3.0 What is the background to this report?

3.1 As at 1st May 2021, Section 47 of the Act required that all Local Authorities MUST make and publish arrangements for the purpose of ensuring that meetings are able to be held by means of any equipment or other facility which enables persons who are not in the same place to attend the meeting, also referred to as Multi-Location Meetings (MLMs). For meetings capable of being held virtually in May 2021, participants needed to be able to speak and hear each other.

3.2 Section 46 of the Act requires Local Authorities from 5th May 2022 as follows:

- (1) A principal council must make and publish arrangements for the purpose of ensuring that—
- (a) a broadcast of proceedings at a meeting to which subsection (2) applies is available electronically so that members of the public not in attendance at the meeting can see and hear the proceedings;
 - (b) the proceedings are broadcast as they take place, subject to any specified exceptions;
 - (c) the broadcast is available electronically for a specified period after the meeting.

(2) This subsection applies to proceedings at a meeting, or any part of a meeting, which is open to the public of— (a) a principal council; (b) any of the following specified bodies—

- (i) the executive of a principal council;
- (ii) a committee or sub-committee of an executive of a principal council;
- (iii) a committee or sub-committee of a principal council;
- (iv) a joint committee, or a sub-committee of a joint committee, of two or more principal councils.

(3) The Welsh Ministers may by regulations make further provision in connection with the broadcast of proceedings at a meeting to which subsection (2) applies.

(4) In subsections (1) and (2), “specified” means specified in regulations made by the Welsh Ministers

3.3 As a result of the decision to live-stream all meetings and to continue to hold meetings on a virtual basis, having regard to COVID 19 restrictions and Welsh Government guidance, Vale of Glamorgan Council meetings were and continue to be undertaken via the Council's video conferencing system, MVI, hosted by VP-AV Limited, to broadcast proceedings live via YouTube. On demand hyperlinks for the live streams are also made available on the Council's

website for the public to view (save for where confidential matters are discussed).

- 3.4 As also referred to in the Statutory Guidance, MLMs offer Local Authorities the potential to update and transform the way they do business. It provides opportunities for Authorities to become more flexible and efficient and raise their profile in the local community and to bring their work directly into people's homes. Public access to MLMs is likely to be significantly higher than the level of audiences attending meetings in person previously and the Guidance also advises that attendance levels during the pandemic bear this out.
- 3.5 Minor updates were made to the Council's MLM Policy in April 2023, which sought to include clarity surrounding the number of working days for agendas to be published and in December 2023, when it was agreed for the MLM Policy to be included within the Council's Constitution.
- 3.6 A further update was undertaken in July 2024, following a Hybrid Meeting Platform update being presented to Democratic Services Committee. This was a broader update which encompassed the implementation of the Easy Conference Connect remote platform with training and support being provided for Members.
- 3.7 This update entailed Scrutiny Committees meeting on a remote only basis unless a matter of county wide interest has been determined in conjunction with the Scrutiny Chair and Chief Executive, and that Shared Regulatory Service's Committee could be held on a hybrid basis subject to the Chair's agreement.
- 3.8 The Regional Internal Audit service also undertook a two-part review of the Council's hybrid meeting solution during Winter 2025, with two distinct areas of focus. The initial area of focus was based upon the use of the hybrid meeting solution to support the Council's governance arrangements and the Council's delivery of its MLM Policy. The second part related to the technical aspects of using the Easy Conference Connect meeting solution for Council meetings.
- 3.9 Both internal audit reports identified that there was Substantial assurance, meaning that there is a sound system of governance, risk management and control exists, with internal controls operating effectively and being consistently applied to support the achievement of objectives in the area audited. In total, there were four low priority actions identified including:
- 3.9.1 A contingency plan for the storage of recordings should be drawn up in the event of potential access issues to the social media platform.
 - 3.9.2 Procedures should be documented to support business continuity.
 - 3.9.3 Continued efforts should be made to further improve the accessibility of live broadcasts and archived recordings for Welsh language speakers.
 - 3.9.4 The service should ensure that the DPIA is reviewed and updated in line with the stated annual review requirement.
- 3.10 The audit findings and their subsequent responses were considered by Democratic Services Committee on Tuesday, 3rd March 2026 where the Committee noted the findings and endorsed the action plans in relation to the recommendations.

4.0 What issues are there to be considered?

4.1 An MLM is a meeting of the relevant Authority (Principal Council) whose participants are not all in the same physical place. These are often referred to as Remote or Hybrid meetings (Hybrid being a meeting taking place both physically and remotely) and they can take several forms as below:

- Meetings of a Committee where all participants are in the same physical location except one individual who joins from another location, with the physical public gallery being provided;
- Meetings of a Committee where a roughly equal number of Members are present in a physical space and joining through remote means; those joining through remote means may include the Chair;
- Meetings of a Committee where all Members are joining through remote means but nonetheless a physical public gallery has been made available in Authority premises;
- Meetings of a Committee taking place wholly through remote means where no physical arrangements have been made.

4.2 The Authority must set out the details of its arrangements for MLMs. These arrangements must be guided by the general principles of Transparency, Accessibility, Good Conduct, Welsh Language, Local Needs and Future Generations.

4.3 It is important to ensure that participants and observers have access to easy-to-understand information which explains how they can and should engage in MLMs. The Policy, once adopted, shall be readily available electronically. A Draft MLM Policy is set out at Appendix A. This Policy provides guidance regarding the Council processes when conducting MLMs. Cabinet will be asked to consider and recommend to Council approval of the Policy for inclusion into the Council's Constitution.

4.4 Following the internal audit exercise and developments in practice with Members since the previous update, the latest iteration of the MLM has undergone minor changes to reflect updates within the Council since the previous iteration and the findings of the audit.

4.5 Welsh Government have also consulted upon extending the duties around broadcasting to all statutory Committees of Council but have yet to indicate the timeline for any changes in legislation. However, it is important to note that the Council currently exceeds these proposed changes as indicated within its consultation response.

4.6 The most prevalent updates within the document are included within the below sections:

4.6.1 Section 19 Meeting Broadcasts has been updated to include:

- A table to include an overview of which Committees are undertaken on a “remote” or “hybrid” basis (allowing for in-person attendance), and
- Update to include increased compliance of the Welsh Language Standards in streaming meetings.

4.6.2 Section 20 Attending Meetings safely has been updated to include:

- Personal safety information for Members whilst attending meetings, including potential scenarios and practical considerations for Members.

4.7 The proposed changes have been identified to reflect upon the learnings outlined previously within the report, the development of the Council's approach to hybrid meetings, the introduction of the Democratic and Scrutiny Services Officer – Digital Specialist position to undertake further research and development in this space alongside also embedding practice for the forthcoming municipal year and for future cohorts of Members.

5.0 How has evidence been used to inform the report, including the views of others?

5.1 There has been a range of evidence used to inform this document. As previously outlined, this policy has been based upon Welsh Government's Statutory and Non-Statutory guidance for Principal Councils in Wales.

5.2 In reviewing the changes, the Council has reviewed several MLM policies from other Councils in Wales subject to the same legislation to identify if there are any areas of practice which should be incorporated.

5.3 The findings and learnings of the internal audit as to how the Council delivers hybrid meetings, which includes Member feedback, has also been taken into consideration as part of the revision of the Policy.

6.0 What are the next steps if the recommendations are approved?

6.1 If the Council are to agree the recommendations, the Council's MLM will be published on the Council's website and facilitated by Democratic Services in the delivery of future Council meetings.

7.0 How does this report support Vale 2030 and Reshaping?

7.1 This Policy is aligned to a number of priorities within Vale 2030, but most noticeably, "Being the Best Council We Can Be", as it directly supports actions identified where the Council seeks to "Improve accountability and transparency by sharing more information about how decisions are made and scrutinised, priorities set, and budgets determined" and "Provide residents with more meaningful and engaging opportunities to participate and have a greater say in our work".

8.0 How does this demonstrate the Five Ways of Working?

8.1 The Council's MLM Policy articulates a longer term, strategic view as to how meetings of Council should be undertaken and seeks to allow for residents and Members to be involved in the democratic meetings of Council and prevent barriers to participation. The Policy has been designed in collaboration with Digital as it addresses a number of integrated challenges such as cyber security and the effective use of technology.

Resources

9.0 Finance

9.1 The costs associated with this Policy will be met from existing budget provision, however, where required, any future cost pressure bids relating to this Policy will be reported as appropriate. Consideration to funding any replacement equipment will be required in terms of available resources, cognisant of the Council's financial situation.

10.0 Workforce

10.1 There are no direct impacts to the workforce because of this report. The MLM Policy will be actioned by the existing Democratic Services team.

11.0 Legal and Equalities

- 11.1 **Does an Equalities Impact Assessment need to be completed? If not, why?** An Equalities Impact Assessment has been not completed because this is an amendment to an existing Policy, which impacts upon all Members of the Council and residents of the county. The Policy by design aims to address several barriers to accessibility including remote participation, audiovisual challenges, digital skills alongside promoting the use of the Welsh language.
- 11.2 The proposed Policy demonstrates how the Council is meeting its legislative requirements under Local Government and Elections (Wales) Act 2021, and various other legislation such as Local Government Act 2000.

1. Introduction.

- 1.1. Welsh Government have published final guidance, (June and July 2023 and amended in August 2023) namely, the [Statutory and Non-Statutory Guidance on Democracy within Principal Councils](#) which outlines the requirements the Council needs to take in facilitating multi-location meetings.
- 1.2. Welsh Government has consulted upon the duty to extend the requirements to broadcast meetings. Whilst the broadcast legislation is primarily aimed at meetings of Full Council, the proposed amendments to legislation extend to other statutory Committees of the Council and is currently awaiting Welsh Government directive as outlined within the [consultation response](#).
- 1.3. This Policy has therefore been revised having regard to this guidance and upon the experiences of the Council since the policy's inception. The Council's current position surrounding the broadcasting of meetings is reaching above the aspirations of both the current and proposed legislation.

2. What is a Multi-Location Meeting?

- 2.1. A Multi-Location Meeting (MLM) is a meeting whose participants are not all in the same physical place. Some of the participants may be physically located in the meeting venue whilst others join from their home or other remote locations.
- 2.2. [Under the Local Government and Elections \(Wales\) Act 2021](#), Welsh Government provisions confer on Local Authorities duties to convene MLMs to enable greater accessibility and public participation in the Local Government decision making process.
- 2.3. Section 47 of the Act required Local Authorities to make and publish arrangements that ensure that Local Authority meetings are able to be held by means of any equipment or other facility which enables meeting participants who are not in the same place to attend the meetings and be able to speak to and hear each other.
- 2.4. Meeting participants must not only be able to speak to and hear each other but, for meetings which are required to be broadcast under Section 46 of the Act, participants actively taking part in the meeting must also be able to see and be seen by each other. Please see section 10 for further details.

- 2.5. When considering arrangements for MLMs or Remote attendance the Authority will also have regard to Welsh Government guidance and / or regulations issued by Welsh Ministers.
- 2.6. Section 2 of Welsh Government's Statutory Guidance sets out a number of principles to guide Authorities when developing their meeting arrangements which are transparency, accessibility, good conduct, Welsh Language, local needs and future generations. The Guidance also confirms that the meeting arrangements should be reflected in the procedure rules set out in the [Council's Constitution](#).

3. Notices, Agendas, Reports, Decision Notices, Minutes, Background Papers.

- 3.1. The Authority will ensure that relevant information shall be included on the Notice of the Meeting (Agenda) advising how the Committee Members, Officers and the Public may attend the meeting.
- 3.2. [The Act](#) requires that Notices of Meetings and electronic information relating to meetings (i.e. including notices of [meetings, agendas, reports](#) and background papers) must be published on the Council's website, must remain available in an electronic format and be available for a minimum of six years following the date of the meeting.
- 3.3. Agendas, Reports, Decision Notices and Minutes of formal meetings will be published on the [Authority's website](#). A small number of copies shall be available to members of the public physically attending a meeting. Agenda papers are available at least five clear days (which includes weekends) prior to a meeting.
- 3.4. Decision Notices of a meeting (that came into effect under the Act in May 2021) must show decisions made; names of those present; apologies; declarations of interest and outcome of any votes and must be published on the Authority's website within seven working days of the meeting taking place, including the day of the meeting.
- 3.5. Background papers are different to Appendices that are already referenced within, and appended to, a published report. Background papers are other sources of information that are related to the subject matter of the report, disclose facts or matters on which the report (or an important part of it) is based, or were relied on to a material extent in preparing the report, but not appended to it. Background Papers are hyperlinked within the background section of published Council reports, and therefore available for public inspection via the Council's website.

- 3.6. There is no longer a requirement to post Notices of Meetings at the Council's offices, although the Vale Council has adapted its practice to assist the public, with a permanent notice including a QR code to the Council's calendar of Committee meetings remaining available.
- 3.7. However, hard copies of agendas and reports must be available for the public if meetings are held physically, and the Council is also required to make public access provision for members of the public who cannot access documents. For example, by providing access to computers, limited copies of documents at meetings or, via a fee, making documents available for inspection.

4. How are Multi-Location Meetings (MLMs) Conducted?

- 4.1. MLMs are meetings of the Council or its Committees whose participants are not all in the same physical place. Such meetings can either be held:
- Hybrid – with some participants joining through remote means and some attending physically in the same place as others; or
 - Entirely Remote – whereby all participants are taking part via remote means.
- 4.2. Hybrid Meetings – will be conducted and broadcast live (save for confidential matters) via the Council's hybrid meeting solution provider, from the Civic Offices, Holton Road, Barry, with some individuals attending physically in the Council Chamber.
- 4.3. Entirely Remote Meetings – will also be conducted and broadcast live (save for confidential matters) via the Council's hybrid meeting solution provider.
- 4.4. Entirely in-person meetings will usually be held in the Council Chamber at the Civic Offices, Holton Road, Barry and broadcast via the Council's hybrid meeting solution provider, (save for confidential matters).
- 4.5. Meetings of the Council will be conducted in line with the Council's Code of Conduct for Members at Section 19 of the [Council's Constitution](#) and the Conduct of Members – The Principles at Appendix 1 to Section 19.
- 4.6. Members must ensure they are adequately prepared to attend all Council meetings for which their attendance is required, taking into consideration technical and physical requirements. Please see sections 15 and 20 for further information.

The quorum shall include those attending by any means; providing they are able to speak and be heard by each other and to see and be seen by others when actively participating in proceedings.

Should an Elected Member declare a Prejudicial Interest at an in-person, Hybrid or Remote meeting, the Member must withdraw from the meeting by exiting the room or leaving the online meeting, unless they have obtained a dispensation from the Council's Standards Committee. However, where Members of the public are able to speak at a meeting, the Elected Member can also remain to make their representations but must leave after their representations are made. (For further information on declarations of interests at meetings please see Section 19.3 of the [Council's Constitution](#)).
- 7.2. The Elected Member will be invited back into the meeting once the item relating to the prejudicial interest has concluded. The Democratic and Scrutiny Services Officer supporting the meeting will notify the Elected Member to rejoin the meeting by an agreed means either by email, text message or telephone call to rejoin the meeting. Should that person not respond to the call to re-join, the meeting will continue without them, providing it is quorate.

8. Voting at meetings

- 8.2. Where a vote is required, voting will either take place electronically, via a roll call or a mixture of both should technical difficulties arise with voting electronically.
- 8.3. All voting results will be announced by either the Chair, the Chief Executive, the Monitoring Officer or the Democratic and Scrutiny Services Officer present before moving to the next item of business.

- 8.6. In all forms of meeting carried out via the Council's hybrid meeting solution, the vote will be carried out electronically and the names of those voting for, against or abstaining will be automatically recorded and results displayed on screen.

- 8.7. In the event of technical difficulties during any meeting, if a physical roll call of votes is taken this will be undertaken by the Chief Executive, Monitoring Officer or Democratic and Scrutiny Services Officer present at Full Council and for any other meeting by the supporting Democratic and Scrutiny Services Officer.
- 8.8. If a Member cannot initially be contacted to provide their vote, the officer will return to the Member and, following a second attempt, if no response is received, and the meeting remains quorate, the Member will be considered not present for that vote.
- 8.9. The above voting procedures are in addition to the procedures outlined in paragraph 4.23 of the Council's Constitution.

9. How Will Exempt Matters be Dealt With?

- 9.1. Some information, in accordance with Legislation, may not be able to be made publicly available. This is known as confidential or exempt information (Part II). When such information is to be considered at a formal meeting the documents will only be made available to those entitled to view them on the Council's internal network. Such matters are usually scheduled at the end of an agenda in order to minimise any inconvenience to observers who will be required to leave the meeting prior to the items being considered. The Chair will request that members of the public and press are excluded from the meeting (whether the meeting is being held by any means) before continuing with the agenda.

At a meeting, the Monitoring Officer and / or Democratic and Scrutiny Services Officer shall provide advice to the Chair in respect of the local
