2016 Audit Plan

Summary

1. As your external auditor, my objective is to carry out an audit which discharges my statutory duties as Auditor General and fulfils my obligations under the Public Audit (Wales) Act 2004, the Local Government (Wales) Measure 2009 (the Measure), the Local Government Act 1999, and the Code of Audit Practice, namely to:
 - examine and certify whether your financial statements are ‘true and fair’;
 - assess whether you have made proper arrangements for securing economy, efficiency and effectiveness in the use of resources;
 - audit and assess whether you have discharged duties and met requirements of the Measure; and
 - undertake studies to enable me to make recommendations for improving economy, efficiency and effectiveness or for improving financial or other management arrangements.
2. The purpose of this plan is to set out my proposed work, when it will be undertaken, how much it will cost and who will undertake it.
3. There have been no limitations imposed on me in planning the scope of this audit.
4. My responsibilities, along with those of management and those charged with governance, are set out in [Appendix 1](#).

Financial audit

5. It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on their ‘truth and fairness’.
6. I also consider whether or not the Vale of Glamorgan Council (the Council) has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources and report by exception if the Annual Governance Statement does not comply with requirements.
7. [Appendix 1](#) sets out my responsibilities in full.
8. The audit work I undertake to fulfil my responsibilities responds to my assessment of risks. This understanding allows me to develop an audit approach which focuses on addressing specific risks whilst providing assurance for the financial statements as a whole. My audit approach consists of three phases as set out in [Exhibit 1](#).

Exhibit 1: My audit approach

9. The risks of material misstatement which I consider to be significant and which therefore require special audit consideration, are set out in [Exhibit 2](#) along with the work I intend to undertake to address them.

Exhibit 2: Financial audit risks

Financial audit risk	Proposed audit response
<p>Management Override</p> <p>The risk of management override of controls is present in all entities. Due to the unpredictable way in which such override could occur, it is viewed as a significant risk [ISA 240.31-33].</p>	<p>My audit team will:</p> <ul style="list-style-type: none"> • test the appropriateness of journal entries and other adjustments made in preparing the financial statements; • review accounting estimates for biases; and • evaluate the rationale for any significant transactions outside the normal course of business.
<p>Income Recognition</p> <p>There is an inherent risk of material misstatement due to possible fraud and/or error in regard to revenue recognition and as such this is treated as a significant risk [ISA 240.26-27].</p>	<p>We will complete audit procedures to substantiate income (including testing to obtain assurance on the completeness of income) recognised within the Financial Statements.</p>
<p>Housing Revenue Account</p> <p>During 2015-16, the Council obtained additional loan funding to buy-out of the Housing Revenue Account Subsidy arrangement with the Welsh Government. There is a risk that this will not be correctly accounted for within the Financial Statements.</p>	<p>We will review the accounting treatment to obtain assurance that the loan funding has been appropriately recognised in the Financial Statements.</p>

Financial audit risk	Proposed audit response
<p>2014-15 Financial Audit Issues</p> <p>The previous financial auditors, Grant Thornton, identified a number of issues during their audit of the Council's 2014-15 Financial Statements, including:</p> <ul style="list-style-type: none"> • Provisions not always correctly accounted for in accordance with IAS37; • Errors in depreciation calculations for some fixed assets; and • The unavailability of some supporting working papers in relation to the Council's year end debtors and creditors. 	<p>We will follow up the progress made by the Council in addressing the issues raised within Grant Thornton's Audit of Financial Statements Report.</p>
<p>Sensitive Disclosures</p> <p>The Council's 2015-16 financial statements will include a number of disclosures which are material by nature. These include the disclosure of Related Parties, Senior Officer's Remuneration and Members' Allowances.</p>	<p>We will review all notes and disclosures that are material by nature and will substantively test these to ensure that they are consistent with supporting evidence and all required disclosures are made in line with the Code of Practice on Local Authority Accounting.</p>
<p>Accounting Estimates</p> <p>Various, and potentially significant, accounting estimates will be included by the Council within the 2015-16 Financial Statements.</p>	<p>We will hold discussions with the Council to assess whether any transactions have taken place during the year which will result in significant accounting estimates. We will review documentation and working papers held in support of any significant estimates.</p>

10. I do not seek to obtain absolute assurance on the truth and fairness of the financial statements and related notes, but adopt a concept of materiality. My aim is to identify material misstatements, that is, those that might result in a reader of the accounts being misled. The levels at which I judge such misstatements to be material will be reported to the Audit Committee prior to completion of the audit.
11. For reporting purposes, I will treat any misstatements below a 'trivial' level (the lower of five per cent of materiality or £100,000) as not requiring consideration by those charged with governance and therefore I will not report them.
12. My fees are based on the following assumptions:
 - information provided to support the financial statements is timely, to the quality expected and has been subject to quality assurance review;
 - appropriate accommodation and facilities are provided to enable my audit team to deliver the audit in an efficient manner;
 - all appropriate officials will be available during the audit;
 - you have all the necessary controls and checks in place to enable the Responsible Financial Officer to provide all the assurances that I require in the Letter of Representation addressed to me; and

-
- Internal Audit's planned programme of work is complete and management has responded to issues that may have affected the financial statements.
13. In addition to my responsibilities in respect of the audit of the Council's statutory financial statements set out above, I am also required to certify a return to the Welsh Government which provides information about the Council to support preparation of Whole of Government Accounts.

Certification of grant claims and returns

14. In total 14 of the Council's grant claims and returns were audited by the previous auditors (Grant Thornton) in 2014-15 and whilst the final programme of grants and returns requiring certification for 2015-16 is yet to be finalised I anticipate the number of claims requiring audit to be of a similar number.
15. A separate report, Certification of Grants and Returns 2014-15, has been issued by Grant Thornton (which was reported to the February 2016 Audit Committee) which sets out the key issues they identified in relation to the individual claims and returns audited by them.
16. In particular, issues were identified, and reported, in regard to the Housing Benefits Subsidy audit which required the auditors to undertake additional and unexpected extended testing, which resulted in the claim being qualified on its submission to the Department for Work and Pensions. Additional risks are expected in regard to our audit of the 2015-16 claim as a result of the absence of a key officer within the Benefits team for much of 2016. We will be working with officers over the coming months to assess this further.
17. My estimated audit fee for this work is set out in [Exhibit 4](#).

Other work undertaken

18. I am also responsible for the audit / independent examination of the following Joint Committee arrangements which are hosted by the Council:
- Shared Regulatory Services; and
 - Adoption Services
19. Both of these Joint Committees were recently formed and 2015-16 will therefore be the first year that the Council will need to produce Financial Statements for these bodies. We are in the process of working with officers to determine the precise audit arrangements. We have nevertheless included estimated fees within Exhibit 4 in respect of the joint committees. . If our work is delivered below the estimated fee included in Exhibit 4, we will provide the Council with a refund. If however, the audit work requires an increased input, discussions will be held with the Head of Finance in respect of additional audit fees. For our fee estimation purposes, we have assumed that the Shared Regulatory Services Joint Committee will be subject to a full audit

whereas the Adoption Services Joint Committee is subject to an independent examination.

- 20.** In addition to my responsibilities in respect of the audit of the statutory financial statements set out above, I am also responsible for the independent examination of the Welsh Church Act Fund and my team will undertake the examination of this Fund in accordance with the timescales agreed with the Council and the Charity Commission.
- 21.** My audit fee in respect of these audits is set out in [Exhibit 4](#).

Performance audit

22. The components of my performance audit work are shown in **Exhibit 3** and have been designed in order to help deliver the high-level objectives set out in our 2013-2016 corporate strategy (www.audit.wales/publication/wales-audit-office-corporate-strategy-2013-2016).

Exhibit 3: Components of my performance audit work

23. Local government in Wales is going through an unprecedented period of change. Austerity continues to bite, audited bodies will be required to adopt the principle of sustainable development from April 2016, and the draft Local Government (Wales) Bill proposes fewer councils and a renewed performance framework. The Minister for Public Services has publicly stated that he would like to see a refreshed audit regime in advance of the legislative timetable with a view to supporting change. In January this year the minister advised me of a substantial reduction in the grant that subsidises my local government performance audit work under the Measure.
24. However, for 2016-17 the Measure will still be in place, and I will still need to examine whether authorities will meet their duty to make arrangements for continuous improvement. The challenge for me in these uncertain times is to balance my existing, new and proposed statutory duties with the need to continue to undertake meaningful, risk-based and proportionate audits and assessments.

-
- 25.** In spring 2016 I will be engaging in a consultation with public service bodies on how I can best discharge my various duties whilst striking the most appropriate balance and adding value by:
- providing assurance on the governance and stewardship of public money and assets;
 - offering insight on the extent to which resources are used wisely in meeting people's needs; and
 - identifying and promoting ways by which the provision of public services may be improved.
- 26.** Taking all these factors into consideration, I am presently unable to be specific about my programme of performance audit work in local government. I am working through the practicalities of designing an appropriate programme of work, and examining the implications of the reduction in grant funding with a view to ensuring, as far as I am able, that there is little adverse impact on local authorities through fees.
- 27.** As soon as practical, I will write to confirm my 2016-17 programme of work.
- 28.** The performance audit projects included in last year's Audit Plan, which are either still underway or which have been substituted for alternative projects in agreement with you, are set out in [Appendix 2](#).

Fee, audit team and timetable

Fee

- 29.** The Wales Audit Office does not generate profits on fees. Legislation requires that the fees charged may not exceed the full cost of exercising the function to which the fee relates. The fee rates are set at a level to recover that full cost. My fee rates have been held static for 2016 and my audit teams will continue to look for efficiencies in their audits and welcome working with you constructively on this.
- 30.** Your estimated fee for 2016 is set out in [Exhibit 4](#). This figure represents no increase compared to the fee set out in the 2015 audit plan for our financial audit of the Council financial statements and performance audit work.

⁵ Payable as work is undertaken.

⁶ Estimated fee as final fee is on a per diem basis

31. Planning will be ongoing, and changes to my programme of audit work and therefore my fee, may be required if any key new risks emerge. I shall make no changes without first discussing them with the Council.
32. Further information on my fee scales and fee setting can be found on the Wales Audit Office website at: www.audit.wales/about-us/fee-scales-and-fee-setting.

¹ The fees shown in this document are exclusive of VAT, which is no longer charged to you.

Audit team

33. The main members of my team, together with their contact details, are summarised in Exhibit 5.

Future developments to my audit work

36. The Well-being of Future Generations (Wales) Act 2015 (the Act) requires me to have undertaken an examination in each of the public bodies specified within the Act and to have provided a report to the National Assembly, by 2020.
37. As referred to in [paragraph 25](#), I will be consulting on my proposed response to the Act in spring 2016. This consultation will feature a commitment to engage and work collaboratively with public bodies in developing an audit approach which is rigorous, meaningful and proportionate. I propose using 2016-17 as a transition year during which my teams work with a limited number of public bodies to develop and test my approach.
38. As we confirm our audit approaches and respond to continuing consultation from the Welsh Government, we will be talking to audited bodies about the implications for their fees from 2017-18 onwards and will be exploring alternative funding models with the next National Assembly's Finance Committee.

Respective responsibilities

Financial audit

As amended by the Public Audit (Wales) Act 2013, the Public Audit (Wales) Act 2004 sets out my powers and duties to undertake your financial audit. It is my responsibility to issue a certificate and report on the financial statements which includes an opinion on:

- Their 'truth and fairness', providing assurance that they:
 - are free from material misstatement, whether caused by fraud or error;
 - comply with the statutory and other applicable requirements; and
 - comply with all relevant requirements for accounting presentation and disclosure.
- The consistency of information in the Annual Report with the financial statements.

I must also state by exception if the Annual Governance Statement does not comply with requirements, if proper accounting records have not been kept, if disclosures required for remuneration and other transactions have not been made or if I have not received all the information and explanations I require.

The Public Audit (Wales) Act 2004 requires me to assess whether the Vale of Glamorgan Council has made proper arrangements for securing economy, efficiency and effectiveness in the use of resources. To achieve this, I consider:

- the results of the audit work undertaken on the financial statements;
- the Council's system of internal control, as reported in the Annual Governance Statement and my report thereon;
- the results of other work carried out including work carried out under the Local Government (Wales) Measure 2009 (the Measure), certification of claims and returns, and data-matching exercises;
- the results of the work of other external review bodies where relevant to my responsibilities; and
- any other work that addresses matters not covered by the above, and which I consider necessary to discharge my responsibilities.

The Public Audit (Wales) Act 2004 sets out the rights of the public and electors to inspect the Council's financial statements and related documents, to ask me, as the Appointed Auditor questions about the accounts and, where appropriate, to challenge items in the accounts. I must also consider whether in the public interest, I should make a report on any matter which comes to my notice in the course of the audit.

My audit work does not relieve management and those charged with governance of their responsibilities which include:

- the preparation of the financial statements and Annual Report in accordance with applicable accounting standards and guidance;
- the keeping of proper accounting records;
- ensuring the regularity of financial transactions; and

-
- securing value for money in the use of resources.

Management agrees to provide me with:

- access to all information of which management is aware that is relevant to the preparation of the financial statements such as records, documentation and other matters;
- additional information that I may request from management for the purpose of the audit; and
- unrestricted access to persons within the Council from whom I determine it necessary to obtain audit evidence.

Management will need to provide me with written representations to confirm:

- that it has fulfilled its responsibilities for the preparation of the financial statements;
- that all transactions have been recorded and are reflected in the financial statements;
- the completeness of the information provided to me for the purposes of the audit; and
- to support other audit evidence relevant to the financial statements or specific assertions in the financial statements if I deem it necessary or if required by ISAs.

Performance audit

The Measure places a general duty on improvement authorities to 'make arrangements to secure continuous improvement in the exercise of [their] functions'. It also places specific requirements on authorities to set improvement objectives, and to publish annual improvement plans and assessments of performance. Improvement authorities are defined as county and county borough councils, national park authorities, and fire and rescue authorities.

The Measure also requires me to carry out an improvement assessment for each improvement authority every year, to determine whether the authority is likely to comply with its general duty and requirements of the Measure. The Auditor General must also carry out an audit of whether the authority has discharged its improvement planning and reporting duties.

The Auditor General may also in some circumstances carry out special inspections (under section 21), in respect of which he will provide a report to the relevant authorities and Ministers, and which he may publish (under section 22). The Auditor General will summarise audit and assessment reports in his published Annual Improvement Report (under section 24). This will also summarise any reports of special inspections.

National value-for-money studies

The Council may also be interested in the national value-for-money examinations which I undertake, some of which will be of particular relevance to, and may involve evidence gathering across, local government. These studies are funded by the National Assembly. Reports are presented to the National Assembly's Public Accounts Committee to support its scrutiny of public expenditure and potentially support scrutiny by other National Assembly committees.

The table below covers all of the value-for-money studies work currently programmed. The programme includes all-Wales summaries of audit work undertaken locally in the NHS and reactive examinations into specific issues of public concern that have been raised with me. In addition to the work outlined below, I may decide during the year to prepare other national reports summarising local audit work or based on the findings of reactive examinations.

Further updates on my programme of value-for-money studies will be provided to you within the regular progress reports prepared by my team.

Topic	Anticipated publication timeframe
Welsh Government acquisition and ownership of Cardiff Airport	Late January 2016
The development of Natural Resources Wales	Early February 2016
Operating theatres	February 2016
Impact of private practice on NHS provision	February 2016
Wales Life Sciences Investment Fund	March 2016
Welsh Government responses to audit recommendations (memorandum for the Public Accounts Committee)	Spring 2016
Coastal flood and erosion risk management	Spring 2016
Rail services	Spring 2016
Governance of the National Library of Wales	Spring 2016
Welsh Government oversight of further education institutions' finances and delivery	Autumn 2016

Topic	Anticipated publication timeframe
Public procurement (including development of the National Procurement Service)	Winter 2016
Early intervention and behaviour change	Spring/summer 2017 ²
Welsh Government interventions in local government	TBC ³

I have been considering over recent months the inclusion in my programme of a number of new studies on:

- The NHS Wales Informatics Service
- Capital investment in schools (21st Century schools programme) and school places
- Further education finances
- Waste management
- The Supporting People programme
- Access to public services for people whose first language may not be English or Welsh and those who may be disadvantaged without access to specialist interpretation services

With the exception of the further education study, referred to in the table above, firm plans for these new studies are yet to be confirmed, although initial scoping work is underway.

² My programme of good practice work includes a project that will aim to explore the range of behaviour change work across Welsh public services and opportunities to improve practice, deliver better outcomes for citizens, and achieve better value for money. The project will include a range of engagement events and the development of a community of practice to share learning and experience. I anticipate that the information and evidence gathered through this work will support the production of a report on this topic, although this is unlikely to be a traditional audit report and it would not be prepared until the first half of 2017.

³ Plans for this work have been under review in light of the Welsh Government commissioned review of the Anglesey intervention by the Public Policy Institute for Wales, and also to consider the implications for the work of plans for local government reform.
