#### **C249 VALE OF GLAMORGAN COUNCIL ANNUAL SELF-ASSESSMENT (L) (SCRUTINY COMMITTEES - ALL) -**

Cabinet was provided with a strategic self-assessment of the Council's performance for the period April 2016 - December 2017 that identified the Council's achievements and key priorities for 2018/19.

Self-assessments formed a core part of the statutory local government inspection processes in Wales. Under the Local Government (Wales) Measure 2009, the

Council was required to undertake a self-evaluation of all its services and use the information to inform planning for improvement. The Well-being of Future Generations (Wales) Act 2015 also required the Council to set and review annually its Well-being Objectives and maximise its contribution to achieving the Well-being goals for Wales.

The Vale of Glamorgan Annual Self-Assessment was a position statement on the Council's performance over the past year in delivering its priorities. It was intended to provide an honest and balanced account of the Council's achievements and identify areas where further progress was required. The information contained in the report, in particular the Service Self-Assessments, would be used to inform the Council's Service Plans for 2018/2019.

This was the second year of reporting performance against the Corporate Plan 2016-2020 and progress was now available for a full year. Consequently, it had been possible to undertake a comprehensive self-assessment presented by the Corporate Plan Well-being Outcome areas for the first time. The self-assessment covered the period April 2016 to December 2017. The report drew on: the individual service self-assessments covering the 14 Service Plan areas; the progress to date in achieving the Year 2 priorities of the Council's Corporate Plan Well-being Outcomes and Corporate Health priorities; the views of regulators in the Annual Improvement Report and progress to date in relation to the Council's audit recommendations/proposals for improvement.

The Vale of Glamorgan Council Annual Self-Assessment could be viewed via the following link:

<http://www.valeofglamorgan.gov.uk/Documents/Our%20Council/Achieving%20our%20vision/Annual-Self-Assessment-Report-March-2018-with-Appendix-AB-C.pdf>

As part of the annual Self-Assessment, the Council identified a series of actions to drive improvement in the following year. Appendix B attached to the above link contained the Insight Action Tracker which provided a summary of the Council's progress to date in relation to the integrated planning priorities identified in last year's Annual Self-Assessment and also incorporated all regulatory recommendations/proposals for improvement.

The Insight Board was the primary channel through which all integrated planning related activities were reviewed and monitored. Meeting on a monthly basis, the Insight Board comprised of Council officers from across service and corporate areas of the Council and reported to CMT and Cabinet.

On the establishment of the Insight Board, it was agreed that a review would be undertaken of all previous regulatory recommendations/proposals for improvement with any outstanding being incorporated within the new Insight Action Tracker to ensure ongoing review and monitoring. Appendix C of the above link outlined in detail progress against previous regulatory recommendations/ proposals for improvement between 2011 and 2015.

Going forward, an annual review of regulatory recommendations/ proposals for improvement would form part of the Council's Annual Self-assessment process enabling the Council to demonstrate progress on the implementation of these in line with its duties under the Local Government (Wales) Measure 2009.

The Council's self-assessment process would continue to evolve in line with the wider Local Government agenda as proposed in the recent draft Local Government (Wales) Bill and the Well-being of Future Generation (Wales) Act. In this respect, the annual Self-Assessment set out the Council's key priorities for improvement and would be published and made available to regulators to inform their work programme.

This was a matter for Executive decision

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the Council's Annual Self-Assessment Report including the identified priorities for 2018/19 onwards be endorsed.
- (2) T H A T the contents of the Self-Assessment be used as the basis for service planning for 2018/19 incorporating the views and recommendations from Scrutiny Committees following their consideration in February 2017.
- (3) T H A T the current progress reported against previous regulatory recommendations/proposals for improvement arising from local and national Local Government Studies for the period 2011-2015, be reviewed incorporating the views and recommendations from Scrutiny Committees following their consideration, in order to enable completed actions to be closed down and the remaining actions incorporated in and monitored via the Council's Insight Action Tracker for 2018/19.

Reasons for decisions

- (1) To meet the requirements of the Local Government (Wales) Measure 2009 and the Well-being of Future Generations (Wales) Act 2015 to undertake a self-assessment of all Council services and use the information as the basis to drive continuous improvement of Council services and maximise its contribution to achieving the national well-being goals.
- (2) To ensure the Annual Council Self-Assessment reflected the key challenges facing both the Council as whole and informed the Council's plans for improvement for 2018/19.
- (3) To ensure the Council implemented its regulatory recommendations/ proposals for improvement and responded appropriately to the recommendations/ proposals for improvement identified through the WAO's programme of national Local Government Studies for the period 2011-2015.

**C251 ARTS AND CULTURE STRATEGY: AN ASPIRATIONAL AND CULTURALLY VIBRANT VALE 2018-2022 (LC) (SCRUTINY COMMITTEE – LEARNING AND CULTURE) -**

Endorsement was sought of the draft Arts and Culture Strategy: An Aspirational and Culturally Vibrant Vale 2018 - 2022.

The existing Vale Arts Strategy was implemented in 2014. It set out a vision for the Council up to and including 2017, with a focus on access and participation, support for the local economy and environment, and excellence.

In January 2017, the Learning and Skills Directorate conducted a public survey as part of its review of the existing arts strategy, seeking engagement with the wider community on their views and experiences of the Arts in the Vale of Glamorgan, to inform the development of a new strategy. The consultation report was attached at Appendix 2 to the report.

The new strategy attached at Appendix 1 to the report set out a delivery plan for increasing arts activity in the Vale of Glamorgan and developing new opportunities to

create a 21st century arts programme, centered around the Council's four well-being outcomes outlined in the Corporate Plan 2016-2020:

- An Inclusive and Safe Vale

**C252 COUNCIL APPROVAL OF THE INSTRUMENTS OF GOVERNMENT FOR THE NEW BARRY SECONDARY SCHOOLS (LC) (SCRUTINY COMMITTEE – LEARNING AND CULTURE) -**

Approval was sought to name the two mixed sex schools on the Merthyr Dyfan Road and Port Road sites in Barry as Pencoedtre High School and Whitmore High School respectively.

On 6 March, 2017 the Council approved the proposal to close Barry Comprehensive School and Bryn Hafren Comprehensive School with effect from 31 August, 2018 and to open two new Co-educational Secondary Schools on 1 September, 2018.

The Local Authority had to make the new schools' Instruments of Government in accordance with the government of Maintained Schools (Wales) Regulations 2005. This was the legal process for naming new schools.

Following a consultation exercise with stakeholders of the new schools, the above names had been submitted and accordingly the draft Instruments of Government had been prepared and were attached at Appendices 1 and 2 to the report.

This was a matter for Executive decision

Cabinet, having considered the report and all the issues and implications contained therein

**C253            CARDIFF AND VALE OF GLAMORGAN AREA PLAN FOR CARE AND SUPPORT NEEDS 2018-2023 (LC) (SCRUTINY COMMITTEE – LEARNING AND CULTURE) -**

Approval was sought of the Cardiff and Vale of Glamorgan Area Plan and Area Action Plan for Care and Support Needs 2018-2023.

The Well-being of Future Generations (Wales) Act 2015 inserted section 14A into the Social Services and Well-being (Wales) Act 2014 which required local authorities and local health boards to prepare and publish a plan (the Area Plan) setting out the range and level of services they propose to provide, or arrange to be provided, in response to the Population Needs Assessment (PNA).

The Area Plan and supporting Action Plan provided the response of the Cardiff and Vale of Glamorgan Regional Partnership Board (CVGRPB) to the findings of the regional Population Needs Assessment (PNA), published on 31 March, 2017.

The Plan had been prepared on the basis of a 5 year period in line with the requirements for the preparation of a PNA.

In response to the findings of the Population Needs Assessment, a review was undertaken by the CVGRPB in relation to all suggested areas for action. This was done against existing or planned activity in current partnerships or organisational delivery mechanisms across the region to identify where the work was already being progressed. The mapping work also reviewed where accountability lied (e.g. Public Service Board, Community Safety Partnership, Youth Progression Board, Safeguarding Board etc) as it was recognised that not everything identified within the PNA fell under the auspices of the CVGRPB.

The mapping also identified the existing Strategies and Plans in place to respond to the priorities; resources and pooled/aligned budgets; and current performance management/reporting arrangements.

Two documents had been produced as a result of the review. The first was the Area Plan that was attached at Appendix 1 to the report which set out the key needs identified within the PNA, along with the priority areas for action in response to the findings. In addition an Area Action Plan attached at Appendix 2 to the report had also been developed, which provided the detail of how the priorities would be delivered. Both documents also set out the contributions to the Vale of Glamorgan and Cardiff's Well-being Objectives and the National Social Services Outcomes Framework.

This was a matter for Executive decision

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the Cardiff and Vale of Glamorgan Area Plan as set out in Appendix 1 attached to the report and Area Action Plan as set out in Appendix 2 attached to the report for Care and Support Needs 2018-2023, be approved.
- (2) T H A T the report be referred to Healthy Living and Social Care Scrutiny Committee for consideration.

Reasons for decisions

- (1) To approve the Cardiff and Vale of Glamorgan Area Plan and Area Action Plan for Care and Support Needs 2018-2023, in line with the requirements of Social Services and Well-being (Wales) Act 2014 - Statutory guidance in relation to area plans under section 14A.
- (2) To ensure elected member oversight and consideration of the developing regional plans for health and social care.
