and the Council was moving in the right direction in terms of its performance and achieving its priorities.

Further details can be found here [Annual Delivery Plan Monitoring Quarter 3 2022/23..](#)

## Further Information

Further information about the accounts is available from the Resources Service, Civic Offices, Holton Road, Barry, CF63 4RU. This is part of the Council's policy of providing full information about the Council's affairs.

## Introduction to the Financial Statements

### Statement of Accounting Policies

The purpose of this statement is to explain the basis of the figures in the accounts. It outlines the accounting policies adopted.

### Statement of Responsibilities for the Statement of Accounts

This sets out the responsibilities of the Council and the Head of Finance (Section 151 Officer) for the preparation of the Statement of Accounts. The Statement has to be signed and dated by the Mayor as Chairman of the Council at the meeting at which the accounts are approved.

### Expenditure and Funding Analysis

The objective of the Expenditure and Funding Analysis is to demonstrate to council tax and rent payers how the funding available to the authority (i.e. government grants, rents, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. The Expenditure and Funding Analysis also shows how this expenditure is allocated for decision making purposes between the Council's directorates. Income and expenditure accounted for under generally accepted accounting practices is presented more fully in the Comprehensive Income and Expenditure Statement.

### Movement in Reserves Statement

This statement shows the movement in the year on the different reserves held by the Authority, analysed into "usable reserves" (i.e. those that can be applied to fund expenditure or reduce local taxation) and "unusable reserves". The Surplus or Deficit on the Provision of Services line shows the true economic cost of providing the Authority's services, more details of which are shown in the Comprehensive Income and Expenditure Statement. These are different from the statutory amounts required to be charged to the Council Fund Balance and the Housing Revenue Account for Council Tax setting and dwelling rents setting purposes. The Net Increase/Decrease before transfers to Earmarked Reserves line shows the statutory Council Fund balance and the Housing Revenue Account Balance before any discretionary transfers to or from earmarked reserves undertaken by the Council.

### Comprehensive Income and Expenditure Statement (CIES)

This statement shows the accounting cost in the year of providing services in accordance with generally accepted accounting practices rather than the amount to be funded from taxation. Authorities raise taxation to cover expenditure in accordance with regulations; this may be different from the accounting cost. The taxation position is shown in both the Expenditure and Funding Analysis and Movement in Reserves Statement.

### Balance Sheet

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The net assets of the Authority (Assets less Liabilities) are matched by the reserves held by the Authority. Reserves are reported in two categories. The first category of reserves are usable reserves i.e. those reserves that the Authority may use to provide services, subject to the need to maintain a prudent level of reserve and any

statutory limitations on their use (for example the Capital Receipts may only be used to fund Capital expenditure or repay debt). The second category of reserves are those that the Authority is not able to use to provide services called Unusable Reserves. This category of reserves includes reserves that hold unrealised gains and losses (for example the Revaluation Reserve), where amounts would only become available to provide services if the assets are sold and also reserves that hold timing differences shown in the Movement in Reserves Statement line “Adjustments between accounting basis and funding basis and regulations”.

### Cash Flow Statement

The Cash Flow Statement shows the change in cash and cash equivalents of the Authority during the reporting period. The statement shows how the Authority generates and uses cash and cash equivalents by classifying cash flows into operating and investing and financing activities. The amount of net cash flows arising from operating activities is a key indicator of the extent to which the operations of the Authority are funded by way of taxation and grant income or from the recipients of services provided by the Council. Investing activities represent the extent to which cash outflows have been made for resources which are intended to contribute to the Authority’s future service delivery. Cash flows arising from financing activities are useful in predicting claims on future cash flows by providers of capital (i.e. borrowing) to the Authority.

### Annual Governance Statement

The statement sets out the framework within which the Vale of Glamorgan Council manages and reviews internal control. It outlines the components of the framework, including the arrangements for Internal Audit and how the Authority has complied with the various elements of the framework.

## Statement of Responsibilities for the Statement of Accounts

### The Council's Responsibilities

The Council is required:

- To make arrangements for the proper administration of its financial affairs and secure that one of its officers has the responsibility for the administration of those affairs. In this Council, that officer is the Head of Finance (Section 151 Officer).
- To manage its affairs to ensure economic, efficient and effective use of resources and safeguard its assets.
- To approve the Statement of Accounts.

Signature:

Date:

Mayor as Chairman of the Council

### Responsibilities of the Head of Finance (Section 151 Officer).

The Head of Finance is responsible for the preparation of the Statement of Accounts. In accordance with proper practices as set out in the CIPFA/LASAAC Code of Practice on Local Authority Accounting in the United Kingdom (the Code).

#### In preparing the Statement of Accounts, the Head of Finance has:

- Selected suitable accounting policies and then applied them consistently.
- Made judgements and estimates that were reasonable and prudent.
- Complied with the local authority Code.

#### The Head of Finance has also throughout the financial year:

- Kept proper accounting records that were up to date.
- Taken reasonable steps for the prevention and detection of fraud and other irregularities.

### Certificate of the Head of Finance (Section 151 Officer)

I certify the statement of accounts give a true and fair view of the financial position of The Vale of Glamorgan County Borough Council and its group as at 31st March 2021 and its income and expenditure for the period then ended.

Signature: Matt Bowmer

Head of Finance/Section 151 Officer

**The independent auditor's report of the Auditor General for Wales to the members of Vale of Glamorgan Council**

## Expenditure and Funding Analysis

The objective of the Expenditure and Funding Analysis is to demonstrate to council tax and rent payers how the funding available to the authority (i.e. government grants, rents, council tax and business rates) for the year has been used in providing services in comparison with those resources consumed or earned by authorities in accordance with generally accepted accounting practices. Further information on this note is shown on page 11.

## Balance Sheet as at 31<sup>st</sup> March 2023

The Balance Sheet shows the value as at the Balance Sheet date of the assets and liabilities recognised by the Authority. The net assets of the Authority (Assets less Liabilities) are matched by the reserves held by the Authority. Reserves are reported in two categories: Usable and Unusable Reserves. Further information is shown on page 12 of this report.

## Notes to the Financial Statements

### 1. Statement of Accounting Policies

a	<b>Accounting Policies</b>	<p>The Authority is required to prepare an annual Statement of Accounts by the Accounts and Audit (Wales) Regulations 2014 (as amended) which require them to be prepared in accordance with proper accounting practices. These practices primarily comprise the Code of Practice on Local Authority Accounting in the United Kingdom 2022/23 supported by International Financial Reporting Standards (IFRS) and statutory guidance. The accounts are prepared on a going concern basis.</p>
b	<b>Revenue/Expenditure</b>	<p>The transactions of the Council are accounted for in the year that it takes place, not simply when cash payments are made or received. In particular:</p> <ul style="list-style-type: none"> <li>• Revenue from the sale of goods is recognised when the Authority transfers the significant risks and rewards of ownership to the purchaser and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.</li> <li>• Revenue from the provision of services is recognised when the Authority can measure reliably the percentage of completion of the transaction and it is probable that economic benefits or service potential associated with the transaction will flow to the Authority.</li> <li>• Expenses in relation to services received (including services provided by employees) are recorded as expenditure when the services are received rather than when payments are made.</li> <li>• Where revenue and expenditure have been recognised but cash has not been received or paid, a debtor or creditor for the relevant amount is recorded in the Balance Sheet. Where debts may not be settled, the balance of debtors is written down and a charge made to revenue for the income that might not be collected.</li> </ul> <p>There are certain exceptions to this principle. The main items are:-</p> <p>(a) Electricity charges, telephone expenses, leasing and similar periodic payments are included in the Accounts on a payments basis and not accrued to 31st March each year. Payments in respect of a full twelve months are included.</p>

		<p>(b) The amount included in the accounts for Government Revenue Support Grant for 2022/23 is on the basis of the allocation as approved by Welsh Government in year. Where final figures are not available e.g. Subsidy Entitlement, the amounts included are based on the latest available information.</p> <p>The difference between the amounts charged annually to the Revenue Accounts in respect of items (a) and (b) and the amounts that would be charged if they were accrued to 31st March each year is not significant.</p>
<b>c</b>	<b>Prior Period adjustments, Changes in Accounting Policies and Estimates and Errors</b>	<p>A change in accounting policies or to correct a material error can result in a prior period adjustment. Changes in accounting estimates do not give rise to a prior period adjustment but are accounted for prospectively.</p> <p>Changes in accounting policies are only made when required by proper accounting practices or the change provides more reliable or relevant information about the effect of transactions, other events and conditions of the Authority's financial position or financial performance. Where a change is made, it is applied retrospectively (unless stated otherwise) by adjusting opening balances and comparative amounts for the prior period as if the new policy had always been applied.</p> <p>Material errors discovered in prior period figures are corrected retrospectively by amending opening balances and comparative amounts for the prior period.</p>
<b>d</b>	<b>Charges to Revenue for Non-Current Assets</b>	<p>The following amounts are charged to revenue to record the cost of holding fixed assets during the year:</p> <ul style="list-style-type: none"> <li>• Depreciation attributable to the assets used by the relevant service.</li> <li>• Revaluation and impairment losses on assets chargeable to the service.</li> <li>• Amortisation of intangible non-current assets attributable to the service.</li> </ul> <p>Council Tax is not required to be raised to fund depreciation, revaluation, impairment losses or amortisations. However, an annual contribution is required from revenue (Minimum Revenue Provision) towards the reduction in its overall borrowing requirement equal to an amount calculated on a</p>

		prudent basis determined by the Authority in accordance with statutory guidance.
e	<b>Employee Benefits</b>	<p><b>Benefits Payable during Employment</b> Short term employee benefits are those due to be settled within 12 months of the year end. An accrual is made for the cost of holiday entitlements (or any form of leave) earned by employees but not taken before the year end which employees can carry forward into the next financial year. Holiday benefits are charged to revenue in the financial year in which the holiday absence occurs.</p>
		<p><b>Termination Benefits</b> Termination benefits are amounts payable as a result of a decision by the Authority to terminate an officer's employment before the normal retirement date or an officer's decision to accept voluntary redundancy in exchange for those benefits. These costs are charged on an accruals basis to the appropriate service or where applicable to Managing Director and Resources.</p>
		<p><b>Post Employment Benefits</b> Employees of the Authority are members of two separate pension schemes:</p> <ul style="list-style-type: none"> <li>• The Teachers' Pension Scheme, administered by Capita Teachers' Pensions on behalf of the Department for Education (DfE).</li> <li>• The Local Government Pensions Scheme, administered by Cardiff County Council Pension Authority.</li> </ul> <p>Both schemes provided defined benefits to members (retirement lump sums and pensions), earned as employees who worked for the Authority. The arrangements for the teachers' scheme means that liabilities for these benefits cannot ordinarily be identified specifically to the Authority. The scheme is therefore accounted for as if it were a defined contribution scheme and no liability for future payments of benefits is recognised in the Balance Sheet.</p>
		<p><b>The Local Government Pension Scheme</b> The Local Government Scheme is accounted for as a defined benefits scheme:</p>

		<ul style="list-style-type: none"> <li>• The liabilities of the Cardiff and Vale Pension Fund attributable to the Authority are included in the Balance Sheet on an actuarial basis using the projected unit method i.e. an assessment of the future payments that will be made in relation to retirement benefits earned to date by employees, based on assumptions about mortality rates, employee turnover rates, etc. and projections of projected earnings for current employees.</li> <li>• Liabilities are discounted to their value at current prices, using a discount rate.</li> <li>• The assets of the Cardiff and Vale Pension Fund attributable to the Authority are included in the Balance Sheet at their fair value.</li> <li>• The actuarial valuation carried out at 31<sup>st</sup> March 2022 has been adjusted to exclude staff working for the Shared Regulatory Service and Vale and Valleys Adoption Service. The Council's share of these balances based on the Joint Committee balances are the consolidated back into the accounts and set out in Note 38 to these accounts.</li> </ul>
		<p>The change in the net pension's liability is analysed into the following components:</p> <p><b>Service cost comprising</b></p> <ul style="list-style-type: none"> <li>• Current service cost – the increase in liabilities as a result of years of service earned this year which is allocated in the Comprehensive Income and Expenditure Statement to the services for which the employees worked.</li> <li>• Past service cost – the increase in liabilities as a result of a scheme amendment or curtailment whose effect relates to years of service earned in earlier years. Debited to the surplus or deficit of services in the Comprehensive Income and Expenditure.</li> <li>• Net interest on the net defined benefit liability (asset), i.e. net interest expense for the Authority – the change during the period in the net defined benefit liability (asset) that arises from the passage of time charged to the Financing and Investment Income and Expenditure line of the Comprehensive Income and Expenditure Statement. This is calculated by applying the discount rate used to measure the defined benefit obligation at the beginning of the period to the net defined benefit liability (asset) at the beginning of</li> </ul>

		<p>the period, taking into account any changes in the net defined benefit (asset) during the period as a result of contribution and benefit payments.</p> <p><b>Remeasurements comprising:</b></p> <ul style="list-style-type: none"> <li>• The return on plan assets – excluding amounts included in net interest on the net defined liability (asset). This is charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.</li> <li>• Actuarial gains and losses – changes in the net pensions liability that arise because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions, charged to the Pensions Reserve as Other Comprehensive Income and Expenditure.</li> </ul> <p>Statutory provisions require the Council Fund balance be charged with the amount payable by the Authority to the pension fund or directly to pensioners in the year in relation to retirement benefits not the amount calculated according to the relevant standards. In the movement in reserves statement this means that there are transfers to and from the pensions reserve to remove the notional debits and credits for retirement benefits and replace them with debits for the cash paid to the pension fund and pensioners and any such amounts payable but unpaid at the year-end. The negative balance that arises on the pensions reserve thereby measures the beneficial impact to the council fund of being required to account for retirement benefits on the basis of cashflows rather than as benefits are earned by employees.</p>
		<p><b>Discretionary Benefits</b></p> <p>The Authority also has restricted powers to make discretionary awards of retirement benefits in the event of early retirements. Any liabilities estimated to arise as a result of an award to any member of staff (including teachers) are accrued in the year of the decision to make the award and accounted for using the same policies as are applied to the Local Government Pension Scheme.</p>
f	<p><b>Events after the Balance Sheet date</b></p>	<p>These are events, both favourable and unfavourable, that occur between the end of the reporting period and the date when the Statement of Accounts is authorised for issue. Such events could result in the</p>

		<p>Statement of Accounts being adjusted. Two types of events can be identified:</p> <ul style="list-style-type: none"> <li>• Those that provide evidence of conditions that existed at the end of the reporting period – the Statement of Accounts is adjusted to reflect such events.</li> <li>• Those that are indicative of conditions that arose after the reporting period – the Statement of Accounts is not adjusted to reflect such events, but where a category of events would have a material effect, disclosure is made in the notes of the nature of the events and their estimated financial effect.</li> </ul>
<b>g</b>	<b>Cash and Cash Equivalents</b>	<p>Cash is represented by cash in hand, bank overdrafts and deposits held with financial institutions which are repayable without penalty on notice of not more than 24 hours as at 31<sup>st</sup> March 2023. Cash equivalents are highly liquid investments which are readily convertible to known amounts of cash without there being a significant risk of change in value and refer to instant access call accounts such as those held with Banks and Money Market Funds. Any other short term investments are excluded from cash and cash equivalents and are treated as current assets. In the cash flow statement, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Authority's cash management.</p>
<b>h</b>	<b>Financial Instruments</b>	<p><b>Financial Liabilities</b></p> <p>Financial liabilities are initially measured at fair value and are carried at their amortised cost. Annual charges to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest payable are based on the carrying amount of the liability, multiplied by the effective rate of interest for the instrument.</p> <p><b>Financial Assets</b></p> <p>Financial assets are classified into two types:</p> <ul style="list-style-type: none"> <li>• Loans and receivables – assets that have fixed or determinable payments but are not quoted in an active market.</li> <li>• Available-for-sale assets – assets that have a quoted market price and / or do not have fixed or determinable payments.</li> </ul>

		<p><b>Loans and Receivables</b></p> <p>Loans and receivables are initially measured at fair value and carried at their amortised cost. Annual credits to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the carrying amount of the asset multiplied by the effective rate of interest for the instrument. For most of the loans that the Authority has made, this means that the amount presented in the Balance Sheet is the outstanding principal receivable plus accrued interest and interest credited to the Comprehensive Income and Expenditure Statement is the amount receivable for the year in the loan agreement.</p> <p>When a soft loan is made, a loss is recorded in the Comprehensive Income and Expenditure Statement for the present value of the interest that will be foregone over the life of the instrument, resulting in a lower amortised cost than the outstanding principal. Interest is credited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement at a marginally higher effective rate of interest than the rate receivable, with the difference serving to increase the amortised cost of the loan in the Balance Sheet. The reconciliation of amounts debited and credited to the Comprehensive Income and Expenditure Statement to the net gain required against the Council Fund Balance is managed by a transfer to or from the Financial Instruments Adjustment Account in the Movement in Reserves Statement.</p>
i	<p><b>Available for Sale Assets</b></p>	<p>Available for Sale Assets are initially measured and carried at fair value. Where the asset has fixed or determinable payments, annual credits to the Financing and Investment Income and Expenditure Income line in the Comprehensive Income and Expenditure Statement for interest receivable are based on the amortised cost of the asset multiplied by the effective rate of interest for the instrument. Where there are no fixed or determinable payments, income (e.g. dividends) is credited to the Comprehensive Income and Expenditure Statement when it becomes receivable by the Council.</p> <p>Assets are maintained in the Balance Sheet at fair value.</p>

		<p>Changes in fair value are balanced by an entry in the Available for Sale Reserve and the gain /loss is recognised in the Surplus or Deficit on Revaluation of Available for Sale Financial Assets. The exception is where impairment losses have been incurred. These are debited to the Financing and Investment Income and Expenditure line in the Comprehensive Income and Expenditure Statement along with any net gain / loss for the asset accumulated in the reserve.</p>
<b>j</b>	<b>Government Grants and Contributions</b>	<p>Government grants and third party contributions and donations are recognised as due to the Authority when there is reasonable assurance that:</p> <ul style="list-style-type: none"> <li>• The Authority will comply with the conditions attached to the payments, and</li> <li>• The grants or contributions will be received.</li> </ul> <p>Grants and contributions advanced for which conditions have not been satisfied are carried in the Balance Sheet as creditors. Once conditions are satisfied, the grants or contributions are credited to the Comprehensive Income and Expenditure Statement.</p> <p>Capital grants are credited to the Comprehensive Income and Expenditure Statement and are reversed out of the Council Fund Balance in the Movement in Reserves Statement. Grants not yet used to finance capital expenditure, are posted to the Capital Grants Unapplied reserve. Once applied, it is posted to the Capital Adjustment Account.</p>
<b>k</b>	<b>Intangible Assets</b>	<p>Expenditure on non monetary assets that do not have physical substance but are controlled by the Authority is capitalised when it is expected that future economic benefits or service potential will flow from the intangible asset to the Authority.</p> <p>The depreciable amount of an intangible asset is amortised over its useful life to the relevant service line(s) in the Comprehensive Income and Expenditure Statement.</p>
<b>l</b>	<b>Inventories and Long Term Contracts</b>	<p>Inventories should be included in the Balance Sheet at the lower of cost and net realisable value. However, some stock is valued at the latest price paid, with an allowance made for obsolete and slow-moving items. The effect of the different treatment is considered to be immaterial.</p>

		Revenue from contracts with service recipients, is recognised in line with IFRS 15 – Revenue from Contracts with Customers. In essence it means recognition occurs when (or as) the goods or services are transferred to the service recipient in accordance with the performance obligations in the contract. Supplies are recorded as expenditure when they are consumed – where there is a gap between the date supplies are received and their consumption; they are carried as inventories on the Balance Sheet
<b>m</b>	<b>Jointly Controlled Operations</b>	<p>Joint operations are arrangements undertaken by the Council in conjunction with other ventures that make use of its assets and resources. Joint Committees are examples of Jointly Controlled Operations.</p> <p>The relevant proportion of the transactions and balances for Joint Committees are included within the Council's Financial Statements. These reflect the transactions and balances as per the draft accounts prepared for each Joint Committee. To date there has been no audit opinion issued in respect of any of these Joint Committees.</p>
<b>n</b>	<b>Leases</b>	<p>The Council currently has no Finance Leases. The land and buildings elements of a lease are considered separately for classification.</p> <p><b>The Authority as Lessee</b></p> <p><b>Operating Leases</b> Rentals paid under operating leases are charged to the services in the Comprehensive Income and Expenditure Statement that benefit from the use of the leased property, plant or equipment.</p> <p><b>The Authority as Lessor</b></p> <p><b>Operating Leases</b> Rental income under an operating lease is credited to the Comprehensive Income and Expenditure Statement; the property, plant or equipment is retained in the Balance Sheet.</p>
<b>o</b>	<b>Overheads and Support Services</b>	The accounts have been adjusted to remove internal recharges for overheads and support services from the figures shown in the Comprehensive Income and Expenditure Statement.
<b>p</b>	<b>Property Plant and Equipment</b>	Revaluation of the assets of the Authority will be undertaken on a rolling basis over a five year cycle by an external valuer.

		<p>Due to the economic volatility during 2022/23 and the significant increase in the construction costs of schemes which would have a particular impact on assets valued on a Depreciated Replacement Cost basis all Land and Building assets were revalued by an External Valuer as part of the preparation of the 2022/23 accounts.</p> <p>Council Dwellings are regarded by the Authority as operational and have also been revalued as at 31<sup>st</sup> March 2023 using the Beacon approach (adjusted vacant possession value).</p> <p>Land and Property regarded by the Authority as operational was valued on the basis of constructing modern equivalent buildings, or where this could not be assessed because there was no market for the subject asset (i.e. specialised property) the depreciated replacement cost.</p> <p>Land and Property regarded by the Authority as non-operational have been valued on the basis of cost, fair value, or depreciated replacement cost as appropriate. Infrastructure, Vehicles, Plant and Equipment and Community Assets are included at cost (less depreciation where required).</p> <p>Expenditure on the acquisition, creation or enhancement of Property, Plant and Equipment is capitalised on an accruals basis, provided that the future economic benefits or service potential associated with the item will flow to the Authority and the cost of the item can be measured reliably.</p> <p>A de-minimis rule for capital has been applied – generally no capital expenditure valued at under £10,000 is included within capital spend.</p> <p>Assets are initially measured at cost, comprising:</p> <ul style="list-style-type: none"> <li>• the purchase price.</li> <li>• any costs attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.</li> <li>• The initial estimate of the costs of dismantling and removing the item and restoring the site on which it is located.</li> </ul>
--	--	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

		<p>For Land and Building additions any expenditure less than £50k is enhanced and then impaired back out unless it relates to schemes such as boilers, new structures which have previously been shown to be enhancing. Schemes costing between £50k and £250k are enhanced in full subject to some exceptions. Schemes including works to boilers, roofs, rewiring and multiple schemes are enhanced at 65% of the value. Any unusual or schemes exceeding £250k in value were reviewed by a FRICs qualified valuer to assess the level of enhancement.</p> <p>Increases in valuations are matched by credits to the Revaluation Reserve to recognise unrealised gains. Exceptionally, gains might be credited to the Comprehensive Income and Expenditure Statement where they arise from the reversal of an impairment loss previously charged to a service revenue account.</p> <p>The Revaluation Reserve contains revaluation gains recognised since 1 April 2007 only, the date of its formal implementation. Gains arising before that date have been consolidated into the Capital Adjustment Account.</p> <p>Where decreases in value for individual assets are identified, they are accounted for either by setting it off against gains for the asset in the Revaluation Reserve or against the relevant service lines in the Comprehensive Income and Expenditure Statement.</p>
		<p><b>Component accounting</b></p> <p>Assets with a net book value in excess of £3 million will be reviewed to determine if there are any significant components that require a separate depreciation calculation and whether it is material. No adjustment for component accounting was made in the accounts.</p>
		<p><b>Impairment</b></p> <p>Assets are assessed at each year end as to whether there is an indication that an asset may be impaired. Where indications exist and any possible differences are estimated to be material, the recoverable amount is estimated and if this is less than the carrying amount an impairment loss is recognised for the shortfall. This is either set against the balance of the Revaluation Reserve if there have been previous</p>

		<p>valuation gains for the asset or it is written down against the relevant service line in the Comprehensive Income and Expenditure Statement.</p>
		<p><b>Depreciation</b>          Depreciation is provided for on all Property, Plant and Equipment assets over their useful lives. An exception is where assets are without a determinable finite useful life (i.e. Freehold Land and Community Assets) and assets that are not available for use (i.e. assets under construction).</p> <p>Depreciation is calculated on the following basis:</p> <ul style="list-style-type: none"> <li>• Dwellings and other buildings - straight line allocation over the useful life of the property as estimated by the valuer.</li> <li>• Vehicles, plant, furniture and equipment - over the life of the asset.</li> <li>• Infrastructure – straight line allocation over 40 years.</li> </ul> <p>No depreciation is charged in the year of acquisition with a full year charge applied in the disposal year, except for Vehicles which is charged in the month following acquisition.</p> <p>Revaluation gains are also depreciated, with an amount equal to the difference between current value depreciation charged on assets and the depreciation that would have been chargeable based on their historical cost being transferred each year from the Revaluation Reserve to the Capital Adjustment Account.</p>
		<p><b>Disposals and Non Current Assets Held for Sale</b>          An asset is reclassified as Held for Sale when it is probable that the carrying amount will be recovered principally through a sale transaction. The asset is revalued immediately before reclassification and carried at the lower of this amount and the fair value less costs to sell. Where there is a subsequent decrease to fair value less costs to sell, the loss is posted to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement. Depreciation is not charged on Assets Held for Sale.</p> <p>Where assets no longer meet the criteria to be classified as Assets Held for Sale they are reclassified back to non-current assets.</p>

		<p>Assets that are to be abandoned or scrapped are not reclassified as Assets Held for Sale.</p> <p>When an asset is disposed of or decommissioned, the carrying amount of the asset in the Balance Sheet is written off to the Other Operating Expenditure line in the Comprehensive Income and Expenditure Statement as part of the gain or loss on disposal.</p> <p>Receipts from disposals are credited to the same line of the Comprehensive Income and Expenditure Statement also as part of the gain or loss on disposal. Any revaluation gains that are accumulated for the asset in the Revaluation Reserve are transferred to the Capital Adjustment Account.</p> <p>Amounts received for a disposal in excess of £10,000 are categorised as capital receipts.</p> <p>The written off value on disposals is not a charge to Council Tax as the cost for non current assets is separately provided for under separate arrangements for capital financing</p>
q	<p><b>Fair Value Measurement</b></p>	<p>The authority measures some of its assets held for sale and some of its financial instruments at fair value at each reporting date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement assumes that the transaction to sell the asset or transfer the liability takes place either;</p> <ul style="list-style-type: none"> <li>• In the principal market for the asset or liability, or</li> <li>• In the absence of a principal market, in the most advantageous market for the asset or liability.</li> </ul> <p>The authority measures the fair value of an asset or liability using the assumptions that market participants would use when pricing the asset or liability assuming that market participants act in their best economic interest by using the asset in its highest and best use, or selling the asset to another participant.</p> <p>The authority uses valuation techniques that are appropriate in the circumstances maximising the use of observable inputs. Inputs to the valuation techniques in respect of assets and liabilities for</p>

		<p>which fair value is measured or disclosed are categorised within the fair value hierarchy, as follows;</p> <ul style="list-style-type: none"> <li>• Level 1 – quoted prices (unadjusted) in active markets for identical assets or liabilities that the authority can access at the measurement date.</li> <li>• Level 2 – inputs rather than quoted prices included within Level 1 that are observable for the asset or liability either directly or indirectly.</li> <li>• Level 3 – unobservable inputs for the asset or liability.</li> </ul>
r	<p><b>Provisions, Contingent Liabilities and Contingent Assets</b></p>	<p><b>Provisions</b></p> <p>Provisions are made when an event has taken place that gives the Authority a legal or constructive obligation that probably requires settlement by a transfer of economic benefit or service potential, and a reliable estimate can be made of the amount of the obligation.</p> <p>Provisions are charged as an expense to the appropriate service line in the Comprehensive Income and Expenditure Statement in the year that the Authority becomes aware of the obligation and are measured at the best estimate at the Balance Sheet date of the expenditure required to settle the obligation, taking into account relevant risks and uncertainties.</p> <p>When payments are eventually made, they are charged to the provision carried in the Balance Sheet.</p> <p>Estimated settlements are reviewed at the end of each financial year – where it becomes less than probable that a transfer of economic benefits will now be required (or a lower settlement than anticipated is made), the provision is reversed and credited back to the relevant service. See note 0 to the accounts.</p>
		<p><b>Contingent Liabilities</b></p> <p>A contingent liability arises where an event has taken place that gives the Authority a possible obligation whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority. Contingent liabilities also arise in circumstances where a provision would otherwise be made but either it is not probable that an outflow of resources</p>

		<p>will be required or the amount of the obligation cannot be measured reliably.</p> <p>Contingent liabilities are not recognised in the Balance Sheet but disclosed in a note to the accounts.</p>
		<p><b>Contingent Assets</b></p> <p>A contingent asset arises where an event has taken place that gives the Authority a possible asset whose existence will only be confirmed by the occurrence or otherwise of uncertain future events not wholly within the control of the Authority.</p> <p>Contingent assets are not recognised in the Balance Sheet but disclosed in a note to the accounts where it is probable that there will be an inflow of economic benefits or service potential.</p>
<b>s</b>	<b>Specific Reserves</b>	<p>These reserves represent sums of money that are voluntarily set aside for specific purposes. The purpose of these reserves is explained in Note 11 to the accounts.</p>
<b>t</b>	<b>Revenue Expenditure Funded from Capital under Statute</b>	<p>Expenditure that may be capitalised under statutory provisions but does not result in the creation of non-current assets has been charged as expenditure to the relevant service in the Comprehensive Income and Expenditure Statement in the year. The total gross expenditure is £6.741m. Where the Council has determined to meet the cost of this expenditure from existing capital resources or by borrowing, a transfer in the Movement in Reserves Statement from the Council Fund balance to the Capital Adjustment Account then reverses out the amounts charged so that there is no impact on the level of Council Tax.</p>
<b>u</b>	<b>Local Authority Schools</b>	<p>The Council does not include a school's property, plant and equipment in its Balance Sheet where it does not own or have significant control over the economic benefit of these assets. This means that the buildings used by voluntary aided, Roman Catholic aided and voluntary controlled schools are excluded from property, plant and equipment where they are not owned by the Council. However, land owned by the Council and used by these schools is recognised in property, plant and equipment. The property, plant and equipment of community and foundation schools are recognised on the Authority's Balance Sheet. The income and expenditure for all schools is included within the CI&amp;ES and any unspent resources held by schools are included</p>

		within earmarked reserves in the Council's Balance Sheet.
<b>v</b>	<b>Value Added Tax</b>	Income and expenditure excludes any amounts related to Value Added Tax (VAT), as all VAT collected is payable to HM Revenue and Customs and all VAT paid is recoverable from them.
<b>w</b>	<b>Exceptional Items</b>	When items of income and expense are material, their nature and amount is disclosed separately, either on the face of the Comprehensive Income and Expenditure Statement or in the Notes to the Statement of Accounts, depending on how significant the items are to an understanding of the Council's financial performance. There are no exceptional items in 2021/22.
<b>x</b>	<b>Investment in Companies</b>	The Council currently only has one investment in a company and this is its 100% shareholding in the Big Fresh Catering Company which was established on 1 <sup>st</sup> January 2020. The Council having considered the materiality of the investment and its delivery of core Council services has taken the decision to consolidate through Group Accounts. The Council's shareholding is not listed on any quoted market the valuation estimate of the company will be based on its draft set of financial accounts (Level 3).
<b>y</b>	<b>Inventories</b>	Inventories are measured and held at the lower of cost or net realisable value. When such inventories are sold, exchanged or distributed, the carrying amount is recognised as expenditure.  Where donated inventory has been received it is offset on the balance sheet by a corresponding entry on the Donated Inventory Account.
<b>z</b>	<b>Adopted Highways</b>	The Council reviews adoption of highways each year and where material the adoption will be reflected in the Council's infrastructure assets and offset by a corresponding entry on the donated assets account. There were no material adoptions in 2022/23.

## **2. Accounting Standards that have been issued but have yet to be adopted**

The Code requires the disclosure of information relating to the expected impact of an accounting change that will be required by a new standard that has been issued but not yet adopted.

At the balance sheet date, there are no new relevant standards or amendments to existing standards that have been published but not yet adopted by the Code that will have any impact upon the financial statements. However, the following details are provided for information purposes: -

IFRS 16 - Leases: This Standard removes the previous lease classifications of operating and finance leases and will require local authorities that are lessees to recognise all leases on their balance sheets as right-of-use assets (there are exemptions for short-term and low value leases) with a corresponding lease liability representing the lessee's obligation to make lease payments for the asset. However, it should be noted that CIPFA/LASAAC have again deferred implementation of IFRS 16 for local government to 1 April 2024.

Infrastructure Assets – Temporary Relief: Following a consultation in the summer of 2022, CIPFA/LASAAC issued a code update on 29 November 2022. The update amends both the 2021-22 and 2022-23 Codes and includes specifications for future codes on the disclosure of gross cost and accumulated depreciation for infrastructure assets. The Code has been updated to include a temporary relief from the Code's core requirement to disclose gross cost and accumulated depreciation of infrastructure assets until 31 March 2025.

The Council is carrying out work to establish the extent of the impact of IFRS16 on the Authority's accounts and a full list of leases to be reviewed has been prepared in consultation with service departments and the relevant data for each lease arrangement has been gathered. The Council has had initial discussion with the external valuer as it will be required to get valuations for some leased buildings. The Council has also listed a number of arrangements where it will need to consider the impact of lease arrangements embedded in contracts and will be liaising with Audit Wales and other Welsh authorities to ensure a consistent interpretation of this emerging standard is made.

### **3. Critical Judgements in Applying Accounting Policies**

In applying the accounting policies set out above, the Authority has had to make certain judgements about complex transactions or those involving uncertainty about future events.

There is a high degree of uncertainty about future levels of funding for local government. However, the Authority has determined that this uncertainty is not yet sufficient to provide an indication that the assets of the Authority might be impaired as a result of a need to close facilities and reduce levels of service provision.

### **4. Assumptions Made About the Future and Other Major Sources of Estimation Uncertainty**

The Statement of Accounts contains estimated figures that are based on assumptions made by the Authority about the future or that are otherwise uncertain. Estimates are made taking into account historical experience, current trends and other relevant factors. However, because balances cannot be determined with certainty, actual results could be materially different from the assumptions and estimates. The items in the Authority's Balance Sheet at 31 March 2023 for which there is a significant risk of material adjustment in the forthcoming financial year are

as follows:

### Property, Plant and Equipment

Property Plant and Equipment (excluding infrastructure, community assets, assets under construction and vehicles, plant and equipment) are revalued annually for indicators of impairment. Judgements are required to make an assessment as to whether there has been an assessment of impairment.

Assets are depreciated over useful lives that are dependent on assumptions about the level of repairs and maintenance that will be incurred in relation to individual assets. Useful asset lives will impact on depreciation calculations. For assets such as Infrastructure (40 years) Vehicles (6 years) and Equipment (3-18 years) standard asset lives are used unless evidence is available to the contrary. The Useful Economic Lives of operational buildings is estimated by a RICS qualified valuer as part of the valuation process.

The Housing Revenue Account Council Dwelling assets have been revalued during 2022/23 following a review of the properties identified as beacons and housing market, this valuation has been carried out by a RICS qualified valuer from Savills using a Beacon approach. The valuation incorporates the 772 garages included in the Housing Revenue Account which are shown against Land and Buildings, they also include the new build developments completed in year.

In addition due to the materiality uncertainty that continued to be applied to the other services Land and Building assets and in response to concerns expressed in the context of continuing rising construction costs by Audit Wales a desktop valuation of assets valued on a Depreciated Replacement Cost basis was performed by a RICS qualified valuer from Avison Young during 2022/23.

A number of new build schemes were completed during 2022/23 and these assets were also revalued upon transfer from the Asset Under Construction Account by a RICS valued from Avison Young.

Therefore, a significant proportion of the Council's asset base has been subject to revaluation during the 2022/23 financial year. Whereas land asset values have typically remained unchanged the majority of building assets particularly those valued on a DRC basis have increased in value. The valuations are set out in Note 16 to the accounts Property Plant and Equipment.

### Minimum Revenue Provision

Statutory provision is made in the accounts for the repayment of the Council's borrowing. The Minimum Revenue Provision is based on a straight line repayment over the estimated life of the asset. The estimated life is based on information

provided by a qualified valuer as part of the valuation process and the Council's asset register.

### Provisions

A provision is included in the accounts for Municipal Mutual Insurance (MMI) liability using current information.

The MMI liability has been calculated based on the Vale of Glamorgan's share of outstanding claims from South Glamorgan, Mid Glamorgan and Vale of Glamorgan Borough. The scheme administrator regularly reviews the scheme and any significant changes in the financial position may lead to a further clawback.

### Debtors

Sundry and council tax debtors were examined which resulted in a provision for doubtful debts. If the provision is too low, the Authority's finances would be affected. The Provision for Bad and Doubtful Debts is set based on the rates of collection for old debt in the previous financial year.

### Pensions Liability

Estimation of the net liability to pay pensions depends on a number of complex judgements relating to the discount rate used, the rate at which salaries are projected to increase, changes in retirement ages, mortality rates and expected returns on pension fund assets.

A firm of actuaries is engaged to provide the Cardiff and Vale Pension Fund with expert advice about the assumptions to be applied. The actuarial report is based on a roll forward of the triennial valuation carried out at 31<sup>st</sup> March 2022.

The demographic and financial assumptions used in arriving at the 2022/23 actuarial report are set out in note 38.

### Fair Value

Where the fair values of financial assets and financial liabilities cannot be measured based on quoted prices in active markets their fair value is measured using valuation techniques. Where possible the inputs to these valuations are based on observable data but where this is not possible judgement is required in establishing fair values.

Fair Values as at 31<sup>st</sup> March 2023 for the Council's financial assets and liabilities have been provided by the Council's Treasury Management advisor Link Asset Management Ltd and PWLB, as the majority of the Council's borrowing with PWLB at a fixed rate and there has been some increase in the PWLB borrowing rate during the intervening period this can be expected to be reflected in the Fair Values would be unlikely to have changed significantly in recent months, more detail in respect of

this uncertainty is set out in note 40. Disclosure notes set out the fair values for the Authority's financial assets and liabilities as at 31<sup>st</sup> March 2023.

### 5. Material Items of Income and Expenditure

There are no material items of income and expenditure in 2022/23.

### 6. Events after the Balance Sheet Date

The statement of accounts was authorised for issue by the Head of Finance (Section 151 Officer) on 30th June 2023. Events taking place after this date are not reflected in the financial statement or notes. There have been no post balance sheet events prior to this date that have been reflected in the statement of accounts.

### 7. Prior Period Adjustment

The Comprehensive Income and Expenditure and the Expenditure and Funding Analysis have been restated to reflect a restructure that took place in 2022 establishing the Corporate Resources and Place Directorates. As this effects the way the Council reports its management accounts the change has also been reflected in the financial statements and the 2021/22 accounts restated to enable comparison. There is no impact on the reserves and the Cost of Services is not amended.

The previous presentation of the Expenditure and Funding Analysis is shown below.

2021/22	Net Expenditure Chargeable to the General Fund and HRA Balances	Adjustments between Funding and Accounting Basis (Note 8)	Net Expenditure in the Comprehensive Income and Expenditure Statement
	£'000	£'000	£'000

### Note (i) Adjustments for Capital Purposes

- Depreciation/impairment and revaluation gains and losses are added in.
- Adjustment for disposals with a transfer of income on disposal of assets and the amounts written off for those assets.
- Statutory Capital Financing charges are deducted (Minimum Revenue Provision).
- Capital Grants and Donations are adjusted for.

Note (ii) Net Change for the Pensions Adjustments

This adjustment relates to the removal of pension contributions and the addition of IAS19 Employee Benefits pension related expenditure and income which means:

- The replacement of the employer pension contributions with current service costs and past service costs.
- The net interest on the defined benefit liability is charged to the Other Income and Expenditure line.

Note (iii) Other Differences

- Adjustments are made for accumulated absences.

### 9. Expenditure and Funding Analysis by Nature

<b>31 March 2022</b>		<b>31 March 2023</b>

## 12. Revenue Support Grant

The amount of Revenue Support Grant recorded as income is a total figure of £138.065m.

## 13. Council Tax

Council Tax income derives from charges raised according to the value of residential properties, which have been classified into 9 valuation bands estimating 1 April 2003 values for this specific purpose. Charges are calculated by taking the amount of income required for The Vale of Glamorgan Council and the Police and Crime Commissioner for South Wales (£18.724m) and Town and Community Councils (£3.270m) for the forthcoming year and dividing this amount by the council tax base. The Council Tax base is the number of properties in each band adjusted by a proportion to convert the number to a band D equivalent, totaled across all bands for 2022/23.

This basic amount for a band D property £1,396.35 (£1,357.02 in 2021/22) is multiplied by the proportion specified for the particular band to give the individual amount due.

Council Tax bills were based on the following proportions for Bands A to I for 2022/23:

<b>Council Tax Band</b>	<b>Proportion</b>	<b>No. of Properties</b>
Band A	0.67	1,441
Band B	0.78	6,452
Band C	0.89	14,221
Band D	1.00	11,625
Band E	1.22	10,579
Band F	1.44	7,532
Band G	1.67	5,813

Band H	2.00	2,240
Band I	2.33	1,055
		<b>60,958</b>

Council Tax collectable in 2022/23 can be calculated as:

	2021/22	2022/23
	£'000	£'000
Council Tax Collectable	106,708	111,101
Council Tax Reduction Scheme and Care Leaver	(11,081)	(11,073)
Provision for non payment of Council Tax	(605)	(1,533)
<b>Amount Due From Taxpayers Before Rebates</b>	<b>95,022</b>	<b>98,495</b>
Allocated to:		
South Wales Police Precept	17,669	18,724
Vale of Glamorgan County Council	85,260	87,574
Council Tax Reduction Scheme and Care Leaver	(11,081)	(11,073)
Town and Community Councils Precepts	3,174	3,270
<b>Total</b>	<b>95,022</b>	<b>98,495</b>

#### 14. National Non-Domestic Rates

NNDR is organised on a national basis. The Government specifies an amount (53.5p in 2021/22 and 53.5p in 2022/23) local businesses pay rates calculated by multiplying their rateable value by that amount.

The Council collects rates due from the ratepayers in its area but pays the proceeds into an NNDR pool administered by the Welsh Government. The sums paid into the pool are redistributed back to local authorities' Council Funds on the basis of a fixed amount per head of population. The Council received £47.950m in 2022/23 (£43.918m in 2021/22).

The NNDR billed to ratepayers, after reliefs etc. was £31,801,061.17 for 2022/23 (£31,102,802 in 2021/22) and was based on year end rateable value for both 2022/23 at 31/03/23 being £79,927,638 and 2021/22 at 31/03/22 being £78,705,995. The NNDR rateable value was significantly reduced due to the introduction of the enhanced RHLRR Scheme due to the pandemic.

### Infrastructure Assets

In accordance with the temporary relief that has been offered by the update to the 2022/23 Code on accounting for Infrastructure Assets this note does not include disclosure of gross cost and accumulated depreciation for infrastructure assets because historical reporting practices mean that this would not accurately represent an accurate asset position to the user of the financial statements.

The Council has chose not to disclose this information as the information available would not provide an accurate basis for the users of the financial statements to take economic or other decisions relating to infrastructure assets.

The Council has deteremined in accordance with Regulation 24L Wales of the Local Authorities (Capital Finance as Accounting) (Wales) Regulations 2003 (as amended) that the carrying amounts to be derecognised when there is replacement expenditure is nil. The Infrastructure Assets Net Book Value is set out in the table below:

<b>Infrastructure Net Book Value</b>	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
<b>Net Book Value 1 April</b>	<b>123,133</b>	<b>127,842</b>
Additions	8,606	8,352
Disposals	0	(10,946)
Depreciation charge	(3,897)	(4,074)
Depreciation Disposal	0	5,293
<b>Net Book Value 31 March</b>	<b>127,842</b>	<b>126,466</b>

Infrastructure Assets are not disclosed separately on the Balance Sheet, a reconciliation of the Property Plant & Equipment amount held on the Balance Sheet is set out in the table below.

<b>Reconciliation to Balance Sheet</b>	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
Infrastructure Assets	127,842	126,466
Other Property, Plant and Equipment	694,399	760,904
<b>Total Property Plant and Equipment Assets</b>	<b>822,241</b>	<b>887,370</b>

### Depreciation

The following useful lives and depreciation rates have been used in the calculation of depreciation:

Asset Class	Indicative Asset Life
Council Dwellings	100 years
Other Land and Buildings	3-125 years
Vehicles Plant and Equipment	2-18 years
Infrastructure	40 years
Intangible Assets	5 years

### Capital Commitments

At 31 March 2023, the Authority has entered into a number of contracts for the construction, or enhancement of property, plant and equipment which will continue into 2023/24 and future years. Similar commitments at the 31<sup>st</sup> March 2022 were £30.909M. The major commitments are listed below.

<b>Scheme</b>	<b>£'000</b>
Sustainable Communities for Learning	7,114
Housing Schemes	15,362
Highways and Transport Schemes	1,715
Other Education Schemes	163
Vehicles	2,900
Place Schemes	618
Coastal Schemes	332
Other Schemes	216
<b>Total</b>	<b>28,420</b>

### Revaluations

The Council Dwellings and Other Land and Buildings etc. are revalued on a rolling 5 year programme by a MRICS external valuer.

<b>Asset Class</b>	<b>Most Recent Valuation</b>	<b>Valuation Completed By</b>	<b>Next Valuation Due</b>
Surplus Assets (Reviewed annually)	2022/23	FRICS valuer Avison Young	2023/24
Council Dwellings	2022/23	Savills	2027/28
Schools and Social Service Assets	2021/22 DRC assets revalued 2022/23	FRICS valuer Avison Young	2023/24
Other Land and Buildings	2021/22 DRC assets revalued 2022/23	FRICS valuer Avison Young	2024/25

The Housing Revenue Account Council Dwelling assets have been revalued following a review of the Beacons used for the asset base. This valuation has been carried out by a RICS qualified valuer from Savills using a Beacon approach. The valuation incorporates the 772 garages included in the Housing Revenue Account which are shown against Land and Buildings, they also include the new build development at Hayes Wood Lane and Court Road Phase 2.

In addition due to the materiality uncertainty that continued to be applied to the other services Land and Building assets and in response to concerns expressed in the context of rising construction costs by Audit Wales a desktop valuation was performed by a RICS qualified valuer from Avison Young during 2022/23 for assets valued on a Depreciated Replacement Cost. The impact of rising construction costs was considered to be particularly significant for assets which are typically valued on a depreciated replacement cost (DRC) basis which reflect the cost of construction for a similar asset.

A number of new build schemes were completed during 2022/23 and these assets were also revalued upon transfer from the Asset Under Construction Account by a RICS valuer from Avison Young.

Therefore a significant proportion of the Council's asset base has been subject to revaluation during the 2022/23 financial year. Whereas land asset values have typically remained unchanged the majority of building assets particularly those valued on a DRC basis have increased in value. The valuations are set out in Note 16 to the accounts Property Plant and Equipment.

#### **Impairment**

The Council asked key staff to identify any assets that need to be reviewed for impairment, and no assets were identified as part of this process.

When general fund capital expenditure is complete, a review is carried out by a RICS valuer working for Avison Young for all expenditure in excess of £250k to determine how much of this expenditure results in either an increase in asset value or an impairment. As most assets were subject to revaluation as at 31<sup>st</sup> March 2023 there are minimal impairments.

### Retentions

As at the 31 March 2023 £1.851m (£1.936m as at 31 March 2022) has been deducted from payments to contractors to protect the Authority from situations such as the contractor going bankrupt during the defects liability period. Normally a proportion of the retention is paid on practical completion; the balance following the defects liability period stipulated in the contract, subject to any defects being made good.

### Heritage Assets

The Authority has reviewed its assets and given consideration to the presentation of those assets that would have a heritage connection. The Council considers that it does not hold any material distinct assets that could be classed as heritage assets. In addition the Authority holds a number of items that can be grouped under the heading 'civic regalia'; which are used on ceremonial occasions during the Council's year. There is no known value for 'civic regalia' as at 31 March 2022 (although it is unlikely to be significant). It was felt that any external valuation costs of 'civic regalia' would not be cost effective compared to the benefits to the users of the Authority's financial statement. Taking account of this 'civic regalia' has not been recognised as a Heritage Asset in the Balance Sheet.

## 16. Fair Value Hierarchy – Surplus Assets

Fair Value Measurements Surplus Assets	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
	£'000	£'000	£'000	£'000
Total 31st March 2022	0	3,200	0	3,200
Total 31st March 2023	0	3200	0	3,200

### Transfers between levels of the Fair Value Hierarchy

There were no movements in the valuation hierarchy during 2022/23.

### Valuation Techniques used to Determine Level 2 and 3 Fair Values

The Valuation of Surplus Assets was carried out by a RICS qualified external valuer, Avison Young. The Valuation techniques considered comparable resale and new build properties in the area. The Valuer considered Leisure/Retail, Commercial and Residential possibilities in addition to planning considerations.

## 17. Assets Held for Sale

There were no Assets Held for Sale in 2020/21 or 2021/22.

## 18. Capital Expenditure and Capital Financing

	2021/22	2022/23
	£'000	£'000
<b>Opening Capital Financing Requirement</b>	<b>198,763</b>	<b>197,674</b>

### Fair Value of Assets and Liabilities

Financial liabilities and financial assets represented by loans and receivables and long term debtors and creditors are carried in the Balance Sheet at amortised cost.

The fair value for financial liabilities and financial assets that are not measured at fair value can be assessed by calculating the present value of the cash flows that will take place over the remaining term of the instruments, using the following assumptions:

- Estimated interest rates at 31 March 2023 are the PWLB / market set of rates in force on that date;
- No early repayment or impairment is recognised;
- Where an instrument will mature in the next 12 months, carrying amount is assumed to be approximate to fair value;
- The fair value of trade and other receivables is taken to be invoiced or billed amount.

Short Term Debtors and Creditors are carried at cost as this is a fair approximation of their value. The fair values calculated are as follows:

	Loan Principal 31 March 2022	Carrying Amount 31 March 2022	Fair Value 31 March 2022	Loan Principal 31 March 2023	Carrying Amount 31 March 2023	Fair Value 31 March 2023
	£'000	£'000	£'000	£'000	£'000	£'000
Financial Liabilities	153,347	154,655	184,684	148,483	149,411	146,217

The fair values as at 31 March 2022 and 2023 do not include Joint Committee Liabilities.

The fair value is higher than the carrying amount because the Authority's portfolio of loans includes a number of fixed rate loans where the interest rate payable is higher than the rates available for similar loans at the balance sheet date. This commitment to pay interest above current market rates increases the amount that the Authority would have to pay if the lender requested or agreed to early repayment of the loans.

#### Fair Value Hierarchy for Financial Instruments that are not measured at Fair Value

Recurring Fair Value Measurements using;	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
	£'000	£'000	£'000	£'000
As at 31 <sup>st</sup> March 2022				
Financial Liabilities	0	184,684	0	184,684
Loans and Borrowings	0	0	0	0
Long Term Creditors	0	0	0	0
<b>Total</b>	<b>0</b>	<b>184,684</b>	<b>0</b>	<b>184,684</b>
Recurring Fair Value Measurements using;	Quoted prices in active markets for identical assets (Level 1)	Other significant observable inputs (Level 2)	Significant unobservable inputs (Level 3)	Total
	£'000	£'000	£'000	£'000
As at 31 <sup>st</sup> March 2023				
Financial Liabilities	0	146,217	0	146,217
Loans and Borrowings	0	0	0	0
Long Term Creditors	0	0	0	0
<b>Total</b>	<b>0</b>	<b>146,217</b>	<b>0</b>	<b>146,217</b>

#### Valuation Techniques used to Determine Level 2 and 3 Fair Values

Level 2 valuations for Market Loans including LOBOs have been calculated by Link Asset Management Limited and incorporate PWLB rates and discussions with possible new market participants for Local Authority borrowing. The Level 2

valuations for PWLB have also been calculated by Link Asset Management Limited utilising data available on the Debt Management Office website.

## 20. Debtors

	<b>31 March 2022</b>	<b>31 March 2023</b>
	<b>Restated</b>	
	<b>£'000</b>	<b>£'000</b>
Central government bodies	50,079	33,231
Other local authorities	9,613	13,045
NHS bodies	2,811	2,249
Council Tax Payers	3,671	5,043
General	10,793	8,117
<b>Gross Total</b>	<b>76,697</b>	<b>61,685</b>

## 21. Cash and Cash Equivalents

The balance of Cash and Cash Equivalents is made up of the following elements:

<b>31/03/2022</b>		<b>31/03/2023</b>
<b>£'000</b>		<b>£'000</b>
3,777	Cash held by the Authority and at Bank	4,103
5,783	Joint Committee Cash	5,641
11,420	Short-term Investment	11,020
<b>20,980</b>	<b>Total Cash and Cash Equivalents</b>	<b>20,764</b>

## 22. Creditors

<b>31/3/2021</b>		<b>31/3/2022</b>
<b>Restated</b>		
<b>£'000</b>		<b>£'000</b>
11,338	Central government bodies	3,070
13,052	Other local authorities	9,882
285	NHS bodies	377
17,637	General	39,589
1,208	Prepayments of Council Tax	1,225
3,190	Receipts in advance	622
3,653	Accumulated absences	4,629
<b>50,363</b>	<b>Total</b>	<b>59,394</b>

## 23. Provisions

	Insurance £'000	MMI £'000	Other £'000	Total £'000
<b>Balance at 1 April 2021</b>	<b>1,400</b>	<b>329</b>	<b>324</b>	<b>2,053</b>
Additional provisions made	2	39	33	74
Amounts used / Transfer out	0	0	(19)	(19)
<b>Balance at 1 April 2022</b>	<b>1,402</b>	<b>368</b>	<b>338</b>	<b>2,108</b>
Additional provisions made	24	0	0	24
Amounts used / Transfer out	0	0	0	0
<b>Balance at 1 April 2023</b>	<b>1,426</b>	<b>368</b>	<b>338</b>	<b>2,132</b>

The closing provision balance of £2.132M is made up of £0.497M considered to be long term and £1.635M expected to fall due within 12 months.

1. Insurance - This provision covers all known claims as at 31 March 2023. These include provisions for public and employers liability, motor vehicle, buildings plus a number of risks insured internally, which cannot be covered economically by conventional external insurance. The excesses for 2022/23 are £75,000 for all property claims, £25k on fidelity guarantee covering internal and external fraud, £1k on computers and £175k on all other claim types.
2. MMI - The Scheme administrators may well require the Authority to contribute a further levy. A total of £368k has been set aside to meet this potential liability. Further information is included within note 39 - Contingent Liability.
3. Other - Included within this figure is a sum of £128k for Housing Committed Bonds and £209k in respect of the Vale of Glamorgan Council's share of the City Deal accounts.

## 24. Other Long Term Liabilities

An analysis of Other Liabilities that will not be settled for 12 months is given in the following table:

31/03/22		31/03/23
£'000		£'000
2,155	City Deal Joint Committee	2,155
1,623	Welsh Government Home Improvement Loans	1,619
1,346	Welsh Government Town Centre Improvement Loans	1,346
3,596	Long Term Receipts in Advance including commuted sums and S278 contributions	3,336
<b>8,720</b>	<b>Total</b>	<b>8,456</b>

Section 278 contributions relate to agreements between Developers and LA's to make permanent alterations or improvements to the highway in line with a planning decision.

## 25. Usable Reserves

31/03/22		31/03/23
£'000		£'000
12,510	Council Fund	11,523
98,257	Earmarked General Fund Reserves	83,194
17,439	Housing Revenue Account	16,486
11,844	Capital Receipts Reserve	10,634
4,551	Capital Grants Unapplied Account	7,429
<b>144,601</b>	<b>Total Usable Reserves</b>	<b>129,266</b>

An analysis of the Earmarked General Fund Reserves are shown in note 11.

## 26. Unusable Reserves

31/03/22		31/03/23
£'000		£'000
116,370	Revaluation Reserve	137,305
511,993	Capital Adjustment Account	558,212
(107)	Financial Instruments Adjustment Account	(173)
861	Deferred Capital Receipts Reserve	11
(276,615)	Pensions Reserve	(64,630)
(3,653)	Accumulated Absences Account	(4,629)
<b>348,849</b>	<b>Total Unusable Reserves</b>	<b>626,096</b>

### Revaluation Reserve

The Revaluation Reserve contains the gains made by the Authority arising from its Property, Plant and Equipment and Intangible Assets.

2021/22	Revaluation Reserve	2022/23
£'000		£'000
<b>72,916</b>	<b>Balance at 1 April</b>	<b>116,370</b>
(3,121)	Downward revaluation of assets and Impairment losses not charged to the Provision of Services	(2,878)
47,444	Upward revaluation of assets	26,034
(823)	Difference between fair value depreciation and historical cost depreciation	(1,729)
(47)	Amount written off to the Capital Adjustment Account following disposal	(461)
<b>116,370</b>	<b>Balance at 31 March</b>	<b>137,336</b>

The Reserve contains only revaluation gains accumulated since 1 April 2007, the date that the Reserve was created. Accumulated gains arising before that date are consolidated into the balance on the Capital Adjustment Account.

## Capital Adjustment Account

The Capital Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for the consumption of non current assets and for financing the acquisition, construction or enhancement of those assets under statutory provisions. The Account also contains revaluation gains accumulated on Property, Plant and Equipment before 1 April 2007, the date that the Revaluation Reserve was created to hold such gains.

<b>Restated 2021/22</b>	<b>Capital Adjustment Account</b>	<b>2022/23</b>
<b>£'000</b>		<b>£'000</b>
<b>473,360</b>	<b>Balance at 1 April</b>	<b>511,993</b>
	<b>Reversal of items relating to capital expenditure debited or credited to the CIES</b>	
(14,889)	Charges for depreciation and impairment of non current assets	(17,408)
(78)	Amortisation of intangible assets	(81)
(7,415)	Revenue expenditure funded from capital under statute	(6,741)
(11,176)	Amounts of non current assets written off on disposal or sale as part of the gain/loss on disposal to the CIES	(6,832)
4,270	Other (Adjusting amounts written out of the Revaluation Reserve etc.)	(5,575)
	<b>Capital financing applied in year:</b>	
1,795	Use of the Capital Receipts Reserve to finance new capital expenditure	4,554
2,770	Use of the Major Repairs Reserve to finance new capital expenditure	2,773
55,029	Capital grants and contributions credited to the CIES that have been applied to capital financing	49,607
(1,457)	Application of grants to capital financing from the Government Grants Unapplied Account	(2,878)
5,220	Statutory provision for the financing of capital investment charged against the Council Fund and HRA balances	5,503
4,564	Capital Expenditure charged against the Council Fund and HRA balances	23,297
<b>511,993</b>	<b>Balance at 31 March</b>	<b>558,212</b>

## Financial Instruments Adjustment Account

The Financial Instruments Adjustment Account absorbs the timing differences arising from the different arrangements for accounting for income and expenses relating to certain financial instruments and for bearing losses or benefiting from gains per statutory provisions.

2021/22	Financial Instruments Account	2022/23
£'000		£'000
(109)	<b>Balance at 1 April</b>	(107)
2	Amount by which finance costs charged to the CIES are different from finance costs chargeable in the year in accordance with statutory requirements	(66)
(107)	<b>Balance at 31 March</b>	(173)

## Pensions Reserve

The Pensions Reserve absorbs the timing differences arising from the different arrangements for accounting for post employment benefits and for funding benefits in accordance with statutory provisions.

2021/22	The Pensions Reserve	2022/23
£'000		£'000
(332,244)	<b>Balance at 1 April</b>	(276,615)
80,185	Remeasurements of the net defined benefit liability	237,308
0	Adjustment against the net defined benefit liability for the McCloud Ruling	0
(40,418)	Reversal of items relating to retirement benefits debited or credited to the Surplus or Deficit on the Provision of Services in the CIES	(43,084)
15,862	Employer's pension contributions and direct payments to pensioners payable in the year	17,761
(276,615)	<b>Balance at 31 March</b>	(64,630)

An analysis of the Pension Reserve by pension fund is set out below. An analysis of the actuarial calculation of the Vale of Glamorgan Council Pension fund at 31<sup>st</sup> March 2023 is included in note 38 to the accounts.

2021/22	The Pensions Reserve	2022/23
£'000		£'000
(268,100)	Vale of Glamorgan Council	(64,159)

(3,160)	Foundation School	(550)
(4,948)	Joint Committee Shared Regulatory Services	(709)
(532)	Joint Committee Vale, Valleys and Cardiff Regional Adoption Service	(81)
125	Joint Committee Central South Consortium	869
<b>(276,615)</b>	<b>Balance at 31 March</b>	<b>(64,630)</b>

### Deferred Capital Receipts Reserve

The Deferred Capital Receipts Reserve holds the gains recognised on the disposal of non-current assets but for which cash settlement has yet to take place. Under statutory arrangements, the Authority does not treat these gains as usable for financing new capital expenditure until they are backed by cash receipts. When the deferred cash settlement eventually takes place, amounts are transferred to the Capital Receipts Reserve.

2021/22	Deferred Capital Receipts Reserve	2022/23
£'000		£'000
11	Balance at 1 April	861
850	Transfer of Deferred Capital Receipt	(850)
<b>861</b>	<b>Balance at 31 March</b>	<b>11</b>

### Accumulated Absences Account

The Accumulated Absences Account absorbs the differences that would otherwise arise on the Council Fund Balance from accruing for compensated absences earned but not taken in the year i.e. annual leave entitlement carried forward at 31 March. Statutory arrangements require that the impact on the Council Fund Balance is neutralised by transfers to or from the Account.

2021/22	Accumulated Absences Account	2022/23
£'000		£'000
<b>(3,652)</b>	<b>Balance at 1 April</b>	<b>(3,652)</b>
(3,652)	Amounts accrued at the end of the current year	(4,629)
3,652	Amount by which officer remuneration charged to the CIES on an accrual basis is different from remuneration chargeable in the year in accordance with statutory requirements.	3,652
<b>(3,652)</b>	<b>Balance at 31 March</b>	<b>(4,629)</b>

## 27. Cash Flow Statement - Operating Activities

The cash flows for operating activities include the following items:

2021/22		2022/23
£'000		£'000
319	Interest Received	1,530
(6,875)	Interest Paid	(6,531)

The surplus or deficit on the provision of services has been adjusted for the following non-cash movements:

2021/22		2022/23
£'000		£'000
11,481	Depreciation and Impairment and Downward Valuations	25,172
78	Amortisation	81
0	Soft Loans (non-subsidiary)	0
850	Deferred revenue Capital Receipt	0
12,670	Increase / (Decrease) in creditors	8,903
(18,623)	(Increase) / Decrease in debtors	1,025
298	(Increase) / Decrease in inventories	(112)
24,556	Movement in pension liability	25,324
0	Other non-cash items charged to the net surplus or deficit on the provision of services	(1,082)
11,176	Carrying amount of non-current assets and non current assets held for sale, sold or de-recognised	6,832
<b>42,486</b>	<b>Adjustments to net surplus or deficit on the provision of services for non-cash movements.</b>	<b>66,143</b>

## 28. Members Allowances

The Authority paid the following amounts to members of the Council during the year. This includes payments to Co-opted Members.

	2021/22	2022/23
	£'000	£'000
Salaries	687	892
Allowances	220	250
Expenses	0	1
<b>Total</b>	<b>907</b>	<b>1,143</b>

### 29. External Audit Costs

The Authority has incurred the following costs in relation to the audit of the Statement of Accounts, certification of grant claims and statutory inspections and non-audit services provided by the Authority's external auditors.

	2021/22	2022/23
	£'000	£'000
Fees payable to Audit Wales with regard to external audit services carried out by the appointed auditor.	171	197
Fees payable to Audit Wales in respect of performance audit	101	116
Fees payable to Audit Wales for the certification of grant claims and returns	45	52
<b>Total</b>	<b>317</b>	<b>365</b>

### 30. Employees Emoluments

#### Remuneration Ratio

The remuneration ratio is arrived at by taking the median amount of remuneration for 2022/23 for all Vale of Glamorgan employees (excluding those employed by a Voluntary Aided or Foundation School) as at 31<sup>st</sup> March 2023. This Median remuneration is then compared to the annualised remuneration for the Head of Paid Service in the Council which is the Chief Executive. In 2022/23 the remuneration ratio is 1:5 and in 2021/22 the remuneration ratio was 1:6.

#### Officers remunerated in excess of £60,000

The Returning Officer's remuneration is not included in the table below (£23,979 in 2021/22 and £0 in 2022/23) including pension contributions) and has been paid in accordance with the WG Guidance on remuneration

Senior Officers whose remuneration is included in the senior officers emoluments disclosure are also included in the bandings table. Staff employed by a voluntary aided or Roman Catholic aided schools are excluded from the remuneration bandings calculation.

The number of employees whose remuneration excluding employer's pension contributions was £60,000 or more in bands of £5,000 are shown in the following table:

Remuneration Band	2021/22 Number of Teaching Employees	2021/22 Number of Non Teaching Employees	2021/22 Total Number of Employees	2022/23 Number of Teaching Employees	2022/23 Number of Non Teaching Employees	2022/23 Total Number of Employees
£60,000-£64,999	27	8	35	24	22	46
£65,000-£69,999	16	2	18	23	2	25
£70,000-£74,999	12	1	13	13	0	13
£75,000-£79,999	10	1	11	13	2	15
£80,000-£84,999	2	7	9	6	6	12
£85,000-£89,999	4	1	5	3	2	5
£90,000-£94,999	0	3	3	2	2	4
£95,000-£99,999	1	0	1	0	2	2
£100,000-£104,999	0	0	0	3	0	3
£105,000-£109,999	0	3	3	0	3	3
£110,000-£114,999	0	0	0	0	0	0
£115,000-£119,999	1	0	1	0	0	0
£120,000-£124,999	1	0	1	2	0	2
£125,000-£129,999	1	0	1	0	0	0
£130,000-£134,999	0	0	0	0	0	0
£135,000-£139,999	0	0	0	2	0	2
£140,000-£144,999	1	1	2	0	1	1
£145,000-£149,999	0	0	0	1	0	1
<b>Total</b>	<b>76</b>	<b>27</b>	<b>103</b>	<b>92</b>	<b>42</b>	<b>134</b>

The number of employees above excludes Teaching positions employed by their Governing Body. The remuneration bands include expenses chargeable to United Kingdom income tax.

#### 2021/22 Senior Officers Emoluments

Post Holder Information	Salary	Expense Allowances	Pension Contribution	Total Remuneration
	£	£	£	£
Managing Director (to 24 <sup>th</sup> January 2022) / Chief Executive (from 25 <sup>th</sup> January 2022)	140,721	0	29,833	170,544
Director of Social Services	107,101	0	22,894	129,995
Director of Environment and Housing Services	107,257	0	22,738	129,995
Head of Finance (to 5 <sup>th</sup> December 2021)	70,726	0	13,267	83,993

Interim Head of Finance from (6th December 2021 to 31st March 2022)	31,035	0	5,993	37,028
Head of Legal Services (Monitoring Officer)	92,018	0	19,508	111,526
Head of Human Resources	81,325	0	17,050	98,375
Head of Regeneration and Planning	81,325	0	17,241	98,566
Head of Policy and Business Transformation	77,261	0	16,379	93,640
Head of Digital / Strategy, Community Learning and Resources	91,971	0	19,498	111,469

#### 2022/23 Senior Officers Emoluments

Post Holder Information	Salary	Expense Allowances	Pension Contribution	Total Remuneration
	£	£	£	£
Chief Executive	142,646	0	30,241	172,887
Director of Social Services	109,182	0	23,147	132,329
Director of Environment and Housing Services	109,182	0	23,147	132,329
Director of Learning and Skills	109,182	0	23,147	132,329
Head of Finance (Started 4/04/2022)	89,320	0	18,936	108,256
Head of Legal Services (Monitoring Officer)	94,135	0	19,957	114,092
Head of Human Resources	83,553	0	17,649	101,202
Head of Regeneration and Planning to 24/04/2022 then Director of Place	97,443	0	20,658	118,101
Head of Policy and Business Transformation to 24/04/2022 then Director of Resources	97,172	0	20,601	117,773
Head of Digital / Strategy, Community Learning and Resources to 31/05/2022 then Head of Strategy, Community Learning and Resources	85,064	0	18,034	103,098

The Pension Contribution shown above includes the deficit recovery element of the contributions made to Cardiff and Vale Pension Fund.

### Exit Packages

The number of exit packages with total cost per band and total cost of the compulsory and other departures are set out in the tables below.

Teachers are included even where appointed by the Governing body, as the liability for redundancy costs is with the Authority rather than the school.

2021/22				2022/23		
Number of other departures agreed	Total number of exit packages by cost band	Total cost of exit packages in each band	Exit Package cost band (including special payments)	Number of other departures agreed	Total number of exit packages by cost band	Total cost of exit packages in each band
		£	£			£
7	7	18,598	0-20,000	4	4	33,905
2	2	59,738	20,001-40,000	2	2	61,661
1	1	59,686	40,001-60,000	0	0	0
0	0	0	60,001-80,000	0	0	0
0	0	0	80,001-100,000	0	0	0
1	1	121,699	100,001-150,000	1	1	120,179
11	11	259,721	Total	7	7	215,745

### 31. Grant Income

The Authority credited the following grants, contributions and donations to services.

	2021/22	2022/23
Credited to Services	£'000	£'000
Arts Council	15	9
Cabinet Office	441	(22)
Home Office	10	353
Department for Works and Pensions	29,969	27,327
Education Workforce Council	110	196
European Rural Development Programme	195	47
HMRC	0	0
Department for Levelling Up Housing and Communities	484	627
Lottery	46	1
Ministry of Defence	3	0
Natural Resources Wales	0	5
Police & Crime Commissioner	105	67

Public Health Wales	129	133
Rural Payments Agency	139	139
Sports Wales/Disability Sports Wales	310	265
Welsh Government	75,460	49,702
Welsh Local Government Association	484	500
Youth Justice Board	172	191
Other	31	259
<b>Total</b>	<b>108,103</b>	<b>79,799</b>

### Capital Grants Received in Advance

	2021/22	2022/23
	£'000	£'000
Section 106 agreements – unapplied	19,439	19,412
Other Capital Grants Received in Advance	3,507	3,293
S106 Administration Fees	352	353
<b>Total Capital Grants Received in Advance</b>	<b>23,298</b>	<b>23,058</b>
The amount has been apportioned as follows:		
To be applied within one year	13,410	13,290
To be applied after one year	9,888	9,768
<b>Total</b>	<b>23,298</b>	<b>23,058</b>

### 32. Agency Funds and Other Funds Administered by the Council

Welsh Government (WG) has provided funding to the Council to provide recyclable loans for housing and town centre regeneration. For the Home Improvement scheme, funding has been received both in the form of a grant and as a repayable loan. The loan element of the Home Improvement Loan scheme is repayable to WG during 2029/30 with £153k of the Town Centre Improvement Loan being repayable to WG by 31<sup>st</sup> March 2030 and a further £893k being repayable by 31<sup>st</sup> March 2031. An analysis of the funding sources is shown in the table below along with a breakdown of the repayment profile for loans that have been issued by the Council.

As at 31 <sup>st</sup> March 2023	Home Improvement Loans	Town Centre Improvement Loan
Funding Source for Loan Scheme	£'000	£'000
Grant	752	0
Loan	868	1,346
<b>Total Funding (included in Long Term Liabilities)</b>	<b>1,620</b>	<b>1,346</b>

<b>Repayments Due to Council</b>		
Within 12 months	493	0
Over 12 months	717	1,000
<b>Total Value of Outstanding Repayments (included in Debtors)</b>	<b>1,210</b>	<b>1,000</b>

The Council maintains individual Safe Custody accounts for service users living in the community, who are unable to deal with their financial affairs due to their mental incapacity. The Chief Officer Social Care is the appointee with the Department for Work & Pensions for each of the service users. The balance of monies held by the Council at 31 March 2023 was £458k.

### 33. Joint Committees

The Council is a member of a number of Joint Committees and the unaudited accounts have been consolidated into the Council's Financial Statements on a line by line basis calculated using a reasonable apportionment methodology e.g. population, Education Indicator Based Assessment Share. The Joint Committees consolidated are;

#### 1. Shared Regulatory Service

The Shared Regulatory Service was created on 1st May 2015 to provide a range of regulatory services across Cardiff, Bridgend and the Vale of Glamorgan. The Council is the host authority for the service.

Shared Regulatory Service 2021/22	Vale of Glamorgan Council Share 2021/22	Income and Expenditure Statement	Shared Regulatory Service 2022/23	Vale of Glamorgan Council Share 2022/23

## 6. City Deal

The £1.2 billion Cardiff Capital Region City Deal has been established between the UK Government, the Welsh Government and 10 local authorities in South East Wales, including the Vale of Glamorgan Council. The Deal is expected to deliver up to 25,000 new jobs and bring in an additional £4 billion of private sector investment. The Deal will cover a 20 year period and work is currently ongoing to establish projects to be undertaken and cost implications for each authority. There was not a capital contribution to the Joint Committee during 2022/23. Due to the technical nature of the accounts the draft 2022/23 accounts were not available during the accounts preparation period and therefore Income and Expenditure for 2022/23 has been consolidated on the basis of the Month 10 monitoring projections and the balance sheet has been maintained at the 2021/22 levels. The consolidation will be corrected during the audit period when draft accounts are available.

### 34. Pooled/Joint Budgets Arrangements

The Council has entered into a number of joint and pooled budget arrangements for the following :-

#### Older People Care Accommodation Pooled Budget

Under regulation 19(1) of the Partnership Arrangements (Wales) Regulations 2015, a pooled budget arrangement has been agreed between Cardiff and Vale local authorities and the Cardiff and Vale University Health Board in relation to the

provision of care home accommodation for older people. The arrangement came into effect on 1st April 2018. Cardiff Council is currently acting as host authority. The processes for commissioning and payment for services has remained unchanged and is still undertaken by the individual partner's. Each partner continues to be responsible for their own budget and expenditure.

Costs incurred by each partner are charged to the pooled budget held by Cardiff Council and these costs are then offset by contributions made by each partner into the pool. The value of the Vale's transactions into and out of the pool for 2022/23 are £12.06m.

### Joint Equipment Store (JES)

The contributors to the pool are the Vale of Glamorgan Council, Cardiff County Council and the Cardiff and Vale University Health Board. The JES is run by Cardiff County Council and provides community equipment and minor adaptations to residents of Cardiff and the Vale of Glamorgan. £365k was paid into the pool in respect of 2022/23.

### Integrated Care Fund (ICF)

ICF grant is provided to the Cardiff and Vale University Health Board by Welsh Government. The funding allows various initiatives to be undertaken by the Cardiff and Vale University Health Board, Cardiff County Council and the Vale of Glamorgan Council. This fund is being used to build effective working practices across health, social services and housing, to take forward schemes which demonstrate an effectiveness across community and acute environments and linking out-of-hospital care and social care to strengthen the resilience of the unscheduled care system. The Vale of Glamorgan Council undertook revenue schemes to the value of £4.038m and capital schemes to the value of £41k during 2022/23 from this fund.

### Integrated Family Support Service (IFSS)

The service covers the Vale of Glamorgan Council and Cardiff County Council geographical area. The service is run by Cardiff County Council and provides targeted intervention to support children and families affected by parental substance misuse. The Vale of Glamorgan Council contributed £284k to the service in 2022/23.

## Coroner

There is a South Wales Central Joint Coroner Service for Rhondda Cynon Taf, Cardiff, Powys, Bridgend, Merthyr Tydfil and the Vale of Glamorgan Councils. The service is hosted by Rhondda Cynon Taf. During 2022/23 the Council made contributions of £368k to the service.

## Shared Internal Audit Service

The Council is the lead authority for a Shared Internal Audit Service covering the Vale of Glamorgan, Rhondda Cynon Taf, Merthyr Tydfil and Bridgend Councils. The total cost of the service for 2022/23 was £1.026M with a contribution of £183k from the Vale of Glamorgan, £311k from Rhondda Cynon Taf and £245k Merthyr Tydfil and £287k from Bridgend. As at 31<sup>st</sup> March 2023 a reserve to the value of £261k was held by the Vale of Glamorgan Council on behalf of the service.

## Local Resilience Forum

The Authority is the lead for the Local Resilience Forum, the members of the forum are; the Local Health Board, Natural Resources Wales, Fire Service, South Wales Police and Local Authorities - Cardiff, Newport, Swansea, Bridgend, Rhondda Cynon Taf and The Vale of Glamorgan.

The Local Resilience Forum is no longer consolidated into the Council's accounts. The Council's share of the LRF's balance is 8% and the overall reserve balances stood at £173k at 31<sup>st</sup> March 2023.

## Swansea and Carmarthen Bay Coastal Engineering Group.

The Authority is the lead for the Swansea and Carmarthen Bay Coastal Engineering Group. The members of the partnership are Natural Resources Wales, Pembrokeshire County Council, Swansea City County Council, Bridgend County Borough Council, Carmarthenshire County Council and the Vale of Glamorgan.

This group is not consolidated into the Council's accounts. The overall cash balance of the group was £247k at 31<sup>st</sup> March 2023 due to a WG grant that has been carried forward,.

### **35. Other Related Parties**

Other than that shown below there are no matters that the Council is required to disclose separately as material transactions with related parties – bodies or individuals that have the potential to control or influence the Council or to be controlled or influenced by the Council other than those shown elsewhere in the

notes to the accounts. All transactions referred to in this Related Parties disclosure have been conducted on an arms length basis.

There are no monies owed from/to disclosed related parties at the end of the year. If there are any outstanding amounts at year end they will be included in the relevant disclosure.

Welsh Government effect influence on the Authority via legislation and grant funding. As at 31<sup>st</sup> March 2023 there was a debtor balance of £7.069m for revenue and £9.942m for capital. During 2022/23 the Council received revenue grants as set out in Notes 0 and 12.

The Authority has material transactions with the Cardiff and Vale University Health Board in respect of Social Service matters whereby the Health Board reimburses the Authority for Continuing Health Care costs. The Council also receives Regional Integration Funding and other grant income for capital and revenue expenditure from the Health Board. During 2022/23 there were income transactions with the Health Board totalling £3.578m and as at 31<sup>st</sup> March 2023 there was a debtor balance of £2.214m.

As part of the Covid response PPE has been distributed to the Council by the JES. The PPE has been utilised in part by the Council (predominantly is the Social Services directorate) but has also been passed on to third parties such as private Residential homes and domiciliary care providers.

The Big Fresh Catering Company (BFCC) was established on 1<sup>st</sup> January 2020 and the Vale of Glamorgan Council is sole shareholder. The Council has included income of £212k and expenditure of £5.659m in its 2021/22 single entity accounts. A number of Council Officers and Members were named as directors of BFCC during the 2022/23 financial year, Cabinet Member for Learning and Skills Cllr Rhiannon Birch, Head of Strategy, Community Learning and Resources, the Headteacher at Sully Primary School and the Headteacher St Richard Gwyn and James Sommerin. None of these Directors are remunerated in excess of the sum included in the Single Entity accounts for their role in BFCC.

At the 31 March 2023 there are 31 Vale of Glamorgan Councillors who also were members of Town and Community Councils. The precepts raised in respect of Town and Community Councils in the Vale were £3.270m in 2022/23 (£3.174m in 2021/22) and are included in the Comprehensive Income and Expenditure Statement.

### **36. Operating Leases (Lessor)**

The future minimum lease payments due under non-cancellable leases in future years are:

	2021/22 Land and Buildings	2021/22 Other Leases	2022/23 Land and Buildings	2022/23 Other Leases

### 37. Operating Leases (Lessee)

The future minimum lease payments due under non-cancellable leases in future years are:

	2021/22 Land and Buildings (Restated)	2021/22 Other Leases	2022/23 Land and Buildings	2022/23 Other Leases
	£'000	£'000	£'000	£'000
Within 1 year	263	0	268	0
Between 1 and 5 years	736	0	686	0
After 5 years	1,350	0	1,181	0
<b>Total</b>	<b>2,349</b>	<b>0</b>	<b>2,135</b>	<b>0</b>

### 38. Pension Assets and Liabilities

#### Local Government Pension Scheme Funded Benefits

The disclosures below relate to the funded liabilities within the Cardiff and Vale of Glamorgan Pension Fund (the Fund) which is part of the Local Government Pension Scheme (the LGPS). The LGPS is a funded defined benefit plan with benefits earned up to 31 March 2014 being linked to final salary. Benefits after 31 March 2014 are based on a Career Average Revalued Earnings scheme. Details of the benefits to be paid for the period covered by this disclosure are set out in the 'Local Government Pension Scheme Regulations 2013' and 'The Local Government Pension Scheme (Transitional Provisions, Savings and Amendment) Regulations 2014'.

The funded nature of the LGPS requires the Employer and its employees to pay contributions into the Fund, calculated at a level intended to balance the pension liabilities with investment assets. Information on the framework for calculating contributions to be paid is set out in LGPS Regulations 2013 and the Fund's Funding Strategy Statement. The last actuarial valuation was at 31 March 2022 and the contributions to be paid until 31 March 2024 resulting from that valuation are set out in the Fund's rates and adjustment certificate.

The Fund Administering Authority, City and County of Cardiff, is responsible for the governance of the Fund.

## Local Government Pension Scheme Unfunded Benefits

The disclosures below also relate to the unfunded pension arrangements established by The Vale of Glamorgan Council. These are termination benefits made on a discretionary basis upon early retirement in respect of members of the Local Government Pension Scheme (LGPS) under the Local Government (Early Termination of Employment) (Discretionary Compensation) (England and Wales) Regulations and members of the Teachers' Pension Scheme.

The latest actuarial valuation of unfunded benefits took place as at 31 March 2022. Liabilities have been estimated by the independent qualified actuary basis on an actuarial basis using the projected unit credit method.

The accounts have been adjusted to include the Joint Committees and the Foundation School's Pension Liabilities. The Council's share of the Joint Committees and Foundation School's pension liabilities are reflected in the disclosure notes below. The table below sets out the reconciliation of the pension liability figure included on the Council's balance sheet.

The Central South Consortium and Shared Regulatory Service Joint Committees are consolidated using different percentages each year this means that there are small discrepancies between the closing 2021/22 position and the opening 2022/23 position for some of the notes included in this analysis.

Pension Liability	31 March 2022	31 March 2023
	£'000	£'000
Vale of Glamorgan Council Pension (Liability)	(268,100)	(64,159)
Vale, Valleys and Cardiff Regional Adoption Service Joint Committee Pension (Liability)	(532)	(81)
Shared Regulatory Service Joint Committee Pension (Liability)	(4,948)	(709)
Central South Consortium Joint Committee Pension Asset	125	869
Foundation School Pension (Liability)	(3,160)	(550)
<b>Total Pension Liability</b>	<b>(276,615)</b>	<b>(64,630)</b>

\*The administering body for the Central South Consortium Joint Committee Pension Fund is Rhondda Cynon Taf County Council.

Liabilities have been estimated by the independent qualified actuary on an actuarial basis using the projected unit credit method.

## Key issues impacting the actuarial calculation

### 2022 Actuarial Valuation

These results allow for the 2022 Actuarial Valuation of the Cardiff and Vale Pension Fund. The effect of this is shown in the Actuarial (gains)/losses due to liability

experience and the Return on plan assets (in excess of)/below that recognised in net interest and is reflected in the balance sheet position. The demographic assumptions have also been adjusted, and the Current Service Cost has also been updated to reflect the employer's membership data as at the 2022 valuation.

### McCloud Judgement

All employers will have accounted for McCloud in previous years and there is therefore no requirement to recognise an additional past service cost in relation to this.

### Assets Returns

Asset Returns over the accounting period have been lower than expected. This has led to a loss on assets over the accounting period and a worsening balance sheet position before allowance for the 2022 Actuarial Valuation.

### Financial Assumptions

All inflation linked benefits are determined by reference to CPI. The recommended CPI Inflation at each duration has been calculated using the Aon UK Gilts Prices RPI curve adjusted for the RPI-CPI wedge, establishing an equivalent average CPI inflation rate for the four sample schemes.

The defined benefit obligation has been adjusted for actual CPI inflation being higher (or lower) than assumed. Over this accounting period the adjustment is based on actual CPI inflation of 13.8% between September 2021 and February 2023.

The defined benefit obligation has been adjusted to allow for salary increases of 7% per annum in line with the average settlement for 2022 under the National Joint Council negotiations. This impacts the value of active members' liabilities that remain linked to final salary.

### Demographic Assumptions

All mortality assumptions are based on an analysis of the Funds recent mortality experience that was carried out in advance of the 2022 valuation of the Fund using Aon's demographic horizon's longevity model.

Other demographic assumptions are the rates of withdrawal and ill health retirements (for active members). The allowance made for cash commutation on retirement, the proportion of members whose death gives rise to a dependants pension and the assumed levels of promotional salary increases. These assumptions have been kept at the same level as in the 2022 valuation.

### Impact of Covid-19 on Mortality

ONS Data showed that the cumulative deaths in 2020 and 2021 were well outside the range of the outcomes seen in recent years. There is likely to be an initial experience gain to pension funds from excess deaths over this period. This effect has been captured as part of the update of employer accounting figures to the results of the 2022 valuation and further allowance for experience after March 2022 is not reflected in the accounting figures.

The impact of longevity for the Fund's members will additionally be affected by the indirect impact of Covid 19, including the health of the surviving population and the economic, social and political consequences of tackling Covid 19. Current expectations are that Covid 19 will have a negative impact on the rate of future longevity improvements.

#### Estimated Employer Payments 2023/24

The estimated Employer payments for the year ended 31<sup>st</sup> March 2023 are set out in the table below. Additional contributions may also become due in respect of any employer discretions to enhance members' benefits in the Fund over the next accounting period.

Employer regular contribution for 2023/24	Year ended 31 <sup>st</sup> March 2024 (£M)
Vale of Glamorgan	15.05
Foundation School	0.30
Vale of Glamorgan share of Shared Regulatory Service	0.267
Vale of Glamorgan share of Vale, Valleys and Cardiff Regional Adoption Service	0.04
Vale of Glamorgan share of Central South Consortium	0.047
<b>Total</b>	<b>15.704</b>

The expected employer payments direct to beneficiaries in 2023/24 for unfunded pensions is £1.26M.

The principal assumptions used by the actuary in updating the latest valuation of the Fund for IAS 19 purposes were:

#### Principal Financial Assumptions (% per annum)

	Funded			Unfunded		
	31/03/21	31/03/22	31/03/23	31/03/21	31/03/22	31/03/23
	%	%	%	%	%	%
Discount Rate	2.1	2.7	4.7	2.1	2.7	4.7
CPI Rate	2.7	3.0	2.7	2.7	3.0	2.7

Rate of increase to pensions (1)	2.7	3.0	2.7	2.7	3.0	2.7
Pension accounts revaluation rate (2)	2.7	3.0	2.7			
Rate of general increase in salaries (3)	3.7	4.0	3.7			

The above Pension assumptions apply to Cardiff and Vale Pension Fund schemes (Vale of Glamorgan and the Foundation School).

- The duration of the liabilities is the average period between the calculation date and the date at which benefit payments fall due. Durations will be calculated based on the output of the most recent valuation exercise of the Employer's funded liabilities
- Employers may also prepare a separate disclosure note for their unfunded benefit schemes' which pay pensions awarded at retirement on a discretionary basis. The duration of the unfunded liabilities will usually be shorter than the duration of the LGPS benefits. In the interest of pragmatism and practicality it is recommended that the financial assumptions used to report the unfunded scheme liabilities are the same as those used for valuing funded benefits.
- Pension increases on pension in excess of the Guaranteed Minimum Pension in payment where appropriate.
- It is recommended that the assumption for the revaluation rate of pension accounts is set equal to the assumption for pension increases.
- The defined benefit obligation has been adjusted to allow for salary increases of 7% pa in line with the average settlement for 2022 under National Joint Council negotiations. This impacts the value of active members' liabilities that remain linked to final salary.
- The mortality tables shown apply to normal health retirements. Different rates may apply to retirements in ill health

Assumptions for the Vale, Valleys and Cardiff Regional Adoption Service and Shared Regulatory Service are set out below:

	<b>Joint Committees Vale Valleys and Cardiff Regional Adoption Service and Shared Regulatory Service (Funded)</b>		
	<b>31/03/21</b>	<b>31/03/22</b>	<b>31/03/23</b>
	<b>%</b>	<b>%</b>	<b>%</b>
Discount Rate	2.1%	2.7%	4.6%
CPI Rate	2.6%	2.9%	2.6%

Rate of increase to pensions (1)	2.6%	2.9%	2.6%
Pension accounts revaluation rate (2)	2.6%	2.9%	2.6%
Rate of general increase in salaries (3)	3.6%	3.9%	3.6%

Assumptions for the Central South Consortium Pension Fund are set out below:

	Central South Consortium (Funded)		
	31/03/21	31/03/22	31/03/23
	%	%	%
Discount Rate			
CPI Rate	2.1%	2.7%	4.7%
Rate of increase to pensions (1)	2.7%	3.0%	2.7%
Pension accounts revaluation rate (2)	2.7%	3.0%	2.7%
Rate of general increase in salaries (3)	3.95%	4.25%	3.95%

The majority of the pension liabilities are linked to either price or pay inflation. Higher inflation expectations will lead to a higher liability value. The assets are either unaffected or loosely correlated with inflation meaning that an increase in inflation will increase the deficit.

The mortality assumptions are based on the recent actual mortality experience of members within the Fund and allow for expected future mortality improvements.

#### Post retirement mortality (retirement in normal health)

Post Retirement Mortality	Funded (excl CSC)		CSC Funded		Unfunded	
	31/03/22	31/03/23	31/03/22	31/03/23	31/03/22	31/03/23
<b>Males</b>						
Future lifetime from age 65 (aged 65 at accounting date)	22.1	22.6	21.6	21.6	22.1	22.6
Future lifetime from age 65 (aged 45 at accounting date)	23.2	23.2	22.6	22.9		
<b>Females</b>						
Future lifetime from age 65 (aged 65 at accounting date)	24.6	24.7	23.9	24.2	24.6	24.7
Future lifetime from age 65 (aged 45 at accounting date)	26.0	25.8	25.4	25.7		

The majority of the Fund's obligations are to provide benefits for the life of a member following retirement, so increases in life expectancy will result in an increase in the approximate split of assets for the Fund as a whole (based on data supplied by the Fund Administering Authority) is shown in the table below. The assets allocated to

the employer in the Fund are notional and the assets are assumed to be invested in line with the investments of the Fund set out below for the purposes of calculating the return to be applied to those notional assets. The Fund is large and largely liquid and as a consequence there will be no significant restriction on realising assets if the situation arises. The assets are invested in a diversified spread of investments and the approximate split for the Fund as a whole is included in the disclosures.

The Administering Authority does not invest in property or assets related to itself. It is possible, however, that assets may be invested in shares relating to some of the private sector employers participating in the Fund if it forms part of their balanced investment strategy.

	Funded (excl CSC)		Funded CSC	
	Asset split at 31 March 2022 (%)	Asset split at 31 March 2023 (%)	Asset split at 31 March 2022 (%)	Asset split at 31 March 2023 (%)
Equities	67.5	67.9	68.75	68.18
Property	6.9	7.2	6.6	7.76
Government Bonds	9.2	8.8	11.7	10.47
Corporate Bonds	8.4	7.6	12.6	12.38
Cash	2.3	3.2	0.35	0.67
Infrastructure	0	0	0	0.54
Other	5.7	5.3	0	0
<b>Total</b>	<b>100.0</b>	<b>100.0</b>	<b>100.0</b>	<b>100.0</b>

Of the assets shown above for Funded (excl CSC) 4.5% are classified as unquoted equities at 31<sup>st</sup> March 2023.

#### Reconciliation of Funded/Unfunded Status to Balance Sheet

As at 31/03/22	Funded					Unfunded	Total
	Vale	Foundation School	CSC	SRS	VVC		
	£M's	£M's	£M's	£M's	£M's	£M's	£M's
Fair Value of Assets	498.62	6.95	5.025	6.962	0.734	0	518.291
Present Value of Defined Benefit Obligation	(753.91)	(10.11)	(4.9)	(11.91)	(1.256)	(12.81)	(794.895)
<b>Funded/Unfunded status</b>	<b>(255.29)</b>	<b>(3.16)</b>	<b>0.125</b>	<b>(4.948)</b>	<b>(0.521)</b>	<b>(12.81)</b>	<b>(276.605)</b>
Impact of minimum funding requirement / asset ceiling	0	0	0	0	0	0	0
<b>Asset / (Liability) recognised on the Balance Sheet</b>	<b>(255.29)</b>	<b>(3.16)</b>	<b>0.125</b>	<b>(4.948)</b>	<b>(0.521)</b>	<b>(12.81)</b>	<b>(276.605)</b>

As at 31/03/23	Funded					Unfunded	Total
	Vale	Foundation School	CSC	SRS	VVC		
	£M's	£M's	£M's	£M's	£M's	£M's	£'Ms
Fair Value of Assets	510.14	7.04	4.671	7.392	0.768	0	530.011
Present Value of Defined Benefit Obligation	(563.27)	(7.59)	(3.802)	(8.101)	(0.846)	(11.03)	(594.639)
<b>Funded/Unfunded status</b>	(53.13)	(0.55)	0.869	(0.709)	(0.078)	(11.03)	(64.628)
Impact of minimum funding requirement / asset ceiling	0	0	0	0	0	0	0
<b>Asset / (Liability) recognised on the Balance Sheet</b>	<b>(53.13)</b>	<b>(0.55)</b>	<b>0.869</b>	<b>(0.709)</b>	<b>(0.078)</b>	<b>(11.03)</b>	<b>(64.628)</b>

The split of the defined benefit obligation at the last valuation date between the various categories of members was as follows:

Active Members	Vale of Glamorgan	Foundation School	CSC	SRS	VVC
	%	%	%	%	%
Active Members	38%	69%	n/a	73%	70%
Deferred Pensioners	17%	8%	n/a	11%	15%
Pensioners	45%	23%	n/a	16%	15%

Employers who leave the Fund (or their guarantor) may have to make an exit payment to meet any shortfall in assets against their pension liabilities. If the employer (or guarantor) is not able to meet this exit payment the liability may in certain circumstances fall on other employers in the Fund. Further the assets at exit in respect of 'Orphan Liabilities' may in retrospect not be sufficient to meet the liabilities. This risk may fall on other employers. 'Orphan Liabilities' are currently a small proportion of the overall liabilities in the Fund.

#### Maturity Profile of the Defined Benefit Obligation

The estimated duration of liabilities for the scheme members is set out below.

Duration of Liabilities (in years)	Vale of Glamorgan	Foundation School	CSC	SRS	VVC
2021/22	20.2	22.6	n/a	27.3	27.8
2022/23	17.1	18.4	n/a	22.3	23.1

### Sensitivity Analysis of Projected Service Costs 2022/23

The estimation of the defined benefit obligations is sensitive to the actuarial assumptions. The sensitivity analyses below have been determined based on reasonably possible changes of the assumptions occurring at the end of the reporting period and assumes for each change that the assumption analysed changes while all the other assumptions remain constant. The assumptions in longevity, for example, assume that life expectancy increases or decreases for men and women. In practice, this is unlikely to occur, and changes in some of the assumptions may be interrelated. The estimations in the sensitivity analysis have followed the accounting policies for the scheme, i.e. on an actuarial basis using the projected unit credit method. The methods and types of assumptions used in preparing the sensitivity analysis below did not change from those used in the previous period.

Projected service cost in the sensitivity analysis below is the projected service cost for the period ending 31st March 2024.

The Sensitivity Analysis is only shown below relating to the main Vale of Glamorgan LGPS pension fund however a similar analysis have been compiled as part of the actuarial report for each pension fund that has been consolidated as part of these accounts.

#### Discount rate assumption

Adjustment to discount rate	+0.1% p.a.	Base figure	-0.1% p.a.
Present value of total obligation (£M)	7.45	7.59	7.73
% change in present value of total obligation	-1.8%		1.9%
Projected service cost (£M)	0.32	0.33	0.34
Approx. % change in projected service cost	-3.3%		3.4%

#### Rate of general increase in salaries

Adjustment to salary increase rate	+0.1% p.a.	Base figure	-0.1% p.a.
Present value of total obligation (£M)	7.61	7.59	7.57
% change in present value of total obligation	0.3%		-0.3%

Projected service cost (£M)	0.33	0.33	0.33
Approx. % change in projected service cost	0.0%		0.0%

#### Rate of increase to pensions and rate of revaluation of pension accounts

Adjustment to pension increase rate	+0.1% p.a.	Base figure	-0.1% p.a.
Present value of total obligation (£M)	7.71	7.59	7.48
% change in present value of total obligation	1.6%		-1.5%
Projected service cost (£M)	0.34	0.33	0.32
Approx. % change in projected service cost	3.4%		-3.3%

#### Post retirement mortality assumption\*

Adjustment to mortality age rating assumption	-1 year	Base figure	+1 year
Present value of total obligation (£M)	7.79	7.59	7.39
% change in present value of total obligation	2.7%		-2.7%
Projected service cost (£M)	0.34	0.33	0.32
Approx. % change in projected service cost	3.5%		-3.5%

\*A rating of +1 year means that members are assumed to follow the mortality pattern for the base table for an individual that is 1 year older than them.

#### Teacher's Pension Scheme

The total employer contributions to the Teacher's Pension Scheme in 2022/23 made by the Council were £14.081m. This includes contributions for Teachers appointed by the Governing body. The total employer contributions to the Teacher's Pension Scheme in 2021/22 made by the Council were £13.049m.

A notional fund is used as the basis for calculating the employer's contribution rate paid by local authorities and valuations of the notional fund are undertaken every four years. This scheme is administered by the Teachers' Pensions Agency (TPA). No liability for future payments of these benefits is recognised in the Council's Balance Sheet.

It is projected that the total employer contributions to the Teacher's Pension Scheme in 2023/24 will be approximately £14.873m.

### 39. Contingent Liabilities

#### Municipal Mutual Insurance Ltd. (MMI)

Municipal Mutual Insurance (MMI) was the main insurer of the public sector prior to it closing its insurance business in 1992. A scheme is in place for any liabilities still outstanding from historic insurance with MMI and therefore a provision has been included in the accounts. Any increase in claims could lead to a further levy being imposed on the Authority by the administrator of MMI in the future; provision for any sum due will be made once such an event becomes likely and can be reasonably assessed. The scheme administrator regularly reviews the scheme and any significant changes in the financial position may lead to a further clawback.

### BFCC Pension Liability

The Council has agreed to guarantee the opening pension liability as shown on the BFCC accounts, this is because the liability relates to its' former employees and the opening deficit is approximately equivalent to a gain shown against the Council's settlement for BFCC. Any additional deficit should be recovered as part of the pension contribution rate set as part of the next triennial actuarial valuation.

### 40. Nature and Extent of Risks Arising From Financial Instruments

The Authority's activities expose it to a variety of financial risks:

- Credit risk – the possibility that other parties might fail to pay amounts due to the Authority;
- Liquidity risk – the possibility that the Authority might not have funds available to meet its commitments to make payments;
- Market risk – the possibility that financial loss might arise for the Authority as a result of changes in such measures as interest rates and stock market movements.

The Authority's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the resources available to fund services. The Council has approved the Annual Treasury Management Strategy which includes policies on risk management.

#### Credit Risk

Credit risk arises from deposits with banks and financial institutions, as well as credit exposures to the Authority's customers. Deposits are not made with banks and financial institutions unless they are rated independently and comply with the credit rating as set out in the Treasury Management and Investment Strategy Statement. The Authority's internally managed investments complied with this strategy statement in 2022/23 and the Authority does not expect any losses from non-performance by any of its counterparties in relation to deposits.

The Authority has a cautious approach to risk, with its priority to safeguard capital. During 2021/22 and 2022/23 investments were made with the Debt Management Account Deposit Facility which is guaranteed by the UK Government and UK Local Authorities. The maximum investment sum per Local Authority was £5M and the maximum investment period was 12 months. The Authority also utilised Money Market Funds and Call Accounts with Lloyds (the Council's bankers). Notice Accounts with Santander were introduced during 2021/22. The maximum investment sum with UK institutions was £10m. The investment position at 31<sup>st</sup> March 2023 is set out below;

	31 March 2022	31 March 2023
	£'000	£'000
UK Debt Management Account Deposit Facility	26,650	27,400
UK Local Authorities	55,500	47,250
Federated Hermes Money Market Fund	100	8,250
CCLA Money Market Fund	4,100	0
Treasury Bills	6,500	9,000
Lloyds Instant Access Deposit Account	10	2,000
Lloyds Monthly Bonus Deposit Account	10	10
Santander Notice Accounts	750	10
<b>Total</b>	<b>93,620</b>	<b>93,920</b>
Reconciliation of Investment Balances		
Short Term Investment	82,200	82,900
Overnight Investments shown as Cash and Cash Equivalents	11,420	11,020
<b>Total</b>	<b>93,620</b>	<b>93,920</b>
Short Term Investment Accrued Interest	8	455
Short Term Investment Joint Committees	254	254
	<b>93,882</b>	<b>94,629</b>

### Liquidity Risk

As the Authority has ready access to borrowings from the money markets and the Public Works Loans Board, there is no significant risk that it will be unable to raise finance to meet its commitments under financial instruments. When the Authority borrows money the maturity date determined for the loan is considered on each occasion.

The Authority has one loans of £4M in respect of LOBOs (Lenders Option Borrowers Option). The Lender can increase the interest rate by giving a set period of notice before the interest payment dates in each year, it would then be for the Authority to decide whether to accept the increase or repay the loan. The £4M loan has a full term maturity date of 24<sup>th</sup> February 2054. The maturity analysis of financial liabilities is as follows:

	31 March 2022	31 March 2023
	£'000	£'000
Less than one year	9,163	10,171
Between one and two years	9,902	7,961
Between two and five years	23,145	23,869
More than five years	112,445	106,481
<b>Total</b>	<b>154,655</b>	<b>148,482</b>

## Market Risk

### Interest Rate Risk

The Authority is exposed to significant risk in terms of its exposure to interest rate movements on its borrowings and investments. Movements in interest rates have a complex impact on the Authority. For instance, a rise in interest rates would have the following effects:

- Borrowings at variable rates – the interest expense charged to the Surplus or Deficit on the Provision of Services will rise;
- Borrowings at fixed rates – the fair value of the liabilities borrowings will fall;
- Investments at variable rates – the interest income credited to the Surplus or Deficit on the Provision of Services will rise;
- Investments at fixed rates – the fair value of the assets will fall.

Borrowings are not carried at fair value, so nominal gains and losses on fixed rate borrowings would not impact on the Surplus or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure. However, changes in interest payable and receivable on variable rate borrowings and investments will be posted to the Surplus or Deficit on the Provision of Services and affect the Council Fund Balance. Movements in the fair value of fixed rate investments that have a quoted market price will be reflected in Other Comprehensive Income and Expenditure.

The total Government Grant Support receivable by the Authority for future years is indicative only and therefore no amount has been included for this in the table.

The Treasury Management Strategy Statement includes a section on borrowings and the Head of Finance (Section 151 Officer) will monitor the interest rate market and adopt a pragmatic approach to changing circumstances.

If interest rates had been 1% higher with all other variables held constant, the financial effect would be:

	£'000
Increase in interest payable on variable rate borrowings	41
Increase in interest receivable on variable rate investments	(412)
Increase in government grant receivable for financing costs	0
<b>Impact on (Surplus) or Deficit on the Provision of Services</b>	<b>(371)</b>
Share of overall impact credited to the HRA	(146)
Decrease in fair value of fixed rate investment assets	0
Impact on Other Comprehensive Income and Expenditure	0
Decrease in fair value of fixed rate borrowings liabilities (no impact on the (Surplus) or Deficit on the Provision of Services or Other Comprehensive Income and Expenditure)	(11,545)

To compile the above analysis the Council reviews the following;

- The interest chargeable on LOBO's and other variable rate loans.
- The interest received on investment income in 2022/23.
- Information provided by the Treasury Management Advisor on the projected decrease in fair value of fixed rate borrowings liabilities.

The impact of a 1% fall in interest rates would be as above but with the movements being reversed.

## The Housing Revenue Account

### Housing Revenue Account Income and Expenditure Account

The HRA Income and Expenditure Statement shows the economic cost in the year of providing housing services in accordance with generally accepted accounting practices, rather than the amount to be funded from rents and government grants. Authorities charge rents to cover expenditure in accordance with the legislative framework; this may be different from the accounting cost. The increase or decrease in the year, on the basis on which rents are raised, is shown in the Movement on the Housing Revenue Account Statement.

2021/22		2022/23	2022/23
£'000		£'000	£'000
	<b>Expenditure</b>

## Summary

The Housing Revenue Account revenue balance at 31<sup>st</sup> March 2023 was £16.486m.

### H1 Gross Dwelling Rent Income

This is the total dwelling rent income due for the year after allowance is made for voids. During the year 1.56% of the total dwelling rent due was uncollectable due to lettable properties being vacant; in 2021/22 the figure was 1.3%. Average dwelling rents were £105.82 a week in 2022/23 an increase of 2.95% over the previous year.

### H2 Rent Rebates

Assistance with rents is available under the Housing Benefit Scheme for those on low incomes. 48.45% of the Council's tenants receive some help with the costs of rent charges.

### H3 Housing Stock

Average Housing Stock over the past ten years is shown in the following table:

2013/14	3,940
2014/15	3,937
2015/16	3,930
2016/17	3,909
2017/18	3,891
2018/19	3,883
2019/20	3,868
2020/21	3,894
2021/22	3,916
2022/23	3,940

The numbers and types of dwelling at 31<sup>st</sup> March for the past two years are shown below:

Number of Dwellings by Type	At 31 <sup>st</sup> March 2022	At 31 <sup>st</sup> March 2023	Additions 2022/23	Disposals 2022/23
1 Bedroom Houses	0	0	0	0
2 Bedroom Houses	322	341	19	0
3 Bedroom Houses	1,558	1,562	4	0
4 or more Bedroom Houses	87	87	0	0
1 Bedroom Bungalows	272	272	0	0
2 Bedroom Bungalows	72	72	0	0
3 Bedroom Bungalows	33	33	0	0
4 or more Bedroom Bungalows	2	2	0	0
1 Bedroom Flats	875	875	0	0
2 Bedroom Flats	587	588	1	0
3 Bedroom Flats	93	93	0	0
Other – Hostel	15	15	0	0
<b>Total</b>	<b>3,916</b>	<b>3,940</b>	<b>24</b>	<b>0</b>

The change in stock can be summarised as follows:-

<b>Housing Stock 31<sup>st</sup> March 2022</b>	<b>3,916</b>
Less: Sold	0
Change of Use	0
New Build	24

<b>Housing Stock 31<sup>st</sup> March 2023</b>	<b>3,940</b>
-------------------------------------------------	--------------

#### H4 Rent Arrears

During the year 2022/23 rent arrears as a proportion of gross rent income was 10.23% of the amount due, compared to 8.67% in 2021/22. The figures are as follows: -

	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
Arrears at 31 <sup>st</sup> March	2,032	2,485

Amounts written off during the year amounted to £1k. The aggregate provision in respect of uncollectable rent and other housing debts is £1.746m (£1.425m in 2021/22).

#### H5 Sale of Council Dwellings/ Administration Costs

There were no sale of council dwellings during the year. The right to buy scheme was abolished on 26<sup>th</sup> January 2019.

#### H6 Water Rates

Total monies collected in respect of water rates were £1.672m (£1.582m in 2021/22). Commission earned on this for 2022/23 was £214k (£183k in 2021/22).

#### H7 Capital Expenditure

Capital Expenditure of £22.369m has been spent in 2022/23 improving Council Dwellings and building new Council Dwellings, this Capital Expenditure has been taken into account at arriving at the Council Dwellings valuation.

#### H8 Capital Funding

	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
Unsupported Borrowing	0	0
Supported Borrowing – Affordable Housing Grant	0	0
Usable Capital Receipts	0	2,090
Revenue Contributions	2,676	8,725
Major Repairs Reserve	2,770	2,773
Non HRA Reserve	25	16
Section 20 contributions	662	248
Other Capital Grants	3,923	8,517
<b>Total</b>	<b>10,056</b>	<b>22,369</b>

#### H9 Assets - Depreciation / Impairment

The charge is broken down as follows:-

Council Dwellings	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
Depreciation of Dwellings	1,341	1,404
Depreciation of Other Land and Buildings	108	113
Depreciation of Equipment	4	26

Impairment	0	0
<b>Total</b>	<b>1,453</b>	<b>1,543</b>

Council Dwellings / Other are included in note 15 to the main accounts, Property, Plant and Equipment.

#### **H10 Pension Reserve**

Staff that are employed within the HRA are included in the Vale of Glamorgan Council's share of the Cardiff and Vale of Glamorgan Pension Fund and therefore a proportion of the actuarial adjustments are included in the HRA accounts.

The impact of the principal assumptions used by the independent qualified actuaries in updating the latest valuations of the Fund for IAS 19 are shown below.

	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
IAS 19 Adjustment	415	429
Interest on net defined benefit liability/ (asset)	139	145
<b>Contribution from Pension Reserve</b>	<b>554</b>	<b>574</b>

#### **H11 Major Repairs Allowance**

The Major Repairs Allowance is a grant provided by the Welsh Government and is used to fund capital expenditure in the Housing Revenue Account.

	<b>2021/22</b>	<b>2022/23</b>
	<b>£'000</b>	<b>£'000</b>
<b>Opening Balance brought forward</b>	<b>0</b>	<b>0</b>
Grant Received in Year	2,770	2,773
Grant Utilised in Year	(2,770)	(2,773)
<b>Closing Balance Carried Forward</b>	<b>0</b>	<b>0</b>

## Trust Funds

### Welsh Church Acts

The Council is sole trustee of this Fund which was set up on the disestablishment of The Church in Wales. Funds generated from investments and property rents are disbursed in the form of grants to deserving causes on the basis of applications considered by the Welsh Church Act Estate Committee.

	Balance at 31 March 2022	Acquisitions / Disposals	Revaluation	Surplus/ (Deficit)	Balance at 31 March 2023
	£'000	£'000	£'000	£'000	£'000
Accumulated Fund	5,245	0	(99)	12	5,158

The non-current assets of the fund are included at their 31 March 2023 value. The external investments held by the fund are included at their fair value at 31 March 2023.

The Welsh Church Acts fund although not audited as part of the Council audit, will be subject to independent examination by Audit Wales.

## **Group Accounts Vale of Glamorgan Council and Big Fresh Catering Company**

### **Introduction**

The 2020/21 Local Authority Accounting Code requires the consolidation of material interests on subsidiaries into group accounts in addition to the preparation of single entity accounts.

The Big Fresh Catering Company (BFCC) is a Local Authority Owned Trading Company that was established on 1<sup>st</sup> January 2020, the principle purpose of the organization is the provision of school meals and other catering services. The Council is the sole shareholder and its shares in the company are valued at £1. The accounts for the Big Fresh Catering Company have been prepared for the period ended 31<sup>st</sup> March 2023. At the date of authorising these draft accounts, the audit of the BFCC accounts has been undertaken and is substantially complete but not finalised therefore the accounts remain in draft status.

During the period a board of directors has been established made up of a number of Council Officers and Members. Due to the accounting requirements for Local Government Pension Schemes the organisation is showing a deficit on the accounts for the period. In practice this deficit is underwritten by the Council and steps to set a contribution rate that recover this deficit will be taken as part of the triennial actuarial valuation of the Pension Fund process.

### **Basis of Consolidation**

The group accounts have been prepared on the basis of a full consolidation of the financial transactions and balances of the Council and Big Fresh Catering Company Inter-group transactions and balances between the Council and its subsidiary have been eliminated in full.

The BFCC Accounts that have been consolidated into the Group Accounts reflect the 12 months of operation for the Trading Company.

### **Accounting Policies**

The accounts have been prepared in accordance with the accounting policies used in the preparation of the single entity accounts, the exceptions to this approach are detailed below.

#### **Value Added Tax**

VAT paid by BFCC is accounted for in the Group Comprehensive Income and Expenditure Statement to the extent that it is irrecoverable from HM Revenue and Customs.

<b>Total</b>	<b>92</b>	<b>42</b>	<b>1</b>	<b>135</b>

The Directors of BFCC during the accounting period are set out below. With the exception of the Managing Director post Directors did not receive any additional remuneration in excess of the amount disclosed in the Single Entity Accounts for their roles in the BFCC. The Managing Director of BFCC is a remunerated post and is included in the table above.

Director	Date Appointed
Head of Strategy, Community Learning and Resources	11/09/2019
Cllr Rhiannon Birch (Cabinet Member for Learning and Culture)	01/06/2022
Head of Sully Primary School	31/01/2022

Head of St Richard Gwyn	02/03/2023
Managing Director BFCC	01/01/2020
J J Sommerin	01/07/2021

## G2. Exit Payments

There are no Exit Payments in the Group other than those set out in Note 30 of the Single Entity accounts.

## G3. Members Allowances

The Members allowances for 2022/23 are as shown in Note 0 of the Single Entity Accounts.

## G4. Related Parties

The Related Party transactions are included in Note 35 of the Single Entity Accounts.

## G5. External Audit Costs

	Restated 2021/22	2022/23
	£'000	£'000
Fees payable to Audit Wales with regard to external audit services carried out by the appointed auditor.	171	197
Fees payable to Audit Wales in respect of performance work	101	116
Fees payable to Audit Wales for the certification of grant claims and returns	45	52
Fees payable in respect of other services provided by Audit Wales.	0	0
Fees payable in respect of External Audit of BFCC by Advantage Accountancy and Advisory Limited	10	14
<b>Total</b>	<b>327</b>	<b>379</b>

## G6. Leases

There are no leases in the Group other than those shown in Notes 36 and 37 of the single entity accounts. The Catering Equipment leased to the BFCC by the Vale of Glamorgan in 2021/22 and 2022/23 has been excluded from the Group Accounts as an Intra-company transaction Note 37 is restated below to reflect this adjustment.

	2021/22 Land and Buildings	2021/22 Other Leases	2022/23 Land and Buildings	2022/23 Other Leases
	£'000	£'000	£'000	£'000
Within 1 year	437	0	412	0
Between 1 and 5 years	1,244	0	1,182	0
After 5 years	8,659	0	8,403	0
<b>Total</b>	<b>10,340</b>	<b>0</b>	<b>9,997</b>	<b>0</b>

## G7. Property Plant and Equipment

In addition to the Property Plant and Equipment shown in Note 15 of the single entity accounts. The BFCC holds £16k of Equipment as a Tangible Asset.

Summary of Property Plant and Equipment Group Accounts	Council Dwellings	Land & Buildings	Vehicle Plant & Equipment	Community Asset	Assets under Construction	Surplus Assets	Total
	£'000	£'000	£'000	£'000	£'000	£'000	£'000

### G15. Cash Flow Statement - Operating Activities

The cash flows for operating activities include the following items:

2021/22		2022/23
£'000		£'000
319	Interest Received	1,530
(6,875)	Interest Paid	(6,531)

The surplus or deficit on the provision of services has been adjusted for the following non-cash movements:

2021/22		2022/23
£'000		£'000
11,481	Depreciation and Impairment and Downward Valuations	25,172
78	Amortisation	81
0	Soft Loans (non-subsidiary)	0
850	Deferred revenue/deferred payment agreements (IFRS 15)	0
13,555	Increase / (Decrease) in creditors	9,022
(15,544)	(Increase) / Decrease in debtors	1,418
285	(Increase) / Decrease in inventories	(126)
25,129	Movement in pension liability	25,842

0	Other non-cash items charged to the net surplus or deficit on the provision of services	(1,082)
11,176	Carrying amount of non-current assets and non current assets held for sale, sold or de-recognised	6,832
<b>47,010</b>	<b>Adjustments to net surplus or deficit on the provision of services for non-cash movements.</b>	<b>67,159</b>

## G16. Taxation

<b>Big Fresh Catering Company</b>	<b>31/3/2022</b>	<b>31/3/2023</b>

<b>Total Deferred Taxation</b>	<b>123</b>	<b>4</b>

## Glossary

### Accounting Period

The period of time covered by the accounts, typically a period of twelve months commencing on 1 April. The end of the accounting period is the balance sheet date.

### Accounting Policies

The specific principles, bases, conventions, rules & practices applied by the Council in preparing & presenting its financial statements.

### Accruals

Amounts included in the final accounts to recognise revenue and capital income and expenditure earned or incurred in the financial year, but for which actual payment had not been received or made as at 31 March.

### Actuarial Gains and Losses

For a defined benefit pension scheme, the changes in actuarial surpluses or deficits that arise because the events have not coincided with the actuarial assumptions made for the last valuation (experience gains and losses); or the actuarial assumptions have varied.

### Amortisation

The gradual elimination of a liability, such as a loan, in regular payments over a specified period of time. Such payments must be sufficient to cover both principal & interest.

### Asset

An item having value to the authority in monetary terms. Assets are classed as either current or non current:

- A **current** asset will be consumed or cease to have material value within the next financial year (e.g. cash and stock);
- A **non current** asset provides benefits to the Authority and to the services it provides for a period of more than one year and may be tangible e.g. a school building, or intangible, e.g. computer software licences.

### Assets Under Construction

The cost of work performed on an incomplete project at the balance sheet date, which should be accounted for.

### Balance Sheet

A statement of the recorded assets, liabilities and reserves at the end of the accounting period.

### Beacon Valuation

This approach is designed to value large groups of properties which are of similar design, age or construction. In essence, this approach comprises three stages:

- a) Dividing the stock into Asset Groups (large groupings of properties such as a housing estate or groups of estates);
- b) Sub-dividing these Asset Groups into Archetype Groups (dwellings within the Asset Groups which have similar characteristics and;
- c) Selecting a Beacon Property – an actual property which is representative of its Archetype group.

### **Capital Financing**

Funds obtained to pay for capital expenditure. There are various methods of financing capital expenditure including borrowing, leasing, direct revenue financing, usable capital receipts, capital grants, capital contributions, revenue reserves and earmarked reserves.

### **Capital Receipt**

The income from the disposal of land or other non current assets.

### **Cash Equivalents**

Short-term, highly liquid investments that are readily convertible to known amounts of cash & which are subject to an insignificant risk of changes in value.

### **Community Assets**

Assets that the Council plans to hold in perpetuity, that have no determinable useful life, and that may have restrictions on their disposal. Examples of community assets are parks and historical buildings.

### **Comprehensive Income and Expenditure Account**

The revenue account of the Council that reports the net cost for the year of the functions for which it is responsible, and demonstrates how that cost has been financed from precepts, grants and other income.

### **Contingent Asset**

A contingent asset is a likely asset arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Authority's control.

### **Contingent Liability**

A contingent liability is either a potential obligation arising from past events whose existence will be confirmed only by the occurrence of one or more uncertain future events not wholly within the Authority's control; or a present obligation arising from past events where it is not probable that a transfer of economic benefits will be required, or the amount of the obligation cannot be measured with sufficient reliability.

**Creditor**

Amount owed by the Council for works done, goods received or services rendered within the accounting period, but for which payment has not been made by the end of that accounting period.

**Current Service Cost (Pensions)**

The increase in the present value of a defined benefit pension scheme's liabilities, expected to arise from employee service in the current period.

**Debtor**

Amount owed to the Council for works done, goods received or services rendered within the accounting period, but for which payment has not been received by the end of that accounting period.

**Defined Benefit Pension Scheme**

Pension schemes in which the benefits received by the participants are independent of the contributions paid and are not directly related to the investments of the scheme.

**Depreciated Replacement Cost (DRC)**

A method of valuation which gives a recognised approximation for the market value of specialised properties. It is an estimate of the market value for the existing use of the land, plus the current gross replacement costs for the building less an allowance for physical deterioration of the asset to its current equivalent physical state.

**Depreciation**

The measure of the cost of the wearing out, consumption or other reduction in the useful economic life of the Authority's non current assets during the accounting period, whether from use, the passage of time, or obsolescence through technological or other changes.

**Discretionary Benefits (Pensions)**

Retirement benefits which the employer has no legal, contractual or constructive obligation to award and are awarded under the Authority's discretionary powers such as The Local Government Pension Scheme (Benefits, Membership & Contributions) Regulations 2007.

**Effective Interest Rate**

This is the rate of interest needed to discount the estimated stream of principal and interest cash flows through the expected life of a financial instrument to equal the amount at initial recognition.

**Employee Benefits**

All forms of consideration given by the Council in exchange for service rendered by its employees.

### **Events After The Balance Sheet Date**

Events after the balance sheet date are those events, favourable or unfavourable, that arise between the balance sheet date and the date when the Statement of Accounts is authorised for issue.

### **Exceptional Items**

Material items which derive from affairs or transactions that fall within the ordinary activities of the Authority and which need to be disclosed separately by virtue of their size or incidence to give fair presentation of the accounts.

### **Existing Use Value (EUV)**

The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction, after proper marketing wherein the parties had acted knowledgeably, prudently and without compulsion. It assumes that the buyer is granted vacant possession of all parts of the property required by the business and disregarding potential alternative uses and any other characteristics of the property that would cause its market value to differ from that needed to replace the remaining service potential at least cost.

### **Expected Return on Pension Assets**

For a funded defined benefit scheme, this is the average rate of return, including both income and changes in fair value but net of scheme expenses, which is expected over the remaining life of the related obligation on the actual assets held by the scheme.

### **Extraordinary Items**

Material items, having a high degree of abnormality, which derive from events or transactions that fall outside the ordinary activities of the authority and which are not expected to recur. They do not include exceptional items, nor do they include prior period items merely because they relate to a prior period.

### **Fair Value**

The fair value of an asset is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's-length transaction.

### **Financial Instrument**

Any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another. The term covers both financial assets and financial liabilities, from straightforward trade receivables (invoices owing) and trade payables (invoices owed) to complex derivatives and embedded derivatives.

## Going Concern

The concept that the statement of accounts are prepared on the assumption that the Council will continue in operational existence for the foreseeable future.

## Gross Carrying Amount (GCA)

This is the value of the land, building or other category of non current asset as per the latest valuation including any enhancements but before allowing for any depreciation or impairments.

## Housing Revenue Account (HRA)

A separate account to the Council Fund that includes the expenditure and income arising from the provision of housing accommodation by the Authority.

## Impairment

A reduction in the value of a non current asset to below its carrying amount on the balance sheet. Impairment may be caused by a consumption of economic benefit (economic benefit impairment) or a general fall in prices.

## Infrastructure Assets

Non current assets belonging to the Authority that cannot be transferred or sold, on which expenditure is only recoverable by continued use of the asset created. Examples are highways, footpaths and bridges.

## Intangible Assets

An intangible asset is an identifiable non-monetary asset without physical substance. Intangible assets most frequently found in local authorities are computer software.

## Inventories

Items of raw materials and stores an authority has procured and holds in expectation of future use.

## Liability

A liability is where the Council owes payment to an individual or another organisation.

- A **current** liability is an amount which will become payable or could be called in within the next accounting period, e.g. creditors or cash overdrawn.
- A **deferred** liability is an amount which by arrangement is payable beyond the next year at some point in the future or to be paid off by an annual sum over a period of time.

## Materiality

The concept that the Statement of Accounts should contain all amounts which, if omitted, or misstated, could be expected to lead to a distortion of the financial statements and ultimately mislead a user of the accounts.

### **Minimum Revenue Provision (MRP)**

The minimum amount, which must be charged to the revenue account each year in order to provide for the repayment of loans and other amounts borrowed by the Council.

### **National Non-Domestic Rates (NDR)**

The National Non-Domestic Rate is a levy on businesses, based on a national rate in the pound set by the government and multiplied by the assessed rateable value of the premises they occupy. It is collected by the Council on behalf of central government and then redistributed back to support the cost of services.

### **Net Book Value**

The amount at which non current assets are included in the balance sheet, i.e. their historical costs or current value less the cumulative amounts provided for depreciation and impairment.

### **Operating Lease**

A lease where the ownership of the non current asset remains with the lessor.

### **Past Service Cost (Pensions)**

For a defined benefit pension scheme, the increase in the present value of the scheme liabilities related to employee service in prior periods arising in the current period as a result of the introduction of, or improvement to, retirement benefits.

### **Pension Scheme Liabilities**

The liabilities of a defined benefit scheme for outgoings due after the valuation date. Scheme liabilities measured using the projected unit method reflect the benefits that the employer is committed to provide for service up to the valuation date.

### **Precept**

The levy made by precepting authorities on billing authorities, requiring the latter to collect income from council taxpayers on their behalf.

### **Prior Year Adjustment**

Material adjustments relating to prior years arising from changes in accounting policies or from the correction of fundamental errors. This does not include normal recurring corrections or adjustments of accounting estimates made in prior years.

### **Provision**

An amount put aside in the accounts for future liabilities or losses which are certain or very likely to occur, but the amounts or dates of when they will arise are uncertain.

### **Public Works Loan Board (PWLB)**

A Central Government Agency, which provides loans for one year and above to authorities at interest rates only slightly higher than those at which the government itself can borrow.

### **Related Parties**

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operating decisions.

### **Remeasurement of Pension Liability**

Changes to the pension liability made to reflect the return on plan assets and because events have not coincided with assumptions made at the last actuarial valuation or because the actuaries have updated their assumptions

### **Reserves**

The accumulation of surpluses, deficits and appropriations over past years. Reserves of a revenue nature are available and can be spent or earmarked at the discretion of the Council. Some capital reserves such as the Revaluation Reserve cannot be used to meet current expenditure.

### **Residual Value**

The net realisable value of an asset at the end of its useful life.

### **Revenue Expenditure Funded From Capital Under Statute (REFCUS)**

Expenditure which can be classified as capital for funding purposes when it does not result in the expenditure being carried on the Balance Sheet as a non-current asset. This is to enable it to be funded from capital resources. Examples of REFCUS are grants of a capital nature to voluntary organisations.

### **Revenue Support Grant –**

A grant paid by Central Government to authorities, contributing towards the general cost of their services.

### **Soft Loan**

A loan made interest free or at a rate less than the market rate, usually for policy reasons. Such loans are often made to individuals or organisations that the Council considers benefits the local population.

### **Trust Funds**

Funds administered by the Authority for such purposes as prizes, charities, specific projects, and on behalf of minors.

### **Useful Economic Life (UEL)**

The period over which the Council will derive benefits from the use of a non current asset.
