

Meeting of:	Cabinet
Date of Meeting:	Monday, 19 July 2021
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Budget Strategy 2022/23
Purpose of Report:	To submit the Budget Strategy 2022/23, including the proposed budget process and timetable for approval.
Report Owner:	Executive Leader and Cabinet Member for Performance and Resources
Responsible Officer:	Carys Lord Head of Finance/ Section 151 officer
Elected Member and Officer Consultation:	This report does not require Ward Member consultation
Policy Framework:	This report is a matter for Executive decision by the Cabinet. However, Council must approve the final 2022/23 budget proposals.
Executive Summary:	<ul style="list-style-type: none"> The Budget Strategy outlines the process and timetable for setting the 2022/23 budget

Recommendations

1. That Cabinet approves the Budget Strategy for 2022/23, including the requirement for Directors to prepare initial revenue budgets in accordance with a timetable agreed by the Head of Finance.
2. That Directors be requested to continue to progress the Reshaping Programme.
3. That Cabinet approves the following timetable for the 2022/23 Budget Process, subject to any amendments being required to meet the statutory deadline, as a result of changes in the timing of Welsh Government settlement announcements.

Timetable for the 2022/23 Budget Process	To be completed no later than
Cabinet consider the initial budget proposals	29th November 2021
Lead Scrutiny Committee responds to consultation and makes recommendations on budget proposals	20th December 2021
Cabinet makes its final proposals on the budget	14th February 2022
Meeting of Council to consider budget and council tax resolution	7th March 2022

Reasons for Recommendations

1-3 To enable the 2022/23 budget process to be commenced.

1. Background

- 1.1** To enable the budget process to commence, on an annual basis Cabinet is required to approve the Budget Strategy for the coming financial year.

2. Key Issues for Consideration

- 2.1** As part of the final settlement figures for 2021/22, Welsh Government (WG) did not provide any indication of the level the settlement may be for 2022/23. The Final Revenue Budget Proposals for 2021/22 modelled a flat line settlement for 2022/23 and 2023/24. This was believed to be prudent however it is difficult to assess what the settlement will be for the coming years and it could be challenging. The longer term consequence of the COVID-19 pandemic and welfare reform changes could have a knock on effect for councils in terms of higher arrears, increased homelessness and greater demand for social services and other interventions. There also remains uncertainty surrounding Britain's exit from the European Union. Going forward, WG may also review the funding

it provides via specific grants. This uncertainty does not provide any basis for sound forward planning.

- 2.2** As part of the Final Revenue Budget Proposals for 2021/22 it was considered that if Council Tax continues to increase by 3.9% this could result in the possible total shortfall in funding for 2022/23 and 2023/24 of £9.9m This level of saving will, however, need to be reviewed as part of the next Medium Term Financial Plan, which will be presented to Cabinet in November 2021. With the required savings being at this level and the current conditions the Council is operating under, it will be a very difficult period and the Council will need to not only review the way services are delivered from a financial perspective but it will also need to consider the best way to provide services as the country comes out of lockdown and assesses future needs.
- 2.3** The Budget Strategy for 2022/23 proposes that in order to establish a baseline, services should prepare initial revenue budgets based on the cost of providing the current level of service and approved policy decisions and including the existing efficiency targets. This means the cost of price increases and any allowable pay awards should be included as advised by the Head of Finance.
- 2.4** Increases to budgets approved during the course of a financial year can restrict the freedom the Council has to allocate its resources to priorities during the following budget cycle when it is aware of all the competing demands.
Consequently :
- Supplementary estimates will only increase the base budget if Council has given specific approval to this effect. Increases met by virement within a year will not be treated as committed growth;
 - Directors should find the cost of increments and staff changes from their base budget unless the relevant specific approval has been given for additional funding;
 - The effect of replacing grant from outside bodies that has discontinued will not be treated as committed growth. In addition, before any project or initiative that is to be met either wholly or partly by way of grant may proceed, the exit strategy must be approved;
 - Certain items of unavoidable committed growth will continue and these include the effect of interest changes and the financing cost of the capital programme, increases in taxes, increases in levies and precepts charged by outside bodies and changes to housing benefits net expenditure;
 - Services will be expected to achieve efficiencies already approved by Cabinet as part of the 2021/22 final budget proposals and Directors are asked to continue to work on identifying additional efficiencies; and
 - It is envisaged that the costs of service development will need to be met from within the respective directorates.

2.5 Having regard to the above, it is therefore proposed in respect of the 2022/23 Budget Process that Directors be instructed to prepare initial revenue budgets in accordance with a timetable agreed by the Head of Finance. Preparation should be on the following basis :

- Capital charges, central accommodation costs and central support costs to be estimated centrally;
- Services to prepare baseline budgets on current service levels as set out in the 2021/22 Final Revenue Budget report;
- Budgets to be broken down subjectively and objectively in as much detail as deemed appropriate by the Head of Finance;
- Budget reports to include adjustments to the 2021/22 estimates where appropriate;
- Full account to be taken of the revenue costs, other than debt charges of new capital schemes coming into use;
- Minimum efficiency targets to be met initially as detailed in the 2021/22 Final Revenue Budget report;
- Directors will continue to draw up Service Plans that set out the aims and objectives for the service and any possible future developments and efficiencies;
- As part of the Capital Strategy for 2021/22 to 2025/26, a 5-year programme was set for the Council. This will, however, have to be reviewed and formal bids must be made for all capital schemes, irrespective of whether they may be present in the current Capital Programme. It will be the responsibility of each Director to co-ordinate capital bids for their services and to ensure that, in view of the limited resources that will be available, only the highest priority bids are submitted in the approved format in accordance with the Council's approved project management methodology (including business plans where applicable). To this end the principles of the Well-being of Future Generations Act, including sustainable development and better carbon management will be incorporated and evaluated; and
- As stated previously, it is expected that the revenue costs of service development will need to be met from within the respective services (in particular, from the savings made). As such, no revenue bids are initially to be made. However, services may still be asked to identify and prioritise any revenue cost pressures for consideration.

2.6 It is understood that WG may announce the settlement for 2022/23 in a similar manner to the 2021/22 settlement i.e. provisional in December and final in late February/early March. This differs from the normal timeframes for the settlement. However, in order to ensure full scrutiny and to meet deadlines, the proposed timetable for the 2022/23 budget is for Cabinet to make its initial revenue and capital budget proposals in November 2021. The capital bids considered and prioritised will include those recommended by the Insight Board. Each Scrutiny Committee will be consulted and will receive the relevant initial proposals of the Cabinet in December 2021.

- Scrutiny Committees will be asked to make recommendations on the proposals. Corporate Performance and Resources Scrutiny Committee will act as the lead scrutiny committee in this respect;
- The budget will then be considered by the Budget Working Group, which will submit its recommendations to Cabinet by February 2022. Cabinet will formulate its final proposals and submit them to a meeting of Full Council to be held in March 2022, having first taken any response from the lead Scrutiny Committee into account.
- It may be necessary for Scrutiny Committees, Cabinet and Council to hold special meetings in order to ensure that the budget may be approved within the statutory deadline; and
- Membership of the Budget Working Group will consist of the Leader, Deputy Leader, Managing Director and Head of Finance.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The budget process will need to ensure that it demonstrates the Council's commitment to the Well-being of Future Generations Act which aims to improve the social, economic, environmental and cultural well-being of Wales and ensures that the needs of the present are met without compromising the ability of future generations to meet their own need. Even with reductions in funding, where practical, the Council will strive to maintain services which contribute to this agenda.
- 3.2** The budget setting process will reflect the 5 ways of working approach undertaken by the Council.
- 3.3** **Looking to the long term** - The budget proposals are a means of planning for the future and take a strategic approach to ensure services are sustainable and that future need and demand for services is understood.
- 3.4** **Taking an integrated approach** - The budget proposals highlight and encourages ways of working with partners.
- 3.5** **Involving the population in decisions** – As part of the budget proposal process there will be engagement with residents, customers and partners.
- 3.6** **Working in a collaborative way** – The budget proposals recognises that more can be achieved and better services can be provided by collaboration and it encourages this as a way of working in the future.
- 3.7** **Understanding the root cause of issues and preventing them** – The budget process is proactive and allows an understanding of the financial position so that issues can be tackled at the source.

4. Resources and Legal Considerations

Financial

- 4.1** There is still considerable uncertainty surrounding the predictions of expected resources and anticipated reductions in public sector funding. Every 1% reduction in Aggregate External Finance (the funding received from WG through Revenue Support grant and the Non Domestic Rates Pool) reduces funding by approximately £1.6m for the Vale of Glamorgan Council. This clearly has major implications for the Council.
- 4.2** It will be important to ensure that appropriate consultation takes place with the Trade Unions in relation to the staffing implications of the budget process. The level of consultation will increase over the coming months.

Legal (Including Equalities)

- 4.3** The Council is required under statute to fix the level of council tax for 2022/23 by 11th March 2022 and in order to do so will have to agree a balanced budget by the same date.

5. Background Papers

[Final Proposals for the Revenue Budget 2021/22 - Council 10th March, 2021](#)
