Policy Framework:	The proposals in this report are in accordance with the policy framework and budget.
<p>Executive Summary:</p> <ul style="list-style-type: none"> • The progress made against the approved internal audit risk-based plan as at 15th February 2021 is detailed in Appendix A. It shows that 21 reviews have been finalised, 14 with an audit opinion whilst 2 reports have been issued in draft. • Based on the assessment of the strengths and weaknesses of the areas examined through testing of the effectiveness of the internal control environment an audit opinion of substantial assurance has been given to 5 of the completed audits and an opinion of reasonable assurance to 8; 1 has resulted in an audit opinion of limited assurance. • 34 recommendations have been made to strengthen the control environment; all are categorised as medium priority and will be monitored to ensure they are effectively implemented. 	

Recommendation

1. That members of the Committee note the content of the report and the progress made against the 2020-21 Internal Audit Annual Risk Based Plan.

Reason for Recommendation

1. To keep Audit Committee informed.

1. Background

- 1.1 In accordance with the Public Sector Internal Audit Standards, the Head of Audit is responsible for developing a risk-based annual audit plan which takes into account the Council's risk management framework. Within the Standards there is also a requirement for the Head of Audit to review and adjust the plan, as necessary, in response to changes in the Council's business, risks, operations, programs, systems, controls and resources. The Head of Audit must also ensure that Internal Audit resources are appropriate, sufficient and effectively deployed to achieve the approved plan.
- 1.2 The Internal Audit Plan for 2020-21 was submitted to Audit Committee for consideration and approval on 24th September 2020. The Plan outlined the assignments to be carried out which will provide enough coverage to provide an opinion at the end of 2020-21 whilst having regard to the unprecedented impact of the pandemic.

2. Key Issues for Consideration

- 2.1 Progress made against the plan for the period 1st April to 15th February 2021 is attached at Appendix A. This details the status of each planned review, the audit opinion and the number of any high or medium recommendations made to improve the control environment. It should be noted that some reviews listed have no audit opinion, for example advice and guidance and Audit Committee reporting. This is because the audit work carried out in respect of these items is planned but the nature of the work does not lead to testing and the formation of an audit opinion.
- 2.2 Appendix A illustrates that as at 15th February 2021, 21 pieces of work have been completed of which 14 audit reviews have resulted in an opinion being provided. A further 2 reviews have been completed and draft reports issued which are awaiting feedback from Service Departments. In addition, 23 audits are currently on-going with another 2 having been allocated and should be commencing shortly.

- 2.3** Based on the assessment of the strengths and weaknesses of the areas examined through testing of the effectiveness of the internal control environment an audit opinion of substantial assurance has been given to 5 completed audits and an opinion of reasonable assurance to 8 completed audits. The remaining completed audit review was given an audit opinion of limited, that is only limited assurance can be placed on the current system of internal control. This is detailed as follows:

Direct Payments Follow Up

In June 2018, a no assurance audit report was issued. Two subsequent follow up audits in January 2019 and September 2019 found little improvement had been made, many recommendations remained outstanding and limited assurance opinions were given to the existing control environment. The purpose of this review was to examine the current working practices to identify the progress made to improve the controls and mitigate the risks that have previously been identified. This recent audit identified that whilst some improvements have been made several remain outstanding, partly due to the COVID19 pandemic hindering progress. However, all outstanding recommendations have been accepted and are due to be fully implemented by June 2021 when a further audit review will be undertaken.

- 2.4** Appendix A illustrates that a total of 34 medium (significant) recommendations have been made to improve the control environment of the areas reviewed. The implementation of these recommendations is monitored to ensure that improvements are being made.
- 2.5** It is recognised that some service areas are currently under intense pressure and where possible planned audit work is rearranged to accommodate any service requests. Appendix A shows that many of the planned audit reviews have now been allocated and it appears that sufficient coverage will be completed by the year end to form an audit opinion.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The Annual Risk Based Plan contains audit reviews that will be service specific and that will assist in understanding how those services undertake the five ways of working and how they deliver the well-being objectives.

4. Resources and Legal Considerations

Financial

- 4.1** There are no resource implications as a direct consequence of this report, but effective audit planning and monitoring are key contributors in ensuring that the Council's assets and interests are properly accounted for and safeguarded.

Employment

- 4.2** None as a direct consequence of this report.

Legal (Including Equalities)

- 4.3** The provision of an adequate and effective Internal Audit function is a legal requirement under the Accounts and Audit (Wales) Regulations 2014 as amended from time to time. There are no equalities implications as a direct consequence of this report.
