Recommendations

1. That members review and note the content of this report.
2. That, subject to recommendation one, the report be referred to Cabinet for their oversight.

Reasons for Recommendations

1. To facilitate monitoring of the audit function.
2. To enable Cabinet's oversight of the audit programme.

1. Background

- 1.1 As the external auditor, the objective of Audit Wales is to carry out an audit which discharges the statutory duties of Auditor General, which include:
 - Audit of Financial Statements
 - Value for Money
 - Continuous Improvement
 - Sustainable Development principle.
- 1.2 The Vale of Glamorgan Annual Audit Plan 2023/24 details the work planned by Audit Wales to meet the duties outlined above. The outputs of the Audit Plan are reported regularly to the Council to inform its self-assessment and areas for improvement.

2. Key Issues for Consideration

- 2.1 **Appendix A** outlines Q2 progress on Audit Wales's work programme and timetable as aligned to the Vale of Glamorgan Annual Audit Plan 2023/24. Key highlights in relation to the Audit Work Programme are as follows.
- 2.2 In relation to financial audit work, a draft statement of accounts was provided by the Council on 30 June 2023 with external audit work underway and on track for completion by November 2023. Audit certification of the Council's 2022/23 grant claims has commenced. All audit certification of grant claims and returns for 2021/22 is now complete.
- 2.3 As part of Performance Audit work, fieldwork on the use of performance information (with a focus on service user feedback and outcomes) review is complete and the report is currently being drafted. In relation to work on capital programme management, Audit Wales is currently exploring options for undertaking a detailed piece of work either during 2023/4 or further in the future.
- 2.4 The thematic review of the Council's strategic approach to Digital has been completed and a draft issued in September 2023. In relation to the thematic review of Unscheduled Care, fieldwork is nearing completion with draft reports scheduled for autumn 2023.
- 2.5 Work has recently commenced on the Council's Assurance and Risk Assessment project to identify areas where further audit work may be required in future

years. Additionally, scoping work has commenced on the planned thematic reviews of financial sustainability, commissioning and contract management scheduled for completion in summer 2024. A draft report has been issued (October 2023) on the of the Council's Planning Service's governance arrangements.

- 2.6** Publication is due in November/December 2023 on a number of local government national studies including, Planning for sustainable development-brownfield regeneration, Governance of special purpose authorities – National Parks, and Corporate Joint Committees. Individual letters have already been issued to the four Corporate Joint Committees on their progress in developing arrangements to strengthen regional collaboration. Scoping work has also commenced in relation to reviews of homelessness and Governance arrangements in Fire and Rescue authorities.
- 2.7** In relation to other regulatory work, field work is being carried out across Welsh local authorities by Estyn focusing on attendance, school improvement and the work of the local authority to mitigate the impact of poverty on learners' attainment.
- 2.8** As part of the Care Inspectorate Wales's (CIW) work programme for 2023-2025, work is progressing on the national reviews of Care Planning for Children and Young People subject to the Public Law Outline pre-proceedings and performance reviews of local authorities. The thematic reviews of Community Learning Disability Teams (CLDT) and Deprivation of Liberty safeguards – 10 years on, are currently at the planning and scoping stages. The Joint Inspection of Child Protection Arrangements (JICPA) is currently at the delivery stage and the Stroke pathway review has been published.
- 2.9** Governance & Audit Committee members are requested to review and note the progress made on the Vale of Glamorgan Audit Work Programme as at Q2 and upon consideration, to refer the report to Cabinet for their oversight.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** Performance Management is an intrinsic part of corporate governance and integrated business planning which underpins the delivery of the Council's Corporate Plan and its Well-being Outcomes. Our Corporate Plan has been structured around the Well-being of Future Generations (Wales) Act 2015, through the development of four Well-being Outcomes and eight Well-being Objectives. By aligning our Well-being Outcomes in the Corporate Plan with the Well-being Goals of the Act, this will enable us to better evidence our contribution to the Goals.
- 3.2** External Regulation is an important vehicle for driving continuous improvement across our services. Progressing the improvement areas identified by our regulators not only enables us to demonstrate our commitment to continuous service improvement, but also contributes to further strengthening our impact on the national well-being goals through the achievement of our well-being objectives.

- 3.3** Associated action plans in response to regulatory review findings are developed with the five ways of working in mind. The focus is on developing innovative ways of working that better integrate services, whilst enabling us to work more collaboratively with our partners and citizens to involve them in improving service delivery. Our improvement actions will also focus on preventative actions that will enable us to sustain and future proof our services into the longer term.

4. Climate Change and Nature Implications

- 4.1** There are no implications directly arising from this report, although failure to respond to our regulatory recommendations could have a negative impact on any future external regulatory assessments and could result in a special inspection by the Auditor General for Wales if deemed that the Council is not meeting the performance requirements.
- 4.2** The climate change and nature implications in respect of our regulatory recommendations will be considered as part of the development of our response (action plan) and will identify mitigating actions required to minimise any adverse consequences.

5. Resources and Legal Considerations

Financial

- 5.1** There is an annual audit fee aligned with the Vale of Glamorgan Annual Audit Work Programme. Any proposed changes to this will be discussed with the Section 151 Officer prior to implementation.

Employment

- 5.2** There are no direct workforce related implications associated with this report.

Legal (Including Equalities)

- 5.3** The statutory duties of the Auditor General are contained within the Local Government & Elections (Wales) Act 2021, the Well-being of Future Generations (Wales) Act 2015, the Public Audit (Wales) Act 2004, the Local Government Act 1999 and the Code of Audit Practice.
