GRANT FUNDING STREAMS FOR FAMILY SUPPORT SERVICES

At the December Meeting of the Social Care and Health Scrutiny Committee, Members were most concerned at the number of grant funding streams for Family Support Services and the short term nature of this funding. The views of the Committee were referred to Cabinet and the Cabinet Minutes state that Cabinet shared these concerns '*regarding grant funding especially short term and fixed term grant funding that can cause difficulty for the Council in service delivery*'. Can I enquire whether this matter has been taken up with the Welsh Government, which of course is responsible for this most worrying state of affairs.
