**Objection Statement for premise licence application Greek Island, 202 Holton Road,
Barry, Vale of Glamorgan**

13th June 2025

Dear sir/madam

I am responsible for administrating and enforcing the Licensing Act 2003 in the Cardiff and Vale of Glamorgan area, as a civilian Police Licensing Officer having worked for South Wales Police for over 22 years.

I formally object to the application submitted for a premise licence at Greek Islands, 202 Holton Road, Barry, Vale of Glamorgan, CF63 4HQ. As the application seeks permission for the sale of alcohol ON and OFF the premises: Monday to Sunday: 16:00 to 23:00 hours.

As it is believed that this application is likely to undermine the Licensing objectives with specific regard to that of the prevention of crime and disorder.

The premises has previously displayed irresponsible management and considerable disregard to the licensing objectives. This view is supported within the statement of licensing Policy where Examples of circumstances that may cause the Licensing Authority to make representation include:- · Where there is evidence of non-compliance. It is the authority's position that the committee should be aware of the current evidence held in relation to the premises prior to determining this application for a premises licence.

The background to concerns at the premises are as follows:-

On 16th July 2024 - application received by South Wales Police for premise licence Greek Islands 202, Holton Road, Barry, Vale of Glamorgan, CF63 4HQ. submitted by Mr Spyros Louani under the directorship registered owner of Greek Islands Ltd Mr Arben Saliaj.

On 16th July 2024 - I carried out checks on the Police National Computer and was alerted to the fact that the applicant Mr Spyros Louani was arrested on 7th April 2024 for alleged sexual offence at the premises for which the premise licence was applied for.

Mr Spyros Louani bail signing was extended until 7th October 2024.

On 26th July 2024 - I spoke with Mr Spyros Louani and informed him that I will be objecting to the premise licence application as he is currently signing bail for a sexual offence whilst working and drinking alcohol at the premise and due to the crime and disorder within the area. He said something along the lines of it was only one silly girl, and I said I could not fully hear what he said then he apologised. He said that once he stops signing bail he will apply again.

On 9th August 2024 - Mr Spyros Louani withdrew the application for premise licence application.

On 7th January 2025 - Mr Spyros Louani was convicted of the sexual assault intentionally touch female – no penetration and Mr Spyros Louani is now on the sex offenders register for 7 years.

On 28th April 2025 – Mrs Ledia Luani (wife of Mr Spyros Louani) submitted an application for a new premises licence for Greek Islands Ltd, 202 Holton Road, Barry, Vale of Glamorgan, CF63 under the directorship of Mr Amarild Gjozi and Ms. Sidorela Vrapì .

It is believed this step is taken to circumvent the licensing process and due to them being a married couple then the exceptional circumstances of the case this would lead to the undermining of the licensing objectives, and specifically the prevention of crime and disorder.

Not dissimilar to refer to previous case history International Sporting Club (London) Ltd [1982] 1 QB 304 and Reg. v. Harrow Crown Court, that it risks bringing the licensing regime into disrepute if reckless licence holders can avoid the consequences of their behaviour by simply transferring the licence into someone else's name or selling the business when they got caught and so, effectively, get away with it. The deterrent effect of licensing enforcement would be lost and licensing authorities are right to take a robust stance against such transfers, particularly those which appeared to be a ruse.

There is a high footfall area with the overall crime rate on Holton road in Barry is 2.62 times higher than the crime rate in Barry and 2.33 times higher than the national overall crime level, Violent crime rate is 2.38 times higher than Barry average and Public order crime level is 2.14 times higher than Barry average and 2.31 times higher than the national average and the level of crime connected with drugs and guns is 3.32 times higher than the Barry average and 79% higher than national average. Within the Holton Road premises that have on and off sales of alcohol there has been reports of ASB, assault with wounding, underage drinking, public order, assault on staff, possession of a weapon, public order and assault police.

The applicant has applied for on & off sales of alcohol and the premises use uber eats as a take away delivery option. The take away of food from the premise will alone contribute to further people on the street and causing litter issues. Combined this with off sales of alcohol, People then would gather, gathering people together in public is not an offence. However, if drink or drugs are involved this can sometimes lead to disruptive noise. This can then escalate into aggressive, violent or lewd behaviour, such as intimidation or verbal abuse of passers-by, fighting or urinating in public. All of which are offences. All of which have occurred at other premises within the area.

In premises that sell food and alcohol there's been a mixture at all premises; ASB, common assault, public order, assault with wounding, underage drinking, burglary, sexual assault, assault on staff, possession of a weapon. Premises that have off sales of alcohol have increased in thefts.

As the application is also for off sales of alcohol this would further exacerbate incidents as members of the public can then walk down the street drinking alcohol and eating food this would cause further ASB, even with robust conditions I don't think this would assist at all.

As there are no substantive measures put forward by the applicant to counterbalance the issues as stated.

As from the Vale of Glamorgan corporate plan;

Residents, businesses and visitors to the Vale of Glamorgan Council area deserve to have a wide choice of high quality and well managed entertainment and cultural venues operating within a safe, orderly and attractive environment. The Council recognises the role of responsibly operated businesses which support the local economy.

The Social Well being within The Vale of Glamorgan has the highest percentage of adults (16+) drinking above national guidelines in Wales. It is estimated that 25.5% of adults in the Vale drink above national guidelines compared to the national average of 19.1%.

We are a pro-active Council that works in partnership to maximise people's physical and mental well-being to ensure they are safe at home and in the community and are able to make choices that support their overall well-being.

The Licensing Authority had a duty to carry out its functions with a view to promoting the four licensing objectives, as follows:

- The prevention of crime and disorder
- Public safety
- The prevention of public nuisance
- The protection of children from harm.

As per page 8 of Vale of Glamorgan statement of licensing policy 2021 – 2026 ; ‘*The Licensing authority must also have regard to this Statement of Licensing Policy and any revisions to the guidance issued by the Secretary of State. However this does not mean that decisions and policy will be followed to the letter in every case. The licensing authority may depart from the policy having properly taken into account all the circumstances of a case.*’

The Licensing Act 2003 also supports a number of other key aims and purposes which are vitally important and should be principal aims for everyone involved in licensing work and will therefore be integral to the Policy. They include;

Protecting the public and local residents from crime, anti-social behavior and noise nuisance caused by irresponsible licensed premises.

I'd also like to refer the committee to the statutory guidance revised guidance issued under section 182 of the licensing act 2003 (February 25) paragraphs 1.5, 1.9, 1.16, 2.1, 2.2, 2.3, 2.5, 2.8, 2.21, 2.28, 2.29, 2.33, 2.35, 8.35, 8.36, 8.37, 8.41, 8.42, 8.43, 9.3, 9.12, 9.38, 9.40, 9.42, 9.44. 10.10. [Revised guidance issued under section 182 of the Licensing Act 2003 \(February 2025\) \(accessible version\) - GOV.UK](#)

Furthermore, As stated by Justice Jay within the case law of East Lindsey District Council V Abu Hanif appeal: “the prevention of crime and disorder requires a prospective consideration of what is warranted in

the public interest, having regard to the twin considerations of prevention and deterrence.” Full transcript can be found here: [E Lindsey v Abu Hanif 2016 EWHC 1265 illegal worker.pdf](#)

The Licensing Objectives are therefore prospective and preventative, and as such that I Claire Dewhurst representative of South Wales Police submit that in order to ensure that the licensing objectives are upheld with specific regard to the prevention of crime and disorder that this application should be refused.

SOLISTOR'S in regards to contacting #####.

Hi Shaun,

Log entry: The number we have on file for him is out of service and he has not been in contact since interview so I'm afraid we are in the same boat!

I have no representations, however, I have sent a letter to him to contact me asap if he has any objections he wants me to make on his behalf. I will let you know if I receive a response.

Kind regards,

####

Subject: RE: Spyros LOUANI

Good afternoon Claire,

Following our phone call I am happy to put what we discussed in writing and my views regarding Mr Louani's application for an alcohol licence at the Greek Island restaurant.

I have managed Mr Louani's case since his sentencing in January 2025 following a sexual assault on a young female staff member at the Greek Island. Mr Louani reflects on the offence with regret but minimises his culpability through the impact of alcohol which evidently acted as a disinhibitor to his offending behaviour. Mr Louani continues to work at the premises following the offence which is not ideal, however there are no orders in place to restrict him from doing so and both probation and police have no powers to inhibit him from doing so.

Mr Louani has engaged well with probation and MOSOVO since the commencement of his order and there has been no intelligence of any concerns. The application for an alcohol licence does raise some concerns, evidently due to the link between alcohol use and Mr Louani's index offence.

Hope this suffices,

Connor Howell (he/his/him)
