Recommendations

- 1.** That Cabinet agree to the proposal to vary the existing Public Spaces Protection Order (“PSPO”) by increasing the restricted areas covered by it as detailed within the report and which will be presented to Full Council for future consideration.
- 2.** That Cabinet endorse the commencement of a 6-week Consultation on all restricted areas proposed to be included in the existing Public Space Protection Order and current restricted areas included within it, in respect of Alcohol related Anti-Social Behaviour.
- 3.** That Cabinet agree that the outcome of the Consultation and any proposed Public Space Protection Orders, to be varied and increased be reported to Council including any further recommendations for consideration.
- 4.** That Cabinet agree the use of article 14:14 (urgency procedure) in respect to recommendations 1.1, 1.2 and 1.3.

Reasons for Recommendations

- 1.** To assist the Council robustly manage alcohol related Anti-Social Behaviour at its Resorts, Town Centres and Public Open Spaces.
- 2.** To ensure the Council complies with its duty to carry out a necessary consultation under the Anti-Social Behaviour, Crime and Policing Act 2014 (“the Act”)
- 3.** To ensure the Council and South Wales Police have the appropriate powers to protect the quality of lives of those who live, work and visit restricted areas and to permit the majority of the law-abiding citizens to use and enjoy public spaces, safe from anti-social behaviour.
- 4.** To ensure the Council carries out the necessary consultation required under the Act on the proposal to vary and consult on the existing restricted areas covered by the Order in place, and increasing the existing Order before they expire, to provide Council Officers and the Police the appropriate powers to manage activities of alcohol related Anti-Social Behaviour.

1. Background

- 1.1** Council on the 27th September 2017 (minute no. C333 refers) approved the introduction of alcohol related Public Space Protection Orders (PSPO's) for a 3-year period to replace previous Orders, made under the Criminal Justice and Police Act 2001, which were due to expire on 20th October 2017.
- 1.2** Under the Anti-social Behaviour, Crime and Policing Act 2014 (the Act), a Local Authority, after consultation with the police, Police and Crime Commissioner and other relevant bodies, is able to make a PSPO.
- 1.3** The purpose of the PSPO's created was to assist the Council and its partners to provide a proportionate and robust response to addressing areas of alcohol related anti-social behaviour (ASB) across the Vale of Glamorgan.

2. Key Issues for Consideration

- 2.1** The existing Order is attached (Appendix A) including the details of the list of current locations that are included within the Order as are appended in the Schedule.
- 2.2** This report seeks approval to undertake a Consultation as required by the Act, to prepare a future report to extend the existing Orders that are due to expire and to vary the Order to include additional restricted areas by increasing the number of PSPOs to address a range of ASB experienced in certain areas across the Vale of Glamorgan.
- 2.3** For information purposes and to note, before an Order is made, there is a legal test before a PSPO can be made. The test requires that the behaviour being restricted must:
- Be having, or likely to have, a detrimental effect on the quality of life of those in the locality; or
 - It is likely that activities will be carried on in a public place within that area and that they will have such an effect.

The second condition is that;

- Is, or is likely to be, of a persistent or continuing nature,
 - Is, or is likely to be, such as to make the activities unreasonable, and
 - Justifies the restrictions imposed by the notice.
- 2.4** In this case the behaviour to be restricted in the existing Orders and the proposal to increase the restricted areas covered by the Orders in place, in respect of alcohol related ASB only and the Orders are designed to ensure that the majority of law-abiding citizens can use and enjoy public spaces, safe from ASB.
- 2.5** At present, the existing PSPO's provide an effective means to manage land to prevent any ASB escalating by providing additional powers to issue warnings, seize and confiscate alcohol and to stop the consumption of alcohol if necessary.
- 2.6** In the restricted areas a person commits an offence if without reasonable excuse he or she continues to carry out activities from which he or she is prohibited, namely;
- Continuing to drink alcohol when required to stop doing so by an Authorised Officer;
 - Not surrendering any alcohol in his or her possession when required to do so by an Authorised Officer;
 - Refusal to hand over any containers (sealed or unsealed) which are believed to contain alcohol, when required to do so by an Authorised Officer.

- 2.7** This allows the Police and designated Council Officers to effectively manage and deal with situations that are alcohol related when it is consumed in a public space.
- 2.8** The Council has been restricted in its ability to robustly manage ASB in certain areas over the spring/summer 2020 as a result of increased alcohol consumption and in the absence of PSPO's.
- 2.9** Since the relaxation of Covid-19 measures, an increase in visitor numbers to coastal areas and a reduction of licenced premises operating, has seen an increase in the consumption of take away alcohol in public spaces where this has been facilitated and this has occasionally resulted in associated ASB.
- 2.10** The Council will not tolerate ASB on public spaces and this report aims to capture recent areas of concern as well as the future arrangements for the existing Orders that are due to expire in October 2020. This will allow the Council to robustly manage all its Resorts, Town Centres and Open Spaces.
- 2.11** As a result, it is proposed that the following areas be added to the existing schedule for consultation:
- Cosmeston Country Park
 - Porthkerry Country Park
 - Penarth Pier and Esplanade
 - Ogmore beach and surrounding common land
 - Llantwit Major – Cwm Col-Huw
 - Rhoose Point
- 2.12** The Council has a statutory duty to consult when proposing to introduce PSPO's. Section 72 of 'the Act' does not determine the length of a consultation period, the Council previously when consulting on the making of the PSPO in October 2017 preceded its decision by undertaking for a 6-week Consultation which is deemed reasonable.
- 2.13** The existing Orders expire in October 2020 and therefore it is proposed that consultation is undertaken over the summer and the outcome presented in a report to Full Council at the end of September 2020 or at the earliest opportunity subject to any further relaxation of Covid-19 measures. This will include a proposal to extend the existing Orders for a further period of 3 years and vary it by increasing the number of restricted areas to be included within it.
- 2.14** If the Order is not extended and the proposal implemented to vary the Order by increasing the number of restricted areas within it, then the existing PSPO's in their current form will cease to exist from October 2020. This is likely to prevent the Council from achieving its Corporate commitments and the Council and Police will have greater difficulty preventing or stopping ASB associated with the consumption of alcohol in designated areas.

- 2.15 It will not be an offence to drink alcohol in a controlled drinking zone. However, it will be an offence to fail to comply with the request to cease drinking by an officer or surrender alcohol, in a controlled drinking zone. Possible sanctions include a Fixed Penalty Notice (FPN) or a fine of up to level 2 upon conviction.
- 2.16 The renewal of PSPO's is designed to make public spaces more welcoming to the majority of law-abiding citizens and communities and not simply restrict activities.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 Long term - the Orders will safeguard the Councils long-term strategic outlook regarding tourism and ensure it has robust measures to provide safe and secure environments of our citizens and visitors.
- 3.2 Integration - The introduction of new Orders and the proposal to renew the existing PSPO's demonstrates an integrated approach to robustly managing our Resorts, Town Centres and Open Spaces and demonstrates that the Council will not tolerate Anti-Social Behaviour in respect of alcohol consumption.
- 3.3 Involvement - By undertaking a comprehensive 6-week consultation process involving all our stakeholders it will ensure that citizens and visitors are engaged regarding the management of Resorts, Town Centres and Open Spaces in respect of Anti-Social Behaviour and the associated Orders.
- 3.4 Collaboration - The proposals will involve working in collaboration with Town Councils, Community Councils, South Wales Police and Community Support Officers.
- 3.5 Prevention - Consideration will need to be given as to whether prohibitions in one area will displace the problem behaviour elsewhere, or into a neighbouring Authority.
- 3.6 The consumption of alcohol in public places can lead to nuisance, violence and disorder. The proposed Orders, restricting the consumption of alcohol within a public place will help to prevent alcohol related Anti-Social Behaviour.

4. Resources and Legal Considerations

Financial

- 4.6** The legal authority to make, extend, vary or discharge a PSPO is set out in the Anti-social Behaviour, Crime and Policing Act 2014. The publication of a PSPO is as required by the Anti-Social Behaviour, Crime and Policing Act 2014 (Publication of Public Spaces Protection Orders) Regulations 2014.
- 4.7** The legal test and the two conditions as detailed elsewhere in the report permits a Local Authority to make a PSPO where it is satisfied on reasonable grounds that the two conditions are met pursuant to section 59 (1) and (2) of the Act.
- 4.8** The test requires that the behaviour being restricted must:
- Be having, or likely to have, a detrimental effect on the quality of life of those in the locality; or
 - It is likely that activities will be carried on in a public place within that area and that they will have such an effect.

The second condition is that;

- Is, or is likely to be, of a persistent or continuing nature,
 - Is, or is likely to be, such as to make the activities unreasonable, and
 - Justifies the restrictions imposed by the notice.
- 4.9** Necessary Consultation must be carried out to include amongst other things a consideration of the scope of the Order, the areas covered, the impact of the proposals and an analysis of how restrictions meet the legal test.
- 4.10** The making of a PSPO must be reasonable to prevent or reduce the detrimental effect of the problem behaviour, or reduce the detrimental effect continuing, occurring or reoccurring.
- 4.11** A Local Authority is required to have regard to Articles 10 and 11 of the Human Rights Act 1998 regarding freedoms permitted of the freedom of expression and freedom of assembly and association.
- 4.12** A Local Authority who is satisfied following a necessary consultation that it is reasonable to make, extend, vary, or discharge a PSPO is required to publish the text of it for any variation, and publish the proposal for any extension of it.

- 4.13** A Local Authority to specific upon the making out in 'the Act'. The existing Order [Appendix A] is required to have regard restrictions which apply or variation of a PSPO as set
- 4.14** An interested person may apply to the High Court to question the validity of a PSPO, or a variation of an Order.
- 4.15** An appeal must be made within the period of 6 weeks beginning with the date on which the Order or any variation is made.

C313 PREVENTION OF ALCOHOL RELATED ANTI-SOCIAL BEHAVIOUR – RESORTS, TOWN CENTRES AND PUBLIC OPEN SPACES (NST) (SCRUTINY – ENVIRONMENT AND REGENERATION) –

Councillor King presented the report, which sought approval to vary the existing Public Space Protection Order (PSPO), by increasing the restricted areas covered by it, in respect of alcohol related Anti-Social Behaviour (ASB) that expired in October 2020.

As the Council did not tolerate Anti-Social Behaviour on its Resorts and Public Spaces, it would be necessary to add Cosmeston Country Park, Porthkerry Country Park, Penarth Pier and Esplanade and Ogmores beach and surrounds to include those areas as part of the restricted areas covered by the existing Order, where there had been incidents over the summer and where Council Officers and the Police had limited ability to manage anti-social behaviour as a result of alcohol consumption within these areas. This would enable the Council and the Police to provide a proportionate and robust response to addressing areas of alcohol related anti-social behaviour across all areas of the Vale of Glamorgan.

It would be necessary to undertake a 6-week consultation process over the summer on the existing areas covered by the Order in place, in addition to the proposal to vary it by increasing the number of restricted areas covered under it and prepare a report for the next Council meeting for consideration

The existing Order, attached at Appendix A to the report, included the details of the list of current locations that were included within the Order as were appended in the Schedule.

The report also sought approval to undertake a Consultation as required by the Act, to prepare a future report to extend the existing Orders that were due to expire and to vary the Order to include additional restricted areas by increasing the number of PSPOs to address a range of ASB experienced in certain areas across the Vale of Glamorgan.

For information purposes and to note, before an Order could be made, there was a legal test before a PSPO could be made. The test required that the behaviour being restricted must:

- Be having, or likely to have, a detrimental effect on the quality of life of those in the locality; or
- It was likely that activities would be carried on in a public place within that area and that they would have such an effect.

The second condition was that;

- Was, or was likely to be, of a persistent or continuing nature,
- Was, or was likely to be, such as to make the activities unreasonable, and
- Justified the restrictions imposed by the notice.

In this case the behaviour to be restricted in the existing Orders and the proposal to increase the restricted areas covered by the Orders in place, in respect of alcohol related ASB only and the Orders were designed to ensure that the majority of law-abiding citizens could use and enjoy public spaces, safe from ASB.

At present, the existing PSPOs provided an effective means to manage land to prevent any ASB escalating by providing additional powers to issue warnings, seize and confiscate alcohol and to stop the consumption of alcohol if necessary.

In the restricted areas a person committed an offence if without reasonable excuse he or she continued to carry out activities from which he or she was prohibited, namely;

- Continuing to drink alcohol when required to stop doing so by an Authorised Officer;
- Not surrendering any alcohol in his or her possession when required to do so by an Authorised Officer;
- Refusal to hand over any containers (sealed or unsealed) which were believed to contain alcohol, when required to do so by an Authorised Officer.

This allowed the Police and designated Council Officers to effectively manage and deal with situations that were alcohol related when it was consumed in a public space.

The Council had been restricted in its ability to robustly manage ASB in certain areas over the spring / summer 2020 as a result of increased alcohol consumption and in the absence of PSPOs.

Since the relaxation of COVID-19 measures, an increase in visitor numbers to coastal areas and a reduction of licenced premises operating, had seen an increase in the consumption of take away alcohol in public spaces where this had been facilitated and this had occasionally resulted in associated ASB.

The Council would not tolerate ASB on public spaces and the report aimed to capture recent areas of concern as well as the future arrangements for the existing Orders that were due to expire in October 2020. This would allow the Council to robustly manage all its Resorts, Town Centres and Open Spaces.

As a result, it was proposed that the following areas be added to the existing schedule for consultation:

- Cosmeston Country Park
- Porthkerry Country Park
- Penarth Pier and Esplanade

- Ogmore beach and surrounding common land
- Llantwit Major – Cwm Col-Huw
- Rhoose Point.

The Council had a statutory duty to consult when proposing to introduce PSPOs. Section 72 of 'the Act' did not determine the length of a consultation period, the Council previously when consulting on the making of the PSPO in October 2017 preceded its decision by undertaking for a 6-week Consultation which was deemed reasonable.

The existing Orders expire in October 2020 and therefore it was proposed that consultation was undertaken over the summer and the outcome presented in a report to Full Council at the end of September 2020 or at the earliest opportunity subject to any further relaxation of COVID-19 measures. This would include a proposal to extend the existing Orders for a further period of 3 years and vary it by increasing the number of restricted areas to be included within it.

If the Order was not extended and the proposal implemented to vary the Order by increasing the number of restricted areas within it, then the existing PSPOs in their current form would cease to exist from October 2020. This was likely to prevent the Council from achieving its Corporate commitments and the Council and Police would have greater difficulty preventing or stopping ASB associated with the consumption of alcohol in designated areas.

It would not be an offence to drink alcohol in a controlled drinking zone. However, it would be an offence to fail to comply with the request to cease drinking by an officer or surrender alcohol, in a controlled drinking zone. Possible sanctions included a Fixed Penalty Notice (FPN) or a fine of up to level 2 upon conviction.

The renewal of PSPOs was designed to make public spaces more welcoming to the majority of law-abiding citizens and communities and not simply restrict activities.

Councillor King drew attention to Recommendation (4) which sought the use of article 14.14 (the urgency procedure) to implement Recommendations (1), (2) and (3) as implementation needed to begin as soon as practicable.

The Leader added that was important to note some of the issues that had come forward as a result of lockdown and the subsequent easing of restrictions that had to be addressed using PSPOs, both supporting previous Orders as well addressing the additional areas listed in paragraph 2.11.

Councillor Gray noted the numbers of residents who had contacted him who were concerned about the environment along Penarth Esplanade. Along with the Orders, the public also had to take personal responsibility for their actions. Constituents would be able to contact the Council to suggest further areas that may require attention as part of the consultation process. The Council had extended the opening times of the toilets on the Esplanade, had increased frequency of emptying of bins and had written to licence holders to remind them of their obligations.

Councillor Burnett referred to examples of unacceptable behaviour in a number of areas of across the Vale which would not usually be expected. Some PSPOs, e.g. at Barry Island, had been in place for years but had not had to be used as people were acting responsibly. The Council would not expect the Orders to be used in everyday circumstances but there needed to be tools that the Council were able to enforce if necessary, in partnership with the Police, and keep public spaces safe and enjoyable for local residents.

The Leader and Managing Director had also written to local licensees on Barry Island and Penarth Esplanade to remind them of their responsibilities, especially as restrictions were eased following lockdown. There was a PSPO from 2017, listed as Appendix A, which covered a number of areas, but the report looked to extend coverage to the additional areas listed in paragraph 2.11 as those areas had come forward since the easing of lockdown restrictions.

Recommendation (3) recommended that the outcome of the consultation be referred to the next Council meeting, which would be the 21st September Council meeting, and could include any further recommendations for consideration that would sit alongside the areas already in existence as listed in Appendix A.

Councillor King added that there had been good support from licenced traders, but the most significant issue was visitors bringing their own alcohol to certain areas.

The Managing Director added that the areas listed in paragraph 2.11 were predominantly coastal areas as visitors looked to use the coastline as a result of the easing of lockdown restrictions. It was also noted that Recommendation (4) referred to 'Recommendations 1.1, 1.2 and 1.3' which should have read as 'Recommendations 1, 2 and 3'. It was agreed to amend the wording of Recommendation (4) accordingly.

The Director of Environment and Housing added that he was grateful for Cabinet support and that some behaviour as a result of alcohol had had an effect on residents and resorts would suffer without prompt action being taken. Alcohol had been confiscated from people arriving at Barry Island and areas would continue to be policed to ensure that the resorts and parks remain attractive places to visit.

The Head of Regeneration and Planning added that similar issues had been experienced at country parks and people should be able to enjoy the country parks and coastal locations for what they are rather than places to consume and abuse alcohol.

This was a matter for Executive decision.
