STAFFING ISSUES IN THE PROPERTY SECTION

At its meeting in March there was dissatisfaction from all Members of the Social Care and Health Scrutiny Committee regarding the failure of the Council to complete much needed capital works within the current financial year. There was particular concern that schemes had been delayed due to 'a number of staffing resource issues in Property Services'. The Deputy Leader agreed to share these concerns with Cabinet however these do not appear to be reflected in the minutes of the Cabinet Meeting of the 11th of April when the Revenue and Capital Monitoring Report was referred to Cabinet. I am sure that this was merely an oversight on behalf of the 'minute taker'; however are you able to explain why there have been such serious 'staffing resource issues' in Property Services and are you able to reassure Members that these issues have been resolved, as it is clearly most unsatisfactory for much needed capital works to be delayed in this manner.
