

VALE OF GLAMORGAN COUNCIL

REQUEST FOR "CALL-IN"

N.B. BEFORE COMPLETING THIS FORM, MEMBERS ARE REQUESTED TO GIVE CAREFUL CONSIDERATION AS TO WHETHER OR NOT THEY ACTUALLY WISH TO HOLD UP THE DECISION(S) OF CABINET. IF NOT, AND THE INTENTION IS TO SIMPLY SEEK FURTHER INFORMATION / CLARIFICATION, PLEASE USE THE ALTERNATIVE FORM TO REQUEST CONSIDERATION OF A MATTER BY A SCRUTINY COMMITTEE.

Name:Lis Burnett..... Signature: ...(Submitted by email)....

I request the "calling-in" of the following matter:

Subject: ... Review Process for Transport Network Studies at Dinas Powys and M4 Jct 34 to A48

Date of Cabinet: ...22nd January 2018... Cabinet Minute No: ...C205

Cabinet Resolution No.: ...1 and 2
(To be completed where the above Minute contains multiple recommendations)

Referral to which Scrutiny Committee(s):

... Environment and Regeneration as the lead Scrutiny Committee.....

Reason(s) for request:

Cabinet resolved

1. T H A T the composition of the Review Groups for WeITAG at Dinas Powys and M4 JCT 34 to A48 as outlined in the report be agreed.
2. T H A T the Terms of Reference for WeITAG review Groups as attached at Appendix A to the report be agreed.

However, there is a lack of parity between the two studies.

The Review Group for the M4 jct 34 to M4 group includes a representative designated from each of the Community Councils whereas the Dinas Powys group includes only a representative from Dinas Powys.

The road network in the Dinas Powys, Sully, Llandough and Penarth areas is interdependent. A traffic incident on any of the main roads in the SE of the Vale of Glamorgan will cause major hold-ups on all other routes.

It is therefore essential that consideration of options for Dinas Powys includes consideration of the potential impact on other routes and also that the review group includes representation from Sully, Llandough and Penarth Town and Community Councils.
