

Meeting of:	Audit Committee
Date of Meeting:	Monday, 16 December 2019
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Progress Against the Audit Risk Based Plan 1st April 2019 to 30th November 2019
Purpose of Report:	To provide Members with a position statement on progress being made against the audit work that was included and approved within the 2019-20 Internal Audit Annual Risk Based Plan
Report Owner:	Head of the Regional Internal Audit Service
Responsible Officer:	Head of Finance & Section 151 Officer
Elected Member and Officer Consultation:	No Elected Members have been consulted. Legal Services and Head of Finance.
Policy Framework:	The proposals in this report are in accordance with the policy framework and budget.
<p>Executive Summary:</p> <ul style="list-style-type: none"> • The progress made against the approved internal audit risk based plan as at 30th November 2019 is detailed in Appendix A. It shows that 32 reviews have been finalised with an audit opinion and 102 recommendations have been made to strengthen the control environment. 7 reviews have been given a limited audit opinion in regard to the existing control environment, however recommendations have been made and agreed which when implemented will improve the weaknesses identified. • The status of all the planned priority 1 and priority 2 work identified for quarters 1 to 3 is illustrated in Appendix A. Some planned reviews are on-going or reports have been issued in draft whereas some planned reviews are yet to commence or be allocated. • The plan was based on a fully staffed structure however there are vacant posts being held until the Regional Service restructure has taken place. This has had a knock on effect on the audit plan but in order to assist in this shortfall the South West Audit Partnership (SWAP) have been commissioned to undertake some reviews. 	

Recommendations

1. That Members note the content of the report and the progress made.

Reasons for Recommendations

1. To keep Audit Committee informed.

1. Background

- 1.1 In accordance with the Public Sector Internal Audit Standards, the Head of Audit is responsible for developing a risk-based annual audit plan which takes into account the Council's risk management framework. Within the Standards there is also a requirement for the Head of Audit to review and adjust the plan, as necessary, in response to changes in the Council's business, risks, operations, programs, systems, controls and resources. The Head of Audit must also ensure that Internal Audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.
- 1.2 The 2019/20 Internal Audit Plan was submitted to the Audit Committee for consideration and approval on the 30th April 2019. The Plan outlined the assignments to be carried out and their respective priorities.

2. Key Issues for Consideration

- 2.1 The Plan provided for a total of 1,402 audit days to cover the period April 2019 to March 2020. These days were split into those reviews considered to be Priority One and those considered to be Priority Two with the aim of completing the whole plan by the end of the financial year.
- 2.2 Actual progress against quarter 1 to quarter 3 of the 2019/20 Risk Based Plan is attached at Appendix A which details the status of each planned review, the audit opinion and the number of any high or medium recommendations made to improve the control environment. It should be noted that some reviews listed have no audit opinion, for example advice and guidance, Audit Committee and CMT reporting and the Closure of Reports. This is because the audit work carried out in respect of these items is planned but the nature of the work does not lead to testing and the formation of an audit opinion.
- 2.3 Appendix A illustrates that as at 30th November 2019, 32 audit reviews have been completed with an audit opinion being given. Based on the assessment of the strengths and weaknesses of the areas examined through testing of the effectiveness of the internal control environment an audit opinion of substantial

assurance has been given to 5 reviews and an opinion of reasonable to 20 reviews.

- 2.4** The remaining 7 audit reviews have been given an audit opinion of limited, that is only limited assurance can be placed on the current systems of internal control. These areas are as follows :

Social Services - Direct Payments

This was a follow up review of a previous limited assurance report. Testing was undertaken to identify the progress made by the service area against the previous recommendations made. Unfortunately, progress had been slower than planned and as a result only limited changes had been made to improve the systems and controls. This will be monitored and reviewed again over the next few months.

Youth Services Missing Laptop

A laptop was reported missing and the subsequent audit review identified a poor systems of control in place to record and safely store the assets. Recommendations have been made and accepted by management and a follow up review will be undertaken to ensure that controls have improved.

Youth Services Petty Cash

Missing money was reported and as a result a review of the systems and processes in place identified improvements that could be made to strengthen the existing weak controls. These have been accepted and a follow up review will be undertaken in due course.

Stanwell Comprehensive School Payroll System

This school undertakes its own payroll function and the planned audit review identified that certain processes and procedures required updating and strengthening. The recommendations made have been accepted and are in the process of being implemented.

School Budget Monitoring

This review was undertaken to ensure that the systems and processes in place for monitoring school revenue budgets are efficient and effective in order to provide timely and accurate information. There is a service level agreement in place between schools and the Learning & Skills Directorate and each school has a dedicated Finance Support Officer. The review found areas where improvements can be made to increase efficiency and accuracy such as updating the website with applicable school finance documents, updating the school monitoring coverage and considering streamlining the financial systems in use to avoid duplication and manual entries.

Catering Governance & Set Up

A review of the proposed set up and governance arrangements of the new Catering Company was undertaken. At the time of the review the planned "go live" date for the Catering Company was only 5 weeks away. Although the audit concluded that there were many positives to this concept, when looking at the readiness for trading within that timescale, several recommendations were made which had an impact on the level of assurance that could be assigned. Therefore a limited opinion was given. Since this audit review the "go live" date has been revised to a later date. The recommendations have been agreed and are being addressed prior to the new "go live" date.

Social Care Contract & Commissioning Follow Up

This was a follow up to a previous limited assurance review completed in 2018/19. SWAP undertook the work to verify that the previous recommendations had been successfully implemented. However, although the target implementation dates had passed many recommendations were not fully completed and therefore improvements could not be verified. The status therefore remained limited and a further review will take place before the financial year end.

- 2.5 Appendix A illustrates that a total of 102 high or medium recommendations have been made to improve the control environment of the areas reviewed. The implementation of these recommendations will be monitored to ensure that improvements are being made.
- 2.6 The annual audit plan was based on a fully staffed structure but as previously reported, the Section continues to carry vacant posts whilst the structure of the Regional Service is being developed. Therefore, the South West Audit Partnership (SWAP) have been commissioned in order to address in part some of the shortfall in days necessary to complete the plan.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1 The Annual Risk Based Plan contains audit reviews that will be service specific and that will assist in understanding how those services undertake the five ways of working and how they deliver the well-being objectives.

4. Resources and Legal Considerations

Financial

- 4.1 There are no resource implications as a direct consequence of this report.

Employment

4.2 None as a direct consequence of this report.

Legal (Including Equalities)

4.3 The provision of an adequate and effective Internal Audit function is a legal requirement under the Accounts and Audit (Wales) Regulations 2014 as amended from time to time. There are no equalities implications as a direct consequence of this report.

5. Background Papers

None

Area	Audit Scope / Risk	Status	Opinion			Recommendations	
			Substantial	Reasonable	Limited	High	Medium
Priority One							
Adoption Service	To provide assurance to the governance board on the adequacy and effectiveness of the overall control environment including Governance, Risk Management and Internal Control for 2018-19.	Completed	√				1
