<p>Reason(s) to support the application and why you consider the Standards Committee should grant a dispensation</p> <p><i>(Use a separate sheet of paper if necessary)</i></p>	<p>The Pendoylan Community Council consists of 6 Councillors, the majority of whom have an interest in the proposed road. Within the Community, I am aware there is mixed opinion although there are a large number of residents who expect the Community Council to act on their behalf.</p> <p>I believe that the WELTAG process including consultation needs to be conducted in a fair manner to ensure that those directly affected by the plans are able to engage and respond. The Community Council should be in a position to report the facts of the process and receive individual comments from those we represent. A dispensation to engage in conversations regarding the process, including any decisions on what the Community Council should be raising as potential unfairness to the Community, would allow me with fellow Councillors ensure we keep an impartial view with regard to options whilst ensuring the process remains fair to all in the Community.</p>
