RESOLVED - THAT the attendance of the following Councillors at the site visits indicated below on 2nd May, 2019 be noted:

Apologies for both Site Visits were received from Councillors Mrs. P. Drake, N.P. Hodges and Mrs. M.R. Wilkinson.

| (a) 4 Thorn Grove, Penarth, CF64 5BZ | Councillor B.T. Gray (Chairman); Councillor V.P. Driscoll (Vice-Chairman); Councillors L. Burnett, Dr. I.J. Johnson, P. G. King, Mrs. R. Nugent-Finn, A.C. Parker and N.C. Thomas. Also present: Councillor K.F. McCaffer |
| (b) 21 Plassey Square, Penarth, CF64 1HD | Councillor B.T. Gray (Chairman); Councillor V.P. Driscoll (Vice-Chairman); Councillors L. Burnett, Dr. I.J. Johnson, P.G. King, Mrs. R. Nugent-Finn, A.C. Parker and N.C. Thomas. Also present: Councillor S. Sivagnanam |

19 PUBLIC RIGHTS OF WAY SUB-COMMITTEE (MD) -

The Chairman presented the report which sought the appointment of five positions to the Public Rights of Way Sub-Committee.

The appointment of Members to the Sub-Committee was required at the first meeting of the Planning Committee for each Municipal year.

The Membership, comprising five Members, was included in the political balance table which was used at the Annual Meeting on 20th May, 2019. Based on political balance the Membership of the Sub-Committee was to comprise 2 Conservative Group Members, 2 Labour Group Members and 1 Vale Independent Group Member.

RESOLVED -

(1) THAT Councillors Mrs. P. Drake and N.C. Thomas be elected as the Labour Members of the Public Rights of Way Sub-Committee.

(2) THAT Councillors V.P. Driscoll and L.O. Rowlands be elected as the Conservative Members of the Public Rights of Way Sub-Committee.

(3) THAT Councillor J.C. Bird be elected as the Vale Independent Member for the Public Rights of Way Sub-Committee.

(4) THAT the Terms of Reference of the Sub-Committee for the Municipal year 2019/20 as set out in paragraph 2.2 of the officer’s report be endorsed.
20 BUILDING REGULATION APPLICATIONS AND OTHER BUILDING CONTROL MATTERS DETERMINED BY THE HEAD OF REGENERATION AND PLANNING UNDER DELEGATED POWERS (HRP) -

RESOLVED -

(1) THAT the passed building regulation applications as listed in Section A of the report be noted.

(2) THAT the rejected building applications as listed in Section B of the report be noted.

(3) THAT the serving of Notices under Building (Approved Inspectors Etc.) Regulations 2000, as listed in Section C of the report, be noted.

24 PLANNING APPLICATIONS (HRP) -

Having considered the applications for planning permission, and where necessary, the observations of interested parties, it was

RESOLVED – T H A T in pursuance of the powers delegated to the Committee, the following applications be determined as indicated and any other necessary action be taken.

2014/00042/FUL Received on 13 January 2014 (P33)
APPLICANT: Cardiff City Football Club, C/o Agent.
AGENT: Morgan 2 Hayman, 16, Columbus Walk, Atlantic Wharf, Cardiff, CF10 4BY

Opposite Hensol Villas, CCFC Training Centre, Hensol

Construction of a two storey football centre with parking

APPROVED subject to the following condition(s):

1. The development shall begin no later than five years from the date of this decision.

   Reason:

   To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

2. The development shall be carried out in accordance with the following approved plans and documents:

   3003-TC-P-100 Site Location Plan; 3003-TC-P-200a Existing Site Layout; 3003-TC-P-201d Proposed Site Layout; 3003-TC-P-202c Proposed Site Layout; 3003-TC-P-300 Existing Site Sections; 3003-TC-P-301b Proposed Site Sections A, B, C and D; 3003-TC-P-302b Proposed Site Sections E, F and G; 3003-TC-P-400b Proposed Ground Floor Plan; 3003-TC-P-401c Proposed First Floor Plan; 3003-TC-P-402b Proposed Roof Plan; 3003-TC-P-403b Proposed Elevations A and B; 3003-TC-P-404b Proposed Elevation C;
3003-TC-P-405b Proposed Elevation D; 3003-TC-P-406a Proposed Building Sections; 3003-TC-P-500b Proposed Perspectives 1; 3003-TC-P-501b Proposed Perspectives 2; 3003-TC-P-502b Proposed Perspectives 3; 3003-TC-P-503 Proposed Perspectives 4 and 3003-TC-P-504 Proposed Perspectives 5 received 9th April 2018

Transport Statement prepared by ADL Traffic Engineering LTD received 29 November 2013

Archaeological field evaluation prepared by Glamorgan Gwent Archaeological Trust dated August 2017 received 12 September 2017

2837 ‘Primary Access Visibility Splay'; Refuse Vehicle Tracking Data; 15.0m Luxury Coach Tracking Data prepared by ADL

Reason:

For the avoidance of doubt as to the approved development and to accord with Circular 016:2014 on The Use of Planning Conditions for Development Management.

3. The scheme should be implemented in accordance with Sections 5 – 7 and appendices I-IV of the report ‘Land at Hensol, Vale of Glamorgan, South Wales. Ecological Mitigation Strategy’, (issue 4) dated 8 July 2016, by Ecosulis.

Reason:

In the interests of ecology and to ensure compliance with Policies SP1 (Delivering the Strategy), MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance), MG20 (Nationally Protected Sites and Species) and MG21 (Sites of Importance for Nature, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species) of the Local Development Plan.

4. Notwithstanding the submitted details, no development shall take place, including site clearance, until a wildlife & habitat protection and management plan has been submitted to and approved in writing by the local planning authority. The wildlife & habitat protection plan shall include:

i) Details of sensitive site clearance with respect to reptiles, bats, amphibians, reptiles and breeding birds;
ii) Definition and description of habitats present and to be created;
iii) Aims and objectives, to include the desired condition of each of the habitats present;
iv) Appropriate management options to achieve and maintain these habitats and prescriptions for management including appropriate scheduling and timing of activities;
v) Suitable monitoring of habitats and proposals for on-going review of management and remedial action to be undertaken where problems are identified by the monitoring;
vi) Measures to be undertaken to enhance biodiversity on site;
vii) A lighting scheme for the site in order to ensure minimal light spillage onto adjoining vegetation; and
viii) A minimum of 100mm gap at the bottom of all fencing used on site.

The protection and management plan shall then be completed in accordance with the timings approved by the local planning authority.

Reason:

In the interests of ecology and to ensure compliance with Policies SP1 (Delivering the Strategy), MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance), MG20 (Nationally Protected Sites and Species) and MG21 (Sites of Importance for Nature, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species) of the Local Development Plan.

5. No development shall take place until a reptile strategy regarding site clearance and habitat retention and creation has been submitted to and approved in writing by the Local Planning Authority. The habitat protection plan shall include:

i) A plan showing habitat protection zones;
ii) Details of development and construction methods within habitat protection zones and measures to be taken to minimise the impact of any works; and
iii) Details of phasing of completion of the protection [and enhancement] plan.

The habitat protection plan shall be completed in accordance with the approved phasing and shall be retained at all times in accordance with the approved details.

Reason:

In the interests of ecology and to ensure compliance with Policies SP1 (Delivering the Strategy), MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance), MG20 (Nationally Protected Sites and Species) and MG21 (Sites of Importance for Nature, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species) of the Local Development Plan.

6. No development shall take place until an invertebrate strategy regarding site clearance and habitat retention and creation has been submitted to and approved in writing by the Local Planning Authority. The habitat protection plan shall include:
i) A plan showing habitat protection zones; 
ii) Details of development and construction methods within habitat protection zones and measures to be taken to minimise the impact of any works; and 
iii) Details of phasing of completion of the protection [and enhancement] plan.

The habitat protection plan shall be completed in accordance with the approved phasing and shall be retained at all times in accordance with the approved details.

Reason:

In the interests of ecology and to ensure compliance with Policies SP1 (Delivering the Strategy), MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance), MG20 (Nationally Protected Sites and Species) and MG21 (Sites of Importance for Nature, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species) of the Local Development Plan.

7. No development shall commence until details of existing ground levels within and adjacent to the site and proposed finished ground and floor levels have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason:

To ensure that visual amenities of the countryside and Special Landscape Area are safeguarded, and to ensure the development accords with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Development) of the Local Development Plan.

8. Notwithstanding the submitted details, a schedule of materials (including samples) to be used in the construction of the development hereby approved shall be submitted to and approved in writing by the Local Planning Authority. The development shall be completed in accordance with the approved details [prior to [trigger]].

Reason:

To safeguard local visual amenities, as required by SP1 (Delivering the Strategy) and Policy MD2 (Design of New Development) of the Local Development Plan.

9. No development (including vegetation clearance, topsoil strip or other ground works) shall take place until the applicant, or their agents or successors in title, has secured the implementation of a programme of archaeological work in accordance with a scheme of investigation which shall be submitted by the applicant and approved in writing by the Local Planning Authority. The programme and scheme shall be fully completed as defined in the approved details. A detailed report on the archaeological work, shall be submitted to and
No.

approved in writing by the Local Planning Authority within six months of the completion of the archaeological fieldwork.

Reason:

In order that archaeological operations are undertaken to an acceptable standard and that legitimate archaeological interest in the site is satisfied and to ensure compliance with Policies SP1 (Delivering the Strategy) and SP10 (Built and Natural Environment) and MD8 (Historic Environment) of the Local Development Plan.

10. No development shall commence until details of a comprehensive scheme of foul, land and surface water drainage (including amphibian friendly features) has been submitted to and agreed in writing by the Local Planning Authority. The scheme shall be completed in accordance with the approved details prior to the beneficial use of the development and retained in perpetuity.

Reason:

To prevent hydraulic overloading of the public sewerage system, pollution of the environment and to protect the health and safety of existing residents and ensure no detriment to the environment and to comply with the terms of Policies SP1 (Delivering the Strategy) and MD1 (Location of New Development) of the Local Development Plan.

11. Prior to the commencement of reptile/amphibian clearance, details of the proposed receptor site shall be submitted to, and approved in writing by the LPA. The reptile clearance strategy shall be implemented as proposed and the results sent to the LPA ecologist following completion of the clearance works.

Reason:

In the interests of ecology and to ensure compliance with Policies SP1 (Delivering the Strategy), MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance), MG20 (Nationally Protected Sites and Species) and MG21 (Sites of Importance for Nature, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species) of the Local Development Plan.

12. Notwithstanding the submitted details, prior to the first beneficial use of the development hereby approved, a Travel Plan shall be submitted to and approved by the Local Planning Authority. The plan shall include a package of measures tailored to the needs of the site and its future users, which aims to widen travel choices by all modes of transport, encourage sustainable transport and cut unnecessary car use. The Travel Plan shall thereafter be implemented in accordance with the approved details.
Reason:

To ensure the development accords with sustainability principles and that site is accessible by a range of modes of transport in accordance with Policies SP1 (Delivering the Strategy), MD1 (Location of New Development) and MD2 (Design of New Developments) of the Local Development Plan.

13. No construction of the building shall commence (excluding site clearance) until there has been submitted to and approved in writing by the Local Planning Authority a scheme of landscaping (including all hard surfaces). The scheme shall include indications of all existing trees (including spread and species) and hedgerows on the land, identify those to be retained and set out measures for their protection throughout the course of development.

Reason:

To safeguard local visual amenities, and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan.

14. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.

Reason:

To safeguard local visual amenities, and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan.

15. No development shall take place, nor any demolition works or site clearance, until there has been submitted to and approved in writing by the Local Planning Authority details of a scheme for the protection of trees to be retained. The approved scheme shall be carried out during the demolition of the buildings and throughout the course of the development and shall include:

a) a plan, at 1:200 showing the position of every tree on the site and on land adjacent to the site (including street trees) that could influence or be affected by the development, indicating which trees are to be removed;
b) and in relation to every tree identified a schedule listing:
- information as specified in paragraph 4.4.2.5 of British Standard BS5837:2012 - Trees in Relation to Design, Demolition and Construction - Recommendations;
- any proposed pruning, felling or other work;
c) and in relation to every existing tree identified to be retained on the plan referred to in (a) above, details of:
- any proposed alterations to existing ground levels, and of the position of any proposed excavation, that might affect the root protection area;
- all appropriate tree protection measures required before and during the course of development (in accordance with BS5837:2012).
d) areas of existing landscaping to be protected from construction operations and the method of protection.

Reason:

In order to avoid damage to trees on or adjoining the site which are of amenity value to the area and to ensure compliance with Policies SP1 (Delivering the Strategy), MG17 (Special Landscape Areas), MD1 (Location of New Development) and MD2 (Design of New Developments) of the Local Development Plan.

16. All means of enclosure (including all perimeter, pitch enclosures and ballstop fencing) associated with the development hereby approved shall be completed in accordance with a scheme to be submitted to and agreed in writing by the Local Planning Authority. The means of enclosure shall be completed in accordance with the approved details prior to the first beneficial use of the development.

Reason:

To safeguard local visual amenities, and to ensure compliance with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Development) of the Local Development Plan.

17. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no fences, gates or walls other than those approved under Condition 16 of this consent.

Reason:

To safeguard local visual amenities, and to ensure compliance with Policy MD2 (Design of New Developments) of the Local Development Plan.

18. This consent does not grant approval for any flood lighting (including temporary) to be installed in connection with the pitches and associated infrastructure (including the football centre) and no lighting shall be used,
constructed or installed without the formal consent of the Local Planning Authority.

Reason:

To ensure that the rural character of this countryside location is preserved and protect the amenity of neighbouring residential properties is maintained in compliance with Policies MD1 (Location of New Development); MD2 (Design of New Development) and MD7 (Environmental Protection) of the Local Development Plan.

19. Before commencement of any works for the new access (excluding clearance and demolition), full engineering details of all traffic arrangements (including carriageways, footways, kerb radii, means of surfacing, details of surface water management etc.), associated with the means of access to the site, shall be submitted to and approved in writing by the Local Planning Authority. The agreed details shall be implemented in full before the first beneficial use of the site hereby permitted.

Reason:

In the interest of highway safety and to ensure a satisfactory form of access to serve the development, in accordance with the terms of Policies MD2-Design of New Development of the Local Development Plan.

20. No development shall commence, including any works of demolition, until a Construction Environment Management Plan (CEMP) has been submitted to, and approved in writing by, the Local Planning Authority. The CEMP shall include the following details:

i) the parking of vehicles of site operatives and visitors;
ii) loading and unloading of plant and materials;
iii) storage of plant and materials used in constructing the development;
iv) the erection and maintenance of security hoarding including decorative displays and facilities for public viewing, where appropriate;
v) wheel washing facilities;
vii) measures to control and mitigate the emission of dust, smoke, other airborne pollutants and dirt during construction;
vii) a scheme for recycling/disposing of waste resulting from demolition and construction works.
viii) hours of construction;
ix) lighting;
ix) management, control and mitigation of noise and vibration;
ix) odour management and mitigation;
ix) diesel and oil tank storage areas and bunds;
ixii) how the developer proposes to accord with the Considerate Constructors Scheme (www.considerateconstructorsscheme.org.uk) during the course of the construction of the development; and
ixii) a system for the management of complaints from local residents which will incorporate a reporting system.
The construction of the development shall be undertaken in accordance with the approved CEMP.

Reason:

To ensure that the construction of the development is undertaken in a neighbourly manner and in the interests of the protection of amenity and the environment and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

21. Before the commencement of development, including site clearance and land fill, full details of a scheme to address the issue of invasive plant species (including Japanese Knotweed), which shall include measures to ensure these species are not propagated or allowed to spread as a result of the development, shall be submitted to and agreed in writing with the Local Planning Authority. The development shall be implemented thereafter in accordance with the approved scheme.

Reason:

In the interests of the environment and to address Schedule 9 of the Wildlife and Countryside Act 1981 (as amended).

22. Prior to their installation on site, and prior to the commencement of the use, full details of all external plant, machinery and extraction equipment for the unit, shall be submitted to and approved in writing by the Local Planning Authority. The information shall include elevational details at a scale no greater than 1:50. Only the external plant, machinery and extraction equipment forming part of the agreed scheme shall be installed/erected on the buildings/site and shall thereafter be maintained in accordance with the agreed details.

Reason

To ensure that the visual amenities of the proposals and amenity of neighbouring residential properties are safeguarded and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

23. The highways, private drives, parking and turning areas shall be completed in accordance with the approved details prior to the occupation of any of the residential units hereby approved and shall remain available to serve the development hereby approved and maintained for their designated use in perpetuity.
Reason:

To ensure the provision on site of parking and turning facilities to serve the development in the interests of highway safety, and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy) and MD2 (Design of New Developments) of the Local Development Plan.

24. The building hereby approved shall only be used as a football training facility as described within the application, and for no other purpose, within the Town and Country Planning (Use Classes) Order 1987 (or in any provision equivalent to that class in any statutory instrument revoking and re-enacting that order with or without modification) including other uses within use class D2.

Reason:

To control the precise nature of the use of the site, and to ensure compliance with the terms of Policies SP1-Delivering the Strategy, MD2-Design of New Developments, and MD5-Development Within Settlement Boundaries of the Local Development Plan.

Reason for decision

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan for the area comprises the Vale of Glamorgan Adopted Local Development Plan 2011-2026.

It is considered that the decision complies with the Council's well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

2018/00482/HYB    Received on 8 May 2018
(p65)
APPLICANT:  Mr. Stephen Leake  Mwyndy Business Park, Pontyclun, CF72 8PN
AGENT:  Mr Andrew Bates Geraint John Planning, Office 16 (House 1, 2nd Floor), The Maltings, East Tyndall Street, Cardiff. CF24 5EA

Hensol Castle, Hensol Castle Park, Hensol

Hybrid planning application as an 'enabling development' to facilitate the restoration of Hensol Castle, comprising of the following: Site 1: Full Application: for the erection of 10 dwellings and associated access and works on land at Gardeners Mews to the north of the Walled Garden, Hensol. Site 2: Outline Application: for the erection of 6 detached dwellings and associated access and works on land to the west of Sail Newydd, Hensol

RESOLVED - T H A T subject to the applicant first entering a S106 legal agreement:

(1) To ensure that the money received from the sale of the land / dwellings is only used to safeguard the long term beneficial use of the Grade I listed Hensol Castle.

(2) To ensure any surplus money from the sale (over and above the valuation contained in the application documents) is legally restricted such that it can only be used as an ongoing maintenance fund for the Grade I listed Hensol Castle or other heritage asset as agreed by the LPA.

(3) Not to further implement planning permission ref. 2005/00087/FUL, including the holiday chalet complex

APPROVED subject to the following condition(s):

Outline application only

1. Details of the appearance, landscaping and scale (hereinafter called "the reserved matters") shall be submitted to and approved in writing by the Local Planning Authority before any development begins and the development shall be carried out as approved.

Reason:

To comply with the requirements of Section 92 of the Town and Country Planning Act 1990.
2. Any application for approval of the reserved matters shall be made to the Local Planning Authority not later than three years from the date of this permission.

Reason:

To comply with the requirements of Section 92 of the Town and Country Planning Act 1990.

3. The development shall begin either before the expiration of five years from the date of this permission or before the expiration of two years from the date of approval of the last of the reserved matters to be approved, whichever is the later.

Reason:

To comply with the requirements of Section 92 of the Town and Country Planning Act 1990.

4. The development shall be carried out in accordance with site layout plan 2189-101A and the following maximum scale parameters:

- Ridge height up to 10 metres
- Eaves height up to 6 metres

Reason:

To comply with the requirements of Section 92 of the Town and Country Planning Act 1990 and to ensure a satisfactory form of development in accordance with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Development) of the Local Development Plan.

Full application only

5. The development shall begin no later than five years from the date of this decision.

Reason:

To comply with the requirements of Section 91 of the Town and Country Planning Act 1990.

6. The development shall be carried out in accordance with the following approved plans and documents:

Transport Statement prepared by Spring Design dated January 2018; Archaeological Desk Based Assessment prepared by Archaeology Wales dated June 2017; Tree Survey prepared by Treescene dated 20th July 2017; Tree Constraints Plan prepared by Treescene; 2240; Planning Statement prepared by Geraint John Planning dated April 2018; Heritage Impact
Assessment dated December 2017 prepared by Bronwen Thomas Landscape Architect; Design and Access Statement dated April 2018 prepared by Geraint John Planning; 2240-112- GA East/West Facing Elevation; 2240-113 – ‘House Type ‘C’ elevations'; 2240-101/A 'Existing Site Plan'; 2240-100/A 'Site Location Plan' received 25 April 2018.

Reason:

For the avoidance of doubt as to the approved development and to accord with Circular 016:2014 on The Use of Planning Conditions for Development Management.

7. No development approved by this permission shall commence until an appropriate programme of historic building recording and analysis has been secured and completed in accordance with a written scheme of investigation which shall first have been submitted to and approved in writing by the Local Planning Authority. The final report on such recording shall be deposited with the Local Planning Authority prior to first beneficial use of the development hereby approved, in order that it may be forwarded to the Historic Environment Record, operated by the Glamorgan Gwent Archaeological Trust (Heathfield House, Heathfield, Swansea SA1 6EL Tel: 01792 655208).

Reason:

As the building is of significance the specified records are necessary in order that records are kept of any features of archaeological interest and to ensure compliance with Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment) and MD8 (Historic Environment) of the Local Development Plan.
8. No development shall commence until an assessment of the nature and extent of contamination affecting the application site area identified as 'Gardeners Mews' has been submitted to and approved in writing by the Local Planning Authority. This assessment must be carried out by or under the direction of a suitably qualified competent person *in accordance with BS10175 (2011) Investigation of Potentially Contaminated Sites Code of Practice and shall assess any contamination on the site, whether or not it originates on the site.

The report of the findings shall include:
(i) a desk top study to identify all previous uses at the site and potential contaminants associated with those uses and the impacts from those contaminants on land and controlled waters. The desk study shall establish a ‘conceptual site model’ (CSM) which identifies and assesses all identified potential source, pathway, and receptor linkages;
(ii) an intrusive investigation to assess the extent, scale and nature of contamination which may be present, if identified as required by the desk top study;
(iii) an assessment of the potential risks to:
- human health,
- groundwater and surface waters
- adjoining land,
- property (existing or proposed) including buildings, crops, livestock, pets, woodland and service lines and pipes,
- ecological systems,
- archaeological sites and ancient monuments; and
- any other receptors identified at (i)
(iv) an appraisal of remedial options, and justification for the preferred remedial option(s).

All work and submissions carried out for the purposes of this condition must be conducted in accordance with Welsh Local Government Association and the Environment Agency Wales’ ‘Development of Land Affected by Contamination: A guide for Developers’ (2012).

Reason:
To ensure that any unacceptable risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

9. Prior to the commencement of the development a detailed remediation scheme and verification plan to bring the site to a condition suitable for the intended use by removing any unacceptable risks to human health, controlled waters, buildings, other property and the natural and historical environment shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall include all works to be undertaken, proposed remediation
objectives and remediation criteria, a timetable of works and site management procedures. The scheme must ensure that the site will not qualify as contaminated land under Part 2A of the Environmental Protection Act 1990 in relation to the intended use of the land after remediation.

All work and submissions carried out for the purposes of this condition must be conducted in accordance with DEFRA and the Environment Agency’s ‘Model procedures for the Management of Land Contamination, CLR 11’ (September 2004) and the WLGA / WG / NRW guidance document ‘Land Contamination: A guide for Developers’ (2017), unless the Local Planning Authority agrees to any variation.

Reason:

To ensure that any unacceptable risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

10. The remediation scheme approved by condition 9 must be fully undertaken in accordance with its terms prior to the occupation of any part of the development unless otherwise agreed in writing by the Local Planning Authority. The Local Planning Authority must be given two weeks written notification of commencement of the remediation scheme works.

Within 6 months of the completion of the measures identified in the approved remediation scheme, a verification report that demonstrates the effectiveness of the remediation carried out must be submitted to and approved in writing by the Local Planning Authority.

All work and submissions carried out for the purposes of this condition must be conducted in accordance with DEFRA and the Environment Agency’s ‘Model procedures for the Management of Land Contamination, CLR 11’ (September 2004) and the WLGA / WG / NRW guidance document ‘Land Contamination: A guide for Developers’ (2017), unless the Local Planning Authority agrees to any variation.

Reason:

To ensure that any unacceptable risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.
11. Notwithstanding the submitted details, a schedule of materials (including samples) to be used in the construction of the development hereby approved shall be submitted to and approved in writing by the Local Planning Authority. The development shall be completed in accordance with the approved details prior to the beneficial occupation of development hereby approved.

Reason:

To safeguard local visual amenities, as required by Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MD2 (Design of New Development) and MD8 (Historic Environment) of the Local Development Plan.

12. No development shall commence until details of existing ground levels within and adjacent to the site and proposed finished ground and floor levels have been submitted to and approved in writing by the Local Planning Authority. The development shall be carried out in accordance with the approved details.

Reason:

To ensure that visual amenities are safeguarded, and to ensure the development accords with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Development) of the Local Development Plan.

13. All means of enclosure associated with the development hereby approved shall be completed in accordance with a scheme to be submitted to and agreed in writing by the Local Planning Authority. The means of enclosure shall be completed in accordance with the approved details prior to the first beneficial use of the development.

Reason:

To safeguard local visual amenities, and to ensure compliance with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Development) of the Local Development Plan.

14. No development approved by this permission shall commence until the applicant, or their agents or successors in title, has secured the implementation of a programme of archaeological work in accordance with a written scheme of investigation which shall be submitted by the applicant and approved in writing by the Local Planning Authority and the programme and scheme shall be fully completed as defined in the approved details.

Reason:

In order that archaeological operations are undertaken to an acceptable standard and that legitimate archaeological interest in the site is satisfied and to ensure compliance with Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment) and MD8 (Historic Environment) of the Local Development Plan.
15. No development shall commence until details of a scheme of foul, land and surface water drainage has been submitted to and agreed in writing by the Local Planning Authority. The scheme shall be completed in accordance with the approved details prior to the beneficial use of the development and retained in perpetuity.

Reason:

To prevent hydraulic overloading of the public sewerage system, pollution of the environment and to protect the health and safety of existing residents and ensure no detriment to the environment and to comply with the terms of Policies SP1 (Delivering the Strategy) and MD1 (Location of New Development) of the Local Development Plan.

16. The drainage scheme for the site shall ensure that all foul and surface water discharges separately from the site and that land drainage run-off shall not discharge, either directly or indirectly, into the public sewerage system.

Reason:

To prevent hydraulic overloading of the public sewerage system, pollution of the environment and to protect the health and safety of existing residents and ensure no detriment to the environment and to comply with the terms of Policies SP1 (Delivering the Strategy) and MD1 (Location of New Development) of the Local Development Plan.

17. In the event that contamination is found at any time when carrying out the approved development that was not previously identified it must be reported in writing within 2 days to the Local Planning Authority, all associated works must stop, and no further development shall take place until a scheme to deal with the contamination found has been submitted to and approved in writing by the Local Planning Authority. An investigation and risk assessment must be undertaken and where remediation is necessary a remediation scheme and verification plan must be prepared and submitted to and approved in writing by the Local Planning Authority. Following completion of measures identified in the approved remediation scheme a verification report must be submitted to and approved in writing by the Local Planning Authority. The timescale for the above actions shall be agreed with the LPA within 2 weeks of the discovery of any unsuspected contamination.

Reason:

To ensure that any unacceptable risks from land contamination to the future users of the land, neighbouring land, controlled waters, property and ecological systems are minimised, and to ensure that the development can be carried out safely without unacceptable risks to workers, neighbours and other offsite receptors in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.
18. Any aggregate (other than virgin quarry stone) or recycled aggregate material to be imported shall be assessed for chemical or other potential contaminants in accordance with a scheme of investigation which shall be submitted to and approved in writing by the Local Planning Authority in advance of its importation. Only material approved by the Local Planning Authority shall be imported. All measures specified in the approved scheme shall be undertaken in accordance with Pollution Control’s Imported Materials Guidance Notes. Subject to approval of the above, sampling of the material received at the development site to verify that the imported soil is free from contamination shall be undertaken in accordance with a scheme and timescale to be agreed in writing by the LPA.

Reason:

To ensure that the safety of future occupiers is not prejudiced in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

19. Any topsoil [natural or manufactured], or subsoil, to be imported shall be assessed for chemical or other potential contaminants in accordance with a scheme of investigation which shall be submitted to and approved in writing by the Local Planning Authority in advance of its importation. Only material approved by the Local Planning Authority shall be imported. All measures specified in the approved scheme shall be undertaken in accordance with Pollution Control’s Imported Materials Guidance Notes. Subject to approval of the above, sampling of the material received at the development site to verify that the imported soil is free from contamination shall be undertaken in accordance with a scheme and timescale to be agreed in writing by the LPA.

Reason:

To ensure that the safety of future occupiers is not prejudiced in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.

20. Any site won material including soils, aggregates, recycled materials shall be assessed for chemical or other potential contaminants in accordance with a sampling scheme which shall be submitted to and approved in writing by the Local Planning Authority in advance of the reuse of site won materials. Only material which meets site specific target values approved by the Local Planning Authority shall be reused.

Reason:

To ensure that the safety of future occupiers is not prejudiced in accordance with Policies SP1 (Delivering the Strategy) and MD7 (Environmental Protection) of the Local Development Plan.
21. No development shall take place, nor any demolition works or site clearance, until there has been submitted to and approved in writing by the Local Planning Authority details of a scheme for the protection of trees shown to be retained on the approved drawings, the submitted tree survey, tree constraints plan and planning statement. The approved scheme shall be carried out during the demolition of the buildings and throughout the course of the development and shall include:

a) a plan, at a scale of 1:200 showing the position of every tree on the site and on land adjacent to the site (including street trees) that could influence or be affected by the development, indicating which trees are to be removed;

b) and in relation to every tree identified a schedule listing:
   - information as specified in paragraph 4.4.2.5 of British Standard BS5837:2012 - Trees in Relation to Design, Demolition and Construction - Recommendations;
   - any proposed pruning, felling or other work;

c) and in relation to every existing tree identified to be retained on the plan referred to in (a) above, details of:
   - any proposed alterations to existing ground levels, and of the position of any proposed excavation, that might affect the root protection area;
   - all appropriate tree protection measures required before and during the course of development (in accordance with BS5837:2012).

d) areas of existing landscaping to be protected from construction operations and the method of protection.

Reason:

In order to avoid damage to trees on or adjoining the site which are of amenity value to the area and to ensure compliance with Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan.

22. Details of foundation design to take account of existing trees shall be submitted to and approved in writing by the Local Planning Authority before the commencement of the development or any site clearance. Development shall thereafter take place in accord with the approved details.

Reason:

In order to avoid damage to trees on or adjoining the site which are of amenity value to the area and to ensure compliance with Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD8 (Historic Environment) of the Local Development Plan.
23. No development shall take place until details of both hard and soft landscape works have been submitted to and approved in writing by the Local Planning Authority. These details shall include:

i) A statement setting out the design objectives and how these will be delivered;
ii) earthworks showing existing and proposed finished levels or contours;
iii) means of enclosure and retaining structures;
iv) other vehicle and pedestrian access and circulation areas;
v) hard surfacing materials;
vi) minor artefacts and structures (e.g. furniture, play equipment, refuse or other storage units, signs, etc.), and
vi) water features.

Soft landscape works shall include planting plans; details of replacement trees; schedules of plants noting species, plant supply sizes and proposed numbers/densities where appropriate; an implementation programme (including phasing of work where relevant) and details of future management and maintenance.

Reason:

To safeguard local visual amenities, and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan,

24. The landscaping works shall be carried out in accordance with the approved details during the first planting season in accordance with the agreed implementation program. The completed scheme shall be managed and maintained in accordance with the approved scheme of management and maintenance.

Reason:

To ensure satisfactory maintenance of the landscaped area to ensure compliance with the terms of Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan.

25. All planting, seeding or turfing comprised in the approved details of landscaping shall be carried out in the first planting and seeding seasons following the occupation of the buildings or the completion of the development, whichever is the sooner; and any trees or plants which within a period of 5 years from the completion of the development die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species.
Reason:

To ensure satisfactory maintenance of the landscaped area to ensure compliance with Policies SP1 (Delivering the Strategy), SP10 (Built and Natural Environment), MG17 (Special Landscape Areas), MD1 (Location of New Development), MD2 (Design of New Developments) and MD9 (Historic Environment) of the Local Development Plan.

26. Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that Order with or without modification), no fences, gates or walls (other than those approved under the terms Conditions of this planning permission) shall be erected within the curtilage of any dwelling house hereby approved.

Reason:

To safeguard local visual amenities, and to ensure compliance with Policies SP1 (Delivering the Strategy) and MD2 (Design of New Developments) of the Local Development Plan.

27. Notwithstanding the provisions of schedule 2, Part 1, classes A, B, C, D and E of the Town and Country Planning (General Permitted Development) Order 1995 (as amended for Wales) (or any order revoking and re-enacting that order with or without modification), the dwellings hereby approved shall not be altered in any way and no buildings shall be erected other than those expressly authorised by this permission.

Reason:

To enable the Local Planning Authority to control the scale of development and to ensure compliance with Policies SP1 (Delivering the Strategy), MD2 (Design of New Developments) and MD8 (The Historic Environment) of the Local Development Plan.

28. The highways, private drives and turning areas shall be completed in accordance with the approved details prior to the occupation of any of the residential units hereby approved and shall remain available to serve the dwellings for their designated use in perpetuity.

Reason:

To ensure the provision on site of parking and turning facilities to serve the development in the interests of highway safety, and to ensure compliance with the terms of Policies SP1 (Delivering the Strategy) and MD2 (Design of New Developments) of the Local Development Plan.
29. Prior to the commencement of development, a Biodiversity Method Statement shall be submitted to and approved in writing by the Local Planning Authority. The scheme shall include measures to conserve and enhance the site, to include but not exclusively limited to: breeding birds, otter, dormouse, hedgehog, reptiles, pollinators. The scheme shall be implemented and agreed and retained in accordance with the details set out in the method statement.

Reason:

In the interests of ecology at the site and to ensure compliance with Policies SP1 (Delivering the Strategy, MD9 (Promoting Biodiversity), MG19 (Sites and Species of European Importance) of the Local Development Plan.

Reason for decision

The decision to recommend planning permission has been taken in accordance with Section 38 of The Planning and Compulsory Purchase Act 2004, which requires that, in determining a planning application the determination must be in accordance with the Development Plan unless material considerations indicate otherwise. The Development Plan for the area comprises the Vale of Glamorgan Adopted Local Development Plan 2011-2026.

Having regard to policies SP1 – Delivering the Strategy; SP9 – Minerals; SP10 – Built and Natural Environment; MG1 – Housing Supply in the Vale of Glamorgan; MG4 – Affordable Housing; MG17 – Special Landscape Areas; MG19 – Sites and Species of European Importance; MG20 – Nationally Protected Sites and Species; MG21 – Sites of Importance for Nature Conservation, Regionally Important Geological and Geomorphological Sites and Priority Habitats and Species; MG22 – Development in Minerals Safeguarding Areas; MG29 – Tourism and Leisure Facilities; MD1 - Location of New Development; MD2 - Design of New Development; MD4 - Community Infrastructure and Planning Obligations; MD5 - Development within Settlement Boundaries; MD6 - Housing Densities; MD7 - Environmental Protection; MD8 - Historic Environment and MD9 - Promoting Biodiversity of the Local Development Plan 2012-2026; adopted Supplementary Planning Guidance documents Biodiversity and Development (2018); Minerals Safeguarding (2018); Parking Standards (Interactive Parking Standards Zones Map); Planning Obligations (2017); Public Art in New Development (2018); Residential and Householder Development (2018); Sustainable Development - A Developer's Guide; Trees, Woodlands, hedgerows and Development (2018); Technical Advice Note 5 – Nature Conservation and Planning (2009); Technical Advice Note 6 – Planning for Sustainable Rural Communities (2010); Technical Advice Note 10 – Tree Preservation Orders (1997); Technical Advice Note 12 – Design (2016); Technical Advice Note 24 – The Historic Environment (2017); guidance contained within Planning Policy Wales (10th edition, 2018) and Historic England (formerly English Heritage) and endorsed by Cadw – ‘Enabling Development and the Conservation of Significant Places’ it is considered that the applicant has demonstrated a justification for the form of enabling development and that any harm associated with the development would be outweighed by the public benefit. The proposal is considered acceptable in relation to its impacts on the Grade II registered historic park and garden, Grade 1 Hensol Castle, ecology, trees, neighbouring amenity, parking and
highway safety, minerals safeguarding and contaminated land.

It is considered that the decision complies with the Council’s well-being objectives and the sustainable development principle in accordance with the requirements of the Well-being of Future Generations (Wales) Act 2015.

**2018/01155/FUL**  
Received on 17 October 2018  
(p106)  
**APPLICANT:** Mr. J. McQuade Oakleigh House Developments Ltd, c/o Agent  
**AGENT:** Mr. Lloyd Jones LRJ Planning Ltd, Pen-y-Rhiw, Redbrook Road, Newport, NP20 5AB  

Tregolan House, Bradford Place, Penarth  

Refurbishment of existing building containing 4 No. flats to form additional 2 No. self contained flats, associated side and rear extensions, vehicular access and external works.

**DEFERRED** -

To negotiate amended scheme: deletion of balconies, obscured glazing where necessary and consider parking provision/layout at rear.

**2019/00368/FUL**  
Received on 28 March 2019  
(p129)  
**APPLICANT:** The Governors Stanwell School, Archer Road, Penarth, Vale of Glamorgan, CF64 2XL  
**AGENT:** Mr Damian Barry Stanwell School, Archer Road, Penarth, Vale of Glamorgan, CF64 2XL  

Stanwell School, Archer Road, Penarth  

Variation to Condition 6 of Planning Permission Ref. 2014/00427/FUL to extend the use of the pitch between 7.30 am to 21:00 Monday to Fridays (during the months March to October) and 8.30 am to 17.30 Saturdays & Sundays (all year round to include the use of floodlighting)

**REFUSED** -

The extended hours of use would have a detrimental impact on the residential amenity of nearby properties contrary to Policy MD2(8), and MD5(6) of the Adopted Vale of Glamorgan Local Development Plan (2011-2016).
