

## **The Vale of Glamorgan Council**

### **Cabinet Meeting: 20 June, 2016**

#### **Report of the Leader**

#### **Local Average Interest Rate**

##### **Purpose of the Report**

1. This report is to recommend the rate of interest to be charged on Council mortgages.

##### **Recommendation**

1. That the Authority declares local average rate of interest on all new loans of 5.09% from 1st June 2016 and that the rate of interest on all existing variable housing loans including the sale of Council dwellings be reduced from 5.13% to 5.09% with effect from 1st July 2016.

##### **Reason for the Recommendation**

1. For the interest rate to be recalculated in accordance with statutory requirements.

##### **Background**

2. Schedule 16 of the Housing Act 1985 specifies how local authorities must set interest rates on mortgages arranged since 3 October 1980. This rate shall be set for every period of six months or earlier if required by the Welsh Government. Authorities must charge whichever is the higher of the local average rate, or the Standard National Rate.
3. The local average rate declared shall be the average annual rate of interest payable on the amount outstanding by way of money borrowed by the Authority, other than short term borrowing, plus 0.25%.
4. The Standard National Rate is set by the Welsh Government after taking into account interest rates charged by building societies in the United Kingdom and any movement in those rates. The major building societies have announced interest rates ranging from 2.50% to 5.79% for existing borrowers.

##### **Relevant Issues and Options**

5. The rate of interest currently charged on our mortgages is 5.13%. The local average interest rate has been calculated at 5.09%. The Standard National Rate of interest is 3.13%.
