

Meeting of:	Community Liaison Committee
Date of Meeting:	Tuesday, 01 July 2025
Relevant Scrutiny Committee:	Resources Scrutiny Committee
Report Title:	Nomination of Representatives from Town and Community Councils for the Public Services Board
Purpose of Report:	To consider appointment to the Public Services Board
Report Owner:	Rob Thomas, Chief Executive
Responsible Officer:	Helen Moses, Operational Manager Corporate Strategy and Insight
Elected Member and Officer Consultation:	Due to the corporate nature of this report, no specific consultation has been undertaken with Elected Members.
Policy Framework:	This is a matter for decision by the Community Liaison Committee
<p>Executive Summary:</p> <ul style="list-style-type: none"> To invite a representative of Town and Community Councils to join the Public Services Board in line with the statutory guidance for the Well-being of Future Generations (Wales) Act 2015. To continue the involvement of Town and Community Councils in the work of the PSB and the effective dialogue that has been established between Town and Community Councils. 	

Recommendations

1. That the Community Liaison Committee appoints a representative from the 26 Town and Community Councils to sit on the Public Services Board, to the 2027 Local Government Elections.

Reasons for Recommendations

1. To enable a representative from Town and Community Councils to be appointed to the PSB to ensure effective engagement with Town and Community Councils and adhere to the Statutory Guidance for the Well-being of Future Generations (Wales) Act.

1. Background

- 1.1 On the 5th July 2016, an invitation was extended to the Community Liaison Committee to appoint a representative to sit on the Public Services Board (PSB) which was established through the Well-being of Future Generations Act. This was initially for a one-year period, this was changed to a two-year period in 2017.
- 1.2 On 30th January 2025 this Committee agreed a motion that the Town and Community Council representative appointed to the PSB would be rotated between Town and Community sized Councils on a two-yearly basis. Councillor C. Hadley from Colwinston Community Council was duly appointed as the representative on the PSB for a period of two years to January 2027.
- 1.3 It was further agreed at this meeting that the appointed representative share PSB meeting agendas with all Town and Community Council Clerks where possible for comment in advance of PSB meetings, and that the representative provide a verbal update on previously held PSB meetings at subsequent meetings of the Committee as a standard agenda item.

2. Key Issues for Consideration

- 2.1 The Well-being of Future Generations Act came into force on the 1st April 2015. The Act requires that all public bodies consider the economic, social, environmental and cultural aspects of all decisions we make. The Act formally establishes statutory boards, to be called Public Services Boards (PSBs), in each local authority area in Wales.
- 2.2 A number of statutory duties are placed on the PSB to evidence work towards the seven national Well-being Goals for Wales. This includes a duty to assess the economic, social, environmental and cultural well-being of their area. This has

been delivered through '[A View of the Vale of Glamorgan – An assessment of Current and Future Well-being](#)' published in May 2022. Following its assessment of well-being the PSB must develop a Well-being Plan, which evidences the PSB's contribution to the goals while also responding to the findings of the assessment of well-being.

- 2.3** The Vale of Glamorgan PSB published its [Well-being Plan](#) in May 2023. The Well-being Plan set three Well-being Objectives for the PSB to work to deliver over a five-year period, these are: A More Resilient and Greener Vale, A More Active and Healthier Vale, and A More Equitable and Connected Vale. Alongside the three Well-being Objectives, through the Well-being Plan the PSB set three priority workstreams to take forward work where specific and additional shared focus is needed, these are: Responding to the Climate and Nature Emergencies, Working with People Who Live in Our Communities That Experience Higher Levels of Deprivation, and Becoming an Age Friendly Vale.
- 2.4** The Well-being Plan is taken forward by PSB board members. This includes the four statutory members: the Vale of Glamorgan Council, Cardiff and Vale University Health Board, South Wales Fire and Rescue Service and Natural Resources Wales.
- 2.5** Alongside the statutory members, PSBs are required to invite certain other persons or organisations to participate the work of the board. These invitees are not required to accept the invitation; however, should they accept this invitation, they are referred to in the Act as 'invited participants'. On the Vale of Glamorgan PSB 'invited participants' include: South Wales Police, the office of South Wales Police and Crime Commissioner, a representative of Welsh Government, National Probation Service, and Glamorgan Voluntary Services.
- 2.6** Further to the "invited participants", the PSB is required to engage with key partners who have a material interest in the well-being of the area, who deliver important public services, in the preparation, implementation and delivery of the work of the board. These key partners are referred to within the Act as 'other partners'. On the Vale of Glamorgan PSB 'other partners' include: Cardiff and Vale College, Transport for Wales, Welsh Ambulance Service Trust, and a representative from Town and Community Councils.
- 2.7** The report, 'Shared Purpose: Shared Future 4', provides guidance on the role of Community Councils in response to the Well-being of Future Generations Act and places a duty on Town and Community Councils with a gross income or expenditure of at least £200,000 to take all reasonable steps towards meeting the objectives set out in the local Well-being Plan. In the Vale of Glamorgan, this is understood to effect Barry, Llantwit Major and Penarth Town and Community Councils.
- 2.8** This report has been brought before Committee to continue the involvement of Town and Community Councils in the work of the PSB. This will also ensure the continuation of the effective dialogue that has been established between Town and Community Councils.

- 2.9** Following the resignation of Councillor C. Hadley from Colwinston Community Council, from this Committee, and as its representative on the PSB, the Committee are requested to appoint a new representative to sit on the PSB. It is recommended that this is until the 2027 Local Government Elections.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The Public Services Board (PSB) has a responsibility to embed the five ways of working in all its activities. The invitation for a Town and Community Council to participate in the PSB will in particular support greater involvement and opportunities for collaboration and the integration of different workstreams.

4. Climate Change and Nature Implications

- 4.1** The Public Services Board has agreed a Climate Emergency Charter, and an Asset Management and Climate Change group has been established to enable partners to work together and share learning and best practice. Climate change and the environment were significant themes in the assessment of local well-being; this has been reflected in the inclusion of 'Responding to the Climate and Nature Emergencies' as one of the PSB's Priority Workstreams and 'A More Resilient and Greener Vale' as one of the PSB's Well-being Objectives.

5. Resources and Legal Considerations

Financial

- 5.1** None as a result of this report.

Employment

- 5.2** None as a result of this report.

Legal (Including Equalities)

- 5.3** None as a result of this report.
