**PENARTH RENEWAL PHASE 5B**

With reference to Penarth Renewal Phase 5B, can the Vale explain how they are going to rectify the problem with the certification, i.e. the Final Certificate is dated 31 May 2008, yet the site is still to be completed to date. The Practical Completion Certificate was dated nine months after the final certificate 18 March 2009. The Certificate of Making Good is yet to be issued. Please let me know how this invalid sequence of certification is to be remedied?
