Agenda Item No: 12

Meeting of:	**Cabinet**
Date of Meeting:	**Thursday, 19 November 2026**
Relevant Scrutiny Committee:	**No Relevant Scrutiny Committee**
Item which the Chair has decided is urgent (Part I) **(If yes, why)**	Not Applicable
Urgent Decision Procedure Used (15.14 of the Constitution) **(If yes, why)**	Not Applicable
Item Type	Part I
Report Title:	Outcome of the Review of Polling Districts and Polling Places in the Vale of Glamorgan Electoral Area
Portfolio Holder:	Executive Leader and Cabinet Member for Performance and Resources
Strategic Leadership Team:	Chief Executive
Lead Officer:	Rob Thomas, Electoral Registration Officer

1.0 What is this report about?

1.1 To present the outcome of the 2026 Review of Polling Districts, Polling Places and Polling Stations undertaken by the Returning Officer/Electoral Registration Officer arising from the recent Community and Electoral Reviews within the Vale of Glamorgan.

1.2 To seek Cabinet approval of the proposed polling district and polling place arrangements and recommend their adoption by Full Council.

2.0 What are the Recommendations?

	Recommendations – What and How?	Reason for Recommendation – Why?
2.1	That Cabinet considers the outcome of the 2026 Review of Polling Districts, Polling Places and Polling Stations as set out in this report and Appendix A.	To ensure polling district boundaries and polling arrangements accurately reflect the new community and electoral arrangements implemented across the Vale of Glamorgan
2.2	That Cabinet recommends to Full Council the approval and adoption of the revised polling district, polling place and polling station arrangements arising from the review.	To ensure electors continue to have reasonable and accessible facilities for voting and ensure electoral arrangements are in place for the 2027 Local Government Elections.

3.0 What is the background to this report?

3.1 On 24th September 2026 Cabinet approved the commencement of an interim review of Polling Districts, Polling Places and Polling Stations following the community and electoral changes arising from the Community and Electoral Review process.

3.2 The Polling Districts, Polling Places and Polling Stations review was required because existing polling district boundaries no longer aligned with the revised geography that will come into force for the Local Government Election on 6th May 2027.

3.3 The review considered:

- Changes to electoral ward and community boundaries;
- The creation of new wards and communities;
- The abolition and reconfiguration of existing wards;
- The suitability and accessibility of polling places;
- The need to provide electors with reasonable facilities for voting whilst minimising disruption wherever possible.

3.4 Consultation was undertaken in accordance with legislative requirements. Representations received during the review period were considered by the Returning Officer/Electoral Registration Officer in formulating the final recommendations.

3.5 The Council received one representation concerning Wenvoe ward, one representation concerning Cowbridge ward, and one representation relating to Llandough ward The representations are included at **Appendix A** to this report.

3.6 Detailed proposals and maps of the reconfigured polling districts and recommended polling stations are included within **Appendix B** and **Appendix C** to this report.

4.0 What issues are there to be considered?

4.1 General Overview

4.2 The review proposes a significant number of administrative amendments to polling district boundaries to align them with revised electoral and community ward arrangements. Many existing arrangements will remain unchanged.

4.3 **New Polling Districts**

4.4 New polling districts are proposed for several newly created wards which are outlined below:

- Waterfront (IA0 and IB0) in Barry.
- Cosmeston (JL0) in Penarth.
- Michaelston (MB0) and Leckwith (MB1) in Llandough.
- Brooklands (PB0) in Wenvoe.
- Duffryn (PD1) in St Nicholas and Llancarfan.
- Cowbridge Central (SA0), Llanblethian (SB0) and Cowbridge North (SC0) in Cowbridge.

4.5 **Abolished and Reconfigured Polling Districts**

4.6 The review includes the deletion or recoding of numerous polling districts where wards no longer exist or have been incorporated within new arrangements. Existing polling district references have been reused where possible:

Polling District	New arrangements
Baruc (AA0)	196 properties transferred to Illtyd (BA0)
Baruc (AC0)	431 properties transferred to Waterfront (IA0)
Baruc (AC1)	Polling district subsumed into Waterfront (IA0)
Illtyd (BB0)	9 properties transferred to Dyfan (CB0)
Illtyd (BB1)	Polling district subsumed into Dyfan (CB0)
Illtyd (BC0)	70 properties transferred to Dyfan (CC0)
Gibbonsdown (DA0)	23 properties transferred to Cadoc (HC1)
Gibbonsdown (DB0)	7 properties transferred to Cadoc (HC1)
Buttrills (EA0)	158 properties transferred to Illtyd (BC0)
Buttrills (EB1)	Polling district subsumed into Waterfront (IA0)
Buttrills (EC0)	400 properties transferred to Dyfan (CC0); 57 properties retained in Buttrills (EC1)
Buttrills (ED0)	110 properties transferred to Dyfan (CC0)
Castleland (FD1)	Polling district subsumed into Waterfront (IB0)
Castleland (FE0)	198 properties transferred to Waterfront (IB0)
Cadoc (HA0)	140 properties transferred to Court (GA0)
Cadoc (HB0)	89 properties transferred to Court (GB0)
Plymouth (JK0)	13 properties transferred to Stanwell (LC0)
Lavernock (NB0)	398 properties transferred to Cosmeston (JL0)
Twyn (OA0)	13 properties transferred to Cross Common (OD0)
Murch (OC0)	14 properties transferred to Plymouth (JK0); 5 to Cornerswell (KC0); 15 to Stanwell (OD0)
Cross Common (OD0 & OD1)	260 properties transferred to Twyn (OA0); 238 properties transferred to Murch (OC0)
Michaelston-le-Pit (OE0 & OE1)	Polling districts subsumed into Cwrtyrala (MB0)
Leckwith (OF0)	Polling district subsumed into Cwrtyrala (MB1)

Polling District	New arrangements
Wenvoe (PA1)	Polling district subsumed into Brooklands (PB0)
St Lythans (PB0)	45 properties transferred to Wenvoe (PA0); 5 to St Nicholas (PC0); 64 to Dyffryn (PD1); 4 to Llancarfan (PG0)
Bonvilston (PD0)	3 properties transferred to St Nicholas (PC0)
St Georges-super-Ely (PE0 & PE1)	Polling districts subsumed into Peterston-super-Ely with new polling district references (QA0 & QB0)
St Brides-super-Ely (PF0)	Polling district subsumed into Peterston-super-Ely with new polling district reference QC0
Pendoylan (QE0)	6 properties transferred to Bonvilston (PD0)
Welsh St Donats (QF0)	10 properties transferred to Bonvilston (PD0); 11 to Ystradowen (SG0)
Cowbridge (SA0)	Polling district incorporated into Cowbridge Central (SA0)
Llanblethian East (SB0)	Polling district incorporated into Cowbridge Central (SA0)
Llanblethian West (SC0)	100 properties transferred to Cowbridge Central (SA0); 1 property to Llanblethian (SB0); 383 properties to Cowbridge North (SC0)
Llanblethian West (SC1)	Polling district subsumed into Llanblethian (SB0)
Llanfair (SE0)	Polling district subsumed into Llandow with new polling district reference (TH0)
St Hilary (SF0)	Polling district subsumed into Llandow with new polling district reference (TJ0)
Ystradowen (SG0)	32 properties transferred to Llansannor (SH0)
Penllyn (SJ0)	296 properties transferred to Cowbridge North (SC0)
Llantwit West (UA0)	6 properties transferred to Llantwit South-East (UB0)
Llanmaes (UE0)	189 properties transferred to Llandow with new polling district reference (TG0); 3 properties transferred to Boverton (UD1)

4.7 **Polling Places and Polling Stations**

4.8 Most polling stations are proposed to remain unchanged. Where new polling districts have been created and boundaries changed, some existing polling stations have been utilised as outlined below:

- Ysgol Sant Baruc serving Waterfront (IA0)
- Bridge Between Community Centre serving Waterfront (IB0)
- Lower Penarth Community Centre serving Cosmeston (JL0)
- Sully Library serving Lavernock (NB0)
- Hafod, St Hilary Court serving Brooklands (PB0)
- St Nicholas Church serving Duffryn (PD1)
- Cowbridge Town Hall serving Cowbridge Central (SA0)
- Llanblethian Church Hall serving Llanblethian (SB0)
- United Free Church serving Cowbridge North (SC0)

4.9 **Consultation Responses**

4.10 Three Member responses were received during the consultation period. The issues raised and Officer consideration of those matters are summarised below.

Wenvoe Ward

4.11 A representation was received from a local ward Member expressing concern that electors residing in the Duffryn, St Lythans and Twyn Yr Odyn areas would be required to travel further to vote than under the existing arrangements, potentially discouraging voter participation. Concern was also raised regarding a small number of electors who, following implementation of the Community Boundary Review, would be allocated to polling districts within the St Nicholas and Llancarfan Electoral Ward.

4.12 In considering the representation, it was noted that the proposed arrangements arise directly from the Community Boundary Review and that polling district boundaries must reflect the revised ward structure. Consideration was also given to the relatively small number of electors affected in certain areas and it was concluded that the establishment of additional polling stations would not be practical or proportionate. The proposed polling places were therefore retained as they were considered to provide the most suitable arrangements overall for the affected electorates.

Cowbridge Ward

4.13 A representation was received from a ward Member for Cowbridge requesting that The Broad Shoard, and if possible, the upper section of Westgate, be included within polling district SCO on the basis of their proximity to the polling station at the United Free Church.

4.14 The request was reviewed against the revised electoral ward boundaries established through the Community Boundary Review. The Broad Shoard forms part of the Cowbridge Central Electoral Ward and therefore falls within polling district SA0. As polling districts cannot cross electoral ward boundaries, it is not possible to incorporate the area into polling district SCO, which corresponds to Cowbridge North Ward. It was also noted that the affected properties were already situated within polling district SA0 prior to the boundary review and therefore no change to their polling station arrangements was proposed. Consequently, no amendment to the proposals is recommended.

Llandough ward

4.15 A representation was received from the ward Member for Llandough. The response was supportive of the majority of the proposed polling arrangements arising from the review. The respondent supported the retention of Llandough and Leckwith Institute as the polling station for polling district MA0, citing its central location and accessibility, and also supported the creation of the new polling districts MB0 (Michaelston-le-Pit) and MB1 (Leckwith), together with the retention of St Michael's Church, Michaelston-le-Pit as the polling station for MB0. The sole objection related to the proposed arrangements for polling district MB1, where electors would be required to vote at a polling station located outside the polling district. The respondent expressed concern that this would be less convenient for residents of Leckwith, highlighted the lack of direct public transport links to Michaelston-le-Pit, and suggested that alternative options, including temporary accommodation within the district, should be reconsidered. The respondent therefore requested that the Council reinstate the temporary polling station in Leckwith.

4.16 The representation was carefully considered. Polling district MB1 comprises a relatively small number of properties and extensive efforts were undertaken to identify a suitable polling place within the district; however, no venue meeting the required accessibility,

practicality and electoral administration standards was identified. Given the small electorate within the district and the availability of an accessible polling station at St Michael's Church, Michaelston-le-Pit, it is recommended that the proposed arrangements remain unchanged.

4.17 The representations received can be found within Appendix A.

4.18 **Future Considerations**

4.19 A potential alternative polling station has been identified for Monknash (WF0), Marcross (WF1) and St Donats (WG0) polling districts. Further investigations and consultation with local Members are proposed ahead of the 2027 Local Government Elections.

5.0 How has evidence been used to inform the report, including the views of others?

5.1 Public consultation has been undertaken in accordance with legislative requirements and all representations received have been considered by the Returning Officer/Electoral Registration Officer in developing the final proposals.

5.2 Relevant public awareness raising, and communications with the electorate will take place in respect of any proposed changes ahead of the 2027 Local Government Elections.

6.0 What are the next steps if the recommendations are approved?

6.1 Subject to Cabinet approval of the report recommendations, the report will be reported to Full Council on 7th December 2026.

7.0 How does this report support Vale 2030 and Reshaping?

7.1 The review of Polling Districts and Polling Places supports people in their community and ensures they have reasonable and accessible facilities for voting.

8.0 How does this demonstrate the Five Ways of Working?

8.1 The review of Polling Districts and Polling Stations safeguards the long-term needs of residents to ensure that all electors in the Local Authority area have such reasonable facilities for voting as practicable in the circumstances.

Resources

9.0 Finance

9.1 There are no financial implications associated with this report.

10.0 Workforce

10.1 There are no staffing implications associated with this report.

11.0 Legal and Equalities

11.1 **Does an Equalities Impact Assessment need to be completed? If not, why?**

11.2 An Equalities Impact Assessment has not been undertaken as the review is primarily concerned with implementing revised electoral and community boundaries and ensuring compliance with statutory electoral requirements. However, accessibility considerations have formed a key part of the review process, and the Council has had regard to its duties under the Equality Act 2010 when assessing the suitability of polling places and polling stations. The recommendations seek to ensure that electors, including those with disabilities, continue to have reasonable and accessible facilities for voting.

11.3 The Returning Officer/Electoral Registration Officer on behalf of the Council is under a statutory duty to keep polling districts and polling places under review in accordance with the Representation of the People Act 1983 (as amended).

11.4 The changes proposed within this report are necessary to align polling district arrangements with the revised electoral ward and community boundaries implemented following the Community and Electoral Reviews. The recommendations therefore ensure that the Council's polling arrangements accurately reflect the electoral geography that will apply at the 2027 Local Government Elections.

11.5 The review has been undertaken in accordance with the relevant statutory requirements, including consultation with prescribed consultees and consideration of representations received. The Returning Officer/Electoral Registration Officer has considered the suitability and accessibility of polling places and polling stations and has formulated recommendations accordingly.

11.6 The approval of polling districts and polling places is a matter reserved to Full Council. Cabinet's role is therefore to consider the outcome of the review and make recommendations to Council for determination.

11.7 There is a limited risk of challenge where individuals disagree with the suitability of a polling district or polling place. However, provided the Council can demonstrate that it has properly discharged its statutory duties, undertaken appropriate consultation, considered representations received and reached a rational decision based on the evidence available, the risk of a successful legal challenge is considered low.

12.0 Key Contacts

12.1 **Who are the primary officers to contact with any comments and/or queries on the report?**

Lead Officer: Rob Thomas Chief Executive and Returning Officer	Democratic Services Officer: Matt Swindell Cabinet and Committee Services Officer. mlswindell@valeofglamorgan.gov.uk

Consultation Response regarding Wenvoe

From: Thomas, Rob <DRThomas@valeofglamorgan.gov.uk>
Sent: 20 October 2026 11:58
To: Godfrey, Russell E (Cllr) <regodfrey@valeofglamorgan.gov.uk>
Cc: Starr, Rachel <RMStarr@valeofglamorgan.gov.uk>; Davidson, Victoria <VDavidson@valeofglamorgan.gov.uk>
Subject: Re: Proposed Polling Station Changes Wenvoe Ward

Welcome back Russell and hope you had a good holiday.

The current review is that of Polling Stations and places and is solely concerned with considering the most appropriate arrangements for Polling Stations / Places for the Elections in May.

The proposals are as set out fully in the consultation and in my earlier e-mail.

The proposal is that the Horse and Jockey ceases to be a polling station, as set out below.

A report will be presented to cabinet in November and that report will set out the outcome of the review and after that the matter will be presented to Council when members will decide on the review.

In order to make any observations, you need to respond to the consultation (I can refer to these e-mail exchanges as well as any other representations you have made). You will also be able to raise any issues at Council should you be so minded.

I hope this helps.

Subject: RE: Proposed Polling Station Changes Wenvoe Ward

Hi Rob
Thankyou for your response, but with respect the review also recommended changes to the Wenvoe Ward, which after being challenged did not happen.
Could please confirm if the Polling stn at the Horse & Jockey go ahead, if not how do I challenge this decision.
Best regards
Russell

Subject: Re: Proposed Polling Station Changes Wenvoe Ward

Good morning Cllr Godfrey,

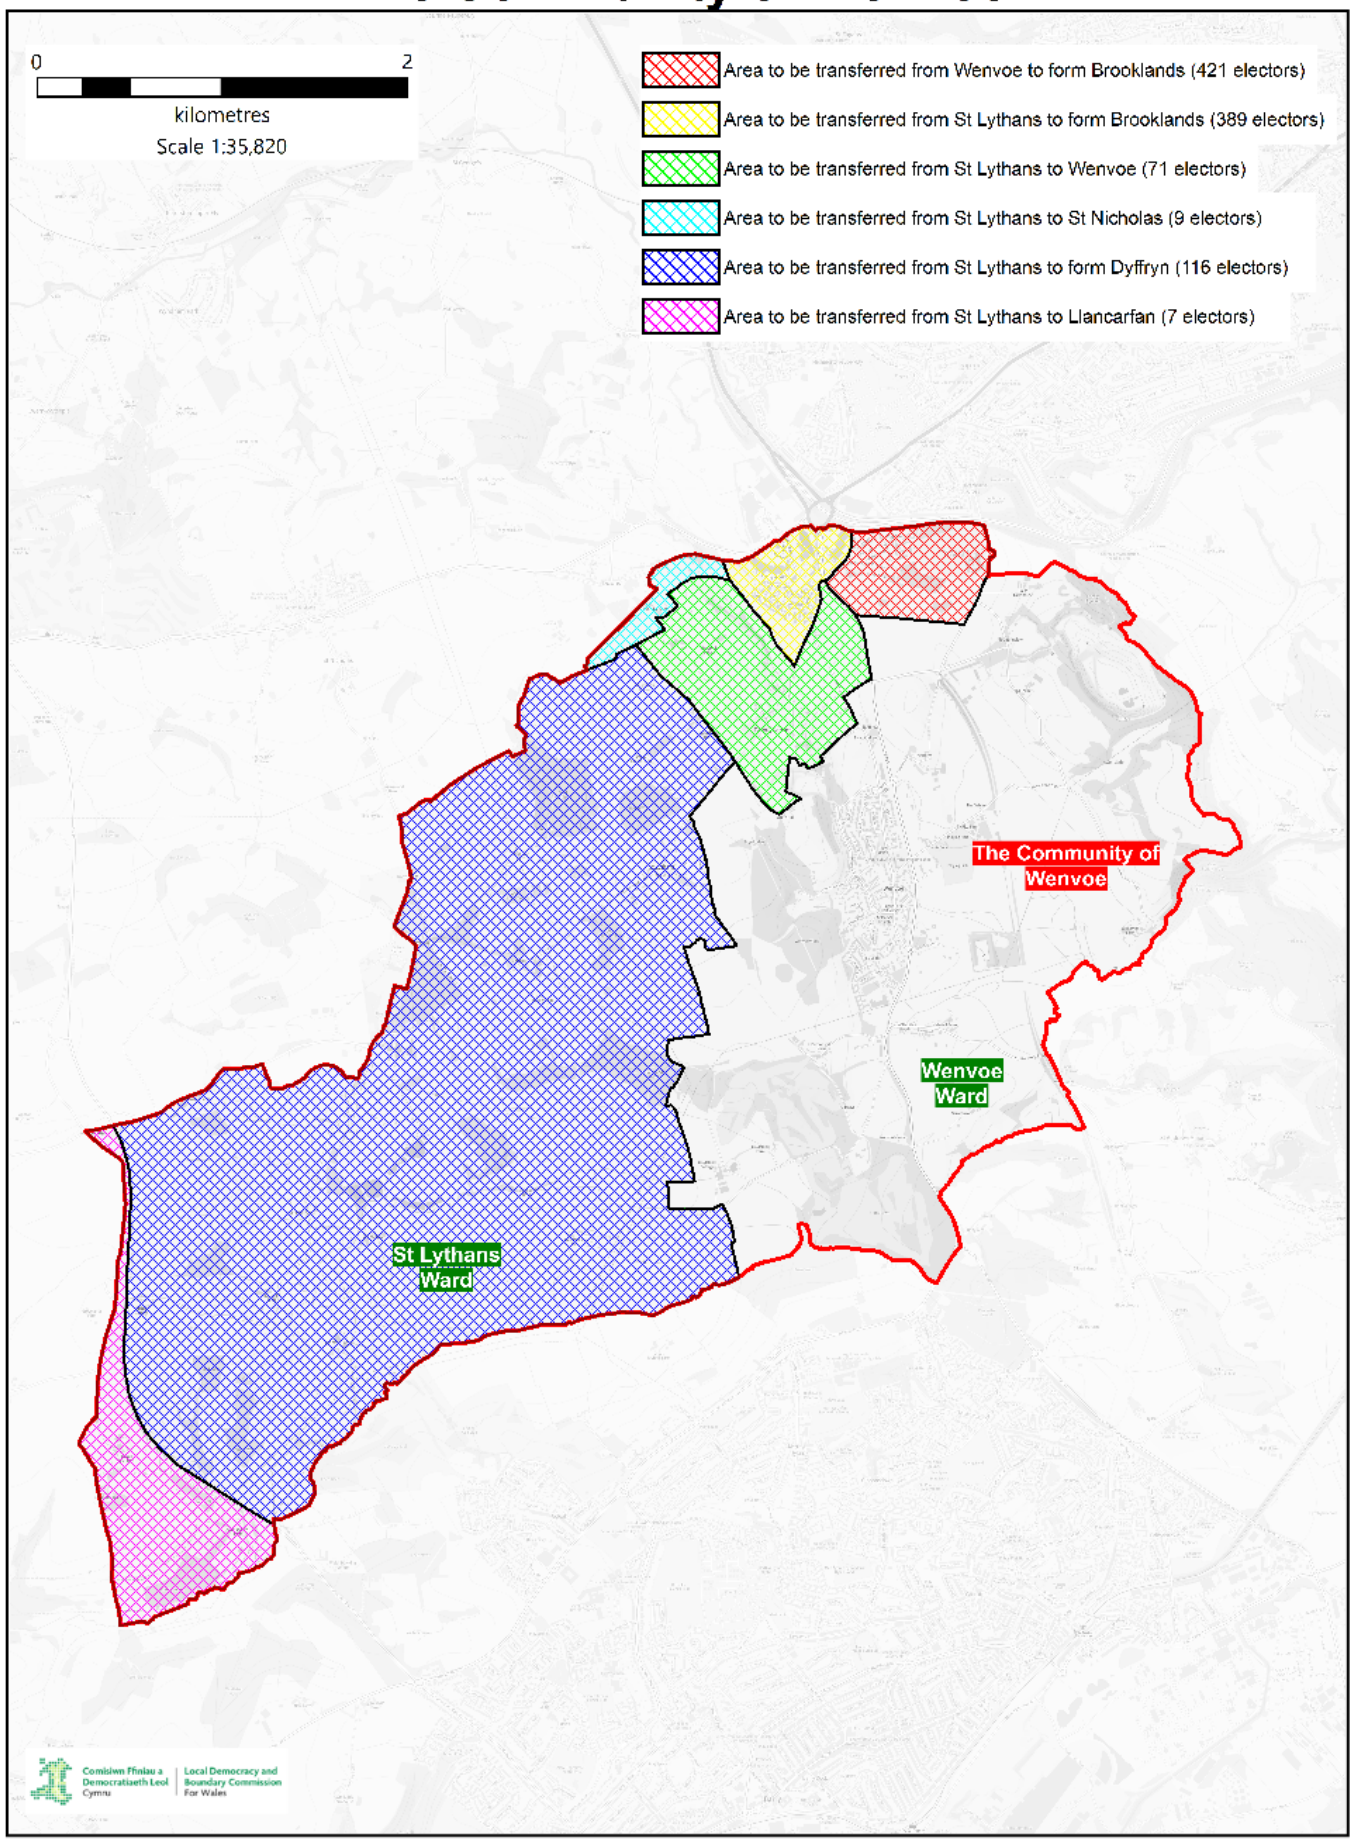

Thank you for your email of 8 October regarding the proposed polling station arrangements within the Wenvoe ward.

While we always seek to provide polling stations within each polling district wherever possible, this is not always practical. Factors such as the geographic distribution of electors and the relatively small electorate in some areas must be taken into account when determining suitable polling places.

As Returning Officer, it is important to me that all electors have the opportunity to vote and do not feel disadvantaged by the arrangements in place. As the local ward councillor, you are well placed to raise awareness amongst any residents who may have concerns about travelling to a polling station and to remind them that postal voting remains available. The Electoral Services team would be happy to provide advice on the application process. In addition, the team will undertake voter awareness activity ahead of the May 2027 elections to promote the different methods of voting available to electors.

The changes outlined below arise from the Community Review completed in 2023. The affected areas can also be viewed on the attached map.

The Community of Wenvoe

© Crown copyright and database rights [2024] OS [100047875]

Brooklands Community Ward

The area currently within St Lythans Community Ward (389 electors) and the area currently within Wenvoe Community Ward (421 electors) have been combined to create the new Brooklands Community Ward, which will remain within the Wenvoe Electoral Ward.
It is proposed that all electors within Brooklands vote at Hafod, St Hillary Court, Copthorne Way, Cardiff, as this provides the most practical and convenient solution for the ward as a whole. While we recognise that electors currently residing in the St Lythans area would previously have voted at the Horse and Jockey, the creation of the new ward requires us to identify a suitable polling place that best serves all Brooklands electors. Having considered the available options, Hafod is considered the most appropriate location.

Area Transferred to St Nicholas Community Ward

An area currently within St Lythans Community Ward, affecting 9 electors, has been transferred to St Nicholas Community Ward and the St Nicholas and Llancarfan Electoral Ward.
It is proposed that these electors vote at St Nicholas Church, which is the nearest polling station within their new electoral ward. Although these electors have previously voted at the Horse and Jockey, the boundary changes mean they now fall within a different polling district. Given the very small number of affected electors, it would not be practical to establish a separate polling station.

Area Transferred to Wenvoe Community Ward

An area currently within St Lythans Community Ward, containing 71 electors, has been transferred to Wenvoe Community Ward.
It is proposed that these electors vote at Wenvoe Community Centre. While they previously voted at the Horse and Jockey, the same principles apply. The number of electors affected does not justify the creation of a separate polling station, and Wenvoe Community Centre is considered the most suitable venue within the ward.

Dyffryn Community Ward

An area currently within St Lythans Community Ward, affecting 116 electors, will become part of Dyffryn Community Ward and has been transferred to the St Nicholas and Llancarfan Electoral Ward.
It is proposed that these electors vote at St Nicholas Church, which is the nearest polling station within their new electoral ward. Although they previously voted at the Horse and Jockey, that venue is now located outside their polling district and electoral ward.

Area Transferred to Llancarfan Community Ward

An area currently within St Lythans Community Ward, affecting 7 electors, has been transferred to Llancarfan Community Ward.
It is proposed that these electors vote at Llancarfan Village Hall. While they previously voted at the Horse and Jockey, that polling station now falls outside their polling district. As with the other changes described above, it would not be practical to establish a separate polling station for such a small number of electors.

Should you wish to suggest alternative arrangements, please submit your proposals in writing by **Friday 30 October 2026** to either:

- Rachel Starr – rmstarr@valeofglamorgan.gov.uk
- Hayley Hanman – hhanman@valeofglamorgan.gov.uk

All representations received will be considered before final recommendations are presented to Cabinet on **19 November 2026** and to Full Council on **7 December 2026**.

I hope this explanation provides further clarity on the proposed arrangements and the rationale behind them. If you require any additional information, please do not hesitate to contact.

To: Hanman, Hayley <HHanman@valeofglamorgan.gov.uk>; Thomas, Rob <DRThomas@valeofglamorgan.gov.uk>
Subject: Proposed Polling Station Changes Wenvoe Ward

Dear Hayley/ Rob

Further to our telephone conversations with regards to above proposals, I write to confirm my concerns;

1. I believe that all residents in Duffryn, St Lythans and Twyn Yr Rodyn have used the polling station at the Horse & Jockey, geographically, the distance these residents would have to travel to Wenvoe community centre is excessive, which in my opinion would discourage residents from voting.
2. Its proposed that 5 residents would vote in St Nicholas and 4 residents would in Llancarfan, both of these areas are in a different ward to mine. As result of the boundary it was confirmed that my Ward would remain as it was, I do not understand why these residents would now have to vote in a different ward.
   I look forward to your response

Best regards
Russell

Consultation Response regarding Cowbridge

From: Starr, Rachel
Sent: 13 October 2026 14:14
To: Champion, Charles EA (Cllr) <ceachampion@valeofglamorgan.gov.uk>
Cc: Carroll, George D (Cllr) <gdcarroll@valeofglamorgan.gov.uk>; Thomas, Rob <DRThomas@valeofglamorgan.gov.uk>; Hanman, Hayley <HHanman@valeofglamorgan.gov.uk>
Subject: RE: Cowbridge SCO

Dear Councillor Champion,

Thank you for your email of 12 October. I note the comments you have made regarding polling district SC0 and The Broad Shoard.

You suggested that, if possible, The Broad Shoard should be included within polling district SC0. Unfortunately, this is not possible following the completion of the Community Boundary Review. The Boundary Commission has produced and supplied the official ward shapefiles for Cowbridge, which confirm that The Broad Shoard falls within the Cowbridge Central ward and is therefore part of polling district SA0. Polling district SC0 relates to Cowbridge North and, as a separate ward, it cannot include properties that fall within Cowbridge Central.

It is also worth noting that The Broad Shoard was situated within polling district SA0 prior to the Community Boundary Review. As such, there has been no change to the polling station currently used by these electors.

Whilst it is acknowledged that residents of The Broad Shoard have a polling station on their street at the United Free Church, the geographical spread of polling district SA0 has been carefully considered. On balance, we are recommending that Cowbridge Town Hall continues to be used as the polling station for SA0, as it provides a more central location for the wider electorate within the district.

I trust this clarifies the position. Should you require any further information, please do not hesitate to contact me.

Kind regards,

Rachel

Consultation response regarding Leckwith

From: Starr, Rachel
Sent: 02 November 2026 08:44
To: Carroll, George D (Cllr) <gdcarroll@valeofglamorgan.gov.uk>
Cc: Thomas, Rob <DRThomas@valeofglamorgan.gov.uk>; Davidson, Victoria <VDavidson@valeofglamorgan.gov.uk>
Subject: RE: Review of Polling Districts, Polling Places and Polling Stations

Dear Cllr Carroll,

Thank you for your comments regarding the proposed polling arrangements for the new polling district MB1 (Leckwith).

The Returning Officer has carefully considered whether a polling station should be re-established within Leckwith. However, the newly created polling district comprises only **41 properties**, representing a very small electorate. In these circumstances, the provision of a dedicated polling station within the district would not represent a proportionate or efficient use of public resources. Establishing a separate polling station would require the provision of a suitable venue or temporary accommodation, polling staff, equipment, and associated electoral materials for a limited number of electors.

As part of the review in 2023, officers explored potential alternative venues within, or closer to, the polling district. However, no suitable venue was identified that met the requirements for use as a polling station, including accessibility, availability, security, and the facilities necessary for the effective administration of the poll. The existing polling station at St Michael's Church, Michaelston-le-Pit, therefore, remains the most suitable available venue for electors within MB1.

Whilst guidance indicates that polling places should ordinarily be situated within the polling district they serve, it is recognised that this is not always practicable. In this instance, St Michael's Church is an established polling venue, is accessible to electors, and is in close proximity to the MB1 district.

The Returning Officer must balance accessibility and convenience for electors with the effective and efficient administration of elections across the Vale of Glamorgan. Having regard to the small size of the electorate within MB1, the absence of a suitable alternative venue within the district, and the availability of an appropriate nearby polling station, it is considered that retaining the existing polling arrangements at St Michael's Church remains the most appropriate option.

It is important to that all electors have the opportunity to vote and do not feel disadvantaged by the arrangements in place. As the local ward councillor, you are well placed to raise awareness amongst any residents who may have concerns about travelling to a polling station and to remind them that postal voting remains available. The Electoral Services team would be happy to provide advice on the application process. In addition, the team will undertake voter awareness activity ahead of the May 2027 elections to promote the different methods of voting available to electors.

For these reasons, no change is proposed to the polling station designated for polling district MB1.

A report will be presented to cabinet in November and that report will set out the outcome of the review and after that the matter will be presented to Council when members will decide on the review. We will include your response in the report and this email exchange in the appendices.

I hope this explanation provides further clarity on the proposed arrangements and the rationale behind them. If you require any additional information, please do not hesitate to contact me.

Kind regards

Rachel

Subject: Review of Polling Districts, Polling Places and Polling Stations

Dear Sir or Madam

Re: Review of Polling Districts, Polling Places and Polling Stations

I write regarding the above, in response to the Council's ongoing consultation. I make these representations in my capacity as the Elected Member for the Llandough ward.

The proposals for the Llandough ward comprise the following, to reflect changes to the ward boundaries:

- **Llandough** – no change to the existing MA0 polling district covering the village of Llandough. No change to the existing polling station at Llandough & Leckwith Institute (Memorial Hall).
- **Michaelston-le-Pit** –creation of new polling district (MB0). No change to the existing polling station at St Michaels Church, Michaelston-le-Pit.
- **Leckwith** – creation of new polling district (MB1). No change to the existing polling station at St Michaels Church, Michaelston-le-Pit.

My comments regarding the proposals are as follows:

Llandough (MA0)

I support the proposal to retain the existing polling station at Llandough Memorial Hall. It is situated in a central location within the village and has step free access. While the polling station does not have access to a car park, save for a few spaces immediately in front of the hall, no alternative location provides better parking facilities.

Michaelston-le-Pit (MB0)

I support the proposal to create a new polling district comprising parts of the existing OE0 and OE1 districts. While I have reservations over the merging of the respective community councils covering Llandough and Michaelston-le-Pit and Leckwith and would have preferred for them to continue as separate entities, I accept this is out of the scope of this review. Instead, its purpose is to reflect boundaries that have already been determined. A new polling district comprising the village of Michaelston-le-Pit is logical and sensible. I also support the proposed retention of the polling station at St Michaels Church.

Leckwith (MB1)

I support the proposalp to create a new polling district comprising the existing OF0 district, to reflect changes to ward boundaries. I am concerned, however, by the location of the proposed polling station. Leckwith was previously served by its own polling station situated at The Green, a central location within the village. This was abolished in a previous review on grounds of cost. Residents resultantly need to travel to Michaelston-le-Pit, a neighbouring village, to vote. While I accept that portacabins are typically more costly than other polling stations, and should only be used as a last resort, the use of a portacabin is preferable to locating the station out of district.

Electoral Commission guidance makes clear that polling places must be an area in the district unless special circumstances apply. I do not consider a preference against the hiring of portacabins to be sufficient to justify this. There are no transport links from Leckwith village to the proposed polling station, whereas the previous station at The Green was situated within walking distance for many residents. The proximity of the polling place to electors is stipulated as a key criterion by the Commission. Cost, by contrast, is not. As such, I strongly urge Council to consider reinstating the polling station in Leckwith.

Thank you for taking the time to consider these representations, and I look forward to hearing from you.

Kind regards,

Cllr George Carroll
Elected Member

Llandough ward
Vale of Glamorgan Council

Review of Polling Districts. Polling Places and Polling Stations for the Vale of Glamorgan 2026: Electoral Registration Officer

Ward	Polling District	Place and Station Name	Changes to polling districts/polling stations	Additional Notes	Final Results
