

## **OVERVIEW AND SCRUTINY COMMITTEES**

### **Introduction**

The Council is required by law to discharge certain overview and scrutiny functions. These functions are an essential component of local democracy. Overview and Scrutiny Committees (this Council's are called "Scrutiny Committees") should be powerful Committees that can contribute to the development of Council policies and also hold the Cabinet to account for its decisions. Another key part of the overview and scrutiny role is to review existing policies, consider proposals for new policies and suggest new policies.

Overview and scrutiny should be carried out in a constructive way and should aim to contribute to the delivery of efficient and effective services that meet the needs and aspirations of local inhabitants. Scrutiny Committees should not shy away from the need to challenge and question decisions and make constructive criticism.

### **Scrutiny Committees**

In order to achieve this, the Council has appointed five Scrutiny Committees which between them will:

review or scrutinise decisions made or actions taken in connection with the discharge of any of the Council's functions, whether by the Executive or another part of the Council, but with the exception of any matter which is specifically identified in the terms of reference of any other Scrutiny Committee;

make reports or recommendations to the Council or the Cabinet in connection with the discharge of any functions;

consider any matter which affects the Council's area or its inhabitants; and

exercise the right to call-in for reconsideration of decisions made, but not yet implemented, by the Executive and Officers.

In undertaking the above, Scrutiny Committees shall, in particular, have regard to

- compliance with Council policy;
- consideration of the need for changes to policy and/or practice;
- Continuous Improvement.
