C130 Q2 SICKNESS ABSENCE REPORT 2022/2023 (EL/PR) (SCRUTINY – CORPORATE PERFORMANCE AND RESOURCES) –

The Leader presented the report the purpose of which was to update Cabinet on the sickness absence statistics for the 6-month period from 1st April, 2022 to 30th September, 2022

The report set out the sickness absence figures for the 6-month period 1st April, 2022 to 30th September, 2022 as part of the agreed performance management arrangements.

The previous year (2021/2022) saw low levels of absence, this was due to the Covid pandemic. Absence rates now seemed to be increasing year on year.

The absence rates were set out in paragraph 4.1 and showed an increase from 3.40 days lost per FTE (April 2020 to September 2020) to 4.95 days lost per FTE (April 2021 to September 2021) and 5.87 days lost per FTE (April 2022 to September 2022). The annual target figure (April 2022 to September 2022) was set as 4.15 days lost per FTE.

The Leader referred to two amendments to the report due to formatting errors. On page 3 of the report, paragraph 4.6 contained duplicated figures for both 2020 and 2021 columns which should have read as below:-

	2020 *		2021 *		2022	
Month	Number of Absences	Days Lost	Number of Absences	Days Lost	Number of Absences	Days Lost
April	197	2063	432	2983	504	3317
May	182	1947	470	3241	555	3635
June	205	1942	465	3146	495	3631
July	197	1933	388	3006	709	4389
August	184	1791	233	2703	303	3254
September	368	2311	390	2860	480	3792
<p>* Reported at Q2</p> <p>Number of Absences = Number of Absent Employees in each individual month (i.e. an absence 15th April to 2nd June will be reported in April / May / June respectively)</p> <p>Days Lost = this is the total days lost in each individual month</p>						

Also, on page 4, paragraph 4.10 of the report there were erroneous number ones at the end of the reported figures for Musculoskeletal and Stress Work for 2021, which should have read 2677 and 2047 respectively.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein and including the typographical amendments to paragraphs 4.6 and 4.10 to the report

RESOLVED –

C131 DRAFT VALE OF GLAMORGAN COUNCIL ANNUAL DELIVERY PLAN 2023-24 (EL/PR) (SCRUTINY – ALL) –

The Leader presented the report the purpose of which sought Cabinet endorsement of the draft Annual Delivery Plan 2023-24 for the purpose of consultation.

The report set out how the draft Annual Delivery Plan had been developed, the proposed consultation and the timetable for the Plan.

The Annual Delivery Plan for 2023-24 was aligned to the Council's four Well-being Objectives and detailed the activities that would be undertaken in 2023-24 to deliver those objectives.

The Plan also detailed three critical challenges (associated with the four Well-being Objectives) which would be a key focus for the organisation in 2023-24, those being cost of living, Project Zero and organisational resilience.

The commitments within the Annual Delivery Plan would be reflected in Annual Service Plans together with a suite of performance measures which would detail how different Council services would contribute to the delivery of the Council's four Well-being Objectives.

Publishing the Well-being Objectives at the start of the financial year would enable the Council to meet its statutory obligations under the performance duties of the Local Government and Election (Wales) Act 2021 and the Well-being of Future Generations (Wales) Act 2015 (WFGA), both of which placed specific duties on the Council in relation to objective setting and reporting. Under the Well-being of Future Generations (Wales) Act, the Council was required to publish its Wellbeing Objectives by 31st March each year and to keep those under review.

The Council's Corporate Plan Well-being Objectives and associated commitments for 2023/2024 as outlined in the draft Annual Delivery Plan would be reflected in Service Plans for 2023 -2024. Work had commenced to develop the Service Plans which would be presented to the relevant Scrutiny Committees in the new year together with proposed service improvement targets for 2023-24. A workshop open to all Elected Members would be held to inform the approach to be taken to presenting this information for scrutiny.

The Leader said that it was not just a financially challenging time for the Council, but also for residents, communities and partner organisations. As a result, the final draft of the Annual Delivery Plan may have to change to address the latest challenges and would be amended in response to consultation feedback. Cabinet Members were looking forward to hearing the consultation responses and comments from Scrutiny.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the draft Annual Delivery Plan, (attached at Appendix A to the report) as the basis for consultation as described in the report, be approved.
- (2) T H A T the consultation approach and timetable as set out in the report be approved.
- (3) T H A T the approach taken this year to draft the Annual Delivery Plan and the relationship with Annual Service Plans be noted.
- (4) T H A T the report be referred to all Scrutiny Committees as part of the programme of consultation requesting any comments to be shared with the Director of Corporate Resources to inform revisions to the Annual Delivery Plan.

Reasons for decisions

- (1) To ensure that consultation could be undertaken on the draft Annual Delivery Plan.
- (2) To ensure that effective consultation was undertaken within the necessary timeframes for publishing the Annual Delivery Plan.
- (3) To ensure that Cabinet were aware of how the Annual Delivery Plan had been developed and how it would provide the framework for Annual Service Plans.
- (4) To ensure that all Scrutiny Committees had the opportunity to consider the draft Annual Delivery Plan and provide feedback as part of the programme of consultation.

**C132 TREASURY MANAGEMENT MID-TERM REPORT (EL/PR)
(SCRUTINY – CORPORATE PERFORMANCE AND RESOURCES) –**

The Leader presented the report the purpose of which was to provide a mid-year report on the Authority's Treasury Management operations for the period 1st April, 2022 to 30th September, 2022

The interim report provided an update on the Authority's Treasury Management operations for the period 1st April to 30th September, 2022. All activities were in accordance with the Authority's approved strategy on Treasury Management.

Total external borrowing as of 30th September, 2022 was £154.238m at an average rate of 4.48%. New external borrowing undertaken during the first 6 months of 2022/23 totalled £3m at an average rate of 3.07%.

The Council invested with the Debt Management Deposit Facility, Local Authorities, Treasury Bills, Money Market Funds together with Lloyds and Santander Bank Call Accounts. Total investments as of 30th September, 2022 stood at £96.345m at an average rate of 0.97%.

As the world emerged from the pandemic, the effects of Russia's invasion of Ukraine and the cost of living crisis, the report contained a review of the UK economy together with forecasts for interest rates.

The Authority had to ensure compliance with the Prudential Code, which had been developed and written by CIPFA as a professional code of practice. To demonstrate the Authority had met the necessary requirements, the Code set out prudential indicators that should be implemented and the factors that must be considered. The Council fully complied with those prudential indicators during the first six months of 2022/23.

External borrowing of £3.451m had been included in the estimates to cover loan maturities during 2022/23 and supported borrowing. However, the decision on whether to proceed would consider reserve levels and capital spend projections, PWLB rate forward projections and cost of carry. Advice would be sought from the Council's Treasury Management advisers.

The 2021 revised CIPFA Code of Practice required Local Authorities to adopt a new prudential indicator called the Liability Benchmark from 2023/24, a consideration of this over 20 years had been included in the report.

The Leader noted a comment made at a recent Scrutiny Committee meeting about financial management being difficult, she concurred but added that it is absolutely essential. She hoped to be able to make a statement next week concerning the medium-term fiscal event that took place that morning once the information had been analysed to see what bearing that had on the Vale of Glamorgan Council. In the current environment, the Council had to be completely on the top of financial management and thanked the Officers for the depth of detail available in the report.

Councillor Wilson said he felt the Council's strategy was right given the uncertainty in the economy currently, with priority given to security and liquidity over speculative investments was a prudent approach and one of the reasons that the Vale of Glamorgan Council was one of the strongest Councils in Wales in terms of its financial position.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

(1) T H A T the Treasury Management mid-year report for the period 1st April, 2022 to 30th September, 2022 be approved and referred to Council, in December 2022, for consideration.

(2) T H A T the latest Treasury Management indicators be approved and referred to Council in December 2022, for consideration.

(3) T H A T, notwithstanding Resolutions (1) and (2) above, the report also be forwarded to the next Corporate Performance and Resources Scrutiny Committee for consideration and discussion.

(2) To present an update of the Treasury Management indicators which were included in the Treasury Management Strategy.

(3) To present the report to the Corporate Performance and Resources Scrutiny Committee in accordance with the remit of the Committee.

C133 THE VALE OF GLAMORGAN COMMUNITY REVIEW (EL/PR) (SCRUTINY – CORPORATE PERFORMANCE AND RESOURCES –

The Leader presented the report the purpose of which was to update Members on the Vale of Glamorgan Council's Community Review and the process to be adopted.

Cabinet on 30th April, 2018 considered a report relating to the Council's duty to conduct a Community Review and resolved that a full Community Review ("the review") in line with the requirements of the Local Government (Democracy) (Wales) Act 2013 ("the Act") for the Vale of Glamorgan be commenced in June 2023 having regard, at that time, to the timing of the Local Democracy and Boundary Commission for Wales's ("the Commission") principal area review for the Vale of Glamorgan and the need to avoid the risk of voter confusion during election years in 2021 and 2022; minute number C285 referred.

The Local Democracy and Boundary Commission for Wales and all other mandatory consultees, including Town and Community Councils, were formally notified of the agreed timescale for the next Vale of Glamorgan community review.

Following the Local Government Elections in May 2022, discussions had been taking place with the Commission around the timing of the review, which would last 12-18 months, with a commencement date of January 2023, this taking account of the Commission's capacity to undertake no more than three reviews during this period.

Accordingly, it was proposed that the review be undertaken by the Commission on behalf of the Council in line with the Commission's powers under section 26(2)(a) of the Act, and in line with the Commission's Guidance for Principal Councils, July 2022, on the Review of Communities.

There were prescribed rules which were set out in the Act for the conduct of a community review which included consultation with mandatory consultees on all elements of the process.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T a full Community Review for the Vale of Glamorgan Council be commenced in January 2023.

- (5) T H A T the report be referred to Full Council in December 2022.

Reasons for decisions

- (1) To determine a further revised timescale for the commencement date of the community review having regard to the Commission's available capacity, to ensure a timely completion of the review, to take effect in respect of the Local Government Elections in May 2027.

C134 INITIAL HOUSING REVENUE ACCOUNT (HRA) BUDGET REVISED BUDGET 2022/23 AND PROPOSALS 2023/24 (EL/PR) (SCRUTINY – CORPORATE PERFORMANCE AND RESOURCES) –

The Leader presented the report the purpose of which was to gain Cabinet's approval for the Housing Revenue Account revised budget for 2022/23 and the initial budget proposals for 2023/24 and to take the proposals forward for consultation with Homes and Safe Communities and Corporate Performance and Resources Scrutiny Committees.

The report provided an update on the revised Housing Revenue Account Budget for 2022/23, which had increased from a deficit of £11.077m to £16.516m which would be funded from Housing Revenue Account reserves.

The Housing Revenue Account reserve level as at 31st March, 2022 was £17.439m, which was higher than expected due to lower capital expenditure being incurred in 2021/22. This drawdown would bring the Housing Revenue Account reserve balance back into line with the Housing Business Plan for 31st March, 2023.

The report set out initial Housing Revenue Account budget proposals for 2023/24. The initial budget for 2023/24 had moved from an original deficit budget £11.077m to a surplus of £26k.

The 2023/24 budget had assumed a reduction in Capital Expenditure Revenue Account (CERA) of £12.745m, bringing the budget contribution to £5.707m. This would leave an anticipated balance on the Housing Revenue Account reserve of £949k as at March 2024.

Other significant cost increases in 2023/24 were capital financing due to additional borrowing, increase in interest rates and higher repair costs due to an increase in supply costs and schedule of rates.

The Leader said that the Rent Policy notification had now been received from Welsh Government. Modelling had been undertaken using a rental increase of 2.75%, but a further report would be brought forward for Cabinet consideration once the information now received from Welsh Government had been analysed and Recommendation 5 amended to reflect that.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein and with the amendment to Recommendation 5

RESOLVED –

(1) T H A T the revised Housing Revenue Account budget for 2022/23 as set out in paragraph 2.2 be approved.

C140 DRAFT OLDER PERSONS HOUSING STRATEGY (PSHTE) (SCRUTINY – ALL) –

The Cabinet Member presented the report the purpose of which was to consider the draft Older Persons Housing Strategy 2022 - 2036.

The proposed Older Persons Housing Strategy 2022-36 (attached at Appendix 1 to the report) set out the vision in the Vale of Glamorgan Council which was: ‘to secure the best quality of life for older people to live as independently as possible in later life. This meant delivering a range of accommodation that enabled older people to live fulfilling lives and enjoy good health in attractive homes that met their needs and allowed them to retain their independence as they age’.

The Older Persons Housing Strategy 2022-36 supported the Local Housing Strategy for the Vale of Glamorgan and set out how the Council would work in partnership with residents and key stakeholders to meet the housing requirements for older people, develop solutions and maximise opportunities to improve the quality of life for older residents of the Vale of Glamorgan.

As a stock retaining Local Authority, the Council could access grant funding through the Welsh Government Social Housing Grant to build affordable housing in its own right or in partnership with other agencies. The Council had its own delivery programme which complimented housing developments provided by partner organisations.

During 2022 the Council hosted a series of workshops with internal staff across different departments. Those events, along with the views of partner organisations, feedback from older people, analysis of local demographics / emerging housing need, and recognised best practise, were used to inform the development of the Strategy.

The draft Strategy set out the long-term vision for Older Persons housing in the Vale of Glamorgan; it provided a statement of local strategic housing-related objectives and target outcomes. The strategy covered a period of fourteen years; however, the vision was viewed within the context of the Corporate Plan. The aims, objectives and intentions were to contribute to the Council’s vision for the future of the Vale of Glamorgan:” Strong communities with a bright future”.

The Strategy did not detail all the activities being undertaken to improve services and the quality of life for Older People in the Vale. It did however provide a high-level vision and a framework, which highlighted the key issues the Strategy sought to address.

There were several housing budgets relevant to the implementation of the Strategy; those include the Housing Support Grant; Rural Housing Enabler Grant; Social Housing Grant; Regeneration funding and Adaptation budgets.

The Council's Housing Department was aware of the resource implications of implementing the Strategy and understood the relevant funding sources necessary to meet the strategic aim.

Many of the resource implications in the strategy would affect partner organisations that provide housing and housing related services. All relevant partners had been involved with the development of the Strategy.

The Leader looked forward to the detailed and comprehensive discussions that would take place at the Homes and Safe Communities Scrutiny Committee.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein
