**COUNCIL HOUSING**

The recent completion of three adapted bungalows in Barry, the first Council housing built by the Vale of Glamorgan since 1996, is welcomed. Could the Cabinet Member confirm how many Council house one-bed and two-bed properties he plans to build between 2017 and 2022?

Preliminary statistics show a reduction in the number of Vale of Glamorgan pupils achieving the Level 2 plus threshold (5 A\*-C grades including English and Maths) in this year's GCSE examinations. FROM COUNCILLOR DR. I.J. JOHNSON

**REAL LIVING WAGE**

As a supporter of the Real Living Wage, set by the Living Wage Foundation at £8.45 per hour, I welcome moves towards paying all staff a decent wage. The recent Cabinet report says that 1,300 members of staff, mostly part-time, will see an increase in their hourly pay as a result of these changes. Could the Leader confirm the date at which these proposals will take effect, and the number of men and women impacted?

QUESTION PURSUANT TO COUNCIL PROCEDURE RULE 8:2

FROM COUNCILLOR DR. I.J. JOHNSON

TO THE LEADER

**BIOMASS SUBMISSION TO NATURAL RESOURCES WALES**

Like many Barry Councillors, I was surprised that there was no Cabinet report on the Vale of Glamorgan Council's submission to the Natural Resources Wales consultation on biomass in Barry, a matter of high public interest. Could the Leader confirm that a submission was made, and publish it on the Council website so that the public can view the Council's position on this important local issue?

Fire water containment and run off regulations came into force in mid 2014. CIRIA C736 covers this and Section 4 is key.

What considerations did the planning department make of these regulations in 2015, prior to making recommendations to the Planning Committee on the outline plans of the Biomass plant at Barry Dock?

FROM COUNCILLOR O. GRIFFITHS

**PRIDE CYMRU**

I, like many others, was delighted to see the Council's formal recognition of Pride Cymru and participation in this year's Pride Cymru parade. I was however disappointed by the glaring inaccuracies contained in the accompanying press release and the overt politicisation of the role of Deputy Mayor. Would the Leader take this opportunity to correct the information and apologise to Members for the contravention of the Council's Constitution?

FROM COUNCILLOR N. MOORE

TO THE CABINET MEMBER FOR NEIGHBOURHOOD SERVICES AND

**ROAD RESURFACING**

Members continue to be confused by the Council's policy for road resurfacing and repair within the County. If Members are confused then it's likely that residents will be confused too.

Recent discussions at Environment and Regeneration Scrutiny Committee discussed the complexity of the decision-making matrix for resurfacing and worryingly it became apparent that there were obvious errors and confusion in its application.

Will the Cabinet Member agree to publish the matrix on the Council's website so that resurfacing priorities are open and transparent to Members and residents alike?
