Executive Summary:

- There is currently a vacancy on both the Admissions Forum and Budget Forum for a representative from the Learning and Culture Scrutiny Committee to join the Schools' Budget Forum and the Schools' Admissions Forum. It is therefore requested that the Learning & Culture Scrutiny Committee nominate a representative to join each group. Although traditionally there has been one representative for each, there is no reason why one member could not be the representative for both.
- All Councils are required to have a Schools Budget Forum in accordance with Section 47A of the School Standards & Framework Act 1998 as amended by the Education Act 2002 and The Schools Budget Forums (Wales) Regulations. The authority is required to consult the Schools Budget Forum annually on its schools' budget. The authority can also consult the Forum, as it sees fit, on any other matters concerning the funding of schools.
- The Education (Admission Forums) (Wales) Regulations 2003, requires every local authority in Wales to establish an admission forum. The Forum provides a formal channel of communication between The Vale of Glamorgan Council, its maintained schools, other admission authorities and other key interested parties to discuss the effectiveness of local admission arrangements, consider how to deal with difficult admission issues and advise admission authorities on ways on which their arrangements can be improved.
- The terms of reference for both can be found at Appendix A (Admissions Forum) and Appendix B (Budget Forum).

2. The membership of the Schools' Admissions Forum includes a Member of the Learning and Culture Scrutiny Committee as well as the Cabinet Member.

1. Background

Budget Forum

- 1.1 All Councils are required to have a Schools' Budget Forum in accordance with Section 47A of the School Standards & Framework Act 1998 as amended by the Education Act 2002 and The Schools' Budget Forums (Wales) Regulations.
- 1.2 The functions of the Schools' Budget Forum are set out below:
 - The authority is required to consult the Schools' Budget Forum annually on its schools' budget. The authority can also consult the Forum, as it sees fit, on any other matters concerning the funding of schools.
 - The authority has to consult the Schools' Budget Forum on any proposed revisions to its Scheme for Financing Schools. Consultation with the Schools' Budget Forum is additional to the statutory requirement to consult governing bodies and headteachers on revisions to the scheme on an individual basis.
 - The authority must consult the Schools' Budget Forum on any proposed changes to the factors and criteria to be taken into account, or the methods, principles and rules to be adopted, in relation to its formula for funding schools. This includes consultation on the likely financial effect of any changes to the funding formula. Consultation must be carried out in sufficient time to allow the Forum's views to be taken into account in the determination of the authority's formula and in the determination of the schools' budget shares before the start of the financial year.

- The regulations stipulate that the Schools Budget Forum must also be consulted on service level agreements for the supply of goods and services by the authority to schools. Again, the authority must consult the Forum at least three months before the date on which the agreement is due to be finalised.

Admissions Forum

- 1.3** The Education (Admission Forums) (Wales) Regulations 2003, requires every local authority in Wales to establish an admission forum. The constitution and terms of reference of the Forum maybe amended at any time to meet changes to primary legislation or the regulations.
- 1.4** The Forum shall provide a formal channel of communication between The Vale of Glamorgan Council, its maintained schools, other admission authorities and other key interested parties to discuss the effectiveness of local admission arrangements, consider how to deal with difficult admission issues and advise admission authorities on ways on which their arrangements can be improved.
- 1.5** In particular the Forum must:
- Consider how well existing and proposed admission arrangements serve the interests of children and parents within the area of the LA;
 - Promote agreement on admission issues;
 - Consider the comprehensiveness and accessibility of the area of the forum;
 - Consider the effectiveness of the LA's proposed co-ordinated admission literature and information produced for parents by each admission authority within admission arrangements;
 - Consider the means by which admissions processes might be improved and how actual admission arrangements relate to the admission numbers published;
 - Monitor the admission of children who arrive in the LA's area outside a normal admission round with a view to promoting arrangements for the fair distribution of such children among local schools, taking account of any preference expressed in accordance with arrangements made under section 86 (1) of the School Standards and Framework Act 1998 and in accordance with the Welsh Assembly Government School Admissions Code of Practice;

3. How do proposals evidence the Five Ways of Working and contribute to our Well-being Objectives?

3.1 The Well-being of Future Generations Act 2015 (“the 2015 Act”) requires the Council to think about the long-term impact of their decisions, to work better with people, communities and each other and to prevent persistent problems such as poverty, health inequalities and climate change.

3.2 To make sure we are all working towards the same purpose, the 2015 Act puts in place seven well-being goals on the Council. The 2015 Act makes it clear the listed public bodies must work to achieve all of the goals, not just one or two, these being:

- A prosperous Wales
- A resilient Wales
- A healthier Wales
- A more equal Wales
- A Wales of cohesive communities
- A Wales of vibrant culture and Welsh Language
- A globally responsible Wales

3.3 This proposal contributes to achieving the wellbeing goals by:

- Ensuring effective and transparent school budget planning.
- Ensuring an efficient management of school places across the Vale of Glamorgan.

3.4 The 2015 Act sets out five ways of working needed for the Council to achieve the seven well-being goals, these being:

- The importance of balancing short-term needs with the needs to safeguard the ability to also meet long-term needs.
- Considering how the Council’s objectives impact upon each of the wellbeing goals listed above.
- The importance of involving people with an interest in achieving the well-being goals and ensuring that those people reflect the diversity of the area which the Council services.
- Acting in collaboration with other persons and organisations that could help the Council meet its wellbeing objectives.
- Acting to prevent problems occurring or getting worse.

3.5 The Council has committed as part of the Corporate Plan 2020-2025 to achieving a vision of ‘Working Together for a Brighter Future’. This plan is reflective of the Welsh Government’s Well-being of Future Generations Act and is comprised of four Well-being objectives to deliver this vision:

- Objective 1 - To work with and for our communities
- Objective 2 - To support learning, employment, and sustainable economic growth

- Objective 3 - To support people at home and in their community
 - Objective 4 - To respect, enhance and enjoy our environment
- 3.6** Well-being Outcome 2, 'To support learning, employment, and sustainable economic growth' is directly linked to a number of actions undertaken by both the Admissions and the Budget Forums. We have prioritised the need to raise standards of achievement as one of our well-being objectives. We are proud of the Vale of Glamorgan and our place in Wales and that the use of the Welsh language is growing in the Vale. We respect and value diversity within our communities and recognise the importance of promoting equality of opportunity. We also appreciate our unique heritage and culture and the importance for people of all ages to enjoy a range of activities and to have opportunities to be creative. We have therefore identified valuing culture and diversity as one of our eight well-being objectives.
- 3.7** Details of the objectives that the work of both the Admissions and Budget Forum contribute to are outlined below.

Objective 2: To support learning, employment, and sustainable economic growth

- 3.8** Improve standards of achievement for pupils through the effective targeting of resources.

Objective 3: Support People at Home and in their community

- 3.9** Ensure that wherever possible pupils are able to attend school close to home.

Objective 4: Respect, Enhance and Enjoy Our Environment

- 3.10** Responding to the need to ensure that there is a well-managed balance of supply and demand of school places across the Vale.
- 3.11** Ensuring that schools remain sustainable, reflects the needs of local communities, and are equipped with the necessary resources.
- 3.12** Delivering rigorous consultation with open communication channel and numerous opportunities for stakeholders to engage throughout the process.
- 3.13** Ensuring that schools are of the right size, in the right places and serving the educational needs of their local communities as part of the school organisation process.
