

THE VALE OF GLAMORGAN COUNCIL

EXTRAORDINARY CORPORATE PERFORMANCE AND RESOURCES
SCRUTINY COMMITTEE: 2ND OCTOBER, 2024

REFERENCE FROM CABINET: 18TH JULY, 2024

**"C76 CLOSURE OF ACCOUNTS 2023/24 (EL/PR) (SCRUTINY –
CORPORATE PERFORMANCE AND RESOURCES) –**

The Leader presented the report, as the accounts were complete and the report was to inform Cabinet of the provisional financial position of the Council for the 2023/24 financial year, although preparation was already underway for the next cycle of budget discussions.

For 2023/23, pressures were experienced due to delays and constraints associated with delivery of savings targets. The net amount remaining within school balances as at 31st March, 2024 was £2.039m, however there was significant variation amongst schools to reach that figure, with some in surplus positions and others with significant balances. Council staff were already working with schools to find ways of tackling and minimising any deficits in 2024/25, with the new proposed reserve available as support if required.

Cabinet passed on their thanks to Council Officers for their work towards achieving efficiency targets and savings for 2023/24.

Councillor Williams, as the Cabinet Member for Social Care and Health, referred to the overspend in social care because of increased demand and challenge throughout 2023/24. Providers had also struggled during the year. Reserves had been utilised to support the service but was not a sustainable solution for the two to three years to come. He looked forward to the discussion to follow at Scrutiny Committee.

This was a matter for Executive decision.

Cabinet, having considered the report and all the issues and implications contained therein

RESOLVED –

- (1) T H A T the report and the financial measures taken and proposed be approved.
- (2) T H A T the allocation of overall Council surplus as set out below be approved.

- (2) To approve the allocation of the 2023/24 surplus to support the delivery of schemes supporting key priorities identified by the Council.
- (3) To enable the Scrutiny Committee responsible for finance to review the year end position."

Attached as Appendix – Report to Cabinet: 18th July, 2024

Meeting of:	Cabinet
Date of Meeting:	Thursday, 18 July 2024
Relevant Scrutiny Committee:	Corporate Performance and Resources
Report Title:	Closure of Accounts 2023/24
Purpose of Report:	The accounts are complete and this report is to inform Cabinet of the provisional financial position of the Council for the 2023/24 financial year.
Report Owner:	Executive Leader and Cabinet Member Performance and Resources
Responsible Officer:	Matt Bowmer Head of Finance/Section 151 Officer
Elected Member and Officer Consultation:	This report is to be referred to Corporate Performance and Resources Scrutiny Committee. This report does not require Ward Member consultation
Policy Framework:	This is a matter for Executive decision by Cabinet.

Executive Summary:

- The Council also continued to experience significant demand pressures for supporting Children's services, Homelessness and pupils with Additional Learning Needs.
- The year end revenue position was a breakeven position after net transfers from reserves of £34,235m, made up of £417k transferred from Council Fund, £12.961m from the Housing Revenue Account, £11.785m transferred into specific reserves from revenue and £12,078m transferred from specific reserves to provide one off funding for projects and overspends and £8,779m drawdown from reserves to fund the capital programme and for displacement required by capital grants. The Council Fund now stands at £11.106m as at 31st March, 2024.

- The Council encountered significant revenue pressures during 2023/24, particular pressures were in respect of inflationary pressures particularly regarding contracts and pay pressures (which reflect cost of living, market pressures and the Council's commitment to paying real living wage).
- Challenging savings and efficiency targets have been set for 2023/24 which includes a target of £2.75M for schools and £4.628M of Corporate savings. The progress against these savings targets is reflected in the Appendix and summarised in the table below, and whilst services have mitigated some savings in year in 2023/24 these savings will be kept under review in 2024/25 as services move to identify these on a more sustainable basis over the medium term.
- After taking account of Directorate movements to and from reserves the revenue outturn showed a surplus of £2.080m which it is proposed is transferred to reserves to be utilised as follows.
 - £2m Establish a new reserve to offset Education Deficits in 2024/25 on a provisional basis whilst the Council works with schools on establishing a coordinated approach to tackling school deficits.
 - The balance of £80k has been transferred to the General Fund
- The Housing Revenue Account had a slighter reduced projected draw down on the ringfenced reserve of £12.961m to reducing the level of its ringfenced reserve to £3.525m. Which is thought to be reasonable in the context of the pressures in the service area in 2024/25.
- The level of Useable Reserves reduced in year although by less than has been projected but some of these commitments have been slipped into 2024/25 in accordance with Capital Expenditure

slippage. The Council undertook a further reserve reallocation exercise in year as outlined in the 2024/25 budget proposals and this is reflected in the outturn position.

Recommendations

1. That the report and the financial measures taken and proposed be approved.
2. That the allocation of overall Council surplus as set out below be approved.
 - £2m transfer to new reserve to offset school deficits on a provisional basis in 2024/25.
 - £80k to Council Fund to offset general pressures.
3. That the report is referred to Corporate Performance and Resources Scrutiny Committee for consideration.

Reasons for Recommendations

1. To approve the report and the financial measures taken and proposed.
2. To approve the allocation of the 2023/24 surplus to support the delivery of schemes supporting key priorities identified by the Council.
3. To enable the Scrutiny Committee responsible for finance to review the year end position.

1. Background

- 1.1 Following the end of the financial year, Cabinet is provided with provisional outturn figures for the Council. It is anticipated that the Statement of Accounts will be approved by Council in November 2024, which will follow the external audit by Audit Wales.
- 1.2 This report is to be referred to Corporate Performance and Resources Scrutiny Committee and separate reports will be presented to the other respective Scrutiny Committees.

2. Key Issues for Consideration

- 2.1 **Council Fund**
- 2.2 Council on 6th March 2023 approved the revenue budget for 2023/24 (minute no 779) and earlier in the year Council on 11th January 2023 approved the Housing Revenue Account budget for 2023/24 (minute number 607). There was an approved drawdown from the Council Fund of £496K during 2023/24 and £2.8M from other specific reserves.
- 2.3 This represented budgeted net expenditure for the Authority of £294.422m. Total expenditure was to be financed by Revenue Support Grant (£160.013m), National Non-Domestic Rates contribution (£42.784m) and Council Taxpayers (£91.625m).

2.4 The directorate revenue budgets have been amended and approved by Cabinet during the financial year. Some further virements are requested as part of this report as detailed below and are further detailed in the service specific appendices.

Table 4. Virements Requested

	Revised Budget 2023/24	Virement Requested	Revised Amended Budget 2023/24
	£000's	£000's	£000's

2.5 At year end there was a £2.080m favourable variance which has been allocated as follows.

- £2m Establish a new reserve to offset Education Deficits in 2024/25 on a provisional basis whilst the Council works with schools on establishing a coordinated approach to tackling school deficits.
- The balance of £80k has been transferred to the General Fund

2.6 Total transfers from reserves of £34.235m were made up of a £417k budgeted contribution from the Council Fund and £12.078m transferred from specific reserves to support the revenue budget, a £12.961m drawdown from the Housing Revenue Account Reserve and £8.779m drawdown from reserves to fund the capital programme and displacement arrangements. As part of the preparation for the 2024/25 budget a review of reserves has been undertaken and reserves are reported including these adjustments.

2.7 The following table compares the amended budget and the actual expenditure, including transfers to and from reserves, for the Council. The final column shows the net transfers to specific reserves for each directorate which has been included within the actual expenditure figures.

- 2.8** A detailed analysis of the outturn is provided at Appendix 1.
- 2.9** A number of the Council's budgets continue to be under considerable pressure a summary of the key headline pressures in year is set out below.
- 2.10** Schools outturned with a slightly more favourable position than had been reported during the year which was in part due to additional grant income from Welsh Government, the net drawdown from reserves across the delegated schools budget was £4.673m. The majority of schools made progress towards a balanced budget in year and schools ended with remaining net reserve balances of £2.309m. However, this masks some significant variances across individual schools with some schools with significant deficits and some schools with significant balances.
- 2.11** In Central Learning and Skills, a key ongoing pressure is the School Transport budget. Local Education Authorities have a statutory duty to provide free school transport for pupils of statutory school age who reside beyond walking distance to the nearest appropriate school in addition to a statutory duty to provide transport for pupils with Additional Learning Needs (ALN) who require access to specialist provision. Mainstream transport continues to run for pupils who are not able to get into their catchment school as they are full. In 2023/24 a number of economic factors such as increased fuel costs, shortage of operators and

drivers in this sector continue to exacerbate pressures in this area. Some operators have also handed back routes as they cannot fulfil them. Other pressures have been experienced in the service in respect of Children's placements and supporting those with additional learning needs and social and emotional needs.

- 2.12** Significant pressures have continued to develop in Social Services in 2023/24 and reflect the ageing demographic, an increasing complexity of need and an increase of Children and Young People Looked after with an increasing complexity of need. This position reflects pressures seen across local government nationally.
- 2.13** Children's Services has reported a significant adverse variance relating to increased external placement costs given the complexities of the care proceedings, and care requirements of children and young people currently being supported and the high-cost placements some of these children require to meet their needs. Additional costs have also been encountered in respect of legal costs and increased staffing resources associated with the service. Again, this position reflects pressures seen across local government nationally.
- 2.14** An overspend was also reported in the Adult Services and Resource Management and Safeguarding service areas in respect of Domiciliary Care and Residential and Nursing Home Payments of approximately £3m after allowing for the £2m planned step in funded from reserves. There was also £554k adverse variances associated with Council run care homes in 2023/24.
- 2.15** In Environment and Housing, key pressures for the service included £760k associated with the enhanced pay award and market forces uplift for waste drivers and £985k on additional pothole and patching works. This was offset in part by a rates rebate of approximately £300k and additional income generated by the Service.
- 2.16** Housing received additional income supporting people and refugee resettlement schemes which will be carried forward in the Housing and Homelessness reserve some of which will be used towards the costs of the Rapid Housing Response programme and Resettlement demands in the medium term.
- 2.17** The capital charges budget underspent as the Council is currently able to borrow internally due to the level of Council reserves saving the interest costs associated with external borrowing, however, going forward the ability to utilise internal borrowing will depend on the level of reserves and these are expected to reduce in the near future. The Council also benefitted from increased interest returns on its reserve balances during 2023/24 and the Council tax team made significant progress on arrears and generated a Council tax surplus £3.423m.
- 2.18** The main reasons for the variances are set out in the following paragraphs and additional detail is set out in the supporting appendices to this report.

Learning and Skills

- 2.19** Table 6 below provides detail of the outturn for the Learning & Skills Directorate. The outturn was an adverse variance of £125k after the transfer into the budget of £7.692m from reserves. A detailed analysis if the outturn for Learning and Skills can be found in Appendix 2.

Table 6 – Learning & Skills Outturn

Schools

- 2.20** The delegated schools budget for 2023/24 outturned on target after transferring in £4.369M from School Balances and utilising a further £1.2M planned as part of the 2023/24 budget proposals to smooth energy pressures in schools.
- 2.21** Schools are permitted to carry forward any revenue variances through school balances. At the start of the 2023/24 financial year, school balances totalled £6.667m, with 9 schools in a deficit position this was an increase from 0 at the start of 2022/23. By the end of 2023/24 year, school balances have decreased by £4.369m to £2.309m. A table identifying school balances is attached at Appendix 2.
- 2.22** A total of 43 schools needed to draw down funding from reserves amounting to £5,257,741 and only 10 schools transferred funding into school balances amounting to £889,100.

2.23 As at 31st March 2024, there were 22 schools in a deficit position or 41.5% of schools in total, with total deficits amounting to £3,149,651. The net amount remaining within school balances as at 31st March 2024 is £2.309 m however primary school balances are in an overall net deficit position of £681,252.

2.24 The table below shows the breakdown on a sector by sector basis.

Table 7 – School Balances 31st March 2024.

	Total no. of schools	Number of schools in deficit at 31/03/2024	% of schools in a deficit position	Total value of deficit balances carried forward at 31/03/2024	Balance CF as at 31st March 2024
Primary schools	44	19	43%	(£2,776,198)	(£681,252)
Secondary schools	6	2	33%	(£277,974)	£1,971,221

Special schools	1	0	0%	£0	£753,255
Total	53	22	42%	(3,149,651)	2,308,840

2.25 Appendix 3 shows the carry forward per school over the last 10 financial years.

2.26 Any school that has a deficit outturn position, will be requested to prepare a balanced recovery plan eradicating the deficit over a three to five year period. Schools are currently working on budgets and recovery plans to the statutory deadline of 30th June 2024.

2.27 Other transfers to and from reserves have also taken place in year which are detailed in the appendix such as repayment to the energy management fund for Salix schemes £67k, repayment of ICT loans £10k. There is also an accounting adjustment for the timing on the Big Fresh Catering Dividend in 2022/23 of £300k.

Central Learning and Skills

2.28 The Central Learning and Skills budget for 2023/24 outturned with an adverse variance of £125k after transferring in £1,963k from reserves. Key issues are outlined below and an outturn proforma is attached at Appendix 1 which provides a summary of the main variances against the budget and also the transfers from reserves.

2.29 Adverse Variances in the service included pressures in School Transport, Children placements, specific school support and establishment of new ALN provision and redundancy costs in schools. There were also pressures in respect of savings identified but not realised such as the Arts Service and School Repairs. Key Pressures in the service included the following.

- Early Retirement/Voluntary Retirement (ER/VR) budget - It is a statutory requirement that redundancy costs in schools are funded centrally. The ERVR budget overspent by £352k due to increased redundancy costs in schools this year.
- A total of £1.175m was transferred from the Education Pressures Reserve to provide support for schools during the year. This includes an additional funding of £1.050m was identified as part of the 22/23 outturn and was added to the Education Pressures Reserve in 23/24. A total of £850k was allocated for additional learning needs support in mainstream schools and was transferred to primary and secondary schools via the funding formula. The balance of £200k was identified for schools in special measures and was allocated to Pencoedtre and Ysgol Pen Y Garth to support the schools with additional staff and training. A further amount of £150k was transferred in from the Education Pressures Reserve to cover additional inspection support costs related to Pen Y Garth, legal costs for Whitmore High School and leadership costs relating to Whitmore and Pencoedtre.
- The School Transport final overspend was £555k and as reported in-year this can be attributed to operators requesting uplifts on their daily rate due to inflation, additional costs due to price increases on routes where pupils have been added, new routes being put in place for pupils attending Ysgol Y Deri
- There was an adverse variance of 10% of the Joint Pooled CLA budget overspend of £195k. Due to increasing numbers of placements and the increasing cost of those placements the pressure on this budget will continue to increase in future years.
- The existing provision at Whitmore Resource Base and Hafan Resource Base (Gladstone school) was increased from September 23. These costs have been funded from the ALN Implementation Grant in 23/24 and this will continue in 24/25. The ongoing costs will be put forward as a cost pressure for 25/26.
- The ALN Implementation Grant also funded the setup of the Welsh Medium Specialist Resource Base at Gwaun Y Nant. This provision will be fully funded from the base budget in 24/25 as a cost pressure was awarded.

2.30 Favourable Variances included underspends against School Improvement due to the maximisation of grants and a reduction in the charges for the Central South Consortium. There was also a favourable variance against The Youth Engagement & Progression Service underspent by £133k as result of vacancies and the maximisation of grant funding.

2.31 Transfers in from reserves included the following:

- A total of £175k has been transferred in from the Education Pressures Reserve to fund the costs of the demountables at Ysgol Y Deri.
- A further £118k was transferred in from the Education Pressures Reserve to cover additional temporary posts. This will be an ongoing issue in 2024/25.
- A total of £190k was transferred in from the Catering Equipment Reserve to offset expenditure incurred on catering equipment. This will be recharged to the Big Fresh Catering Company as part of the lease.
- A further £221k was transferred in from the Welfare Reform Reserve to cover the costs of Free School Meals during the holidays.

2.32 Transfers into reserves included the following:

- The underspend of £263k on capital borrowing was transferred from the Capital Investment budget to the Schools Investment Strategy Reserve as planned.
- A total of £40k was transferred to the Energy Management Reserve in respect of School Decarbonisation
- £320k was transferred to the ICT Hwb End User Reserve which will be used for the ongoing renewal of devices previously purchased under the Hwb Grant.

Social Services

Total Social Services	85,493	93,744	(8,251)	3,989	(4,262)	7,339

2.33 Table 8 above provides detail of the outturn for the Social Services Directorate. The outturn was an adverse variance of £4.262m after the transfer from reserves of £7.339m, this adverse variance will be met by the Policy underspend. The outturn is further detailed in Appendix 4.

2.34 Childrens Services – Adverse Variance £2.597m

- Total adverse variances of £2.712m, mainly associated with the cost of external placements £2.524m, Accommodation Payments £677k, Project Team to support Family Teams £596k, Bespoke Packages £543k, Conveyance Costs £397k, Legal Costs of Complex cases £374k, Fostering Payments £347k and other variances which total £924k.
- There were no favourable variances within Childrens Services.
- Contributions from reserves totalling £3.670m towards the overspends listed above and market forces payments.
- There was a residual overspend relating to the cost of the project team which was agreed to be funded from the Policy underspend as a priority cost pressure during the 2023/24 financial year.

2.35 Adult Services – Adverse Variance £1.663m

- Total adverse variances £5.076m mainly as result of Community Care budgets having an adverse variance of £5.021m, Telecare £30k and Adults Physical and Sensory £25k.
- Favourable Variances totalled £736k due to underspends on Adults Central Services of £208K, Adults Elderly Services £225k, Older People Mental Health £83k, Mental Health £74k, Learning Disabilities £133k and St Michaels Garden of £13k.
- Draw down from reserves totalled £2.677m This was made up of a £2.660m transfer from the Social Services Reserve and £30k from the Telecare Reserve. There was a transfer to Reserves of £13k for St Michaels Garden.

2.36 Resource Management and Safeguarding Adverse Variance £2k

- The total adverse variance within RMS was £998K. This was due to an overspend on In house residential homes of £554K other overspends related to safeguarding costs £208k, advocacy costs due to the removal of additional funding, Deprivation of Liberty backlogs £75k and additional staffing resource £76k which was a planned use of the Social Services reserve There were no favourable variances in RMS.
- Total draw down from the Social Services reserve totalled £996k to offset the overspend and fund additional capacity from reserves.

2.37 Youth Offending Service Favourable Variance £129k

- The YOS underspend for 2023/24 can be attributed to saving on staff posts in year. The net underspend in all staffing posts was £126k with the remainder other small favourable variances.

Environment and Housing

2.38 The Environment and Housing budget outturn was an adverse variance of £249k after a net transfer to reserve of £1.214m. The remaining adverse variance relating to this service area is being offset by an underspend within the Policy budget.

2.39 A detailed analysis of the outturn is attached at Appendix 5

2.40 Neighbourhood Services and Transportation - £358k adverse variance

- Total Adverse variances £2.896m most significantly £760k associated with the enhanced pay award and market forces uplift for waste drivers and £985k on additional pothole and patching works. In addition, £280k overspend on Resort and Street Cleansing and £143k on Community Centres including set up costs for Belle Vue.
- Favourable Variances £2,296m including £294K reduced costs of street lighting, £278K rates rebate and £1.3m additional reimbursement from capital schemes and internal department, savings on vacant posts and additional grant income in the structures and engineering sections.
- Contributions from reserves totalling £209k including £187k towards the costs of tackling Ash Die Back.

2.41 Regulatory Services – breakeven

- Favourable variances £109k on the regulatory services base budget mainly due to changes to internal recharges from Neighbourhood Services for the relevant share of the budget.
- This sum has been utilised to offset the Neighbourhood Services and Transportation overspend.

2.42 Council Fund Housing – Breakeven

- 2.43** The outturn at year end was a favourable breakeven after a transfer to reserves of £1.192m. This included transfers for historic grant sums that have been carried forward for a number of years and additional funding for resettlement to be utilised to support the service in 2024/25.
- 2.44** Adverse variances totalling £370k including £35k rental income shortfall on Cadoxton House, £265k homelessness costs and other adverse variances totalling £70k.
- 2.45** Favourable variances of £681k across the service mainly due to additional grant income for supporting people, community safety and refugee resettlement schemes which will be carried forward in a supporting people reserve, and also towards the costs of the Rapid Housing Response programme and Resettlement demands in the medium term.
- 2.46** Contributions to reserve totalling £1.193m into the Homelessness & Housing Strategy Reserve including £882k ringfenced for Refugee resettlement. There was a transfer from reserve £200k as a budget contribution to central policy.

Corporate Resources

2.47 The Corporate Resources budget outturn was an favourable variance of £7k after a net transfer from reserve of £495k. A detailed analysis of the outturn is attached at Appendix 6.

- Total adverse variances and planned use of reserves to supplement capacity in the Directorate totalled £733k. Most significantly this relates to £272k associated with Legal and Democratic, Policy and Business Transformation £270k, Human Resources £96k. Favourable Variances £245k including £50k Property, £89k Facilities Management and Regional Internal Audit Services £61k. Contributions from reserves totalling £495k including £134k for Reshaping and £157K for Corporate Resources which mainly funded additional posts within the service to provide additional capacity.

2.48 The Place budget outturn was an adverse variance of £1.040m after a net transfer to reserves of £64k. A detailed analysis of the outturn is attached at Appendix 7.

2.49 Regeneration - £171k Favourable Variance

- Adverse variances totalled £273k mainly due to an overspend on Workshops of £104k and an increase in provision for Bad Debts £85k.
- Favourable variances totalled £454k mainly due to SPF Management Fee income £234k, Levelling up funding of £86k, Long Term Plan for Towns funding £50k.

- Contributions to reserve totalled £155k of this figure £163k was transferred to the Place reserve and £11k was put into reserve for 198 Holton Road. £23k was drawn down from reserve to cover the Pension Strain.

2.50 Development Management - £31k

- Adverse variances totalled £167k. The main variances were for the Local Development Plan £55K, Ash die back £21K, Customer receipts lower than expected £44K and other adverse variances of £47K.
- Favourable variances totalled £198k. There was £150K in additional car park income, £12K underspend on premises costs and £36K of other favourable variances.
- There was a net transfer of £31k from reserves. £38k drawdown from the LDP reserve, £60k from the Building Control reserve and £21k drawdown to cover overspend on Ash die back and £150k transferred into a reserve for the car park income.

2.51 Private Housing - £80k Adverse Variance

- Total adverse variances of £122k due to an occupational therapist post and reduced fee income.
- There were no Favourable variances.
- There was a planned £42k drawdown from reserves to cover the occupational therapist post mentioned above and the balance was an unplanned drawdown to offset the shortfall on income against Disabled Facility Grants in 2023/24.

- 2.52** In addition to this a settlement has been negotiated to but out the lease on the Vale Enterprise Centre given the poor condition of the facility and this has been reported as a separate line in the outturn and will be funded by the Policy underspend in 2023/24.

2.53 The General Policy outturn was a £4.325m favourable variance after a net transfer to reserves of £1.768m. A detailed analysis of the outturn is attached at Appendix 8.

- Total Adverse variances £1.049m most significantly Provision for bad and doubtful debts £335k, various contributions to corporate costs such as Employee Counselling, Flu vaccinations and legal costs totalling £134k and property costs £172k.
- Favourable Variances £7.144m including £2.313m against the cost of capital financing for external borrowing as the Council continues to utilise reserve balances in the current high interest environment. Additional investment income of £3m, The Council also received income of £200k related to solar panels which has been ringfenced for Project Zero and £1.3m relating to the replacement of Council vehicles.
- Transfers to reserves total £1.763m which includes £163k towards the Big Fresh Catering equipment replacement arrangements £42k provision for future Local elections and £202k ringfenced for energy management. Included in the analysis above is a contribution of £1.3m to the Vehicles renewals fund which has been funded by planned contribution as part of the Council's fleet arrangements towards the replacement of vehicles and proceeds of sale where the sum does not meet the capitalisation threshold.

2.54 Council Tax Surplus – Adverse Variance £3.423m

2.55 The Council Tax team have made significant progress in collecting old year arrears during 2023/24, alongside a prudent allowance for empty home premiums and continued development in the County, a significant surplus has

been generated in year and a reduction in the provision for bad debts has also been achieved.

Allocation of Surplus

- 2.56** Following Directorate specific transfers to and from reserves the Council reported a surplus of £2.080m this was largely due to the continued use of the Council's reserves to minimise external borrowing, investment income generated in year as well as the Council tax surplus in 2023/24.
- 2.57** The indicative outturn was reviewed by SLT and following further discussions the following sums have been transferred to reserves to allow schemes to progress in 2023/24.
- £2m Establish a new reserve to offset Education Deficits in 2024/25 on a provisional basis whilst the Council works with schools on establishing a coordinated approach to tackling school deficits.
 - The balance of £80k has been transferred to the Council Fund

Housing Revenue Account

- 2.58** Council on 11th January 2023 (minute no.C176) agreed the Authority's 2023/24 Housing Revenue Account (HRA) budget.
- 2.59** The 2023/24 Housing Revenue Account (HRA) resulted in a deficit of £12.961m compared to the amended budget deficit of £15.538m. A breakdown is shown in Appendix 2. The HRA reserve balance opened at £16.486m and closed at £3.524m. This level is higher than the figure projected in the current Housing Business Plan to reflect the level of risk associated with the significant levels of investment in the programme. The level of this balance will be reviewed as part of the production of the next Housing Business Plan. A detailed analysis of the outturn is attached at Appendix 9.

Insurance Fund

- 2.60** The total Insurance Fund comprises of both a provision and a reserve. The provision represents potential liabilities on known claims and the reserve relates to claims not yet made. There was a deficit on insurance transactions of £50k in year after an adjustment to the provision has been made. Following analysis of outstanding claims the provision was increased for £119k, through a contribution from the revenue account. A breakdown is shown in the following table.

Table 13 – Insurance Fund

Trading Operations

2.61 The Trading Organisations referred to in this section are made up of Building Maintenance, Caretaking & Security and Building Cleaning and Courier.

2.62 The provisional figures for the Trading Services are shown below:

Table 14 – Trading Operations

2.63 Explanations of the variances are shown in the Appendix. The net surplus is offset by a £231k transfer to the Building Services Reserve to fund the ongoing costs of apprentices and other business improvements within the area.

Efficiency Targets

2.64 As part of the Final Revenue Budget Proposals for 2023/24, an efficiency target of £7.378M was set for the Council, this is a far higher level of savings than has been set for a number of years.

2.65 Of this sum £2.75M has been delegated to schools has been managed as part of school budget setting. There are a number of schools that have ended the year

in a deficit position and have set deficit recovery strategies to mitigate the deficit budget over a 3-5 year period.

- 2.66** The outturn position in respect of the 2023/24 savings is detailed in Table 3 below whilst the value of savings achieved is broadly similar to the percentage reported as part of Quarter 3 Monitoring the amount mitigated has increased slightly so that the net shortfall is 11% rather than 15% as reported in February.

Table 15 – Outturn Position 2023/24 Savings

Place	265	245	92%	-	0%	20	8%
Total	4,707	3,784	80%	395	8%	528	11%

- 2.67** The shortfall against Neighbourhood Services requires work in respect of car parking provision and waste implementation to continue in 2023/24.
- 2.68** The shortfall in Learning and Skills relates to the Schools Repairs budget, it is hoped that increased asset renewal provision in the Capital programme in 2024/25 will help mitigate the pressures against this budget in year but pressures in schools may also have an impact on delivery of this saving.
- 2.69** Whilst Social Services have not achieved the savings target in full during 2023/24 this is due to the need to handle any placement moves very carefully and the savings are expected to be achieved for 2024/25.
- 2.70** The shortfall in Place relates to issues around means testing, a lack of available contractors to carry out the capital works, as well as potential applicants delaying applications until the Council adopts the new Independent Living Policy and is proposing to offset the shortfall from reserves in 2023/24.
- 2.71** Attached at Appendix 10 is a statement detailing all savings targets for 2023/24 and the current progress against them.

Reserves

- 2.72** A reserve is an appropriation from a revenue account and does not constitute a cost of service until the expenditure is eventually incurred. A reserve does not

cover a present obligation or liability and is a voluntary means of setting aside monies for future requirements either capital or revenue.

- 2.73** As part of the preparation for the 2024/25 budget a full review of the Council's reserves has been undertaken some consolidation has been undertaken and some reallocation to ensure that the reserves are more appropriately matched the Council's key budgetary risks the table below reflects the reallocation of reserves that has taken place, this includes an additional allocation of £3m to Social Services reserves and the establishment of a £1m budget risk reserve.
- 2.74** Table 15 below sets out the use of reserves for a variety of purposes including planned usage to fund Capital Expenditure, planned revenue usage in accordance with the earmarked purpose of the reserve, unplanned usage to fund emerging overspends during 2023/24 and planned transfers to reserves to set aside fund for specific purposes. The use of reserves to support the Capital programme has reduced to £8.779m and reflects slippage on the delivery of schemes in 2023/24. Where schemes have been reprofiled into 2024/25 this drawdown from reserves will now take place in 2024/25 to match expenditure.
- 2.75** Use of reserves includes an allocation of £7.2m to offset pressures in Social Services and £2m transferred from Education Reserves to support pressures in schools and ALN including £1m set aside as part of the 2023/24 closing process. Transfers into reserves include the corporate surplus of £2.080m which consisted into £2m into a reserve to offset school deficits and £80k transferred into the Council Fund. The use of reserves is detailed in the table below and a detailed analysis is attached at Appendix 11.

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

- 3.1** The Council's revenue budget and therefore its expenditure is incurred in order to achieve its corporate priorities as set out in the Corporate Plan 2020-2025 through the 4 well-being outcomes.

4. Climate Change and Nature Implications

- 4.1** At 31st March, 2024 the Council holds reserves specifically earmarked to support the Council's response to the Climate and Nature Emergency totalling £1.369m with further reserves earmarked within the Capital reserves shown.

5. Resources and Legal Considerations

Financial

5.1 As detailed in the body of the report.

Employment

5.2 There are no employment implications contained in this report.

Legal (Including Equalities)

- 5.3** The provisional outturn figures for the Council have been used in the preparation of the Statements of Accounts. Regulation 10(1) of the Accounts and Audit (Wales) Regulations 2014 (as amended) requires the Responsible Financial Officer to sign and date the Statement of Accounts and certify that they present a true and fair view of the financial position at the end of the year. This means that for 2023/24 the Statement of Accounts should be certified by the Section 151 Officer by 31st May 2024.
- 5.4** If it is not possible to meet this deadline the Council has to advertise that this has not happened and the reason why. Due to the continued impact of the pressures of the COVID-19 pandemic and Resource pressures in the team it was not possible to produce the Statement of Accounts by 31st May 2024 and the appropriate advert was placed. The Statement of Accounts was however signed by the S151 Officer on 29th June, 2024.

Outturn Key Headlines

A key ongoing pressure is the School Transport budget. Local Education Authorities have a statutory duty to provide free school transport for pupils of statutory school age who reside beyond walking distance to the nearest appropriate school in addition to a statutory duty to provide transport for pupils with Additional Learning Needs (ALN) who require access to specialist provision. Mainstream transport continues to run for pupils who are not able to get into their catchment school as they are full. In 2023/24 a number of economic factors such as increased fuel costs, shortage of operators and drivers in this sector continue to exacerbate pressures in this area. Some operators have also handed back routes as they cannot fulfil them. This service transferred a net overspend of £555k at year end to the Learning and Skills budget.

Early Retirement/Voluntary Retirement (ER/VR) budget - It is a statutory requirement that redundancy costs in schools are funded centrally. The ERVR budget overspent by £352k due to increased redundancy costs in schools this year. Schools are responsible for paying the early retirement costs for any staff that leave but a scheme has been in place for a number of years where the ER/VR budget pays the one-off costs related to a staff member leaving and then the cost is recharged to the school over an agreed number of years. The additional net costs for this year were £14k. A total of £337k was transferred from the Corporate Pay Pressures Reserve to offset the

As part of the efficiency savings for the Directorate the £90k budget for School Repairs and Maintenance was cut. However, expenditure of £94k was incurred for works across various schools that would normally have been funded from this budget. A total of £39k of the overspend related to revenue contributions to capital outlay (RCCO) which were not known about until year end.

A total of £1.175M was transferred from the Education Pressures Reserve to provide support for schools during the year. Additional funding of £1.050M was identified as part of the 22/23 outturn and was added to the Education Pressures Reserve in 23/24. A total of £850k was allocated for additional learning needs support in mainstream schools and was transferred to primary and secondary schools via the funding formula. The balance of £200k was identified for schools in special measures and was allocated to Pencoedtre (£150k) and Ysgol Pen Y Garth (£25k) to support the schools with additional staff and training (the remaining £25k was allocated to the Additional Learning Needs & Wellbeing Service to cover training invoices which had been paid for on behalf of Pencoedtre). A further amount of £150k was transferred in from the Education Pressures Reserve to cover additional inspection support costs related to Pen Y Garth (£35k), legal costs for Whitmore High School (£74k) and leadership costs relating to Whitmore and Pencoedtre (£44k).

Outturn Key Headlines

The Children's Placements budget pays for provision at out of county and independent schools. After a transfer in of £201k from the ALN Implementation grant the budget outturned with an adverse variance of £5k. In addition to these costs, Learning & Skills also had to pick up 10% of the Joint Pooled CLA budget overspend. The final external placements panel report showed an overspend of £1.951M which meant that the Directorate had to contribute £195k at year end. The total overspend of £200k against Childrens Placements and the Pooled budget was covered by a transfer from the Education Pressures Reserve, Due to increasing numbers of placements and the increasing cost of those placements the pressure on this budget will continue to increase in future years.

The existing provision at Whitmore Resource Base and Hafan Resource Base (Gladstone school) was increased from September 23. These costs have been funded from the ALN Implementation Grant in 23/24 and this will continue in 24/25. The ongoing costs will be put forward as a cost pressure for 25/26. The ALN Implementation Grant also funded the setup of the Welsh Medium Specialist Resource Base at Gwaun Y Nant. This provision will be fully funded from the base budget in 24/25 as a cost pressure was awarded.

The Additional Needs Fund (ANF) which provides additional learning support assistants in schools, agreed by a ANF panel. overspent by £386k. There was £174k left in the ANF reserve which was transferred in to offset part of the overspend with the balance of £212k being transferred back to primary schools. This was done on a percentage basis which reflected the contribution made by each school to the fund.

There was an underspend of £66k against School Improvement due to the maximisation of grants and a reduction in the charges for the Central South Consortium.

The Youth Engagement & Progression Service underspent by £133k as result of vacancies and the maximisation of grant funding. Of this figure a total of £60k was transferred into the Education Pressures Reserve to help towards future replacement/repair costs for the mobile vehicle.

Inclusion and OOST outturned with a favourable variance of £11k after transferring £34k to the Education Pressures Reserve. This will be used to fund a temporary Attendance Officer post at Pencoedtre High School in

Outturn Key Headlines

The overall position for Building Services is a breakeven position. The Building Maintenance trading unit had a turnover of £8.010m and made a year end surplus of £78k.

The Building Cleaning & Security trading unit had a turnover of £3.036m making a deficit of £94k. Due to the enhanced pay award received by staff during the 23/24 financial year it was anticipated that the Building Cleaning & Security trading account would make a deficit as a lot of the recharges to clients are agreed at the beginning of the financial year therefore it is difficult to adjust for cost increases during the financial year.

The Building Services Twin Hat function had a favourable variance of £231k at year end. This was mainly due to vacant posts, plus underspends against transport budgets and general supplies & services budgets. The Courier service made a surplus of £16k.

All the above were offset by a £231k transfer to the Building Services Reserve to fund the ongoing costs of apprentices and other business improvements within the area.

The outturn at year end was a favourable breakeven after a transfer to reserves of £1.192m. This included transfers for historic grant sums that have been carried forward for a number of years and additional funding for resettlement to be utilised to support the service in 2024/25.

Adverse variances totalling £370k including £35k rental income shortfall on Cadoxton House, £265k homelessness costs and other adverse variances totalling £70k.

Favourable variances of £681k across the service mainly due to additional grant income for supporting people, community safety and refugee resettlement schemes which will be carried forward in a supporting people reserve, and also towards the costs of the Rapid Housing Response programme and Resettlement demands in the medium term.

Contributions to reserve totalling £1.193m into the Homelessness & Housing Strategy Reserve including £882k ringfenced for Refugee resettlement. There was a transfer from reserve £200k as a budget contribution to central policy.

Outturn Key Headlines

The 2023/24 Housing Revenue Account (HRA) resulted in a deficit of £12.962m compared to the amended budget deficit of £15.538m. A breakdown is shown in Appendix 2. The HRA reserve balance opened at £16.486m and closed at £3.524m. This level is higher than the figure projected in the current Housing Business Plan, mainly due to the level of risk in the Housing Business Plan. The level of this balance will be reviewed as part of the production of the next Housing Business Plan.

The net favourable HRA revenue budget variance of £2.576m is identified over the following areas.

Supervision & Management General – Adverse Variance £90k

There were favourable variances of £205k. £139k relating to vacant staff posts and apprentices, £32k on departmental support due to a reduced contribution and additional income of £34k.

There were adverse variances of £349k, of which £72k relating to compensation and legal costs and £14k relating to printing, £205k Consultant fees, £36k Compliance and £22k on Environmental costs.

Supervision and Management Special Services – Adverse Variance £309k

This budget is split into three areas, Ty Iolo Homeless Hostel, Vale Temporary Accommodation and Vale Special Services. The term 'Special Services' relates to communal costs for all housing areas throughout the Vale of Glamorgan, including sheltered accommodation, such as grass cutting, rubbish removal, communal lighting, security, warden salaries and environmental improvements.

There were adverse variances on Special Services of £366k, £352k relating to Grounds maintenance and waste collections and £14k contract cleaning.

There were favourable variances on Special Services of £57k, £51k due to staffing and various underspends totalling £6k.

Housing Repairs – Adverse Variance £824k

There were adverse variances on planned and cyclical maintenance mainly as a consequence catching up on works that were not completed due to COVID-19, an increase in costs and providing more inspections and treatments.

Capital Financing Costs – Favourable Variance £31k

Interest charges were lower than originally estimated due to less borrowing was required during the year to fund the Housing Investment Programme.

Rents, Rates, Taxes and Other Charges – Adverse Variance £36k

This is mainly due to rates and consultant fee's.

Increase in the Provision for Bad and Doubtful Debts – Adverse Variance £148k

Capital Expenditure from Revenue Account – Favourable Variance £3.5m

In the context of the risk associated with the significant investment set out over the life of business plan it was determined to maintain a higher level of reserve as at 31st March 2024, the mechanism to achieve this is to reduce the level of Capital Expenditure funded from the Revenue Account in year. A further contributing factor would be contributions from leaseholders, capital receipt and additional capital grants has also reduced the level of revenue contribution required to fund capital expenditure. This has led to an increased balance on the HRA Reserve

Dwellings Rents – Adverse variance £111k

Dwelling rents collected were slightly lower than budgeted due to units being delayed coming into stock.

Interest Received – Favourable variance £293k

The HRA reserve had a higher closing balance at year end than forecast and the interest rate during the year had increased.

Charges for Services and Facilities – Favourable variance £152k

This is mainly due to additional income of £131k from housing repairs recharges. Other favourable variances were £10k, £5k on Wayleaves and Lease income and £6k on lighting.

Contribution towards expenditure – Favourable variance £45k

This favourable variance is due to sale of small land, commission on collections, insurances and donations totalling £45k.

Other Income – Favourable variance £72k

This favourable variance is due to additional grants from Welsh Government, Public Health Wales and WLGA.
