This scheme amalgamates the Council's Cash Grant, Christmas meals fund and small policy grants into one refocused fund. There may be

opportunities in particular wards for Section 106 funding to be made available to this fund, in addition to the core fund (subject to Cabinet and Local Ward Member approval in accordance with the s106 protocol) to assist Community Groups, the Voluntary Sector, and Town and Community Councils to deliver community infrastructure. The Council will publicise when Section 106 funding becomes available in the Fund, with the relevant terms and conditions, such as the area it is applicable to, and the legal definition of how it is to be spent.

Resource Implications (Financial and Employment)

20. The contributions paid by Developers under the planning obligations system have a positive impact on many of the Council's functions including education, community facilities, open spaces, highways and public transport.

Legal Implications (to Include Human Rights Implications)

23. The planning obligations and CIL systems are covered by Section 106 of the Town and Country Planning Act 1990 (as amended), The Planning Act 2008 (as amended), The Community Infrastructure Levy Regulations 2010 (as amended) and the Localism Act 2011.
