Governor Summer Term Briefing Sessions 2019

Professional Standards for Teaching and Leadership

The new professional standards, which apply to all practitioners from the start of the 2018 academic year, support practitioners to strive for sustained excellent practice from initial training through to school leadership.

The professional standards describe the values, skills, knowledge and behaviours that characterise excellent practice and support professional growth. The five professional standards for teaching and leadership concentrate on the five essential elements of every teacher's work.

It is essential that Governors, especially those who may be involved with Headteacher Performance Management, are familiar with the Standards and the philosophy that underpins them.

To reserve your place on one of these sessions please contact your **Governor Support Team** or email cscgovernor@cscjes.org.uk
