

Guidance Notes

What is the Mayor's Foundation Grant Fund?

The Mayor's Foundation Grant Fund will offer grants to Community Groups, the Voluntary Sector and not for profit organisations towards the cost of initiatives within the Vale of Glamorgan that help to support the Council's vision of "strong communities with a bright future". The specific funding available each year to be allocated as part of this grant scheme is £5,000.

The fund aims to provide additional funding between £100 and £400 ** to enhance the work of voluntary and charitable organisations within the Vale of Glamorgan.

How do I apply?

Applicants must complete a The Mayor's Foundation application form which is available from the Mayor's office via the Vale of Glamorgan Council's website.

Incomplete applications or applications submitted without the correct supporting documentation will not be considered.

Who can apply?

The fund is open to applications from Community Groups, the Voluntary Sector and not for profit organisations.

What can't be funded?

The following are examples of things that would not generally be supported. (This list is not exhaustive).

- Day-to-day running costs (e.g. core staff, utility bills, council tax, rent and insurance)
- Projects that are eligible for support from other Council Schemes: e.g. Events fund
- Projects that do not align to the Council's Corporate Plan
- Projects that cannot demonstrate need
- Projects that happen or start before we confirm our grant
- Items that mainly benefit individuals (for example, equipment that is not shared)
- Religious or political activities, including campaign groups

- Hospitality e.g. Purchase of alcohol
- Routine repairs and maintenance – e.g. Boiler servicing, grass cutting
- Projects that do not take place in the Vale of Glamorgan
- Recoverable VAT

How much should I write in my application?

As these are small grants we are not looking for a lot of detail. The amount of information you give us in this application should be proportionate to the amount of funding you are looking for. E.g. A few lines in each section is all that we require to support a small grant for equipment. If in doubt – ask.

Do I include VAT in my application?

You can only include VAT in the application if you cannot claim it back from HM Revenue and Customs. Applicants are responsible for taking advice on VAT. Unfortunately the Council cannot offer this advice.

How long does a grant last?

Funding should be spent within 6 months of the date of the award letter.

How will the grant be paid?

The grant will be paid in advance and your organisation should complete and return a certificate of completion when the funding has been spent.

What is the application timetable?

Applications to the **Mayor's Foundation Fund** will be invited three times each year on 1st September, 1st December and 1st April. Application windows will be advertised on the Vale of Glamorgan Website.

Your application must be complete with all attachments and submitted in hard copy or email by 12 noon on the deadline date. Applications received after the deadline will be held until the next application round. You can submit your application at any point during the window. Keep in touch with us and don't hesitate to ask any questions.

If your application is successful, you will be issued a funding letter and associated documents to sign and return. If you have any questions at this point we will be happy to help you.

Who makes the decision and what are the assessment criteria?

Your application will be examined by the relevant Officer at the Vale of Glamorgan Council and any queries followed up with you. Your application will then be submitted to a grants evaluation panel for consideration. The panel is made up of the following:

- The Mayor of the Council
- Cabinet Officer
- Finance Officer

The grant panel may choose to attach conditions to your grant offer if successful. You will then be notified in writing of the panel's decision.

The panel will assess your application against the following criteria:

Score up to 10

This criteria speaks for itself. We want to know what you intend to achieve through your project. Give us an idea of what you hope to achieve and how much this will cost. We have a limited amount of money and projects that achieve more with their grants will score more highly in this section.

Criteria 3 - Stakeholder engagement in shaping and delivering the project

Projects should be developed in response to detailed local knowledge and sound evidence of need. Local communities are best placed to understand their local circumstances and to identify the barriers and opportunities facing them.

Applicants should explain **who** their stakeholders are; **how** they have been engaged during the development of the project and how they will continue to be involved in its delivery. Applicants should explain the ways in which the final project reflects the outcome of the community engagement.

Applicants should explain the added value that will derive from their project, beyond the core activities it currently delivers. We cannot support the core running costs of your organisation using this funding.

Your grant offer is conditional upon the use the funding partners' logos on associated marketing / promotional products e.g. flyers, website, interpretation panels.
